Hi Walter!!!

It's been a long, long time and I wanted to reach out to share with you something really cool that I've been working on over the past year or so.

I created and soft launched a new business, Homepro Toolbox, late last year and I've been intensely building it out for the past 6 months. This week, we are FINALLY ready to launch our new website and to kick off an intensive marketing campaign to get this thing moving.

We want to show up and take market share FAST. Since it's a subscription model geared towards helping Dealers thrive and grow more successful businesses, I'm looking to hit 1,000 members by early Q2 next year and continue forward fast from there. If you want to take a look and see if it might be a good fit for a small part of your portfolio, I would be honored to have you invest.

I'm doing my raise through equity crowdfunding on Wefunder. Here's the link to the raise: <https://wefunder.com/homepro.toolbox/>

And, I'm hosting a webinar on Thursday to go over all the details. The link is below my signature.

Would love to hear your thoughts!!!

- Madeleine
