For the first time ever, invest directly in Here.

Hi there,

Earlier in the year, we successfully completed our Seed funding round. Along our journey, a number of you have asked if there was a way to invest in Here directly - now, we're making this a reality.

We are excited to announce that we've extended the round so that our community of investors can participate.

With this raise, we intend to take Here to a new level. At the completion of this round, we'll be primarily investing in:

- ✔ **Activating 100,000+ Members**
- ✔ **Launching 20+ Markets**
- ✔ **Reaching \$25M+ in Assets Under Management**

Our lead investors in the \$5M round include Fiat Ventures, Mucker Capital, and Liquid 2 Ventures who have invested in category-defining companies such as Honey, Titan, GitLab, and Pipe.

As of today, you can invest as little as \$100 in Here directly on [Wefunder](#). Our community of investors will be

given early access and have first priority to invest
however space will be limited.
