XXX,

It was good to finally speak to you today!

It's great that you're interested in our project.

Below are the links to our crowdfunding campaign and website.

As I mentioned, we are currently in the midst of an equity-based crowdfunding campaign to raise capital to reach our next goal.

There's a 2-minute intro video on our campaign page that sums up the project, please have a look.

Our crowdfunding page can be found on Wefunder at:

<https://wefunder.com/voyagerglobalinc>

For our crowdfunding round, the minimum investment is \$100 and the maximum for most people is \$2,200 (set by the SEC).

If you're not familiar with crowdfunding, we have a primer video "Startup Investing 101" on the "Invest" page of our website – please have a look.

The next link is for our website, Voyager Global, Inc.:

Next, is the "Pitch Deck" page. We have over 20 video presentations that should answer all of your questions about the technology and our project. The first 2 video presentations under "Introduction" explain what we are about.

Each video presentation has a brief description and duration listed beside the video.

There's a video presentation that explains the US Government's spending on the technology, titled – "LTA Today", that you may find interesting.

Investment information and several video presentations on crowdfunding can be found on the "Invest" page at:

<https://voyagerglobal.us/invest/>

We have 2D drawings of our design on the "New Design" page at:

I will follow up with you in a week or so.

In the meantime, let me know if you have any questions or comments.

Talk to you soon,

ChrisC

Hello XXX,

I hope you are doing well these days.

I wanted to touch base with you regarding the project that I've been working on the past couple of years.

We are currently in the middle of an equity-based crowdfunding campaign to raise capital for our next goal.

I have been contacting everyone in my personal network to give them an opportunity to support the project through our crowdfunding campaign.

The minimum investment is only \$100 and the maximum for most people is \$2,200 (set by SEC).

The maximum we want to raise is \$200k and we should easily reach that goal once our campaign is released to Wefunder's investor pool of over 800,000 investors.

Investing in a startup can be very lucrative; as an example, just a \$500 investment in Uber 10 years ago would have yielded a multi-million dollar return today – with no additional work.

This kind of return is possible because the growth in stock value is greatest during the early days of a company's life cycle.

Below are the links to our crowdfunding campaign and website.

There's a 2-minute video on our campaign page that gives a brief explanation of the project – it can be seen at the following link:
