Tilford's Wood Fired Pizza

Managing Partner - Business Affairs / Co- Owner

February 2016 - Present (6 years 9 months)

I co-created Tilford's Wood Fired Pizza, a franchise wood-fired pizza concept currently being tested in regional markets on the East Coast and in Colorado. One unique feature is that every franchise has a mobile component, offering the benefit of expanded sales territory and marketing opportunities. In addition, our locations allow people to watch their pizza being prepared and baked in our 900 degree oven, with the best-tasting crust you'll find anywhere! Our goal is to provide a franchise that allows people to realize their dream of owning their own business while providing great food. You might say we want to nourish people, body and soul.
