Tsalagi Teas LLC operates with a very limited scope, offering only particular services to potential clients, making it difficult to cater to all customer preferences.

Lack of Accounting Controls

Larger companies typically have in place strict accounting controls. Smaller companies typically lack these controls, which presents an additional risk.

Competition

The market in which we operate is highly competitive and could become increasingly competitive with new entrants. Tsalagi Teas LLC competes with many other businesses, both large and small, on the basis of quality, price, location, and customer preference away from Tsalagi Teas LLC's core business or the inability to compete successfully against them could negatively affect Tsalagi Teas LLC's financial performance.

Reliance on Management

As a securities holder, you will not be able to participate in Tsalagi Teas LLC's management or vote on and/or elect directors of Tsalagi Teas LLC. Furthermore, if the founders or other key personnel of Tsalagi Teas LLC were to become unable to work, Tsalagi Teas LLC (and your investment) could suffer substantially.

Financial Forecasts Risks

The financial forecasts provided by us herein are reasonable forecasts by us based upon assumptions of stability and various assumptions regarding operations. The validity and accuracy of these assumptions will depend in large part on the actions of Tsalagi Teas LLC and the key persons will have no control. Changes in assumptions or their underlying facts could cause the actual results to differ from the forecasts. To the extent that the assumed events do not occur, the outcome may vary significantly from the forecasts. There can be no assurance that the actual operating results will correspond to the forecasts provided herein. Tsalagi Teas LLC is a newly established entity and therefore has no operating history from which forecasts could be projected with any degree of accuracy.

Inability to Sell Your Investment

The law prohibits you from selling your securities (except in certain very limited circumstances) for 12 months after the date of the offering. During that one-year period, a host of Federal and State securities laws may limit or restrict your ability to sell your securities. If you wish to sell, you will likely have difficulty finding a buyer because there will be no established market. Given these restrictions, you may be forced to hold your investment for its full term.

The Company Might Need More Capital

Tsalagi Teas LLC might need to raise more capital in the future to fund/expand operations, buy property and equipment, market its services, pay overhead and general administrative expenses, or a variety of other reasons. There is no assurance that additional capital will be available when needed, or that it will be available on terms that are not adverse to your interests. If Tsalagi Teas LLC is unable to obtain additional funding when needed, it could be forced to delay its business plan or even cease operations.

Lack of Ongoing Information

Tsalagi Teas LLC will be required to provide some information to investors for at least 12 months following the offering. This information will be far more limited than the information that would be required of a publicly-reporting company; and Tsalagi Teas LLC will not be required to provide annual information in certain circumstances.

Uninsured Losses

Although Tsalagi Teas LLC will carry some insurance, Tsalagi Teas LLC may not carry enough insurance to protect its business. Additionally, there are some kinds of risks that are very difficult or impossible to insure against, and Tsalagi Teas LLC could incur an uninsured loss that could damage its business.

Changes in Laws

Changes in laws or regulations, including but not limited to zoning laws, environmental laws, tax laws, consumer protection laws, antitrust laws, and health care laws, could negatively affect Tsalagi Teas LLC's financial performance or ability to operate. Specifically, any additional regulation on the industry could significantly negatively affect the business.

Conflict of Interest With Companies and Their Management

In many ways, your interests and the interests of Tsalagi Teas LLC's management will coincide: you both want the business to be successful as possible. However, your interests might be in conflict in other important areas, including these: you may want to act conservative to make sure they are best equipped to repay the Note obligations, while Tsalagi Teas LLC management may want to invest in the business. You would like to keep the compensation of managers low, while managers want to maximize their compensation.

Future Investors Might Have Superior Rights

If Tsalagi Teas LLC needs more capital in the future and takes on additional debt or other sources of financing, future investors might have rights superior to yours. For example, they might have the right to be paid before you are, to receive larger dividends, to have a say in management, or otherwise.

The Company is Not Subject to the Corporate Governance Requirements of the National Securities Exchange Act

Any company whose securities are listed on a national stock exchange (for example, the New York Stock Exchange) is subject to rules about corporate governance that are intended to protect investors. For example, the major U.S. stock exchanges require a company to have an audit committee made up entirely of independent members of the board of directors (i.e., directors who do not have relationships with Tsalagi Teas LLC or management), which is responsible for monitoring Tsalagi Teas LLC's financial reporting. Tsalagi Teas LLC will not be required to implement these and other investor protections.

You Have a Limited Upside

Notes include a maximum amount you can receive. You cannot receive more than the amount even if Tsalagi Teas LLC becomes very successful.

Lack of Guaranty

The Notes are not personally guaranteed by any of the founders or any other person.

Limitation of Individual Rights in Event of Default

In the event of a default under the Notes, you will not be able to enforce your rights individually (for example, a representative will be appointed according to the procedures set forth in the Note Indenture. It's possible that the representative will do things you believe are wrong or misguided. If an event of default has occurred and a representative is appointed, all of the representative's reasonable expenses must be paid before any further payments are made.

COVID-19 Impact

The ongoing COVID-19 pandemic may impact the Company's ability to generate revenue and/or continue operations. Due to COVID-19 restrictions, the Company cannot guarantee that it will resume operations in the future.

Real Estate Risk

Tsalagi Teas LLC is still in the process of securing a location to lease, which will be necessary to conduct operations. If the LLC is unable to find and secure a location that is adequate, investors may lose some or all of their investments.

Limited Operating History

Tsalagi Teas LLC is a newly established entity and has no history for prospective investors to consider.

This information is provided by Tsalagi Teas. Mainvest never predicts or projects performance, and has not reviewed this offering. For additional information, review the official Form C filing with the Securities and Exchange Commission on [Mainvest.com](#). This is a preview. It will become public when you start accepting investment.

Investor Discussion

Tsalagi Teas isn't accepting investments right now, but is trying to get a sense of how they should structure the offering. We won't provide any money, and we won't be accepting money or selling securities, until all of its forms with the SEC are approved. All investments will ultimately be made through Mainvest.com. Once the offering goes live, you'll be able to invest.
