(D) The Company's Business and Business Plan

Our Story

Gut-friendly Bread started in 2020 during the pandemic. I didn't know a thing about bread, or how to start a business. The only thing I had was a promise from God. That small seed is now growing into a beautiful tree.

- In 2020 I left school and got in with Bread Man Baking Co. as an intern where I learned how to run farmer's markets and wholesale.
- Through Sprouting grains and sourdough fermentation I make delicious easily digestible breads.
- Even though I left school and my dream of becoming a dietitian I couldn't be happier to follow the Lord. I still have a heart of a dietitian and it is the Lord's will for me to serve and make good quality breads and desserts that not only taste delicious, but are nourishing to the gut. This is something the Untied States desperately needs.
- At the beginning of this journey I couldn't make one loaf of bread, but God is always faithful! Jeremiah 29:11

The Team

Jordan Garcia , Co-owner/ Head Baker

My name is Jordan Garcia. I am a father, husband, baker, and founder of Gut-friendly Bread. I started Gut-friendly Bread before the pandemic as just an idea. Today I serve my customer base through home deliveries and the Tomball Farmer's market. With my experience in fermentation and food science I continue to expand the reach of gut-friendly breads and desserts and teach the people of America a more healthy way to enjoy our breads and sweets.

Yasmin Cardenas-Garcia , Co- owner

My name is Yasmin Cardenas-Garcia. I am a mother, wife, and co-founder of Gut-friendly Bread. The idea came through my husband, and my role started as a leap of faith to trust. I filled in the gaps to areas my husband could not finish alone, and focus on our online presence through social media. With my expertise with numbers I handle all the logistics of the company.

Our Menu:

Regular Sprouted:

This sprouted sourdough has simple ingredients of just flour, salt, water, and starter but carries amazing flavor and aroma from our blend of sprouted and ancient whole grains.

Cranberry & Walnut:

A good sourdough bread with a fan favorite combination of cranberries and walnuts.

Fruit-Sweetened Carrot Cake Bread:

Between the flavors of our ancient grains, spice blend, and whole fruits this carrot bread has no refined sugar and is the perfect choice to fulfill a sweet craving and nourish your gut.

Sprouted Sandwich:

This sandwich bread packs an amazing distinct sour tang for our sourdough lovers.

Chocolate Treats:

These alternate zero sugar chocolate chip cookies will satisfy that sweet tooth but still fill your stomach with essential vitamins and minerals coming from whole fruits and fortified yogurt. None of that bad stuff that will weigh you down.

Intended Use of Funds

As we are limited with how many markets we can attend due to raising children we want to use these funds to lease a place and expand into the wholesale market. As we continue to grow we want to hire a sales team to plant into even more markets so we can eventually plant ourselves into a brick and mortar.

Our Mission and Ethos

As a Christian-owned family business we have a desire to fill you physically, mentally, and emotionally through our love for God, and gut-friendly breads and desserts. We desire to share and teach that bread and desserts can still not only be enjoyed, but with the right ingredients and proper handling can improve your health mentally and physically.

- As business owners follow God into the business world it can be scary, but through our walk we hope to inspire others to walk with God in faith.
- Our flour comes from sprouted grains. Sprouted grains enhance nutrition, open up flavor, and degrade harmful substances like phytic acid.
- With my knowledge as a former dietitian student our dessert selection is carefully chosen to make healthy whole-food swaps to otherwise harmful ingredients.

If you do not affirmatively choose to invest, then your commitment will be cancelled, your funds will be returned to you, and you will not receive any securities.

(L) Price of the Securities

The Company is offering “securities” in the form of revenue sharing notes, which we refer to as “Notes.” The Notes are being offered at their face amount. For example, you will pay \$1,000 for a Note with a face amount of \$1,000.

(M) Terms of the Securities

Overview

The Company is offering “securities” in the form of revenue sharing notes, which we refer to as the “Notes.” The Terms of the Notes are set forth in the Revenue Share Agreement accompanying this Form C in Appendix A. Copies of the Note and Revenue Sharing Agreement are attached to this Form C.

Summary of Terms

Revenue Percentage ¹	15.0 - 22.5% ²
Payment Deadline	2027-07-01
Maximum Payment Multiple ³ - Early Investors - All Other Investors	1.7 x 1.5 x
Sharing Start Date	The first day after disbursement that the company has revenues greater than one (\$1) dollar
First Payment Date	The last day of the calendar quarter ending not less than 90 days after the Sharing Start Date
Seniority	Subordinated
Securitization	Unsecured
Accrual Rate	1.4%

¹ as defined in the note agreement included in Appendix A

² The rate of revenue sharing is calculated on a linear scale with a minimum rate of 15.0% and a maximum rate of 22.5% and is rounded to the nearest 1/10th percent. The final rate is based on the amount raised and is calculated after the offering has successfully closed. As the amount raised in the offering increases, the rate of revenue sharing increases. For example, a hypothetical offering could result in the following revenue sharing percentages, depending on the amount raised:

Amount Raised	Revenue Sharing Percentage
\$40,000	15.0%
\$45,000	16.9%
\$50,000	18.8%
\$55,000	20.6%
\$60,000	22.5%

³ To reward early participation, the investors who contribute the first \$10,000.0 raised in the offering will receive a 1.7x cap. Investors who contribute after \$10,000.0 has been raised in the offering will receive a 1.5x cap.

Your Right to Payments under the Note

Your right to payments under the Note is set forth in the Note, together with a separate document

called the Revenue Sharing Agreement. Copies of the Note and Revenue Sharing Agreement are attached to this Form C. Additionally, general terms are outlined below and in the Company's offering page.

Obligation to Contribute Capital

Once you pay for your Note, you will have no obligation to contribute more money to the Company, and you will not be personally obligated for any debts of the Company. However, under some circumstances you could be required by law to return some or all of a distribution you receive from the Company.

No Right to Transfer

You should plan to hold the Notes until maturity. The Notes will be illiquid (meaning you might not be able to sell them) for at least four reasons:

- The Revenue Sharing Agreement prohibits the sale or other transfer of Notes without the Company's consent.
- If you want to sell your Note the Company will have the first right of refusal to buy it, which could make it harder to find a buyer.
- Even if a sale were permitted, there is no ready market for Notes, as there would be for a publicly-traded stock.
- By law, for a period of one year you won't be allowed to transfer the Investor Shares except (i) to the Company itself, (ii) to an "accredited" investor, (iii) to a family or trust, or (iii) in a public offering of the Company's shares.

Security

The Notes are not secured by any assets of the Company or any assets of persons associated with the Company.

Modification of Terms of Notes

The terms of the Notes and the Revenue Sharing Agreement may be modified or amended with the consent of Investors holding 50% of the Notes, measured by the total amount outstanding under each Note.

Other Classes of Securities

Name of Security	Limited Liability Company Interests
Number of Shares Outstanding	N/A
Describe Voting Rights of These Securities, Including Any Limitations on Voting Rights	N/A
How these securities differ from the revenue sharing notes being offered to investors	Limited Liability Company Interests are an equity interest, whereas Revenue Sharing Notes are a debt obligation of the Company.

Dilution of Rights

The Company has the right to create additional classes of securities, both equity securities and debt securities (e.g., other classes of promissory notes). Some of these additional classes of securities could have rights that are superior to those of the Notes. For example, the Company could issue promissory notes that are secured by specific property of the Company.

The People Who Control the Company

Each of these people owns 20% or more of the total voting power of the Company:

Name of Holder	% of Voting Power (Prior to Offering)
Yasmin Cardenas Garcia	49%
Jordan Garcia	51%

How the Exercise of Voting Rights Could Affect You

You will receive payments with respect to your Note only if the Company makes enough money to pay you, or, if the Company does not make enough money to pay you, if there is enough value in the collateral the Company pledged as security for the Notes.

The people with voting rights control the Company and make all the decisions about running its business. If they make good business decisions, it is more likely you will be paid. If they make poor business decisions, it is less likely you will be paid. For example, if they hire too many people and/or try to expand too quickly, the business could be harmed. The people with voting rights could also decide to file for bankruptcy protection, making it more difficult for you to be paid.

How the Notes are Being Valued

The Notes are being valued at their face value. We don't anticipate that we'll ever need to place a value on the Notes in the future.

(N) The Funding Portal

The Company is offering its securities through MainVest, Inc., which is a "Funding Portal" licensed by the Securities and Exchange Commission and FINRA. "In-Network Users" means a user of Mainvest.com who who have utilized the Company's specified in-network link on the Site.
