# Cody Morris

Consultant / Director of Ops  
Ramona, California, United States

## Summary

I've worked in the beer industry for about 10 years now. I started working in a packaging role and moved my way to lead brewer, head brewer, operations manager and currently a director of operations where I opened our brewery with a few other partners. I've also worked in a sales role for multiple breweries.

As a consultant, I've developed recipes for a multitude of brands including: Ashland Hard Seltzer, Wings and Arrow Beer, Shoots FishxBeer, Mucho Aloha Hard Lemonade, Voyage Hard Tea, Preston's NA Ginger Beer, as well as the companies I've worked for including Twisted Manzanita, Mission Brewery, and New Motion/ Embolden.

At New Motion/Embolden - I've helped develop our business from a startup in late 2020 to roughly one million dollars in sales in 2022. We have an annual production capacity of roughly 4,500 barrels and I oversee the beverage program that hit over 3,000 barrels of production in less than 2 years. I'm also in charge of preventive maintenance on almost every asset in the brewery from canning line, glycol chiller, cold box, boiler, to brewhouse.

At Mission Brewery - I was the head brewer while we did roughly 22,000 barrels of production in 2017.

---
