Become Part of Our Story.

Kingdom Faire is ready to grow and expand, and recent events have provided us an **extremely** rare opportunity to acquire property and make a permanent home in the Hudson Valley. However, in order to make this happen we need to raise additional capital to secure on of these properties before **July 18th**. We are asking you: our fans, friends and family to invest in our business and help us build the next great immersive entertainment destination.

Invest before July 18th!

In 2021, our team got together to create a new kind of immersive festival, with the goal of improving and advancing accessibility, fair pay and inclusivity for our performers, staff and guests. Despite the numerous hurdles that 2022 presented, our team was able to successfully launch the inaugural Kingdom Faire to great acclaim and support from newcomers and faire veterans alike.

Due in part to this initial success and our positive experiences working with the local municipalities and county, we have been presented with a very unique opportunity to purchase and develop a permanent home here. We cannot stress enough what a unique opportunity this is, especially given current market conditions. Though we had not planned to purchase property until the third year of operations, we feel we should strike while the iron is hot. As such, in order to do so we need your help and capital to move on this opportunity.

This is why we have partnered with WeFunder and are reaching out to you to help us take advantage of this once in a lifetime situation to make Kingdom Faire bigger and better than ever.

What is WeFunder?

WeFunder is like Kickstarter for investing; they allow anyone to invest in startups and businesses they love for as little as \$100. Unlike Kickstarter, you are not buying a product or donating to an artist. Instead, you are *investing* in a business with the hope of earning a return on your investment.

A Letter From Our CEO

Friends, Family, and Fans,

What an amazing first week in crowdfunding! The overwhelming support we have received is astounding and truly speaks to the need for an event like this in our community. I want to personally thank everyone who has contributed so far as we are that much closer to our goal. However, there is still a ways to go, and only a few days left to get there.

If everyone who has seen our campaign invested \$100 today, we would reach our goal before midnight. I know \$100 is a lot of money, especially these days, and for some it may not be possible, but for those of you who can I ask that you contribute where you can to help keep our vision moving forward. If you can't contribute, we ask that you help spread the word about our campaign through your network, whether that be through social media, email, or word of mouth, the more people who know about this campaign the higher our chance of success.

Our team is off to an amazing start and opportunities like we have today rarely come around a second time. I have worked with many great teams and people in my career, and never have I had more confidence than I do in everyone who made Kingdom Faire 1.0 possible. Together, I have full faith that we can accomplish everything we set out to do, but we can't do it without you.

Please click the link below and invest in us and share in the vision and potential of it.

Sincerely,

Christopher Francia
Chief Executive Officer
Megara Inc.
