Hi Kellen,

It was great meeting you in Frisco during codelaunch. As I mentioned, our team has been working on a crowdfunding campaign.

Our Wefunder round is officially live!

We'd like to give you access to the round before we go public with the raise: <https://wefunder.com/evvahealth/>

Please also consider these 3 ways that you could help:

1. **Follow our raise.** Click the "Remind Me" button near the top right of Evva's Wefunder page. (This subscribes you to the email updates on the raise, helps build momentum on the Wefunder site)
2. **Connect me or share our page with 1 or 2 people.** Anyone you think might be interested in investing in the round or are well-connected in the healthcare space
3. **Give me any feedback on the raise in general.** Let me know if anything on the pitch page is unclear or any additions I could include to make it more clear or compelling to potential investors. Also, feel free to share any ideas on how I could continue to spread the word about the round!

*Our raise is currently in "testing the waters" mode while we finalize our paperwork and SEC filings, so you'll only be making a reservation - not actually investing yet. Once we file everything in the coming weeks, you'll be able to confirm your investment. Nonetheless, we would love to take your reservation now.

We decided to raise on Wefunder to accelerate our growth and share the upside of our success with the people who know us best - our family, friends, supporters, and customers. You are our foundation. So now we're are inviting you to become an actual stakeholder in the company.

Why invest? Join us in our mission to redefine the future of caregiving at home. Personally support me and our team. Become an owner of Evva Health

Thank you
Best Regards,

Hi Carl,

Thank you for being a supporter of Evva's vision throughout our journey!

We have just kicked off our [equity crowdfunding](https://wefunder.com/evvahealth) on Wefunder and would love to give you access before we go public with the raise: [https://wefunder.com/evvahealth/](https://wefunder.com/evvahealth). Whether you join us or not, we want to thank you for all your help and we are forever grateful!

What's new? We just won the LG NOVA Innovation Prize for our smart assisted home product! We have also been ramping up our partnerships as well as direct-to-consumer channels. We are raising to expand our team and build our products as more partnerships take shape globally.

How can you help?

1. **Join our raise.** Investment starts at \$250 and we are offering an attractive valuation for our early supporters right now before we go public.
2. **Follow our raise.** Click the "Remind Me" button near the top right of Evva's Wefunder page. (This subscribes you to the email updates on the raise, helps build momentum on the Wefunder site)
3. **Connect me or share our page with 1 or 2 people.** Anyone you think might be interested in investing in the round or are well-connected in the healthcare and technology space
4. **Give me any feedback on the raise in general.** Let me know if anything on the pitch page is unclear or any additions I could include to make it more clear or compelling to potential investors. Also, feel free to share any ideas on how I could continue to spread the word about the round!

To: Samantha Kasselman <sgkassel@umich.edu>

Dear Samantha,

Happy new year! Wishing you all the best for 2022!

I also wanted to reach out to let you know that we're off to a GREAT start with our Wefunder round. We've received over **\$84,000** in *reservations over the holidays and we are **less than 1 day** away to go public with the raise. If you haven't had the chance to check out our campaign, please take a look: www.wefunder.com/evvahealth

Let me know if you have any questions about making a reservation and securing your spot as an investor.

Thank you!

Best Regards
