Uday Chandra

Founder, Engineer, Woodworker
United States

Summary

I'm a technologist and a product leader with expertise and passion
in e-commerce, digital payments, search, healthcare systems, and
ML driven applications. On occasion, I speak at tech conferences
and write tech articles and news pieces. I'm currently serving as vice
chair of CompTIA's AI advisory council to collaborate and build AI/
ML resources. And more importantly, I'm a self-proclaimed age of
empires champion and a part-time carpenter
