### Co-Founder & CEO

Smartbin.io

Jan 2020 – Present · 2 yrs 2 mos  
Toronto, Ontario, Canada

At Smartbin.io, our team is building the next generation of technology products that help everyone better manage their waste and recycling. Our plans include the use of robotics, computer vision and internet of things technology to advance an old age ripe for change. Let's face it, the way we do things today is simply not working.

Environment

Planted over 500 native trees to the surrounding area of the school. Achieved a gold certified school within a year by retaining electrical consumption in unused bathrooms and low-traffic hallways. Created a legacy that still is operational in the school and currently making efforts to sustain the environment.
