#### Purpose of This Form

A company that wants to raise money using Regulation Crowdfunding must give certain information to prospective investors, so investors will have a basis for making an informed decision. The Team

Ronald Besse, Founder

We have an opportunity to lock down this market and have a thriving business

#### The Competition

Our business is in an opportunistic competitive environment regionally, with no direct competition in the southeastern Massachusetts area operating at our level of print capacity. Our investments in vertically integrated production enable competitive pricing at our scale.

- There is no direct competition in our market for what we do.
- Our technology is far superior to our less centralized competitors.
- We have an opportunity to lock down this market and have a thriving business.

#### Business Model

Besse Custom Creations is a locally-run product-and-print shop with 3 distinct distribution channels, B2B, Retail, and Ecommerce. Our capabilities and regional presence enable efficient distribution with our full ownership of printing and manufacturing enabling us to keep unit costs down.

- B2B: We work directly with corporations and non-profits on contractual bespoke print needs across a variety of products.
- E-Commerce: Our online presence enables consumers and corporations to do direct ordering of prefabbed and custom products, from clothing to custom clocks.
- Retail: We recently opened our retail storefront in Wareham, MA, capturing incremental revenue from foot traffic and driving local awareness.

#### Our Story

Besse Custom Creations started in the basement of our home in 2021, because we were frustrated with the challenge of getting quality, customized products for our daughter's cheer team and son's football team.

- We've built a B2B business that provides higher quality, domestic production at a price point that undercuts national operations.
- We just launched our retail storefront, expanding our lines of business and driving local awareness and incremental sales.
- Our founder has invested nearly \$500,000 of personal capital to get the business off the ground and on a clear path to profitability, without outside capital.

##### Other Information on the Investment Process

For additional information about the investment and cancellation process, see the [Educational Materials](#).

#### (K) Material Changes

In the event the issuer undergoes a material change, the Investor will be notified of such change. The investor will have five (5) business days from the receipt of such notice to reconfirm their investment. IF AN INVESTOR DOES NOT RECONFIRM HIS OR HER INVESTMENT COMMITMENT

WITHIN FIVE (5) DAYS OF THE NOTICE OF MATERIAL CHANGE BEING SENT, THE INVESTOR'S INVESTMENT COMMITMENT WILL BE CANCELLED, THE COMMITTED FUNDS WILL BE RETURNED, AND THE INVESTOR WILL NOT BE ISSUED ANY OF THE SECURITIES REFERENCED IN THIS OFFERING.

#### Explanation

A “material change” means a change that an average, careful investor would want to know about before making an investment decision. If a material change occurs after you make an investment commitment but before the Offering closes, then the Company will notify you and ask whether you want to invest anyway. If you do not affirmatively choose to invest, then your commitment will be cancelled, your funds will be returned to you, and you will not receive any securities.

#### (L) Price of the Securities

The Company is offering “securities” in the form of revenue sharing notes, which we refer to as “Notes.” The Notes are being offered at their face amount. For example, you will pay \$1,000 for a Note with a face amount of \$1,000.

## (M) Terms of the Securities

### Overview

The Company is offering “securities” in the form of revenue sharing notes, which we refer to as the “Notes.” The Terms of the Notes are set forth in the Revenue Share Agreement accompanying this Form C in Appendix A. Copies of the Note and Revenue Sharing Agreement are attached to this Form C.

### Summary of Terms

Revenue Percentage <sup>1</sup>	2.5 - 8.3% <sup>2</sup>
Payment Deadline	2026-12-31
Maximum Payment Multiple <sup>3</sup> - Early Investors - All Other Investors	1.8 x 1.5 x
Sharing Start Date	The first day after disbursement that the company has revenues greater than one (\$1) dollar
First Payment Date	The last day of the calendar quarter ending not less than 90 days after the Sharing Start Date
Seniority	Subordinated
Securitization	Unsecured
Accrual Rate	3.12%

<sup>1</sup> as defined in the note agreement included in Appendix A

<sup>2</sup> The rate of revenue sharing is calculated on a linear scale with a minimum rate of 2.5% and a maximum rate of 8.3% and is rounded to the nearest 1/10th percent. The final rate is based on the amount raised and is calculated after the offering has successfully closed. As the amount raised in the offering increases, the rate of revenue sharing increases. For example, a hypothetical offering could result in the following revenue sharing percentages, depending on the amount raised:

Amount Raised	Revenue Sharing Percentage
\$75,000	2.5%
\$118,750	4.0%
\$162,500	5.4%
\$206,250	6.9%
\$250,000	8.3%

<sup>3</sup> To reward early participation, the investors who contribute the first \$75,000.0 raised in the offering will receive a 1.8x cap. Investors who contribute after \$75,000.0 has been raised in the offering will receive a 1.5x cap.

### Your Right to Payments under the Note

Your right to payments under the Note is set forth in the Note, together with a separate document

called the Revenue Sharing Agreement. Copies of the Note and Revenue Sharing Agreement are attached to this Form C. Additionally, general terms are outlined below and in the Company's offering page.

#### Obligation to Contribute Capital

Once you pay for your Note, you will have no obligation to contribute more money to the Company, and you will not be personally obligated for any debts of the Company. However, under some circumstances you could be required by law to return some or all of a distribution you receive from the Company.

#### No Right to Transfer

You should plan to hold the Notes until maturity. The Notes will be illiquid (meaning you might not be able to sell them) for at least four reasons:

- The Revenue Sharing Agreement prohibits the sale or other transfer of Notes without the Company's consent.
- If you want to sell your Note the Company will have the first right of refusal to buy it, which could make it harder to find a buyer.
- Even if a sale were permitted, there is no ready market for Notes, as there would be for a publicly-traded stock.
- By law, for a period of one year you won't be allowed to transfer the Investor Shares except (i) to the Company itself, (ii) to an "accredited" investor, (iii) to a family or trust, or (iii) in a public offering of the Company's shares.

#### Security

The Notes are not secured by any assets of the Company or any assets of persons associated with the Company.

#### Modification of Terms of Notes

The terms of the Notes and the Revenue Sharing Agreement may be modified or amended with the consent of Investors holding 50% of the Notes, measured by the total amount outstanding under each Note.

#### Other Classes of Securities

Name of Security	N/A
Number of Shares Outstanding	0
Describe Voting Rights of These Securities, Including Any Limitations on Voting Rights	
How these securities differ from the revenue sharing notes being offered to investors	

#### Dilution of Rights

The Company has the right to create additional classes of securities, both equity securities and debt securities (e.g., other classes of promissory notes). Some of these additional classes of securities could have rights that are superior to those of the Notes. For example, the Company could issue promissory notes that are secured by specific property of the Company.

#### The People Who Control the Company

Each of these people owns 20% or more of the total voting power of the Company:

Name of Holder	% of Voting Power (Prior to Offering)
Ronald Besse	100%

#### How the Exercise of Voting Rights Could Affect You

You will receive payments with respect to your Note only if the Company makes enough money to pay you, or, if the Company does not make enough money to pay you, if there is enough value in the collateral the Company pledged as security for the Notes.

The people with voting rights control the Company and make all the decisions about running its business. If they make good business decisions, it is more likely you will be paid. If they make poor business decisions, it is less likely you will be paid. For example, if they hire too many people and/or try to expand too quickly, the business could be harmed. The people with voting rights could also decide to file for bankruptcy protection, making it more difficult for you to be paid.

#### How the Notes are Being Valued

The Notes are being valued at their face value. We don't anticipate that we'll ever need to place a value on the Notes in the future.

#### (N) The Funding Portal

The Company is offering its securities through MainVest, Inc., which is a "Funding Portal" licensed by the Securities and Exchange Commission and FINRA. MainVest Inc.'s Central Index Key (CIK) number is 0001746059, their SEC File number is 007-00162, and their Central Registration Depository (CRD) number is 298384.

#### (O) Compensation of the Funding Portal

Upon successful funding of the Offering, the Funding Portal will receive as the "Revenue Securement Fee"; 4.5% of the amount of the Offering raised by In-Network Users of the Platform plus 9.0% of the amount of the Offering raised by all other investors. "In-Network Users" means a user of Mainvest.com who who have utilized the Company's specified in-network link on the Site.

#### (P) Indebtedness of the Company

The Company has no indebtedness outside of the debt the Company is expecting to raise through regulation crowdfunding on MainVest.

#### (Q) Other Offerings of Securities within the Last Three Years

The Company has not made any offerings with other third-party regulation crowdfunding companies in the past three years.

#### (R) Transactions Between the Company and “Insiders”

The Company has not entered into any business transactions, including stock Purchases, salaries, property rentals, consulting arrangements, guaranties, or other agreements with any individual identified in Section 227.201 (r)(1)-(4) of Regulation Crowdfunding during the 12 months preceding this Offering.

#### (S) The Company’s Financial Condition

The capital raised through Mainvest will make up the entirety of the Besse Custom Creations’s fundraising. However, Besse Custom Creations may require additional funds from alternate sources at a later date.

Forecasted milestones

Besse Custom Creations forecasts the following milestones:

- Secured lease in Wareham, Ma in April 2022.
- Hire 6 staff by Sept 2022
- Achieve 750,000 revenue per year by 2024.
- Achieve \$400,000 profit per year by 2026.

Financial liquidity

Besse Custom Creations has a low liquidity position due to its low cash reserves as compared to debt and other liabilities. Besse Custom Creations expects its liquidity position to decline upon raising capital on Mainvest and deploying the capital to grow the business.

Other outstanding debt or equity

As of July 1 2022, Besse Custom Creations has debt of \$65,000 outstanding and a cash balance of \$10,000. This debt is sourced primarily from private equity and will be senior to any investment raised on Mainvest. In addition to the Besse Custom Creations’s outstanding debt and the debt raised on Mainvest, Besse Custom Creations may require additional funds from alternate sources at a later date.
