Hey Folks,

It's been a long time coming but we have started up our crowdfunding site to raise the final chunk of capital to build Heart & Solar Brew Farm. Legally, the SEC doesn't allow us to discuss terms or details of the investment so please check out our Wefunder site to learn more about the company, watch our video and read over the investment terms. Be sure to check out the Perks we're offering at certain levels:

<https://wefunder.com/heart.solar.brew.farm>

Thanks in advance for your support. Feel free to reach out to us if you have any questions or feedback. Also, if you're not already, please follow us on Facebook to get updates on our progress.

And here's the legal disclosure SEC requires until we file some paperwork:

We are 'testing the waters' to gauge investor interest in an offering under Regulation Crowdfunding. No money or other consideration is being solicited. If sent, it will not be accepted. No offer to buy securities will be accepted. No part of the purchase price will be received until a Form C is filed and only through Wefunder's platform. Any indication of interest involves no obligation or commitment of any kind.

Cheers,  
Les

Hi Folks,

The time is finally here! We are ready to start raising capital to build Heart & Solar Brew Farm. You are among the first friends/family we are reaching out to so we'll be offering an "early bird" special. The first \$50,000 of our raise will be offered with a discounted valuation cap of \$2.5 Million. After that initial 50 K, the valuation cap will raise to \$3 Million. Legally, the SEC doesn't allow us to discuss terms or details of the investment so please check out our Wefunder site to learn more about the company, watch our video and read over the investment terms:

Thanks in advance for your support. Without investors, this project would never get off the ground. Feel free to reach out to us if you have any questions or feedback. Also, if you're not already, please follow us on Facebook to get updates on our progress.

And here's the legal disclosure SEC requires until we file some paperwork:

We are 'testing the waters' to gauge investor interest in an offering under Regulation Crowdfunding. No money or other consideration is being solicited. If sent, it will not be accepted. No offer to buy securities will be accepted. No part of the purchase price will be received until a Form C is filed and only through Wefunder's platform.
