

The community-as-a-service platform
for the Black business economy

Why Rialto?

Rialto centralizes Black businesses and increases connectivity. Community members can easily discover resources and opportunities that support the growth of their businesses.

Social Collaboration

Rialto creates a space for entrepreneurs and the communities that support them to do business better, together.

Save Time and Energy

Rialto enables you meet your community members wherever they are in their journey. Posted resources become evergreen and events are easy to find and attend. Increase impact and engagement while doing less work.

AI Integration

Rialto leverages the power of data analytics to provide intelligently curated recommendations that are right for you and members of your community.

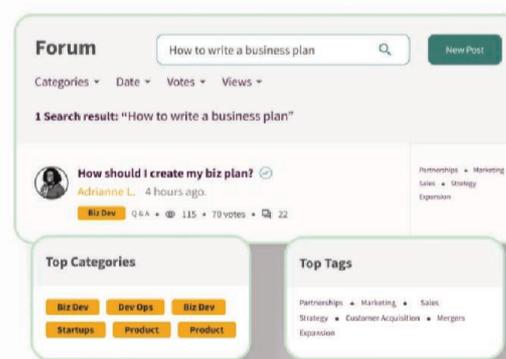

Inside a Rialto Neighborhood

A Neighborhood is a centralized meetup spot for the members of your community and include the features to power engagements

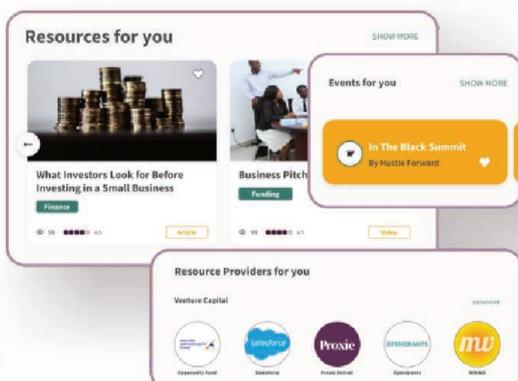

Office Hours:

Facilitate knowledge transfer through conversations between experts and members of your neighborhood.

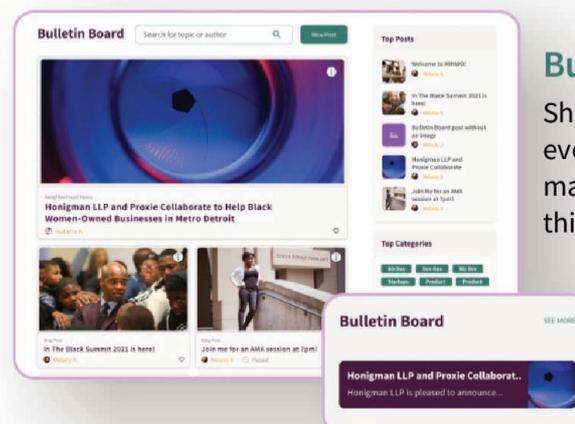

Forums:

Enable you grow your community through visibility and engagements with other founders.

Resources:

Enable you access and share knowledge in compact modules within multiple neighborhoods.

Bulletin Board:

Share announcements, events, news, blogs and many more important things.

Getting Started

3-month free Onboarding Support

Customer Testimonials

"I would much rather push people to a brand I actually support, and Mighty Networks does not do that. You already have my one feature. It's the video in one place!. I would like to see my business being on Rialto minimizing my overall business expenses."

Teddi Jackson
Collektiv

"I love what you're doing this looks amazing! I'm so happy for you and that this is something that we get to be a part of!"

Kaelin
Proxie Detroit
