Hey Tom,

Yes, it's taken some time, but I've found a strategy to accept investments from friends/family. Technically, it's crowdfunding and will be done on a platform called WeFunder.

I'm in the process of completing the campaign setup this weekend with a goal to have it live within the next week. Apart from the campaign setup, I'm negotiating the terms of the round with a possible lead investor (another friend/family). WeFunder requires a lead for all campaigns, so I'm required to obtain that first before I can launch it.

Once it's launched, let's setup a call to review everything.

Best,

Hey Josh,

Glad things are progressing. When do you think you will need the money this year? Have you come up with the SAFE that you'd discussed for investors.
