FYI anyone would be able to invest in the future of meditation for as little as \$100, or as much as you'd like!

Disclosures: We are 'testing the waters' to gauge investor interest in an offering under Regulation Crowdfunding. No money or other consideration is being solicited. If sent, it will not be accepted. No offer to buy securities will be accepted. No part of the purchase price will be received until a Form C is filed and only through Wefunder's platform. Any indication of interest involves no obligation or commitment of any kind.

Hello everyone, this is Matt Golino, founder of ZenVR™. I am writing to share something really special with you. Mostly because of you all, ZenVR™ has been growing like crazy, and so recently we've embarked on a mission to raise money to fuel even more growth.

**When we started to think about who we would most enjoy partnering with, it quickly became clear that we want YOU to be alongside us for this amazing financial ride!**

What this means is we're letting our friends, family, customers, and fans become actual investors in ZenVR™ (aka, as we grow in value as a company, you make money with us). We're hosting our raise on a cool platform called Wefunder, and the minimum investment amount is literally \$100.

We'll be sharing so much more about what we've been able to accomplish over the past year or so, where we will be headed after this raise, and how you can become an owner in this shared vision over the coming few weeks. To start it off, **we'd like to invite you to an investor Q&A webinar on November 9th, where we will answer your questions and explain why we decided to include you all in this round fundraiser.**
