

Howdy friend,

How's life treating you? How's the summer so far? I hope all is well!

As you probably know, being a startup CEO means I'm constantly fundraising. For this latest round, we are opening up the round to our community. It turns out our customers have been super passionate about our mission and Annaboto, so we want to make sure they can be a part of our long term journey by investing in the company.

Anyway, before I start reaching out to folks, I'd love to get your take on our [Equity Crowdfunding page](#) as well as the [updated Annaboto page](#). Is the story clear and compelling? If you didn't know me, would you invest? Why or Why Not? What's missing?

Please let me know if you have any questions or ideas by simply responding to this email. I'd love to hear from you.

Also, the summer is going by FAST. I'd love to grab a beer/coffee sometime.

Cheers,

Carl

ANNABOTO

Hi Friend,

Wow! We had an incredible response to our invitation last week to invest in [Annaboto](#), and received lots of reservations on Wefunder! We thank you so very much!

The Wefunder campaign will go public next Monday (August 1st), then anyone can invest and the "private period" will end. So you still have time to make a reservation before the campaign goes live. And you are welcome to share this with your friends and family, so they can also be a part of [our mission](#) to make cannabis safe, affordable, and pesticide-free.

Don't hesitate to contact me if you have any questions.

Our Community Round of Fundraising

Wefunder lets you invest in the startups you love - for as little as \$100. You can think of them like "Kickstarter for investing". But unlike Kickstarter, you're not buying a product or donating to an artist, you're actually becoming a shareholder in the company. The current "private" period is for our community to make reservations for investing before it goes live. For now you'll be making a reservation, not actually investing. The campaign will be public on August 1, but we want you to be the first to invest and take advantage of our early bird terms (see our [Wefunder page](#) for details) and be sure to [check out our pitch video](#).

Boundless Robotics is making marijuana growing easy

An exciting time for the cannabis industry

Besides the 19 states (and DC) that have legalized the adult use of marijuana for recreational purposes, and the many more that are working toward that goal, there is a great deal of activity with Federal legislation. Learn more [here](#).
