Offering Statement

Respond to each question in each paragraph of this part. Set forth each question and any notes, but not any instructions thereto, in their entirety. If disclosure in response to any question is responsive to one or more other questions, it is not necessary to repeat the disclosure. If a question or series of questions is inapplicable or the response is available elsewhere in the Form, either state that it is inapplicable, include a cross-reference to the responsive disclosure, or omit the question or series of questions.

Be very careful and precise in answering all questions. Give full and complete answers so that they are not misleading under the circumstances involved. Do not discuss any future performance or other anticipated event unless you have a reasonable basis to believe that it will actually occur within the foreseeable future. If any answer requiring significant information is materially inaccurate, incomplete or misleading, the Company, its management and principal shareholders may be liable to investors based on that information.

THE COMPANY

1. Name of issuer:

Frankie's Story, LLC

COMPANY ELIGIBILITY

2. Check this box to certify that all of the following statements are true for the issuer.

- Organized under, and subject to, the laws of a State or territory of the United States or the District of Columbia.
- Not subject to the requirement to file reports pursuant to Section 13 or Section 15(c) of the Securities Exchange Act of 1934.
- Not an investment company registered or required to be registered under the Investment Company Act of 1940.
- Not ineligible to rely on this exemption under Section 4(a)(6) of the Securities Act as a result of a disqualification specified in Rule 503(a) of Regulation Crowdfunding.
- Has filed with the Commission and provided to investors, to the extent required, the ongoing annual reports required by Regulation Crowdfunding during the two years immediately preceding the filing of this offering statement (or for such shorter period that the issuer was required to file such reports).
- Not a development stage company that (a) has no specific business plan or (b) has indicated that its business plan is to engage in a merger or acquisition with an unidentified company or companies.

INSTRUCTION TO QUESTION 2: If any of these statements are not true, then you are NOT eligible to rely on this exemption under Section 4(a)(6) of the Securities Act.

3. Has the issuer or any of its predecessors previously failed to comply with the ongoing reporting requirements of Rule 202 of Regulation Crowdfunding?

Yes No

DIRECTORS OF THE COMPANY

4. Provide the following information about each director (and any persons occupying a similar status or performing a similar function) of the issuer.

Director	Principal Occupation	Main Employer	Year Joined as Director
Simple Jane Films, Inc.	Managing Member	Simple Jane Films, Inc.	2020

For three years of business experience, refer to [Appendix D: Director & Officer Work History](#).

OFFICERS OF THE COMPANY

5. Provide the following information about each officer (and any persons occupying a similar status or performing a similar function) of the issuer.

Officer	Positions Held	Year Joined
Ashley Bratcher	Managing Member	2020
Dori Zavala	Class A Member and Producer	2021

For three years of business experience, refer to [Appendix D: Director & Officer Work History](#).

INSTRUCTION TO QUESTION 5: For purposes of this Question 5, the term officer means a president, vice president, secretary, treasurer or principal financial officer, comptroller or principal accounting officer, and any person that routinely performing similar functions.

PRINCIPAL SECURITY HOLDERS

6. Provide the name and ownership level of each person, as of the most recent practicable date, who is the beneficial owner of 20 percent or more of the issuer's outstanding voting equity securities, calculated on the basis of voting power.

Name of Holder	No. and Class of Securities Now Held	% of Voting Power Prior to Offering
Athena Ink, LLC	6300000.0 Common Units (Class A). Wholly owned by Dori Zavala.	45.0
Simple Jane Films, Inc.	7700000.0 Common Units (Class A). Wholly owned by Ashley Bratcher	55.0

INSTRUCTION TO QUESTION 6: The above information must be provided as of a date that is no more than 120 days prior to the date of filing of this offering statement.

To calculate total voting power, include all securities for which the person directly or indirectly has or shares the voting power, which includes the power to vote or to direct the voting of such securities. If the person has the right to acquire voting power of such securities within 60 days, including through the exercise of any option, warrant or right, the conversion of a security, or other arrangement, or if securities are held by a member of the family, through corporations or partnerships, or otherwise in a manner that would allow a person to direct or control the voting of the securities (or share in such direction or control – as, for example, a co-trustee) they should be included as being “beneficially owned.” You should include an explanation of these circumstances in a footnote to the “Number of and Class of Securities Now Held.” To calculate outstanding voting equity securities, assume all outstanding options are exercised and all outstanding convertible securities converted.

BUSINESS AND ANTICIPATED BUSINESS PLAN

7. Describe in detail the business of the issuer and the anticipated business plan of the issuer.

For a description of our business and our business plan, please refer to the attached Appendix A, Business Description & Plan

INSTRUCTION TO QUESTION 7: Wefunder will provide your company's Wefunder profile as an appendix (Appendix A) to the Form C in PDF format. The submission will include all Q&A items and “read more” links in an un-collapsed format. All videos will be transcribed.

This means that any information provided in your Wefunder profile will be provided to the SEC in response to this question. As a result, your company will be potentially liable for misstatements and omissions in your profile under the Securities Act of 1933, which requires you to provide material information related to your business and anticipated business plan. Please review your Wefunder profile carefully to ensure it provides all material information, is not false or misleading, and does not omit any information that would cause the information included to be false or misleading.

RISK FACTORS

A crowdfunding investment involves risk. You should not invest any funds in this offering unless you can afford to lose your entire investment.

In making an investment decision, investors must rely on their own examination of the Issuer and the terms of the offering, including the merits and risks involved. These securities have not been recommended or approved by any federal or state securities commission or regulatory authority. Furthermore, these authorities have not passed upon the accuracy or adequacy of this document.

The U.S. Securities and Exchange Commission does not pass upon the merits of any securities offered or the terms of the offering, nor does it pass upon the accuracy or completeness of any offering document or literature.

These securities are offered under an exemption from registration; however, the U.S. Securities and Exchange Commission has not made an independent determination that these securities are exempt from registration.

8. Discuss the material factors that make an investment in the issuer speculative or risky:

The Company's assumptions concerning future operations may not be realized.

The Company's goal is to produce a commercially profitable movie using a production budget as set forth in the table herein. The Company's projected results are dependent on the successful implementation of the Company's business plan and strategies and are based on hypothetical assumptions and events over which the Company has only partial or no control. Furthermore, as a biopic film, the potential market may be smaller than your average blockbuster. The Company desires to obtain a theatrical release (among its other methods of distribution), but we cannot guarantee this for Pharma. While management believes that its goals and objectives are reasonable and achievable, no assurance can be given that they will be realized. The revenue we could generate will vary greatly based on factors that we cannot quantify, including things such as ultimate cost of production, methods of distribution later negotiated, audience interest, general economic outlook, etc.

The Company is a newly formed company and has no history upon which investors can evaluate the Company.

The Company was recently formed for the purpose of developing, producing and distributing Pharma. Accordingly, the Company has no operating history on which prospective investors may evaluate the Company's business and prospects. The Company has no revenues and requires the net proceeds from the sale of Preferred Units to fund development and production of Pharma. If and when production of the film commences, no assurance can be given that Pharma will receive market acceptance when produced. The Company faces all of the risks inherent in a new business, including the expenses, difficulties, complications and delays frequently encountered in connection with the formation and commencement of operations, the production and distribution of a movie, and the competitive environment in which the Company intends to operate. The Company may not successfully address any of these risks. If the Company does not successfully address these risks, the Company's business will be seriously harmed.

Management will have broad discretion as to the use of the proceeds from the offering.

The Company's management will have broad discretion as to the use of the net proceeds from the Offering for the purpose of producing Pharma. Investors will be relying on the judgment of the Company's management regarding the use of the proceeds for the purpose of producing Pharma.

The Company's success depends on the successful production and distribution of a single movie and the Company is unable to diversify its investment to reduce its risk of failure.

Pharma will be the only movie that the Company produces. No assurance can be given that the Company's management team will be able to successfully develop, produce and make arrangements for the distribution of Pharma. Because the Company will have only one asset (Pharma), the Company is more vulnerable to unanticipated occurrences than a more diversified business. The development, production, completion and distribution of Pharma is subject to numerous uncertainties, including financing requirements, personnel availability and the release schedule of competing films. There may be additional problems which could adversely affect the Company's profitability, including (without limitation) public taste, which is unpredictable and susceptible to change; competition with other films and/or shows, motion pictures and other leisure activities; advertising costs; uncertainty with respect to release dates; and the failure of other parties to fulfill their contractual obligations and other contingencies. No assurance can be given that the Company will be able to successfully develop, produce, distribute, or realize any revenue from Pharma. Failure to develop, produce, distribute or realize any such revenues will have a material adverse effect on the Company's business, operating results and financial condition.

Because the film business is highly speculative, the Company may never achieve profitability.

The film industry is highly speculative and involves a substantial degree of risk. No

The difficulty in giving prospective investors a substantial degree of financial assurance can be given of the economic success of any film since the revenues derived from the production and distribution of a film primarily depend on its acceptance by the public, which cannot be predicted. The commercial success of a film also depends on the quality and acceptance of competing films and shows released into the marketplace at or near the same time, the availability of alternative forms of entertainment and leisure time activities, general economic conditions, and other tangible and intangible factors, all of which can change and cannot be predicted with certainty. We have no control over what other films or shows or content is released at the same time as our content and thus we cannot know, but it is always possible, that another company's content may be more desirable than our own and we are unsuccessful in competing in the marketing. No assurance can be given that Pharma will appeal to the public or that other shows and films may not be more appealing and therefore reduce the demand to view Pharma. Accordingly, there is a substantial risk that Pharma will not be commercially successful, in which case the Company may be unable to recoup costs associated with the production of Pharma or realize revenues or profits from the sale of Pharma.

Technological advances may reduce demand for films.

The entertainment industry in general, and the motion picture and TV industry in particular, are continuing to undergo significant changes, primarily due to technological developments. Because of this rapid growth of technology, shifting consumer tastes and the popularity and availability of other forms of entertainment, it is impossible to predict the overall effect these factors will have on the potential revenue from and profitability of a film.

Most of our competitors, which include large and small studios and production companies, have significantly greater financial and marketing resources, as well as experience, than we do.

We are a very small and unproven entity as compared to our competitors. We will compete with film studios, both large and small, production companies, independent producers, and agencies. Most of the major U.S. studios are part of large diversified corporate groups with a variety of other operations, including television networks and cable channels, that can provide both the means of distributing their products and stable sources of earnings that may allow them better to offset fluctuations in the financial performance of their operations. The major studios have more resources with which to compete for ideas, storylines and scripts. This may have a material adverse effect on our business, results of operations and financial condition. In addition, established smaller studios, production companies and agencies have significantly greater financial and marketing resources than do we. Many have sophisticated websites and the ability to advertise in a wide variety of media. We will principally depend on the business contacts of our executive officers. There are no assurances that our approach will be successful.

We may not generate sufficient cash flow to make distributions to you.

There is no assurance that we will ever have income sufficient to cover our expenses and have sufficient cash flow to make distributions to you. Even if we make distributions, there can be no assurance concerning the timing or amounts of the distributions. You may be required to bear the economic risk of the investment for an indefinite period of time. Ultimately, each investor's risk with respect to this offering includes the potential for a complete loss of their investment.

Pharma will be subject to the risks associated with the production and distribution of a motion picture.

Although the production of a proof of concept of Pharma was completed, the Company cannot guarantee that production of the full feature motion picture will be successfully completed. Production costs are currently just an estimate and may significantly increase over time depending on many unknown outside influences, or those that may be known as related to the specific costs of currently expected expenditures for items still not under contract at a fixed price.

It is also possible that COVID-19 or any other number of unexpected situations may arise that prevent the completion of the production of Pharma.

Pharma is in ongoing negotiations with several distributors and has secured a confidential LOI from one of the world's leading media and entertainment companies expressing their continued interest in distributing the film. The Company's goal, while not guaranteed, is for the film to be distributed theatrically as well as through online video streaming services, television and home video. Distribution channels and methods can also fall out of grace with users/viewers and we may not be able to adapt quickly enough to keep momentum for the adoption of viewers of our content.

The Company issued Preferred Units to Nicole Weider.

The Company issued 575,000 Preferred Units to Nicole Weider as consideration for development and production costs previously incurred by Frankie's Story, LLC in connection with the creation and production of the Pharma proof of concept and other script development. Nicole Weider will be entitled to a preferred return of 120% before Class C & D Preferred Units and Common Unit distributions. Class C & D will then be entitled to a preferred return of 120% before Common Unit distributions. Distributions of profits (to the extent the Company has generated sufficient cash flow) will then be disbursed among all Classes on equal footing with investors purchasing the Preferred Units in this Offering.

The Company will have to rely on the services of professionals and other key personnel who may be difficult to replace and the loss of any such persons could adversely affect the Company's business.

If the Company is not able to retain the services of key personnel retained by management, there will be a material adverse effect on the Company. If any one of these individuals becomes incapacitated or otherwise becomes unavailable, a qualified successor would have to be engaged. The Company may elect to offer membership units in the Company to key production personnel (such as producers, writers, actors, stunt coordinators and unit production managers) as a means of obtaining the best possible crew at the lowest up-front cost. Pharma's production and completion may be adversely affected if new personnel must be engaged, or if such personnel demand more favorable compensation. No assurance can be given that a qualified successor could be engaged. These professionals and key personnel also may be involved in other projects that may take them away from the production of Pharma and cause delays, all of which may increase the cost of production of Pharma and decrease the likelihood of being able to complete Pharma, which would have an adverse effect on the Company's business and prospects.

We will be required to raise additional capital to fully fund our business plan and expand our operations.

Currently, we have no revenue-generating activities. The purpose of this offering is to raise an additional \$750,000 towards production on a minimum full production budget of \$6 million. We intend to raise the balance via 506(c) equity financing rounds, through grants, and donations via our 501(c)3 fiscal sponsor,

From the heart. Part of this budget will be allocated to ongoing script and story development, with the balance allocated towards production. Even after taking account of the funds raised in this offering, we may need to raise additional funds to finalize the full production of Pharma. We may seek to sell common or preferred equity or convertible debt securities, enter into a credit facility or another form of third-party funding, or seek other debt financing in order to fund the development of Pharma. We may also consider raising additional capital in the future to expand our business, to pursue strategic investments, to take advantage of financing opportunities or for other reasons. Additional capital may not be available at such times or in amounts as needed by us. Even if capital is available, it might be available only on unfavorable terms. Any additional equity or convertible debt financing into which we enter could be dilutive to our then existing members. Any future debt financing into which we enter may impose covenants upon us that restrict our operations, including limitations on our ability to incur liens or additional debt, pay dividends, repurchase our equity, make certain investments and engage in certain merger, consolidation or asset sale transactions. Any debt financing or additional equity that we raise may contain terms that are not favorable to us or our members. If we raise additional funds through collaboration and licensing arrangements with third parties, it may be necessary to relinquish some rights to our scripts and manuscripts, or grant licenses on terms that are not favorable to us. If access to sufficient capital is not available as and when needed, our business will be materially impaired and we may be required to cease operations, curtail the acquisition, recycling or marketing of scripts and manuscripts, or we may be required to significantly reduce expenses, sell assets, seek a merger or joint venture partner, file for protection from creditors or liquidate all our assets.

Investors will own non-voting preferred units and will have no ability to control or influence the business decisions of the Company.

Investors in the offering will obtain non-voting preferred units. As a result, current management will continue to have control of the business decisions and operations of the Company. It is possible that management will not make successful management decisions in all cases.

Pharma may not succeed if it receives unfavorable reviews.

The financial success of a motion picture, in large measure, depends on the reaction of the public, which is often influenced by professional reviewers or critics for newspapers, television and other media. It is impossible to judge in advance what the reaction of these reviewers and critics will be to Pharma. To the extent that Pharma receives unfavorable reviews from these reviewers and critics, its chances of success may be substantially diminished.

There is no public market for the Preferred Units and such are subject to certain restrictions on transfer.

Investors should regard the Preferred Units as an illiquid investment. No public market for the Preferred Units exists or is likely to develop in the near future. Any resale of the Preferred Units may require the transferor to register the transferred Preferred Units under applicable state securities laws, or find an exemption therefrom.

The Preferred Units may not be transferred by any purchaser of such securities except under very specific and limited circumstances and/or with the consent of the Manager of the Company.

There is no guarantee of return on investment.

There is no assurance that a purchaser will realize a return on its investment or that it will not lose its entire investment. For this reason, each investor should read the Form C and all Exhibits carefully and should consult with its own attorney and business advisor prior to making any investment decision.

Our future success depends on the efforts of a small management team. The loss of services of the members of the management team may have an adverse effect on the company. There can be no assurance that we will be successful in attracting and retaining other personnel we require to successfully grow our business.

INSTRUCTION TO QUESTION 8: Avoid generalized statements and include only those factors that are unique to the issuer. Discussion should be tailored to the issuer's business and the offering and should not repeat the factors addressed in the legends set forth above. No specific number of risk factors is required to be identified.

The Offering

USE OF FUNDS

9. What is the purpose of this offering?

The Company intends to use the net proceeds of this offering for working capital and general corporate purposes, which includes the specific items listed in Item 10 below. While the Company expects to use the net proceeds from the Offering in the manner described above, it cannot specify with certainty the particular uses of the net proceeds that it will receive from this Offering. Accordingly, the Company will have broad discretion in using these proceeds.

10. How does the issuer intend to use the proceeds of this offering?

If we raise: **\$50,000**

Use of Proceeds: 7.5% towards Wefunder fees, 1% towards escrow agent fees, 10% towards marketing, 81.5% towards hiring key personnel.

If we raise: **\$750,000**

Use of Proceeds: 7.5% towards Wefunder fees, 1% towards escrow agent fees, 10% towards marketing, 81.5% towards hiring key personnel.

Raising \$750k will give us the option to formally make an attachment, whereas raising \$50k will support our continued development efforts and the cost of maintaining our business operations.

INSTRUCTION TO QUESTION 10: An issuer must provide a reasonably detailed description of any intended use of proceeds, such that investors are provided with an adequate amount of information to understand how the offering proceeds will be used. If an issuer has identified a range of possible uses, the issuer should identify and describe each probable use and the factors the issuer may consider in allocating proceeds among the potential uses. If the issuer will accept proceeds in excess of the target offering amount, the issuer must describe the purpose, method for allocating oversubscriptions, and intended use of the excess proceeds with similar specificity. Please include all potential uses of the proceeds of the offering, including any that may apply only in the case of oversubscriptions. If you do not do so, you may later be required to amend your Form C. Wefunder is not responsible for any failure by you to describe a potential use of offering proceeds.

DELIVERY & CANCELLATIONS

11. How will the issuer complete the transaction and deliver securities to the investors?

Book Entry and Investment in the Co-Issuer. Investors will make their investments by investing in interests issued by one or more co-issuers, each of which is a special purpose vehicle ("SPV"). The SPV will invest all amounts it receives from investors in securities issued by the Company. Interests issued to investors by the SPV will be in book entry form. This means that the investor will not receive a certificate representing his or her investment. Each investment will be recorded in the books and records of the SPV. In addition, investors' interests in the investments will be recorded in each investor's "Portfolio" page on the Wefunder platform. All references in this Form C to an Investor's investment in the Company (or similar phrases) should be interpreted to include investments in a SPV.

12. How can an investor cancel an investment commitment?

NOTE: Investors may cancel an investment commitment until 48 hours prior to the deadline identified in these offering materials.

The intermediary will notify investors when the target offering amount has been met. If the issuer reaches the target offering amount prior to the deadline identified in the offering materials, it may close the offering early if it provides notice about the new offering deadline at least five business days prior to such new offering deadline (absent a material change that would require an extension of the offering and reconfirmation of the investment commitment).

If an investor does not cancel an investment commitment before the 48-hour period prior to the offering deadline, the funds will be released to the issuer upon closing of the offering and the investor will receive securities in exchange for his or her investment.

If an investor does not reconfirm his or her investment commitment after a material change is made to the offering, the investor's investment commitment will be cancelled and the committed funds will be returned.

An Investor's right to cancel. An investor may cancel his or her investment commitment at any time until 48 hours prior to the offering deadline.

If there is a material change to the terms of the offering or the information provided to the investor about the offering and/or the Company, the investor will be provided notice of the change and must re-confirm his or her investment commitment within five business days of receipt of the notice. If the investor does not reconfirm, he or she will receive notifications disclosing that the commitment was cancelled, the reason for the cancellation, and the refund amount that the investor is required to receive. If a material change occurs within five business days of the maximum number of days the offering is to remain open, the offering will be extended to allow for a period of five business days for the investor to reconfirm.

If the investor cancels his or her investment commitment during the period when cancellation is permissible, or does not reconfirm a commitment in the case of a material change to the investment, or the offering does not close, all of the investor's funds will be returned within five business days.

Within five business days of cancellation of an offering by the Company, the Company will give each investor notification of the cancellation, disclose the reason for the cancellation, identify the refund amount the investor will receive, and refund the investor's funds.

The Company's right to cancel. The Investment Agreement you will execute with us provides the Company the right to cancel for any reason before the offering deadline.

If the sum of the investment commitments from all investors does not equal or exceed the target offering amount at the time of the offering deadline, no securities will be sold in the offering, investment commitments will be cancelled and committed funds will be returned.

Ownership and Capital Structure

THE OFFERING

13. Describe the terms of the securities being offered.

Priced Round: \$23,376,411 pre-money valuation.

See exact security attached as [Appendix B, Investor Contracts](#)

Frankie's Story LLC is offering up to 500,000 Class D Preferred Units, at a price per unit of \$1.50.

The campaign maximum is \$750,000.00 and the campaign minimum is \$50,000.00.

Profits. Except as may be otherwise required by the Code or Regulations, Profits shall, for each taxable year of the Company, be allocated and apportioned among the Members in the following order and amounts:

(1) first, to and among the Members, pro rata based on of the Capital Account balance of each Member, in amounts equal to the excess, if any, of (A) the cumulative Losses allocated to the Members pursuant to Section 6(c)(ii)(3) hereof for all prior taxable years of the Company, over (B) the cumulative Profits allocated to the Members pursuant to this Section 6(c)(i)(1) for all prior taxable years of the Company;

(2) then, to the Class B Member until such time as the aggregate allocation made to such Member is in an amount equal to one hundred and twenty percent (120%) of the Capital Contribution made by such Member;

(3) then, to and among the Class C Members and Class D Members on a pro rata, pari passu basis until such time as the aggregate allocation made to such Member is in an amount equal to one hundred and twenty percent (120%) of the Capital Contribution made by such Member;

(4) the balance and remainder, if any, to be allocated between the Members as follows: 50% to the Class A Members and 50% to the Class B Members, Class C Members, and Class D Members and divided among such Members in accordance with their proportionate Class Membership Percentage calculated as if the Class B, Class C, and Class D Units were combined into a single class of Units.

Securities Issued by the SPV

Instead of issuing its securities directly to investors, the Company has decided to issue its securities to the SPV, which will then issue interests in the SPV to

investors. The SPV is formed concurrently with the filing of the Form C. Given this, the SPV does not have any financials to report. The SPV is managed by Wefunder Admin, LLC and is a co-issuer with the Company of the securities being offered in this offering. The Company's use of the SPV is intended to allow investors in the SPV to achieve the same economic exposure, voting power, and ability to assert State and Federal law rights, and receive the same disclosures, as if they had invested directly in the Company. The Company's use of the SPV will not result in any additional fees being charged to investors.

The SPV has been organized and will be operated for the sole purpose of directly acquiring, holding and disposing of the Company's securities, will not borrow money and will use all of the proceeds from the sale of its securities solely to purchase a single class of securities of the Company. As a result, an investor investing in the Company through the SPV will have the same relationship to the Company's securities, in terms of number, denomination, type and rights, as if the investor invested directly in the Company.

Voting Rights

If the securities offered by the Company and those offered by the SPV have voting rights, those voting rights may be exercised by the investor or his or her proxy. The applicable proxy is the Lead Investor, if the Proxy (described below) is in effect.

Proxy to the Lead Investor

The SPV securities have voting rights. With respect to those voting rights, the investor and his, her, or its transferees or assignees (collectively, the "Investor"), through a power of attorney granted by Investor in the Investor Agreement, has appointed or will appoint the Lead Investor as the Investor's true and lawful proxy and attorney (the "Proxy") with the power to act alone and with full power of substitution, on behalf of the Investor to: (i) vote all securities related to the Company purchased in an offering hosted by Wefunder Portal, and (ii) execute, in connection with such voting power, any instrument or document that the Lead Investor determines is necessary and appropriate in the exercise of his or her authority. Such Proxy will be irrevocable by the Investor unless and until a successor lead investor ("Replacement Lead Investor") takes the place of the Lead Investor. Upon notice that a Replacement Lead Investor has taken the place of the Lead Investor, the Investor will have five (5) calendar days to revoke the Proxy. If the Proxy is not revoked within the 5-day time period, it shall remain in effect.

Restriction on Transferability

The SPV securities are subject to restrictions on transfer, as set forth in the Subscription Agreement and the Limited Liability Company Agreement of Wefunder SPV, LLC, and may not be transferred without the prior approval of the Company, on behalf of the SPV.

14. Do the securities offered have voting rights?

- Yes
- No

15. Are there any limitations on any voting or other rights identified above?

See the above description of the Proxy to the Lead Investor.

16. How may the terms of the securities being offered be modified?

This Agreement constitutes the entire agreement between the parties hereto with respect to the subject matter hereof and may be amended only by a writing executed by all parties.

Pursuant to authorization in the investor Agreement between each investor and Wefunder Portal, Wefunder Portal is authorized to take the following actions with respect to the investment contract between the Company and an investor:

- A. Wefunder Portal may amend the terms of an investment contract, provided that the amended terms are more favorable to the investor than the original terms; and
- B. Wefunder Portal may reduce the amount of an investor's investment if the reason for the reduction is that the Company's offering is oversubscribed.

RESTRICTIONS ON TRANSFER OF THE SECURITIES BEING OFFERED:

The securities being offered may not be transferred by any purchaser of such securities during the one year period beginning when the securities were issued, unless such securities are transferred:

- 1. to the issuer;
- 2. to an accredited investor;
- 3. as part of an offering registered with the U.S. Securities and Exchange Commission; or
- 4. to a member of the family of the purchaser or the equivalent, to a trust controlled by the purchaser, to a trust created for the benefit of a member of the family of the purchaser or the equivalent, or in connection with the death or divorce of the purchaser or other similar circumstance.

NOTE: The term "accredited investor" means any person who comes within any of the categories set forth in Rule 501(a) of Regulation D, or who the seller reasonably believes comes within any of such categories, at the time of the sale of the securities to that person.

The term "member of the family of the purchaser or the equivalent" includes a child, stepchild, grandchild, parent, stepparent, grandparent, spouse or spousal equivalent, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law of the purchaser, and includes adoptive relationships. The term "spousal equivalent" means a cohabitant occupying a relationship generally equivalent to that of a spouse.

DESCRIPTION OF ISSUER'S SECURITIES

17. What other securities or classes of securities of the issuer are outstanding? Describe the material terms of any other outstanding securities or classes of securities of the issuer.

Class of Security	Securities (or Amount) Authorized	Securities (or Amount) Outstanding	Voting Rights
Common Units (Class A)	14000000	14000000	Yes
Preferred Units (Class B)	575,000	575,000	No
Preferred Units (Class C)	10000000	0	No

Preferred
Units (Class
D) 3425000 1009274 No

**Securities Reserved for
Class of Security Issuance upon Exercise or Conversion**

Warrants: _____

Options: _____

Describe any other rights:

Class B: Preferred return of 120% before Class C & D Preferred Units and Common Unit distributions

Class C: Preferred return of 120% before Common Unit distributions

Class D: Preferred return of 120% before Common Unit distributions

18. How may the rights of the securities being offered be materially limited, diluted or qualified by the rights of any other class of security identified above?

The one Class B unitholder will be entitled to a preferred return of 120% before Class C & D Preferred Units and Common Unit distributions.

19. Are there any differences not reflected above between the securities being offered and each other class of security of the issuer?

No.

20. How could the exercise of rights held by the principal shareholders identified in Question 6 above affect the purchasers of the securities being offered?

As holders of a majority-in-interest of voting rights in the Company, the unitholders may make decisions with which the Investor disagrees, or that negatively affect the value of the Investor's securities in the Company, and the Investor will have no recourse to change these decisions. The Investor's interests may conflict with those of other investors, and there is no guarantee that the Company will develop in a way that is optimal for or advantageous to the Investor.

For example, the unitholders may change the terms of the Operating Agreement for the company, change the terms of securities issued by the Company, change the management of the Company, and even force out minority holders of securities. The unitholders may make changes that affect the tax treatment of the Company in ways that are unfavorable to you but favorable to them. They may also vote to engage in new offerings and/or to register certain of the Company's securities in a way that negatively affects the value of the securities the Investor owns. Other holders of securities of the Company may also have access to more information than the Investor, leaving the Investor at a disadvantage with respect to any decisions regarding the securities he or she owns. The unitholders have the right to redeem their securities at any time. Unitholders could decide to force the Company to redeem their securities at a time that is not favorable to the Investor and is damaging to the Company. Investors' exit may affect the value of the Company and/or its viability. In cases where the rights of holders of convertible debt, SAFES, or other outstanding options or warrants are exercised, or if new awards are granted under our equity compensation plans, an Investor's interests in the Company may be diluted. This means that the pro-rata portion of the Company represented by the Investor's securities will decrease, which could also diminish the Investor's voting and/or economic rights. In addition, as discussed above, if a majority-in-interest of holders of securities with voting rights cause the Company to issue additional units, an Investor's interest will typically also be diluted.

Based on the risks described above, the Investor could lose all or part of his or her investment in the securities in this offering, and may never see positive returns.

21. How are the securities being offered being valued? Include examples of methods for how such securities may be valued by the issuer in the future, including during subsequent corporate actions.

The offering price for the securities offered pursuant to this Form C has been determined arbitrarily by the Company, and does not necessarily bear any relationship to the Company's book value, assets, earnings or other generally accepted valuation criteria. In determining the offering price, the Company did not employ investment banking firms or other outside organizations to make an independent appraisal or evaluation. Accordingly, the offering price should not be considered to be indicative of the actual value of the securities offered hereby.

In the future, we will perform valuations of our common unit that take into account factors such as the following:

1. unrelated third party valuations of our common unit;
2. the price at which we sell other securities, such as convertible debt or preferred Unit, in light of the rights, preferences and privileges of our those securities relative to those of our common unit;
3. our results of operations, financial position and capital resources;
4. current business conditions and projections;
5. the lack of marketability of our common unit;
6. the hiring of key personnel and the experience of our management;
7. the introduction of new products;
8. the risk inherent in the development and expansion of our products;
9. our stage of development and material risks related to our business;
10. the likelihood of achieving a liquidity event, such as an initial public offering or a sale of our company given the prevailing market conditions and the nature and history of our business;
11. industry trends and competitive environment;
12. trends in consumer spending, including consumer confidence;
13. overall economic indicators, including gross domestic product, employment, inflation and interest rates; and
14. the general economic outlook.

We will analyze factors such as those described above using a combination of financial and market-based methodologies to determine our business enterprise value. For example, we may use methodologies that assume that businesses operating in the same industry will share similar characteristics and that the Company's value will correlate to those characteristics, and/or methodologies that compare transactions in similar securities issued by us that were conducted in the market.

22. What are the risks to purchasers of the securities relating to minority ownership in the issuer?

An Investor in the Company will likely hold a minority position in the Company, and thus be limited as to its ability to control or influence the governance and operations of the Company.

The marketability and value of the Investor's interest in the Company will depend

upon many factors outside the control of the Investor. The Company will be managed by its officers and be governed in accordance with the strategic direction and decision-making of its Management, and the Investor will have no independent right to name or remove an officer or member of the Management of the Company.

Following the Investor's investment in the Company, the Company may sell interests to additional investors, which will dilute the percentage interest of the Investor in the Company. The Investor may have the opportunity to increase its investment in the Company in such a transaction, but such opportunity cannot be assured.

The amount of additional financing needed by the Company, if any, will depend upon the maturity and objectives of the Company. The declining of an opportunity or the inability of the Investor to make a follow-on investment, or the lack of an opportunity to make such a follow-on investment, may result in substantial dilution of the Investor's interest in the Company.

23. What are the risks to purchasers associated with corporate actions, including additional issuances of securities, issuer repurchases of securities, a sale of the issuer or of assets of the issuer or transactions with related parties?

Additional issuances of securities. Following the Investor's investment in the Company, the Company may sell interests to additional investors, which will dilute the percentage interest of the Investor in the Company. The Investor may have the opportunity to increase its investment in the Company in such a transaction, but such opportunity cannot be assured. The amount of additional financing needed by the Company, if any, will depend upon the maturity and objectives of the Company. The declining of an opportunity or the inability of the Investor to make a follow-on investment, or the lack of an opportunity to make such a follow-on investment, may result in substantial dilution of the Investor's interest in the Company.

Issuer repurchases of securities. The Company may have authority to repurchase its securities from unitholders, which may serve to decrease any liquidity in the market for such securities, decrease the percentage interests held by other similarly situated investors to the Investor, and create pressure on the Investor to sell its securities to the Company concurrently.

A sale of the issuer or of assets of the issuer. As a minority owner of the Company, the Investor will have limited or no ability to influence a potential sale of the Company or a substantial portion of its assets. Thus, the Investor will rely upon the executive management of the Company to manage the Company so as to maximize value for unitholders. Accordingly, the success of the Investor's investment in the Company will depend in large part upon the skill and expertise of the executive management of the Company. If the Management of the Company authorizes a sale of all or a part of the Company, or a disposition of a substantial portion of the Company's assets, there can be no guarantee that the value received by the Investor, together with the fair market estimate of the value remaining in the Company, will be equal to or exceed the value of the Investor's initial investment in the Company.

Transactions with related parties. The Investor should be aware that there will be occasions when the Company may encounter potential conflicts of interest in its operations. On any issue involving conflicts of interest, the executive management of the Company will be guided by their good faith judgement as to the Company's best interests. The Company may engage in transactions with affiliates, subsidiaries or other related parties, which may be on terms which are not arm's-length, but will be in all cases consistent with the duties of the management of the Company to its unitholders. By acquiring an interest in the Company, the Investor will be deemed to have acknowledged the existence of any such actual or potential conflicts of interest and to have waived any claim with respect to any liability arising from the existence of any such conflict of interest.

24. Describe the material terms of any indebtedness of the issuer:

None.

INSTRUCTION TO QUESTION 24: name the creditor, amount owed, interest rate, maturity date, and any other material terms.

25. What other exempt offerings has the issuer conducted within the past three years?

Offering Date	Exemption Regulation	Security Type	Amount Sold	Use of Proceeds
	Crowdfunding		\$60,048	General operations
4/2023	Regulation Crowdfunding	Class D Preferred Stock	\$435,546	General operations
1/2024	Regulation Crowdfunding	Priced Round	\$457,930	General operations
4/2024	Regulation Crowdfunding	Priced Round	\$182,532	General operations

26. Was or is the issuer or any entities controlled by or under common control with the issuer a party to any transaction since the beginning of the issuer's last fiscal year, or any currently proposed transaction, where the amount involved exceeds five percent of the aggregate amount of capital raised by the issuer in reliance on Section 4(a)(6) of the Securities Act during the preceding 12-month period, including the amount the issuer seeks to raise in the current offering, in which any of the following persons had or is to have a direct or indirect material interest:

- any director or officer of the issuer;
- any person who is, as of the most recent practicable date, the beneficial owner of 20 percent or more of the issuer's outstanding voting equity securities, calculated on the basis of voting power;
- if the issuer was incorporated or organized within the past three years, any promoter of the issuer;
- or any immediate family member of any of the foregoing persons.

Yes
 No

INSTRUCTIONS TO QUESTION 26: The term transaction includes, but is not limited to, any financial transaction, arrangement or relationship (including any indebtedness or guarantee of indebtedness) or any series of similar transactions, arrangements or relationships.

Beneficial ownership for purposes of paragraph (2) shall be determined as of a date that is no more than 120 days prior to the date of filing of this offering statement and using the same calculation described in Question 6 of this Question and Answer format.

The term "member of the family" includes any child, stepchild, grandchild, parent, stepparent, grandparent, spouse or spousal equivalent, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law of the person, and includes adoptive relationships. The term "spousal equivalent" means a cohabitant occupying a relationship generally equivalent to that of a spouse.

Compute the amount of a related party's interest in any transaction without regard to the amount of the profit or loss involved in the transaction. Where it is not practicable to state the approximate amount of the interest, disclose the approximate amount involved in the transaction.

FINANCIAL CONDITION OF THE ISSUER

27. Does the issuer have an operating history?

- Yes
 No

28. Describe the financial condition of the issuer, including, to the extent material, liquidity, capital resources and historical results of operations.

Management's Discussion and Analysis of Financial Condition and Results of Operations

You should read the following discussion and analysis of our financial condition and results of operations together with our financial statements and the related notes and other financial information included elsewhere in this offering. Some of the information contained in this discussion and analysis, including information regarding the strategy and plans for our business, includes forward-looking statements that involve risks and uncertainties. You should review the "Risk Factors" section for a discussion of important factors that could cause actual results to differ materially from the results described in or implied by the forward-looking statements contained in the following discussion and analysis.

Overview

Frankie's Story LLC was created to produce the movie Pharma.

Pharma is an incredible true story about courageous women that we believe will inspire and entertain audiences worldwide.

Milestones

Frankie's Story LLC was incorporated in the State of Georgia in March 2020.

Since then, we have:

- Executive team with a combined 40+ years experience and Academy Award winning work.
- Join over 1,700 people who have invested a total of over \$1M!
- Investors have potential to receive 120% of principal plus pro-rata share of 50% of the backend plus fan based perks!
- A true story about courageous women that will inspire and entertain audiences worldwide.
- Pre P&A: Active and engaged fanbase of over 10,000+.
- Well-positioned for global theatrical release and a worldwide audience.
- We have the support of thalidomide survivors worldwide who are eager to have their stories told.

The Company is subject to risks and uncertainties common to early-stage companies. Given the Company's limited operating history, the Company cannot reliably estimate how much revenue it will receive in the future.

Historical Results of Operations

- *Revenues & Gross Margin.* For the period ended December 31, 2023, and December 31, 2022, the Company had revenues of \$0.
- *Assets.* As of December 31, 2023, the Company had total assets of \$690,723, including \$504,633 in cash. As of December 31, 2022, the Company had \$148,184 in total assets, including \$14,869 in cash.
- *Net Loss.* The Company has had net losses of \$117,921 and net losses of \$25,080 for the fiscal years ended December 31, 2023 and December 31, 2022, respectively.
- *Liabilities.* The Company's liabilities totaled \$0 for the fiscal year ended December 31, 2023 and \$0 for the fiscal year ended December 31, 2022.

Liquidity & Capital Resources

To-date, the company has been financed with \$1,326,008 in equity.

After the conclusion of this Offering, should we hit our minimum funding target, our projected runway is 4 months before we need to raise further capital.

We plan to use the proceeds as set forth in this Form C under "Use of Funds". We don't have any other sources of capital in the immediate future.

We will likely require additional financing in excess of the proceeds from the Offering in order to perform operations over the lifetime of the Company. We plan to raise capital in 3 months. Except as otherwise described in this Form C, we do not have additional sources of capital other than the proceeds from the offering. Because of the complexities and uncertainties in establishing a new business strategy, it is not possible to adequately project whether the proceeds of this offering will be sufficient to enable us to implement our strategy. This complexity and uncertainty will be increased if less than the maximum amount of securities offered in this offering is sold. The Company intends to raise additional capital in the future from investors. Although capital may be available for early-stage companies, there is no guarantee that the Company will receive any investments from investors.

Runway & Short/Mid Term Expenses

Frankie's Story LLC cash in hand is \$694,876.21, as of July 2024. Over the last three months, revenues have averaged \$0/month, cost of goods sold has averaged \$0/month, and operational expenses have averaged \$3,500/month, for an average burn rate of \$3,500 per month. Our intent is to be profitable in 18 months.

In April 2024, Frankie's Story LLC's total raised increased to \$1,077,208 from Reg CF offerings. The company's plan continues to be a worldwide theatrical release for PHARMA. In April 2022, Frankie's Story LLC granted Angel Studios the option to distribute the film. In June 2023, Frankie's Story LLC terminated and voided Angel Studios' distribution option due to breach of contract and fraudulent inducement. In October 2023, Frankie's Story LLC settled with Angel Studios. Angel Studios has no ownership rights or interest in PHARMA, and Frankie's Story LLC has no outstanding debt to Angel Studios. Frankie's Story still has a Letter of

Interest (LOI) from a major studio with a global presence to potentially distribute PHARMA. While not guaranteed, the LOI demonstrates potential interest in distributing the project. In September 2023, Mark Fincannon, an Emmy-winning casting director, joined the production team as an executive producer. In January 2024, Dr. Allan Gaw, joined the team as a Story Consultant. In March 2024, Lisa Bruce, an Academy Award-winning producer, joined the team as a producer.

Currently, the company averages ~\$3000 per month in operational expenses. We anticipate moving into pre-production in October of 2024. Expenses related to the production of the film are covered within the film's total budget of ~\$14 million. The team is currently using development funds to package the project. The company may need to raise additional funding to complete the film.

As for revenue expectations, it's important to note that predicting box office revenue or other income streams for a movie can be highly uncertain and depends on factors such as genre, cast, marketing efforts, competition, and audience reception. Independent films, especially those with a limited budget, may also rely on revenue sources like streaming deals, DVD/Blu-ray sales, and international distribution. Given the uncertainty and the fact that the movie has not yet been filmed, it's difficult to provide specific revenue projections. Industry standards suggest that a movie becomes profitable once it has revenue that is double its budget. The timeline to reach profitability would depend on the success of the movie, including factors like critical acclaim, distribution deals, and audience reception. It's difficult to provide a specific timeline as it can vary widely from project to project, but it could be several months to years after the movie's release.

Our current sources of capital include \$250,000 in private equity and \$1,076,308 in investments raised through three RegCF rounds in March 2023, January 2024, and April 2024, respectively. We intend to raise the balance via additional Reg CF rounds, 506(c) equity financing rounds, grants, and donations via our 501(c)3 fiscal sponsor, From the Heart. Even after taking account of the funds raised in this offering, we may need to raise additional funds to finalize the full production of Pharma. We may seek to sell common or preferred equity or convertible debt securities, enter into a credit facility or another form of third-party funding, or seek other debt financing in order to fund the development of Pharma. We may also consider raising additional capital in the future to expand our business, pursue strategic investments, take advantage of financing opportunities, or for other reasons.

All projections in the above narrative are forward-looking and not guaranteed.

INSTRUCTIONS TO QUESTION 28: The discussion must cover each year for which financial statements are provided. For issuers with no prior operating history, the discussion should focus on financial milestones and operational, liquidity and other challenges. For issuers with an operating history, the discussion should focus on whether historical results and cash flows are representative of what investors should expect in the future. Take into account the proceeds of the offering and any other known or pending sources of capital. Discuss how the proceeds from the offering will affect liquidity, whether receiving these funds and any other additional funds is necessary to the viability of the business, and how quickly the issuer anticipates using its available cash. Describe the other available sources of capital to the business, such as lines of credit or required contributions by shareholders. References to the issuer in this Question 28 and these instructions refer to the issuer and its predecessors, if any.

FINANCIAL INFORMATION

29. Include financial statements covering the two most recently completed fiscal years or the period(s) since inception, if shorter:

(2) Is any such person subject to any order, judgment or decree of any court of competent jurisdiction, entered within five years before the filing of the information required by Section 4A(b) of the Securities Act that, at the time of filing of this offering statement, restrains or enjoins such person from engaging or continuing to engage in any conduct or practice:

- i. In connection with the purchase or sale of any security? Yes No
- ii. Involving the making of any false filing with the Commission? Yes No
- iii. Arising out of the conduct of the business of an underwriter, broker, dealer, municipal securities dealer, investment adviser, funding portal or paid solicitor of purchasers of securities? Yes No

(3) Is any such person subject to a final order of a state securities commission (or an agency or officer of a state performing like functions); a state authority that supervises or examines banks, savings associations or credit unions; a state insurance commission (or an agency or officer of a state performing like functions); an appropriate federal banking agency; the U.S. Commodity Futures Trading Commission; or the National Credit Union Administration that:

- i. at the time of the filing of this offering statement bars the person from:
 - A. association with an entity regulated by such commission, authority, agency or

OTHER INFORMATION

B. engaging in the business of securities, insurance or banking? Yes No

C. engaging in savings association or credit union activities? Yes No

ii. constitutes a final order based on a violation of any law or regulation that prohibits fraudulent, manipulative or deceptive conduct and for which the order was entered within the 10-year period ending on the date of the filing of this offering statement? Yes No

(4) Is any such person subject to an order of the Commission entered pursuant to Section 15(b) or 15B(c) of the Exchange Act or Section 203(a) or (f) of the Investment Advisers Act of 1940 that, at the time of the filing of this offering statement:

i. suspends or revokes such person's registration as a broker, dealer, municipal securities dealer, investment adviser or funding portal? Yes No

ii. places limitations on the activities, functions or operations of such person? Yes No

iii. bars such person from being associated with any entity or from participating in the offering of any penny stock? Yes No

(5) Is any such person subject to any order of the Commission entered within five years before the filing of this offering statement that, at the time of the filing of this offering statement, orders the person to cease and desist from committing or causing a violation or future violation of:

i. any scienter-based anti-fraud provision of the federal securities laws, including without limitation Section 17(a)(1) of the Securities Act, Section 10(b) of the Exchange Act, Section 15(c)(1) of the Exchange Act and Section 206(1) of the Investment Advisers Act of 1940 or any other rule or regulation thereunder? Yes No

ii. Section 5 of the Securities Act? Yes No

(6) Is any such person suspended or expelled from membership in, or suspended or barred from association with a member of, a registered national securities exchange or a registered national or affiliated securities association for any act or omission to act constituting conduct inconsistent with just and equitable principles of trade?

Yes No

(7) Has any such person filed (as a registrant or issuer), or was any such person or was any such person named as an underwriter in, any registration statement or Regulation A offering statement filed with the Commission that, within five years before the filing of this offering statement, was the subject of a refusal order, stop order, or order suspending the Regulation A exemption, or is any such person, at the time of such filing, the subject of an investigation or proceeding to determine whether a stop order or suspension order should be issued?

Yes No

(8) Is any such person subject to a United States Postal Service false representation order entered within five years before the filing of the information required by Section 4A(b) of the Securities Act, or is any such person, at the time of filing of this offering statement, subject to a temporary restraining order or preliminary injunction with respect to conduct alleged by the United States Postal Service to constitute a scheme or device for obtaining money or property through the mail by means of false representations?

Yes No

If you would have answered "Yes" to any of these questions had the conviction, order, judgment, decree, suspension, expulsion or bar occurred or been issued after May 18, 2016, then you are NOT eligible to rely on this exemption under Section 4(a)(6) of the Securities Act.

INSTRUCTIONS TO QUESTION 30: Final order means a written directive or declaratory statement issued by a federal or state agency, described in Rule 503(a)(2) of Regulation Crowdfunding, under applicable statutory authority that provides for notice and an opportunity for hearing, which constitutes a final disposition or action by that federal or state agency.

No matters are required to be disclosed with respect to events relating to any affiliated issuer that occurred before the affiliation arose if the affiliated entity is not (i) in control of the issuer or (ii) under common control with the issuer by a third party that was in control of the affiliated entity at the time of such events.

OTHER MATERIAL INFORMATION

31. In addition to the information expressly required to be included in this Form, include:

- (1) any other material information presented to investors; and

- (2) such further material information, if any, as may be necessary to make the required statements, in the light of the circumstances under which they are made, not misleading.

The Lead Investor. As described above, each Investor that has entered into the Investor Agreement will grant a power of attorney to make voting decisions on behalf of that Investor to the Lead Investor (the "Proxy"). The Proxy is irrevocable unless and until a Successor Lead Investor takes the place of the Lead Investor, in which case, the Investor has a five (5) calendar day period to revoke the Proxy. Pursuant to the Proxy, the Lead Investor or his or her successor will make voting decisions and take any other actions in connection with the voting on Investors' behalf.

The Lead Investor is an experienced investor that is chosen to act in the role of Lead Investor on behalf of Investors that have a Proxy in effect. The Lead Investor will be chosen by the Company and approved by Wefunder Inc. and the identity of the initial Lead Investor will be disclosed to Investors before Investors make a final investment decision to purchase the securities related to the Company.

The Lead Investor can quit at any time or can be removed by Wefunder Inc. for cause or pursuant to a vote of investors as detailed in the Lead Investor Agreement. In the event the Lead Investor quits or is removed, the Company will choose a Successor Lead Investor who must be approved by Wefunder Inc. The identity of the Successor Lead Investor will be disclosed to Investors, and those that have a Proxy in effect can choose to either leave such Proxy in place or revoke such Proxy during a 5-day period beginning with notice of the replacement of the Lead Investor.

The Lead Investor will not receive any compensation for his or her services to the SPV. The Lead Investor may receive compensation if, in the future, Wefunder Advisors LLC forms a fund ("Fund") for accredited investors for the purpose of investing in a non-Regulation Crowdfunding offering of the Company. In such as circumstance, the Lead Investor may act as a portfolio manager for that Fund (and as a supervised person of Wefunder Advisors) and may be compensated through that role.

Although the Lead Investor may act in multiple roles with respect to the Company's offerings and may potentially be compensated for some of its services, the Lead Investor's goal is to maximize the value of the Company and therefore maximize the value of securities issued by or related to the Company. As a result, the Lead Investor's interests should always be aligned with those of Investors. It is, however, possible that in some limited circumstances the Lead Investor's interests could diverge from the interests of Investors, as discussed in section 8 above.

investors that wish to purchase securities related to the Company through Wefunder Portal must agree to give the Proxy described above to the Lead Investor, provided that if the Lead Investor is replaced, the Investor will have a 5-day period during which he or she may revoke the Proxy. If the Proxy is not revoked during this 5-day period, it will remain in effect.

Tax Filings. In order to complete necessary tax filings, the SPV is required to include information about each investor who holds an interest in the SPV, including each investor's taxpayer identification number ("TIN") (e.g., social security number or employer identification number). To the extent they have not already done so, each investor will be required to provide their TIN within the earlier of (i) two (2) years of making their investment or (ii) twenty (20) days prior to the date of any distribution from the SPV. If an investor does not provide their TIN within this time, the SPV reserves the right to withhold from any proceeds otherwise payable to the Investor an amount necessary for the SPV to satisfy its tax withholding obligations as well as the SPV's reasonable estimation of any penalties that may be charged by the IRS or other relevant authority as a result of the investor's failure to provide their TIN. Investors should carefully review the terms of the SPV Subscription Agreement for additional information about tax filings.

INSTRUCTIONS TO QUESTION 30: If information is presented to investors in a format, media or other means not able to be reflected in text or portable document format, the issuer should include:
(a) a description of the material content of such information;
(b) a description of the format in which such disclosure is presented; and
(c) in the case of disclosure in video, audio or other dynamic media or format, a transcript or description of such disclosure.

ONGOING REPORTING

32. The issuer will file a report electronically with the Securities & Exchange Commission annually and post the report on its website, no later than:

120 days after the end of each fiscal year covered by the report.

33. Once posted, the annual report may be found on the issuer's website at:

<https://pharmathemovie.com/invest>

The issuer must continue to comply with the ongoing reporting requirements until:

1. the issuer is required to file reports under Exchange Act Sections 13(a) or 15(d);
2. the issuer has filed at least one annual report and has fewer than 300 holders of record;
3. the issuer has filed at least three annual reports and has total assets that do not exceed \$10 million;
4. the issuer or another party purchases or repurchases all of the securities issued pursuant to Section 4(a)(6), including any payment in full of debt securities or any complete redemption of redeemable securities; or the issuer liquidates or dissolves in accordance with state law.

The Form C must be signed by the issuer, its principal executive officer or officers, its principal financial officer, its controller or principal accounting officer and at least a majority of the board of directors or persons performing similar functions.

I authorize Wefunder Portal to submit a Form C to the SEC based on the information I provided through this online form and my company's Wefunder profile.

As an authorized representative of the company, I appoint Wefunder Portal as the company's true and lawful representative and attorney-in-fact, in the company's name, place and stead to make, execute, sign, acknowledge, swear to and file a Form C on the company's behalf. This power of attorney is coupled with an interest and is irrevocable. The company hereby waives any and all defenses that may be available to contest, negate or disaffirm the actions of Wefunder Portal taken in good faith under or in reliance upon this power of attorney.
