Happy Friday!

BOSS.Tech is on WeFunder, the premier crowdfunding platform for startups!

It's been a while and we've all been through some crazy times so, we hope you're well!

Our Team has been working on something incredibly unique and we hope you'll consider joining us on our next adventure: BOSS Tech.

BOSS Tech is on a mission to empower entrepreneurs to achieve data-driven success by connecting diverse and distinct business software solutions on a single, automated Business Operating Smart Solution or (BOSS).

We've opened an early crowdfunding opportunity for friends and family. This gives people like you the opportunity to invest in start ups, like us.

And if it's not the right time for you to consider investment, don't worry! I'll be sharing more ways that you can join the journey in the coming days!

Join the Journey! Like a BOSS!

Legal Disclosure: We are testing the waters to gauge investor interest in an offering under Regulation Crowdfunding. No money or other consideration is being solicited. If sent, it will not be accepted. No offer to buy securities will be accepted. No part of the purchase price will be received until a Form C is filed and only through WeFunder's platform. Any indication of interest involves no obligation or commitment of any kind.

Happy Halloween!

You know what's NOT scary?! Investing in successful Founders!

Due to awesome interest in the campaign and a ton of questions, we're **extending the Friends & Family round** to 11/7 and increasing the size.

YOU CAN STILL GET THE DISCOUNT!

AND, Here are our **TOP FOUR FAQs** to date!

1 Is this like Kickstarter or IndieGoGo?

Yes! But instead of a product or album, you get a bite of the BOSS.Tech apple (company equity/ownership)!

2 What does BOSS.Tech DO?!

BOSS Tech is a mobile application (an App) for entrepreneurs, their teams, and even their clients, to engage all the apps they use most in a single, synchronized (integrated), space. Instead of switching between apps, they manage the mayhem in BOSS Tech.

First features include:

- Two-way communication with clients en masse via text.
 - Now the preferred method of outreach for all demographics.
- Ticketing for Customer Success and Support w/ text response capabilities.
- Business financial statistics and overall health.
- Payment management and invoicing.
- Calendar synchronization and scheduling.
- QR Code Contact Capabilities.

3 When does the BOSS.Tech App Launch?

The Demo App is approved by Android and awaiting approval by Apple! We know! We can't wait, too!

4 Do I get SWAG?!

If you've worked with us before, you know we're primarily bootstrappers, optimizing every single dollar, every day. For that reason, we only created two Swag categories: at \$2500 The Swag Bag and at \$25,000 A Tour of our Costa Rica HQ. We're putting your money TO WORK! Not tchotchkes (but if you want a mug, call me)!

Join the Journey! Like a BOSS!

Founders [Felicite Moorman](#) and [Ryan Buchert](#) extending the [#crowdfunding](#) campaign!

Thank you for all the [#excitement](#) and [#support](#)!

[#Bootstrapping](#) is a grind. And it's still the way over 99% of [#entrepreneurs](#) create their businesses and in my humble opinion, it's the philosophical mindset required until scale -and that's a lot further down the path than most people think.

That said, I am excited and surprised to find that, by opening a conservative [#friendsandfamily](#) round for [BOSS.Tech](#) on [Wefunder](#) I am [#inspired](#), buoyed, supported, and cheered by [#pioneers](#) and [#mentors](#) who influenced who I am today and all of my successes.

I have tried to reach out directly if you are one of those people, but I'm getting some bounce backs. So if you are interested in ground floor opportunity and want to [#jointhejourney](#) please reach out!

I can't thank you enough. And I'm not naming names, but dang y'all! You're digging deep and I feel the love!

Friends and family extended until Monday 11/7.
