## FORM C

### OFFERING MEMORANDUM

#### Purpose of This Form

A company that wants to raise money using Regulation Crowdfunding must give certain information to prospective investors, so investors will have a basis for making an informed decision. The Securities and Exchange Commission, or SEC, has issued regulations at 17 CFR §227.201 listing the information companies must provide. This form – Form C – is the form used to provide that information.

Each heading below corresponds to a section of the SEC's regulations under 17 CFR §227.201.

(D) The Company's Business and Business Plan

Our Model - The Brewery

Drawdown is a local-first brewery, focused on offering a wide variety of innovative beers brewed on-site, accompanied by a robust food program to support the greater JP community.

- The current beer market is saturated with hop forward, barrel aged, and sour beers. DBC wants to distance ourselves from the rest by placing more focus on malt forward and super flavorful experimental beers. (there will still be NEIPAs though, don't worry)
- By using precise production methodology and creativity, DBC is establishing itself as a brand known for innovative, satisfying flavors that inspire return customers.
- In addition to pre-packaged food onsite, DBC will encourage patrons to order food from near

by restaurants to embrace the entire JP community

#### Location Opportunity - Greater Boston

The Boston population is a largely under-served market when it comes to microbreweries. The majority of original locations are either located across the Charles River - in Cambridge, Somerville and Everett, or south of the city in Canton and Norwood.

- Our location within the MBTA service limit provides great multi-modal transportation options to reach our brewery
- Our mixed use building provides a built in customer base with residences near full occupancy
- Within 0.5 miles of our location, the total population is 13,500 with a median age of 35.4
- Within 1 mile of our location, the total population is 51,100 with a median age of 34.7

#### The Team

##### Liz Nicol, Founder and Head Brewer

As a resident of Egleston Square, Liz is excited to bring her business to her own neighborhood. She hopes her brewery can be a location of opportunity for people who would otherwise have a more difficult entry point into the beer industry.

She has over 17 years of experience as a civil engineer specializing in drainage and utility design on major transportation projects. Some of the highlights of her brewing qualifications include:

- 11+ years of brewing experience
- Siebel Institute - Technical Brewing Concise Course
- San Diego State University – Business of Beer Program
- Brewer’s Association Mentorship Program - 2021 Fall Cohort

#### Our Story

- We strive to be an integral part of our community; while upholding the tenets of equity, diversity and equality in our staffing and our customer base.

The investor will have five (5) business days from the receipt of such notice to reconfirm their investment. ## OFFERING.

### Explanation

A “material change” means a change that an average, careful investor would want to know about before making an investment decision. If a material change occurs after you make an investment commitment but before the Offering closes, then the Company will notify you and ask whether you want to invest anyway. If you do not affirmatively choose to invest, then your commitment will be cancelled, your funds will be returned to you, and you will not receive any securities.

### (L) Price of the Securities

The Company is offering “securities” in the form of revenue sharing notes, which we refer to as “Notes.” The Notes are being offered at their face amount. For example, you will pay \$1,000 for a Note with a face amount of \$1,000.

## (M) Terms of the Securities

### Overview

The Company is offering “securities” in the form of revenue sharing notes, which we refer to as the “Notes.” The Terms of the Notes are set forth in the Revenue Share Agreement accompanying this Form C in Appendix A. Copies of the Note and Revenue Sharing Agreement are attached to this Form C.

### Summary of Terms

|   |  |
|---|--|
| Revenue Percentage <sup>1</sup>   | 1.0 - 1.7% <sup>2</sup>  |
| Payment Deadline  | 2029-12-31   |
| Maximum Payment Multiple <sup>3</sup><br>- Early Investors<br>- All Other Investors | 1.6 x<br>1.5 x   |
| Sharing Start Date  | The first day after disbursement that the company has revenues greater than one (\$1) dollar   |
| First Payment Date  | The last day of the calendar quarter ending not less than 90 days after the Sharing Start Date |
| Seniority   | Subordinated   |
| Securitization  | Unsecured  |
| Accrual Rate  | 2.9%   |

<sup>1</sup> as defined in the note agreement included in Appendix A

<sup>2</sup> The rate of revenue sharing is calculated on a linear scale with a minimum rate of 1.0% and a maximum rate of 1.7% and is rounded to the nearest 1/10th percent. The final rate is based on the amount raised and is calculated after the offering has successfully closed. As the amount raised in the offering increases, the rate of revenue sharing increases. For example, a hypothetical offering could result in the following revenue sharing percentages, depending on the amount raised:

| Amount Raised | Revenue Sharing Percentage |
|---------------|----------------------------|
| \$75,000      | 1.0%                       |
| \$87,250      | 1.2%                       |
| \$99,500      | 1.4%                       |
| \$111,750     | 1.5%                       |
| \$124,000     | 1.7%                       |

<sup>3</sup> To reward early participation, the investors who contribute the first \$75,000.0 raised in the offering will receive a 1.6x cap. Investors who contribute after \$75,000.0 has been raised in the offering will receive a 1.5x cap.

### Your Right to Payments under the Note

Your right to payments under the Note is set forth in the Note, together with a separate document

called the Revenue Sharing Agreement. Copies of the Note and Revenue Sharing Agreement are attached to this Form C. Additionally, general terms are outlined below and in the Company's offering page.

#### Obligation to Contribute Capital

Once you pay for your Note, you will have no obligation to contribute more money to the Company, and you will not be personally obligated for any debts of the Company. However, under some circumstances you could be required by law to return some or all of a distribution you receive from the Company.

#### No Right to Transfer

You should plan to hold the Notes until maturity. The Notes will be illiquid (meaning you might not be able to sell them) for at least four reasons:

- The Revenue Sharing Agreement prohibits the sale or other transfer of Notes without the Company's consent.
- If you want to sell your Note the Company will have the first right of refusal to buy it, which could make it harder to find a buyer.
- Even if a sale were permitted, there is no ready market for Notes, as there would be for a publicly-traded stock.
- By law, for a period of one year you won't be allowed to transfer the Investor Shares except (i) to the Company itself, (ii) to an "accredited" investor, (iii) to a family or trust, or (iii) in a public offering of the Company's shares.

#### Security

The Notes are not secured by any assets of the Company or any assets of persons associated with the Company.

#### Modification of Terms of Notes

The terms of the Notes and the Revenue Sharing Agreement may be modified or amended with the consent of Investors holding 50% of the Notes, measured by the total amount outstanding under each Note.

#### Other Classes of Securities

|  |   |
|--|---|
| Name of Security   | Limited Liability Company Interests   |
| Number of Shares Outstanding   | 1   |
| Describe Voting Rights of These Securities, Including Any Limitations on Voting Rights | 100%  |
| How these securities differ from the revenue sharing notes being offered to investors  | Limited Liability Company Interests are an equity interest, whereas Revenue Sharing Notes are a debt obligation of the Company. |

## Dilution of Rights

The Company has the right to create additional classes of securities, both equity securities and debt securities (e.g., other classes of promissory notes). Some of these additional classes of securities could have rights that are superior to those of the Notes. For example, the Company could issue promissory notes that are secured by specific property of the Company.

## The People Who Control the Company

Each of these people owns 20% or more of the total voting power of the Company:

| Name of Holder  | % of Voting Power (Prior to Offering) |
|-----------------|---------------------------------------|
| Elizabeth Nicol | 100%                                  |

## How the Exercise of Voting Rights Could Affect You

You will receive payments with respect to your Note only if the Company makes enough money to pay you, or, if the Company does not make enough money to pay you, if there is enough value in the collateral the Company pledged as security for the Notes.

The people with voting rights control the Company and make all the decisions about running its business. If they make good business decisions, it is more likely you will be paid. If they make poor business decisions, it is less likely you will be paid. For example, if they hire too many people and/or try to expand too quickly, the business could be harmed. The people with voting rights could also decide to file for bankruptcy protection, making it more difficult for you to be paid.

## How the Notes are Being Valued

The Notes are being valued at their face value. We don't anticipate that we'll ever need to place a value on the Notes in the future.

## (N) The Funding Portal

The Company is offering its securities through MainVest, Inc., which is a "Funding Portal" licensed by the Securities and Exchange Commission and FINRA. MainVest Inc.'s Central Index Key (CIK) number is 0001746059, their SEC File number is 007-00162, and their Central Registration Depository (CRD) number is 298384.

## (O) Compensation of the Funding Portal

Upon successful funding of the Offering, the Funding Portal will receive as the "Revenue Securement Fee"; 4.5% of the amount of the Offering raised by In-Network Users of the Platform plus 9.0% of the amount of the Offering raised by all other investors. "In-Network Users" means a user of Mainvest.com who who have utilized the Company's specified in-network link on the Site.

## (P) Indebtedness of the Company

| Creditor     | Amount    | Interest Rate | Maturity Date | Other Important Terms   |
|--------------|-----------|---------------|---------------|---|
| Needham Bank | \$150,000 | 6.25%         | 04/28/2029    | Interest Rate will fluctuate quarterly, prepayment is allowed |

**(Q) Other Offerings of Securities within the Last Three Years**

The Company has not made any offerings with other third-party regulation crowdfunding companies in the past three years.

**(R) Transactions Between the Company and “Insiders”**

The Company has not entered into any business transactions, including stock Purchases, salaries, property rentals, consulting arrangements, guaranties, or other agreements with any individual identified in Section 227.201 (r)(1)-(4) of Regulation Crowdfunding during the 12 months preceding this Offering.

**(S) The Company’s Financial Condition**

No operating history

Drawdown Brewing Co. was established in December 2018, however core operations weren't able to be pursued due to the impact of the global health crisis. Accordingly, there are limited financial statements and information for investors to review. When evaluating this investment opportunity, investors should consider factors outlined in the risk section as well.

Historical milestones

Drawdown Brewing Co. has been pursuing a path to opening since December 2018 and has since achieved the following milestones:

- Signed a lease in Boston, MA
- Hired an architect and a general contractor
- Obtained Federal Brewer's Notice from the Alcohol and Tobacco Tax and Trade Bureau (TTB)
- Filed for a building permit for construction in July 2022

Other outstanding debt or equity

As of September 2022, Drawdown Brewing Co. has debt of \$150,000 outstanding. This debt is sourced primarily from an SBA 7(a) Equipment Loan and will be senior to any investment raised on Mainvest. In addition to the Drawdown Brewing Co.’s outstanding debt and the debt raised on Mainvest, Drawdown Brewing Co. may require additional funds from alternate sources at a later date.

Financial liquidity

Drawdown Brewing Co. has a low liquidity position due to deploying much of its cash reserves for licensure, permits, lawyer fees, architecture and engineering design fees as well as the already accounted for construction costs. Drawdown Brewing Co. expects its liquidity position to be moderate upon raising capital on Mainvest and deploying the capital to cover the additional

construction costs to buildout the business.

#### Forecasted milestones

Drawdown Brewing Co. forecasts the following milestones:

- Open in December 2022 - January 2023
- Achieve \$610,037 revenue per year by Year 1.
- Achieve \$1,497,859 operating profit per year by Year 3.
