Hey Bradley,

We're happy to share that our advisor has officially made her reservation on Wefunder for the first \$25K, which you can see through this [link!](#)

By clicking on the link, you'll be able to make your \$25K reservation too. For crowdfunding campaigns, we can't legally accept an investment until we file a notice (Form C) with the SEC, which will be done by Wefunder on our behalf. This will happen as soon as we reach the \$50K minimum, which will be made possible with your reservation. After that, you'll get an email from Wefunder asking you to confirm the investment, which will make it official.

Let me know if you have any questions or comments, we really appreciate your support! We'll also keep you updated as things progress.

Matias

We are 'testing the waters' to gauge investor interest in an offering under Regulation Crowdfunding. No money or other consideration is being solicited. If sent, it will not be accepted. No offer to buy securities will be accepted. No part of the purchase price will be received until a Form C is filed and only through Wefunder's platform. Any indication of interest involves no obligation or commitment of any kind.

I'm proud and excited to announce that Civic is launching a public crowdfunding campaign on Wefunder! In the months since we've launched, Matias and I have worked hard to build out the platform, talk to users and organizers, and plan out a vision for a world where regular people are empowered to make a difference in their communities. We're ready to take the next step, and are counting on the support of the people that believe in us.

Through our Wefunder campaign, you can support Civic's continued growth while getting to own equity in an early-stage startup for as little as \$100. Please share with your friends and network!

We've seen the need for Civic first-hand and are more confident than ever that it can change how people discover and support social causes. With your support and feedback I know we can get there. Thank you so much!
