ZJ Lin

Cofounder at Landeed
San Mateo, California, United States

Experience

Landeed (YC S22)

Co-Founder

December 2021 - Present (1 year)

Lead and coach on mobile (React Native), web (React), growth, and hiring

About Landeed:

We make it easy for real estate agents, owners, developers, bankers and legal advisors to instantly check property titles. Our Landeed app retrieves government generated Encumbrance Certificate (EC) within seconds. This document summarizes all present and past transactions pertaining to a property going back multiple decades.

GoLorry

Cofounder

July 2015 - Present (7 years 5 months)

San Francisco Bay Area

Lead on mobile(React Native/Android/iOS), web(React), hiring & people ops, and many functions more.

About GoLorry:

GoLorry is a mobile marketplace for inter-city long-haul trucking in India. The trucking industry in India is fragmented and relies on inefficient intermediaries to aggregate supply. We connect load consignors to truckers directly through our mobile platform, improving the matching efficiency and maximizing vehicle utilization.
