

0:02  
i first came to stonehenge i was kind of  
0:05  
in awe i didn't realize that something  
0:06  
like this existed  
0:08  
people are really ready to  
0:10  
congregate and fellowship together and  
0:14  
and just needing spaces for that and so  
0:16  
stonehenge  
0:17  
just gave me a glimpse of what like  
0:19  
heaven on earth could  
0:20  
be like  
0:22  
i think that we are at a place in time  
0:24  
where we're going to let the secret out  
0:26  
a little bit because i think the world  
0:28  
needs what stonehedge has to offer the  
0:30  
world  
0:33  
hi  
0:34  
i'm tom rose co-founder and director of  
0:36  
stonehenge holistic learning center  
0:39  
stonehenge has been a healing art  
0:41  
sanctuary for the last 50 years that was  
0:43  
founded by two dear friends and artists  
0:46  
russell keik and don herring

0:49  
i was introduced to stonehedge as a  
0:51  
teenager and my relationship with  
0:53  
russell don and the stonehenge property  
0:55  
had a profound impact on my life  
0:57  
introducing me to art  
0:59  
gardening  
1:00  
and holistic concepts on health and  
1:02  
healing  
1:04  
in russell's own words the mission of  
1:06  
stonehedge was to create a center with  
1:09  
the purpose to educate in holistic  
1:10  
concepts of health healing spirituality  
1:14  
environment awareness of our oneness  
1:16  
respect of our differences and the joy  
1:19  
and variety these differences bring to  
1:21  
our lives  
1:22  
a place for peace quietude escapes  
1:25  
meditation and communion with nature  
1:29  
our new vision expands upon russell's  
1:31  
original to bring in indigenous wisdom  
1:34  
focus on diversity and inclusivity and  
1:36  
make stonehedge accessible to all

1:39  
stoneage has been structured as a  
1:41  
non-profit for the last 20 years  
1:43  
offering music festivals art exhibitions  
1:45  
and workshops on permaculture gardening  
1:48  
and health and holistic healing  
1:51  
we're excited to have a new team of  
1:53  
creative young visionaries and the  
1:55  
stonehenge experience will continue to  
1:57  
focus on holistic programming and events  
2:00  
in order to expand the stonehenge  
2:01  
experience we've recently created  
2:03  
stonehenge public benefit corporation  
2:06  
under the management of this new team  
2:07  
the public benefit corporation will  
2:09  
oversee our new natural food cafe the  
2:13  
expansion of our retail shop with local  
2:15  
artists and supporting local farmers and  
2:17  
their products and the expansion of our  
2:19  
camping and glamping area on the  
2:21  
property  
2:22  
we are calling this transformation  
2:24  
stonehedge 2.0

2:28

the food that we're going to focus on is

2:31

locally grown with global world flavors

2:35

so we're going to bring the world in but

2:37

use what we grow here locally

2:39

always repeat the mantra of eating local

2:42

how important that is to the local

2:44

economy to the environment to our health

2:46

stonehenge could be a great hub for

2:48

bringing all of these great local uh

2:50

producers together in that one store

2:52

location

2:53

together we can create a thriving and

2:56

regenerating business model focused on

2:58

giving back to our community

3:00

we are ready to explore this vibrant

3:03

world with you and the diverse folks

3:05

that are ready to bring that magic and

3:06

make it happen

3:08

while we are rich in social capital of

3:10

people giving their time and abilities

3:12

to this land we're looking now for

3:14

financial capital so that we can grow

3:17  
our outreach and anchor in this model of  
3:20  
a new way of being and working together  
3:22  
we're inviting you to become a founding  
3:24  
shareholder in the new stonehenge public  
3:26  
benefit corporation and we believe that  
3:28  
anyone including you could bring your  
3:30  
gifts to this vision and make it a  
3:32  
reality  
3:33  
the capital invested in this new venture  
3:35  
will be used to complete the work that  
3:37  
we started two years ago including  
3:39  
building out of workshop spaces  
3:40  
finishing a cafe and glamping  
3:43  
infrastructure and to provide operating  
3:45  
expenses in particular to pay our  
3:47  
creative new team of young visionaries  
3:50  
to help us realize this dream  
3:53  
i've been involved with stonehenge  
3:55  
pretty much my entire life and i believe  
3:58  
that don and russell would be happy with  
4:01  
the people who are taking care of the  
4:03  
land right now and i think that their

4:05

presence is with us and they're going to

4:07

guide this entire process

4:09

we are truly excited to be moving into

4:11

this next phase of the stonehenge dream

4:13

we'd like to invite you to join us on

4:15

this epic journey

4:28

you
