SUPPORT FOR PLANTS AND THEIR PEOPLE

Thriving Design is a family business, launched in 2020 by Jason Rider and his sister Morgan. From the onset, we've known that caring for our communities and our planet is an extremely important part of how we do business. Our innovative C-BITE clips make it easy to create the garden of your dreams with sustainable and durable support and protection systems. Master gardener? Commercial grower? First-time hobbyist? Whoever you are and whatever you've got growing, we're here to support your vision.

12" GARDEN TIES WITH THE REACH YOU NEED

Keep your climbing vines, running stems and heavy produce from tumbling over with these handy extra long plant ties. Soft enough to pamper the most tender flower stems, yet strong enough to secure heavy produce and aggressive runners, our plant ties are the simple solution you never knew you needed until you got 'em.
