Stave & Thief Society

Bourbon Steward

2018

The Bourbon Room concept is several ideas under one roof, diversity and multiple revenue streams being its strength. A quiet, cozy location where you can explore the world of whiskey, experiment with cocktails, as well as taste some fine Cajun-creole comfort foods at your leisure.

In addition, we intend to offer several programs aimed a guest retention, including The Portsmouth Bourbon Society membership tiers, a Private Whiskey Locker program, as well as a unique Bottle Keep Program.

From cocktails to drams. to flights and verticals, we strive to explore both the traditional while striving to think outside the box. And we're not just all about bourbon, there is a whole world of whiskey out there, in addition to the whole spectrum of spirits. Finally, to be considered are the New Hampshire and New England craft cocktail movement. A two-pronged approach, first to support local, and second is to consider the tourist and traveler.

All investments will offer 1.5 times return on their return. Tentative opening date is September 15th, and 90 days after opening ROI opportunities would begin. If this timeline holds, it's very possible that some people could have a very, merry Christmas! With all investment commitments realized within a four year window, depending on the investment.

Our Offerings

Bourbon is just the beginning, there is a whole world of whiskey to explore, and beyond. Once

established, some avenues to explore as we can take advantage of the location and expanding hours.

- Fahey's Irish: Beyond whiskey, there is so much more. And as of now there is zero representation of this in Portsmouth
- Spirits Tasting Room: Focusing on New Hampshire first, New England only. There is so much potential alone in our own backyard, and with our neighbors alone.
- Run for the Roses: A Kentucky, and Bourbon staple, the Kentucky Derby opens up a whole world of southern exploration
- Flights of Fancy: Tasting and paring is no longer so simple. be it for bourbon, food, or even cocktail flights, exploration is half the fun
- The Manhattan Project: An exploration of one of the foundations of Bourbon lovers

Private Lockers ~

I will be offering personal lockers for all your Bourbon and other spirits needs. A limited number of lockers will be available as part of the investor package. Anyone who makes an investment of at least \$5,000 and above will have the option of reserving a Lifetime Locker, and with no other cost ever for maintaining their locker. As an added bonus, at anytime in the future (after opening night) you can cancel your locker membership and be reimbursed no strings attached at any time.

Why you should invest

- Location: My target location is downtown Portsmouth, minutes away from over 750 hotel rooms alone.
- Exclusivity: The only non-smoking whiskey bar along the seacoast.
- Beyond Bourbon: There is a whole world of whiskey to explore, and all signs point to no end in sight.

Our Story

Where Bourbon County meets Bourbon Street. An exploration of America's one true spirit, along side another original, that of New Orleans Cajun-Creole cuisine.

If you do not affirmatively choose to invest, then your commitment will be cancelled, your funds will be returned to you, and you will not receive any securities.

(L) Price of the Securities

The Company is offering “securities” in the form of revenue sharing notes, which we refer to as “Notes.” The Notes are being offered at their face amount. For example, you will pay \$1,000 for a Note with a face amount of \$1,000.

(M) Terms of the Securities

Overview

The Company is offering “securities” in the form of revenue sharing notes, which we refer to as the “Notes.” The Terms of the Notes are set forth in the Revenue Share Agreement accompanying this Form C in Appendix A. Copies of the Note and Revenue Sharing Agreement are attached to this Form C.

Summary of Terms

Revenue Percentage ¹	4.5 - 7.5% ²
Payment Deadline	2030-01-01
Maximum Payment Multiple ³ - Early Investors - All Other Investors	1.7 x 1.6 x
Sharing Start Date	The first day after disbursement that the company has revenues greater than one (\$1) dollar
First Payment Date	The last day of the calendar quarter ending not less than 90 days after the Sharing Start Date
Seniority	Subordinated
Securitization	Unsecured
Accrual Rate	1.73%

¹ as defined in the note agreement included in Appendix A

² The rate of revenue sharing is calculated on a linear scale with a minimum rate of 4.5% and a maximum rate of 7.5% and is rounded to the nearest 1/10th percent. The final rate is based on the amount raised and is calculated after the offering has successfully closed. As the amount raised in the offering increases, the rate of revenue sharing increases. For example, a hypothetical offering could result in the following revenue sharing percentages, depending on the amount raised:

Amount Raised	Revenue Sharing Percentage
\$150,000	4.5%
\$175,000	5.2%
\$200,000	6.0%
\$225,000	6.8%
\$250,000	7.5%

³ To reward early participation, the investors who contribute the first \$150,000.0 raised in the offering will receive a 1.7x cap. Investors who contribute after \$150,000.0 has been raised in the offering will receive a 1.6x cap.

Your Right to Payments under the Note

Your right to payments under the Note is set forth in the Note, together with a separate document

called the Revenue Sharing Agreement. Copies of the Note and Revenue Sharing Agreement are attached to this Form C. Additionally, general terms are outlined below and in the Company’s offering page.

Obligation to Contribute Capital

Once you pay for your Note, you will have no obligation to contribute more money to the Company, and you will not be personally obligated for any debts of the Company. However, under some circumstances you could be required by law to return some or all of a distribution you receive from the Company.

No Right to Transfer

You should plan to hold the Notes until maturity. The Notes will be illiquid (meaning you might not be able to sell them) for at least four reasons:

- The Revenue Sharing Agreement prohibits the sale or other transfer of Notes without the Company’s consent.
- If you want to sell your Note the Company will have the first right of refusal to buy it, which could make it harder to find a buyer.
- Even if a sale were permitted, there is no ready market for Notes, as there would be for a publicly-traded stock.
- By law, for a period of one year you won’t be allowed to transfer the Investor Shares except (i) to the Company itself, (ii) to an “accredited” investor, (iii) to a family or trust, or (iii) in a public offering of the Company’s shares.

Security

The Notes are not secured by any assets of the Company or any assets of persons associated with the Company.

Modification of Terms of Notes

The terms of the Notes and the Revenue Sharing Agreement may be modified or amended with the consent of Investors holding 50% of the Notes, measured by the total amount outstanding under each Note.

Other Classes of Securities

Name of Security	Limited Liability Company Interests
Number of Shares Outstanding	N/A
Describe Voting Rights of These Securities, Including Any Limitations on Voting Rights	N/A
How these securities differ from the revenue sharing notes being offered to investors	Limited Liability Company Interests are an equity interest, whereas Revenue Sharing Notes are a debt obligation of the Company.

Dilution of Rights

The Company has the right to create additional classes of securities, both equity securities and debt securities (e.g., other classes of promissory notes). Some of these additional classes of securities could have rights that are superior to those of the Notes. For example, the Company could issue promissory notes that are secured by specific property of the Company.

The People Who Control the Company

Each of these people owns 20% or more of the total voting power of the Company:

Name of Holder	% of Voting Power (Prior to Offering)
David Richardson	100%

How the Exercise of Voting Rights Could Affect You

You will receive payments with respect to your Note only if the Company makes enough money to pay you, or, if the Company does not make enough money to pay you, if there is enough value in the collateral the Company pledged as security for the Notes.

The people with voting rights control the Company and make all the decisions about running its business. If they make good business decisions, it is more likely you will be paid. If they make poor business decisions, it is less likely you will be paid. For example, if they hire too many people and/or try to expand too quickly, the business could be harmed. The people with voting rights could also decide to file for bankruptcy protection, making it more difficult for you to be paid.

How the Notes are Being Valued

The Notes are being valued at their face value. We don't anticipate that we'll ever need to place a value on the Notes in the future.

(N) The Funding Portal

The Company is offering its securities through MainVest, Inc., which is a "Funding Portal" licensed by the Securities and Exchange Commission and FINRA. "In-Network Users" means a user of Mainvest.com who who have utilized the Company's specified in-network link on the Site.
