## BUSINESS

*A full description of our products, services and business plan can be found on the Company's Investor Website Page at the Company's website under [www.invest.qnetic.energy](http://www.invest.qnetic.energy). The version published as of the date of this Form C is attached as Exhibit B.*

### Description of the Business

Qnetic Corporation plans to generate revenue by manufacturing, selling and maintaining Flywheel Energy Storage Systems (FESS) globally to address the gap in energy storage systems needed to facilitate the transition to renewable energy. The Company is in the process of raising funds to develop the prototype for its first commercial model.

### Business Plan

Qnetic's mission is to revolutionize the way we store energy to power our planet.

The world is undergoing a massive transition to renewable energy, but there's one piece missing to complete this puzzle- energy storage. Wind and solar energy are abundant but intermittent, creating a need for reliable storage systems that can store energy when production is high and release it when it's low. The Company is developing a revolutionary flywheel energy storage system that addresses this challenge far more efficiently than current technologies.

The capital we raise here will provide us necessary capital for technology and product development, allow us to build out our infrastructure and to increase sales and marketing efforts as we continue to aggressively grow and expand our infrastructure and business.

### The Company's Products and/or Services

Product / Service	Description	Current Market
<b>Flywheel Energy Storage Systems (FESS)</b>	Battery system that uses a motor to spin a rotor, converting electricity into kinetic energy. The faster the rotor spins, the more energy it stores, and at top speed, the battery is fully charged.	Diverse mix of North American and European customers across multiple industries.

### Competition

The markets in which our products will be sold are highly competitive. Our products compete against similar products of many large and small companies, including well-known global competitors. Our Qnetic FESS products will primarily compete against Traditional Flywheel Energy Storage Systems (Traditional FESS) and Lithium-Ion batteries. There are also several startups that compete with Qnetic using FESS technology similar to Qnetic.

The Qnetic FESS product is much different than Traditional FESS. Those systems are like sports cars in that they're designed for high power output over short durations, perfect for quick bursts of speed but not for long-distance hauling. Traditional FESS are optimized for applications like frequency regulation, where rapid charge/discharge cycles are needed, but they lack the capacity for sustained energy storage. The Qnetic FESS, on the other hand, is more like a truck in that it is designed to carry large loads over long distances. The Qnetic FESS is engineered for long-duration storage (4–12 hours), making it ideal for renewable energy integration. While Traditional FESS excel at short, high-power low-capacity applications, Qnetic's patented design enables it to handle massive amounts of energy efficiently and without degradation over decades.

Additionally, the Qnetic FESS product competes against Lithium-Ion Batteries. While lithium-ion batteries dominate the energy storage market, they come with critical limitations. First, they degrade over time. Lithium-ion batteries experience capacity fade with each charge-discharge cycle, significantly reducing their lifespan. Qnetic's FESS, however, has zero degradation, enabling unlimited cycling over decades without performance loss. Second, Lithium-ion batteries typically last 3,000–5,000 cycles before needing replacement, while Qnetic's FESS can operate for tens of thousands of cycles with consistent performance. Third, Lithium-ion batteries rely heavily on scarce materials like lithium, cobalt, and nickel, with supply chains largely dominated by China. This not only raises concerns about long-

term availability but also about geopolitical dependencies. Qnetic's FESS uses abundant, inert materials such as carbon fiber and steel, reducing reliance on critical minerals and supporting energy independence. Lastly, Lithium-ion batteries pose risks of thermal runaway and fires, especially in large-scale applications while Qnetic's FESS system is inherently safe, with no risk of combustion.

### Customer Base

The Company is pre-revenue stage but has secured over \$110M in signed Letters of Intent (LOIs) from a diverse mix of North American and European customers across multiple industries.

### Supply Chain

Although the Company is dependent upon certain third-party vendors, the Company has access to alternate service providers in the event its current third-party vendors are unable to provide services or any issues arise with its current vendors where a change is required to be made. The Company does not believe the loss of a current third-party vendor or service provider would cause a major disruption to its business, although it could cause short-term limitations or disruptions.

### Intellectual Property

The Company has secured three invention patents over its core technologies around the rotor, the bearing system and the Company's innovative permanent magnet bearing.

Application or Registration #	Title	Description	File Date	Grant Date	Country

These laws and regulations are subject to change.

### Litigation

The Company is not subject to any current litigation or threatened litigation.

### Employees

The Company currently has 14 employees, 10 of which are located in China, 3 in the U.S. and one in Germany. The Company also utilizes independent contractors and advisors.

## **RISK FACTORS**

*Investing in the Securities involves a high degree of risk and may result in the loss of your entire investment. Before making an investment decision with respect to the Securities, we urge you to carefully consider the risks described in this section and other factors set forth in this Form C. The risks discussed below are not the only ones facing its business but do represent those risks that the Company believes are material to it. Additional risks and uncertainties not presently known to it or that the Company currently deems immaterial may also harm its business.*

*In addition to the risks specified below, the Company is subject to same risks that all companies in its business, and all companies in the economy, are exposed to. These include risks relating to economic downturns, political and economic events and technological developments (such as hacking and the ability to prevent hacking). Additionally, early-stage companies are inherently riskier than more developed companies. Prospective Investors should consult with their legal, tax and financial advisors prior to making an investment in the Securities. The Securities should only be purchased by persons who can afford to lose all of their investment.*

Before investing, you should carefully read and carefully consider the following:

### **Risks Related to the Company's Business and Industry**

***We are pre-revenue and have a limited operating history upon which you can evaluate our performance, and accordingly, our prospects must be considered in light of the risks that any new company encounters.***

The Company is still in an early phase, is pre-revenue and we are just beginning to implement our business plan. There can be no assurance that we will ever operate profitably. The likelihood of our success should be considered in light of the problems, expenses, difficulties, complications and delays usually encountered by early-stage companies. The Company may not be successful in attaining the objectives necessary for it to overcome these risks and uncertainties.

***The amount of capital the Company is attempting to raise in this Offering may not be enough to sustain the Company's current business plan.***

In order to achieve the Company's near and long-term goals, the Company may need to procure funds in addition to the amount raised in the Offering. There is no guarantee the Company will be able to raise such funds on acceptable terms or at all. If we are not able to raise sufficient capital in the future, we may not be able to execute our business plan, our continued operations will be in jeopardy and we may be forced to cease operations and sell or otherwise transfer all or substantially all of our remaining assets, which could cause an Investor to lose all or a portion of their investment.

***We may face potential difficulties in obtaining capital.***

We may have difficulty raising needed capital in the future as a result of, among other factors, our revenues from sales, as well as the inherent business risks associated with our Company and present and future market conditions. Additionally, our future sources of revenue may not be sufficient to meet our future capital requirements. As such, we may require additional funds to execute our business strategy and conduct our operations. If adequate funds are unavailable, we may be required to delay, reduce the scope of or eliminate one or more of our research, development or commercialization programs, product launches or marketing efforts, any of which may materially harm our business, financial condition and results of operations.

***We rely on various intellectual property rights, including patents, in order to operate our business.***

The Company relies on certain intellectual property rights, including its patents, to operate its business. These intellectual property rights are the most valuable asset of the Company. The Company intends to continue to file additional patent applications and build its intellectual property portfolio as it discovers new technologies related to the development of flywheel energy storage systems (FESS). The Company's intellectual property rights may not be sufficiently broad or otherwise may not provide us a significant competitive advantage. In addition, the steps that we have taken to maintain and protect our intellectual property may not prevent it from being challenged, invalidated, circumvented or designed-around, particularly in countries where intellectual property rights are not highly developed

or protected. In some circumstances, enforcement may not be available to us because an infringer has a dominant intellectual property position or for other business reasons, or countries may require compulsory licensing of our intellectual property. Our failure to obtain or maintain intellectual property rights, particularly our patents, that convey competitive advantage, adequately protect our intellectual property or detect or prevent circumvention or unauthorized use of such property, could adversely impact our competitive position and results of operations. We also rely on nondisclosure and noncompetition agreements with employees, consultants and other parties to protect, in part, trade secrets and other proprietary rights. There can be no assurance that these agreements will adequately protect our trade secrets and other proprietary rights and will not be breached, that we will have adequate remedies for any breach, that others will not independently develop substantially equivalent proprietary information or that third parties will not otherwise gain access to our trade secrets or other proprietary rights. As we expand our business, protecting our intellectual property will become increasingly important. The protective steps we have taken may be inadequate to deter our competitors from using our proprietary information. In order to protect or enforce our intellectual property and/or patent rights, we may be required to initiate litigation against third parties, such as infringement lawsuits. Also, these third parties may assert claims against us with or without provocation. The law relating to the scope and validity of claims in the technology field in which we operate is still evolving and, consequently, intellectual property positions in our industry are generally uncertain. These lawsuits could be expensive, take significant time and could divert management's attention from other business concerns. We cannot assure you that we will prevail in any of these potential suits or that the damages or other remedies awarded, if any, would be commercially valuable.

***There are several potential competitors who are better positioned than we are to take the majority of the market.***

We will compete with larger, established Energy Storage manufacturers who currently have products on the markets and/or various respective product development programs. They have much better financial means and marketing/sales and human resources than us. They may succeed in developing and marketing competing equivalent products earlier than us, or superior products than those developed by us. There can be no assurance that competitors will not render our technology or products obsolete or that the flywheel energy storage system developed by us will be preferred to any existing or newly developed technologies. Additionally, we expect that competition will intensify. The Company's success depends on its ability to continuously raise funding, keep costs under control, and properly execute in its delivery of the Qnetic FESS.

***We are still in the development phase and have not begun revenue shipments of product.***

We are currently in the development phase of the Qnetic FESS and have not yet started manufacturing and sales. Cost overruns, scheduling delays, and failure to meet product performance goals may be caused by, but not limited to, unidentified technical hurdles, delays in material shipments, and regulatory hurdles. Any significant delays in the development and sale of our product would have a material affect on our business and operations.

***We may experience delays in design and manufacturing of the Qnetic FESS.***

We may experience significant delays in bringing the Qnetic FESS to market due to design considerations, technical challenges, material availability, manufacturing complications, and regulatory considerations. Such delays could materially damage our brand, business, financial goals, operation results, and product.

***The development and commercialization of our products is highly competitive.***

We face competition with respect to any products that we may seek to develop or commercialize in the future. Our competitors include major companies worldwide. Many of our competitors have significantly greater financial, technical and human resources than we have and superior expertise in research and development and marketing approved products and thus may be better equipped than us to develop and commercialize products. These competitors also compete with us in recruiting and retaining qualified personnel and acquiring technologies. Smaller or early stage companies may also prove to be significant competitors, particularly through collaborative arrangements with large and established companies. Accordingly, our competitors may commercialize products more rapidly or effectively than we are able to, which would adversely affect our competitive position, the likelihood that our products will achieve initial market acceptance, and our ability to generate meaningful additional revenues from our products.

***If we are unable to control the cost of development, cost of manufacturing, and cost of operations of the Company, our business may be substantially affected.***

If we are unable to maintain target costs of manufacturing, developing, designing, distributing, and maintaining our Qnetic FESS, we may incur significant cost increases which can adversely affect the operation of our business. We have made, and will continue to make, substantial investments into the development of Qnetic FESS. Such investments may have unforeseen costs that we have been unable to accurately predict, which may materially impact our ability to execute our business as planned.

Qnetic will also face significant costs in the development and purchasing of materials required to build the Qnetic FESS through external partnerships. These purchases are subject to conditions outside the control of the Company and as such, these conditions may substantially affect our business, product, brand, operational, and financial goals.

***We may implement new lines of business or offer new products and services within existing lines of business.***

We may implement new lines of business at any time. There are substantial risks and uncertainties associated with these efforts, particularly in instances where the markets are not fully developed. In developing and marketing new lines of business and/or new products and services, we may invest significant time and resources. Initial timetables for the introduction and development of new lines of business and/or new products or services may not be achieved, and price and profitability targets may not prove feasible. We may not be successful in introducing new products and services in response to industry trends or developments in technology, or those new products may not achieve market acceptance. As a result, we could lose business, be forced to price products and services on less advantageous terms to retain or attract clients or be subject to cost increases. As a result, our business, financial condition or results of operations may be adversely affected.

***There are significant regulatory and standard performance barriers to overcome.***

An energy storage device manufacturer must overcome significant regulatory requirements such as, but not limited to, insurance safety testing, regulatory mandated safety features, manufacturing and quality control standards, as well as device performance standards. The Company's inability to achieve any success in any of these standards and regulatory requirements may adversely affect our brand, business, financial goals, operation results, and product performance.

***We rely on other companies to provide supplies and services for our products.***

We depend on suppliers and contractors to meet our contractual obligations to our customers and conduct our operations. Our ability to meet our obligations to our customers may be adversely affected if suppliers or contractors do not provide the agreed-upon ingredients or supplies or perform the agreed-upon services in compliance with customer requirements and in a timely and cost-effective manner. Likewise, the quality of our products may be adversely impacted if companies to whom we acquire ingredients or supplies, do not provide such ingredients or supplies which meet required specifications and perform to our, and our customers', expectations. Our suppliers may also be unable to quickly recover from natural disasters and other events beyond their control and may be subject to additional risks such as financial problems that limit their ability to conduct their operations. The risk of these adverse effects may be greater in circumstances where we rely on only one or two contractors or suppliers for a particular ingredient or supply. The supply of ingredients or supplies for our new or existing products could be delayed or constrained, or a key manufacturing vendor could delay shipments of ingredients or supplies to us adversely affecting our business and results of operations.

***We may be inherently subject to conditions which permit only a single source supplier for specific components necessary to develop and manufacture the Qnetic FESS.***

The Company will continuously and diligently work towards obtaining multiple sources of materials and components to mitigate risk in our supply chain. However, it is possible that specific components or solutions required to manufacture an energy storage device may be subject to intellectual property, material availability, or expertise owned solely by a single supplier. A condition such as a single source supplier may hinder our ability to secure cost, schedule, and long term viability of the Qnetic FESS.

***If our Qnetic FESS falls to meet performance goals, we may be required to perform mandatory repairs of defective components, recall of products, or litigation settlements.***

If the Qnetic FESS are unable to meet performance and quality criteria, we may be required to perform product recalls to remedy defects. Failing to meet performance goals can lead to substantial costs related to performing such corrective actions. Although the Company will perform significant internal testing and qualifications, as well as external qualifications through approved third-party vendors against industry standards and regulatory requirements, there will be unanticipated conditions which may negatively impact expected performance and safety of our devices. As such, Onetic may perform a corrective action such as a recall of products, mandatory repairs of defective components, or litigation settlements which can materially affect our financial goals, operation results, brand, business, and products.

***The Company's success depends on the experience and skill of its executive officers and key personnel.***

We are dependent on our executive officers and key personnel. These persons may not devote their full time and attention to the matters of the Company. The loss of all or any of our executive officers and key personnel could harm the Company's business, financial condition, cash flow and results of operations.

***Although dependent on certain key personnel, the Company does not have any key person life insurance policies on any such people.***

We are dependent on certain key personnel in order to conduct our operations and execute our business plan, however, the Company has not purchased any insurance policies with respect to those individuals in the event of their death or disability. Therefore, if any of these personnel die or become disabled, the Company will not receive any compensation to assist with such person's absence. The loss of such person could negatively affect the Company and our operations. We have no way to guarantee key personnel will stay with the Company, as many states do not enforce non-competition agreements, and therefore acquiring key man insurance will not ameliorate all of the risk of relying on key personnel.

***In order for the Company to compete and grow, it must attract, recruit, retain and develop the necessary personnel who have the needed experience.***

Recruiting and retaining highly qualified personnel is critical to our success. These demands may require us to hire additional personnel and will require our existing management and other personnel to develop additional expertise. We face intense competition for personnel, making recruitment time-consuming and expensive. The failure to attract and retain personnel or to develop such expertise could delay or halt the development and commercialization of our product candidates. If we experience difficulties in hiring and retaining personnel in key positions, we could suffer from delays in product development, loss of customers and sales and diversion of management resources, which could adversely affect operating results. Our consultants and advisors may be employed by third parties and may have commitments under consulting or advisory contracts with third parties that may limit their availability to us, which could further delay or disrupt our product development and growth plans.

***We need to rapidly and successfully develop and introduce new products in a competitive, demanding and rapidly changing technological environment.***

To succeed in our competitive industry, we must continually improve, refresh and expand our product offerings to include newer features, functionality or solutions, and keep pace with changes in the industry. Shortened product life cycles due to changing technology, customer demands and competitive pressures may impact the pace at which we must introduce new products or implement new functions or solutions. In addition, bringing new products or solutions to the market entails a costly and lengthy process, and requires us to accurately anticipate changing technologies, changing customer needs and trends. We must continue to respond to changing technologies, market demands and trends or our business operations may be adversely affected.

***Industry consolidation may result in increased competition, which could result in a loss of customers or a reduction in revenue.***

Some of our competitors have made or may make acquisitions or may enter into partnerships or other strategic relationships to offer more comprehensive services than they individually had offered or achieve greater economies of scale. In addition, new entrants not currently considered to be competitors may enter our market through acquisitions, partnerships or strategic relationships. We expect these trends to continue as companies attempt to strengthen or maintain their market positions. The potential entrants may have competitive advantages over us, such

as greater name recognition, longer operating histories, more varied services and larger marketing budgets, as well as greater financial, technical and others' resources. The companies resulting from combinations or that expand or vertically integrate their business to include the market that we address may create more compelling service offerings and may offer greater pricing flexibility than we can or may engage in business practices that make it more difficult for us to compete effectively, including on the basis of price, sales and marketing programs, technology or service functionality. These pressures could result in a substantial loss of our customers or a reduction in our revenue.

***The Company's business plan is based on numerous assumptions and projections that may not prove accurate.***

The Company's business plan and potential growth is based upon numerous assumptions. No assurance can be given regarding the attainability of the financial projections. The Company's ability to adhere to, and implement, its business plan will depend upon the Company's ability to successfully raise funds and a variety of other factors, many of which are beyond the Company's control. Likewise, management is not bound to follow the business plan and may elect to adopt other strategies based upon unanticipated opportunities, or changes in circumstances or market conditions. All financial projections contained in the business plan are based entirely upon management's assumptions and projections and should not be considered as a forecast of actual revenues or our liquidity. Actual operating results may be materially different.

Although the Company believes the assumptions upon which the Company's business and financial projections are based have reasonable bases, the Company cannot offer any assurance that its results of operations and growth will be as contemplated. If any of the assumptions upon which these opinions and projections are based prove to be inaccurate, including growth of the economy in general and trends in our industry, these opinions and projections could be adversely affected. Prospective investors should be aware that these opinions and other projections and predictions of future performance, whether included in the business plan, or previously or subsequently communicated to prospective investors, are based on certain assumptions which are highly speculative. Such projections or opinions are not (and should not be regarded as) a representation or warranty by the Company or any other person that the overall objectives of the Company will ever be achieved or that the Company will ever achieve significant revenues or profitability. These opinions, financial projections, and any other predictions of future performance should not be relied upon by potential investors in making an investment decision in regard to this Offering.

***Damage to our reputation could negatively impact our business, financial condition and results of operations.***

Our reputation and the quality of our brand are critical to our business and success in existing markets, and will be critical to our success as we enter new markets. Any incident that erodes consumer loyalty for our brand could significantly reduce its value and damage our business. We may be adversely affected by any negative publicity, regardless of its accuracy. Also, there has been a marked increase in the use of social media platforms and similar devices, including blogs, social media websites and other forms of internet-based communications that provide individuals with access to a broad audience of consumers and other interested persons. The availability of information on social media platforms is virtually immediate as is its impact. Information posted may be adverse to our interests or may be inaccurate, each of which may harm our performance, prospects or business. The harm may be immediate and may disseminate rapidly and broadly, without affording us an opportunity for redress or correction.

***Our business could be negatively impacted by cyber security threats, attacks and other disruptions.***

We may face advanced and persistent attacks on our information infrastructure where we manage and store various proprietary information and sensitive/confidential data relating to our operations. These attacks may include sophisticated malware (viruses, worms, and other malicious software programs) and phishing emails that attack our products or otherwise exploit any security vulnerabilities. These intrusions sometimes may be zero-day malware that are difficult to identify because they are not included in the signature set of commercially available antivirus scanning programs. Experienced computer programmers and hackers may be able to penetrate our network security and misappropriate or compromise our confidential information or that of our customers or other third-parties, create system disruptions, or cause shutdowns. Additionally, sophisticated software and applications that we produce or procure from third-parties may contain defects in design or manufacture, including "bugs" and other problems that could unexpectedly interfere with the operation of the information infrastructure. A disruption, infiltration or failure of our information infrastructure systems or any of our data centers as a result of software or hardware malfunctions, computer viruses, cyber-attacks, employee theft or misuse, power disruptions, natural disasters or accidents could cause breaches of data security, loss of critical data and performance delays, which in turn could adversely affect our business.

***Security breaches of confidential customer information, in connection with our electronic processing of credit and debit card transactions, or confidential employee information may adversely affect our business.***

Our business requires the collection, transmission and retention of personally identifiable information, in various information technology systems that we maintain and in those maintained by third parties with whom we contract to provide services. The integrity and protection of that data is critical to us. The information, security and privacy requirements imposed by governmental regulation are increasingly demanding. Our systems may not be able to satisfy these changing requirements and customer and employee expectations, or may require significant additional investments or time in order to do so. A breach in the security of our information technology systems or those of our service providers could lead to an interruption in the operation of our systems, resulting in operational inefficiencies and a loss of profits. Additionally, a significant theft, loss or misappropriation of, or access to, customers' or other proprietary data or other breach of our information technology systems could result in fines, legal claims or proceedings.

***The use of individually identifiable data by our business, our business associates and third parties is regulated at the state, federal and international levels.***

The regulation of individual data is changing rapidly, and in unpredictable ways. A change in regulation could adversely affect our business, including causing our business model to no longer be viable. Costs associated with information security – such as investment in technology, the costs of compliance with consumer protection laws and costs resulting from consumer fraud – could cause our business and results of operations to suffer materially. Additionally, the success of our online operations depends upon the secure transmission of confidential information over public networks, including the use of cashless payments. The intentional or negligent actions of employees, business associates or third parties may undermine our security measures. As a result, unauthorized parties may obtain access to our data systems and misappropriate confidential data. There can be no assurance that advances in computer capabilities, new discoveries in the field of cryptography or other developments will prevent the compromise of our customer transaction processing capabilities and personal data. If any such compromise of our security or the security of information residing with our business associates or third parties were to occur, it could have a material adverse effect on our reputation, operating results and financial condition. Any compromise of our data security may materially increase the costs we incur to protect against such breaches and could subject us to additional legal risk.

***The Company is not subject to Sarbanes-Oxley regulations and may lack the financial controls and procedures of public companies.***

The Company may not have the internal control infrastructure that would meet the standards of a public company, including the requirements of the Sarbanes Oxley Act of 2002. As a privately-held (non-public) Company, the Company is currently not subject to the Sarbanes Oxley Act of 2002, and its financial and disclosure controls and procedures reflect its status as a development stage, non-public company. There can be no guarantee that there are no significant deficiencies or material weaknesses in the quality of the Company's financial and disclosure controls and procedures. If it were necessary to implement such financial and disclosure controls and procedures, the cost to the Company of such compliance could be substantial and could have a material adverse effect on the Company's results of operations.

***Changes in federal, state or local laws and government regulation could adversely impact our business.***

The Company is subject to legislation and regulation at the federal, state and local levels. In particular, our product will be subject to insurance safety testing, regulatory mandated safety features, manufacturing and quality control standards, as well as device performance standards. New laws and regulations may impose new and significant disclosure obligations and other operational, marketing and compliance-related obligations and requirements, which may lead to additional costs, risks of non-compliance, and diversion of our management's time and attention from strategic initiatives. Additionally, federal, state and local legislators or regulators may change current laws or regulations which could adversely impact our business. Further, court actions or regulatory proceedings could also change our rights and obligations under applicable federal, state and local laws, which cannot be predicted. Modifications to existing requirements or imposition of new requirements or limitations could have an adverse impact on our business.

***We operate in a highly regulated environment, and if we are found to be in violation of any of the federal, state, or local laws or regulations applicable to us, our business could suffer.***

We are also subject to a wide range of international, federal, state, and local laws and regulations. The violation of these or future requirements or laws and regulations could result in administrative, civil, or criminal sanctions against

us, which may include fines, a cease and desist order against the subject operations or even revocation or suspension of our license to operate the subject business. As a result, we may incur capital and operating expenditures and other costs to comply with these requirements and laws and regulations.

***Changes in employment laws or regulation could harm our performance.***

Various federal and state labor laws govern our relationship with our employees and affect operating costs. These laws include minimum wage requirements, overtime pay, healthcare reform and the implementation of the Patient Protection and Affordable Care Act, unemployment tax rates, workers' compensation rates, citizenship requirements, union membership and sales taxes. A number of factors could adversely affect our operating results, including additional government-imposed increases in minimum wages, overtime pay, paid leaves of absence and mandated health benefits, mandated training for employees, changing regulations from the National Labor Relations Board and increased employee litigation including claims relating to the Fair Labor Standards Act.

***Global crises and geopolitical events, including without limitation, COVID-19 can have a significant effect on our business operations and revenue projections.***

A significant outbreak of contagious diseases, such as COVID-19, in the human population could result in a widespread health crisis. Additionally, geopolitical events, such as wars or conflicts, could result in global disruptions to supplies, political uncertainty and displacement. Each of these crises could adversely affect the economies and financial markets of many countries, including the United States where we principally operate, resulting in an economic downturn that could reduce the demand for our products and services and impair our business prospects, including as a result of being unable to raise additional capital on acceptable terms, if at all.

***Changes in tariffs, trade policies, or import/export regulations could increase our costs and adversely affect our business.***

Our products and many of their components are manufactured or sourced internationally, including from countries that may be subject to changing U.S. trade policies and tariffs. Increases in tariffs, duties, or other import/export restrictions could raise the cost of our materials, finished goods, or logistics. The imposition of new tariffs or the modification or elimination of existing trade agreements may increase our expenses and make our products less price-competitive. In addition, uncertainty surrounding international trade relations may disrupt supply chains or delay shipments. We may not be able to pass increased costs on to customers without reducing demand, which could materially and adversely affect our margins, business, financial condition, and results of operations.

**Risks Related to the Offering**

***State and federal securities laws are complex, and the Company could potentially be found to have not complied with all relevant state and federal securities law in prior offerings of securities.***

The Company has conducted previous offerings of securities and may not have complied with all relevant state and federal securities laws. If a court or regulatory body with the required jurisdiction ever concluded that the Company may have violated state or federal securities laws, any such violation could result in the Company being required to offer rescission rights to investors in such offering. If such investors exercised their rescission rights, the Company would have to pay to such investors an amount of funds equal to the purchase price paid by such investors plus interest from the date of any such purchase. No assurances can be given the Company will, if it is required to offer such investors a rescission right, have sufficient funds to pay the prior investors the amounts required or that proceeds from this Offering would not be used to pay such amounts.

In addition, if the Company violated federal or state securities laws in connection with a prior offering and/or sale of its securities, federal or state regulators could bring an enforcement, regulatory and/or other legal action against the Company which, among other things, could result in the Company having to pay substantial fines and be prohibited from selling securities in the future.

***The U.S. Securities and Exchange Commission does not pass upon the merits of the Securities or the terms of the Offering, nor does it pass upon the accuracy or completeness of any Offering document or literature.***

You should not rely on the fact that our Form C is accessible through the U.S. Securities and Exchange Commission's EDGAR filing system as an approval, endorsement or guarantee of compliance as it relates to this Offering. The U.S.

Securities and Exchange Commission has not reviewed this Form C, nor any document or literature related to this Offering.

***Neither the Offering nor the Securities have been registered under federal or state securities laws.***

No governmental agency has reviewed or passed upon this Offering or the Securities. Neither the Offering nor the Securities have been registered under federal or state securities laws. Investors will not receive any of the benefits available in registered offerings, which may include access to quarterly and annual financial statements that have been audited by an independent accounting firm. Investors must therefore assess the adequacy of disclosure and the fairness of the terms of this Offering based on the information provided in this Form C and the accompanying exhibits.

***The Securities are offered on a “Best Efforts” basis and the Company may not raise the maximum amount being offered.***

Since the Company is offering the Securities on a “best efforts” basis, there is no assurance that the Company will sell enough Securities to meet its capital needs. If you purchase Securities in this Offering, you will do so without any assurance that the Company will raise enough money to satisfy the full Use of Proceeds which the Company has outlined in this Form C or to meet the Company’s working capital needs.

***The Company's management may have broad discretion in how the Company uses the net proceeds of the Offering.***

Unless the Company has agreed to a specific use of the proceeds from the Offering, the Company’s management will have considerable discretion over the use of proceeds from the Offering. As is the case with any business, particularly one without a proven business model, it should be expected that certain expenses unforeseeable to management at this juncture will arise in the future. There can be no assurance that management's use of proceeds generated through this Offering will prove optimal or translate into revenue or profitability for the Company. You are urged to review the Use of Proceeds in this Offering Statement but to understand that the actual use of the net proceeds of this Offering may vary significantly. In all cases, you should consult with their attorneys, accountants and personal investment advisors prior to making any decision to invest in the Company. You may not have the opportunity, as part of your investment decision, to assess whether the proceeds are being used appropriately.

***The Intermediary Fees paid by the Company are subject to change depending on the success of the Offering.***

At the conclusion of the Offering, the Company shall pay the Intermediary a fee of eight and one-half percent (8.5%) of the dollar amount raised in the Offering. The compensation paid by the Company to the Intermediary may impact how the Company uses the net proceeds of the Offering.

***The Company has the right to limit individual Investor commitment amounts based on the Company’s determination of an Investor’s sophistication.***

The Company may prevent any Investor from committing more than a certain amount in this Offering based on the Company’s determination of the Investor’s sophistication and ability to assume the risk of the investment. This means that your desired investment amount may be limited or lowered based solely on the Company’s determination and not in line with relevant investment limits set forth by the Regulation CF rules. This also means that other Investors may receive larger allocations of the Offering based solely on the Company’s determination.

***The Company has the right to extend the Offering Deadline.***

The Company may extend the Offering Deadline beyond what is currently stated herein. This means that your investment may continue to be held in escrow while the Company attempts to raise the Target Offering Amount even after the Offering Deadline stated herein is reached. While you have the right to cancel your investment in the event the Company extends the Offering Deadline, if you choose to reconfirm your investment, your investment will not be accruing interest during this time and will simply be held until such time as the new Offering Deadline is reached without the Company receiving the Target Offering Amount, at which time it will be returned to you without interest or deduction, or the Company receives the Target Offering Amount, at which time it will be released to the Company to be used as set forth herein. Upon or shortly after the release of such funds to the Company, the Securities will be issued and distributed to you.

***The Company may also end the Offering early.***

If the Target Offering Amount is met after 21 calendar days, but before the Offering Deadline, the Company can end the Offering by providing notice to Investors at least 5 business days prior to the end of the Offering. This means your failure to participate in the Offering in a timely manner, may prevent you from being able to invest in this Offering – it also means the Company may limit the amount of capital it can raise during the Offering by ending the Offering early.

***The Company has the right to conduct multiple closings during the Offering.***

If the Company meets certain terms and conditions, an intermediate close (also known as a rolling close) of the Offering can occur, which will allow the Company to draw down on Investor proceeds committed and captured in the Offering during the relevant period. The Company may choose to continue the Offering thereafter. Investors should be mindful that this means they can make multiple investment commitments in the Offering, which may be subject to different cancellation rights. For example, if an intermediate close occurs and later a material change occurs as the Offering continues, Investors whose investment commitments were previously closed upon will not have the right to re-confirm their investment as it will be deemed to have been completed prior to the material change.

**Risks Related to the Securities**

***You will not be investing directly into the Company, but into a special purpose vehicle.***

Changes to the securities laws that went into effect March 15, 2021, permit us to use a “special purpose vehicle” or “SPV” in this Offering. That means that you will invest in Qnetic CF Seed Investors SPV, LLC, becoming a member of the SPV, and that investment purchases our Series CF Preferred Stock. A condition to using an SPV is that the SPV passes on the same economic and governance rights that are set out in the Company’s Second Amended and Restated Certificate of Incorporation, regarding the Series CF Preferred Stock. You will also be relying on us, as the Manager of the SPV, to make sure the SPV complies with Delaware law and functions in accordance with securities law. The SPV will terminate and distribute the securities it holds to you, so that you may hold them directly, in certain circumstances. Due to this structure, there may be delays, complications and unexpected risks.

***An investment in the Company's Securities could result in a loss of your entire investment.***

An investment in the Company's Securities offered in this Offering involves a high degree of risk and you should not purchase the Securities if you cannot afford the loss of your entire investment. You may not be able to liquidate your investment for any reason in the near future.

***The Securities will not be freely tradable under the Securities Act until one year from the initial purchase date. Although the Securities may be tradable under federal securities law, state securities regulations may apply, and each Investor should consult with their attorney.***

You should be aware of the long-term nature of this investment. There is not now and may never be a public market for the Securities. Because the Securities have not been registered under the Securities Act or under the securities laws of any state or foreign jurisdiction, the Securities have transfer restrictions and cannot be resold in the United States except pursuant to Rule 501 of Regulation CF. It is not currently contemplated that registration under the Securities Act or other securities laws will be effected. Limitations on the transfer of the Securities may also adversely affect the price that you might be able to obtain for the Securities in a private sale. In addition, even if a trading market develops, there is absolutely no assurance that the Securities could be sold under Rule 144 or otherwise unless the Company becomes a current public reporting company with the Securities and Exchange Commission and otherwise is current in the Company’s business, financial and management information reporting, and applicable holding periods have been satisfied. Investors should be aware of the long-term nature of their investment in the Company. Each Investor in this Offering will be required to represent that they are purchasing the Securities for their own account, for investment purposes and not with a view to resale or distribution thereof.

***The securities in this Offering have limited protective provisions over corporate transactions.***

The Securities in this Offering have limited protective provisions in regards to corporate transactions. As such, you will not be afforded protection by any provision of the Securities or as a Shareholder in the event of a transaction that

may adversely affect you, including a reorganization, restructuring, merger or other similar transaction involving the Company. If there is a liquidation event, or change of control for the Company, the Securities being offered do not provide you with any protection, except that the Securities do provide a liquidation preference over the Common Stock of the Company. In addition, there are no provisions attached to the Securities in the Offering that would permit you to require the Company to repurchase the Securities in the event of a takeover, recapitalization or similar transaction involving the Company.

***Investors will not have voting rights.***

Investors in the Securities will not have voting rights. Thus, Investors will never be able to vote upon any matters of the Company. As such, Investors will not have any influence over matters requiring stockholder approval, including the election of directors or managers and approval of significant Company transactions, nor the Company's management and policies. Moreover, those with voting rights could use their voting influence to maintain the Company's existing management, delay or prevent changes in control of the Company, issue additional securities which may dilute you, repurchase securities of the Company, enter into transactions with related parties or support or reject other management and board proposals. Additionally, investors in the Co-Issuer will indirectly hold only Series CF Preferred Stock and are completely passive investors. As such, Investors should not purchase the Securities if they are not comfortable with this lack of voting and control.

***Investors will not be entitled to any inspection or information rights other than those required by law.***

Investors will not have the right to inspect the books and records of the Company or to receive financial or other information from the Company, other than as required by law. Other security holders of the Company may have such rights. Regulation CF requires only the provision of an annual report on Form C and no additional information. Additionally, there are numerous methods by which the Company can terminate annual report obligations, resulting in no information rights, contractual, statutory or otherwise, owed to Investors. This lack of information could put Investors at a disadvantage in general and with respect to other security holders, including certain security holders who have rights to periodic financial statements and updates from the Company such as quarterly unaudited financials, annual projections and budgets, and monthly progress reports, among other things.

***The Securities may be significantly diluted as a consequence of subsequent equity financings.***

The Company's equity securities will be subject to dilution. The Company intends to issue additional equity to employees and third-party financing sources in amounts that are uncertain at this time, and as a consequence holders of the Securities will be subject to dilution in an unpredictable amount. Such dilution may reduce the Investor's control and economic interests in the Company.

The amount of additional financing needed by the Company will depend upon several contingencies not foreseen at the time of this Offering. Generally, additional financing (whether in the form of loans or the issuance of other securities) will be intended to provide the Company with enough capital to reach the next major corporate milestone. If the funds received in any additional financing are not sufficient to meet the Company's needs, the Company may have to raise additional capital at a price unfavorable to their existing investors, including the holders of the Securities. The availability of capital is at least partially a function of capital market conditions that are beyond the control of the Company. There can be no assurance that the Company will be able to accurately predict the future capital requirements necessary for success or that additional funds will be available from any source. Failure to obtain financing on favorable terms could dilute or otherwise severely impair the value of the Securities.

***Our valuation and our offering price have been established internally and are difficult to assess.***

The Offering price was not established in a competitive market. We have arbitrarily set the price of the Securities with reference to the general status of the securities market and other relevant factors. The Offering price for the Securities should not be considered an indication of the actual value of the Securities and is not based on our asset value, net worth, revenues or other established criteria of value. The Company has set the price of its Series CF Preferred Stock at \$1.79 per share, plus a 3.0% Investor Processing Fee (see "Offering" for further details on this fee). The Investor Processing Fee is intended to offset transaction costs and, though this fee is counted towards the amount the Company is seeking to raise under Regulation Crowdfunding and the limit each investor may invest pursuant to Regulation Crowdfunding, we did not value it in determining our valuation. Including this fee will increase our valuation for which you are paying for shares in our Company accordingly. Valuations for companies at this stage are generally purely speculative. Our valuation has not been validated by any independent third party and may decrease precipitously in the future. It is a question of whether you, the investor, are willing to pay this price for a percentage

ownership of an early-stage company. We cannot guarantee that the Securities can be resold at the Offering price or at any other price.

***The Investor Processing Fee may not count toward your cost basis for tax purposes.***

The IRS and/or another relevant tax authority may consider the price of the share before including the Investor Processing Fee as the cost basis for determining any gain or loss at a realization event. You should discuss with your tax advisor the appropriate way to determine the relevant tax obligation.

***There is no guarantee of a return on an Investor's investment.***

There is no assurance that an Investor will realize a return on their investment or that they will not lose their entire investment. For this reason, each Investor should read this Form C and all Exhibits carefully and should consult with their attorney and business advisor prior to making any investment decision.

**IN ADDITION TO THE RISKS LISTED ABOVE, RISKS AND UNCERTAINTIES NOT PRESENTLY KNOWN, OR WHICH WE CONSIDER IMMATERIAL AS OF THE DATE OF THIS FORM C, MAY ALSO HAVE AN ADVERSE EFFECT ON OUR BUSINESS AND RESULT IN THE TOTAL LOSS OF YOUR INVESTMENT.**

The Company has formed the Co-Issuer solely for issuing the Securities under this Offering. The Co-Issuer will serve merely as a conduit for investors to invest in the Company and will not have a separate business purpose. An investment in the Co-Issuer will allow investors to achieve the same economic exposure, voting power (which is none) and ability to assert State and Federal law rights and achieve the same disclosures as if they had invested directly in the Company. The Co-Issuer will maintain a one-to-one relationship between the number, denomination, type and rights of Company securities it owns and the number, denomination, type and rights of its securities outstanding. The Co-Issuer cannot borrow or raise funds on its own account.

The proceeds from the Offering will be received by the Co-Issuer and invested immediately in the Securities issued by the Company. The Co-Issuer will be the legal owner of the Series CF Preferred Stock.

There will be no material difference between an investment in the Company and the Co-Issuer.

## Investor Confirmation Process

In order to purchase the Securities, you must make a commitment to purchase by completing the subscription process hosted by the Intermediary, including complying with the Intermediary’s know your customer (KYC) and anti-money laundering (AML) policies. If an Investor makes an investment commitment under a name that is not their legal name, they may be unable to redeem their Security indefinitely, and neither the Intermediary nor the Company are required to correct any errors or omissions made by the Investor.

Investor funds will be held in escrow with a qualified third party escrow agent, Enterprise Bank and Trust (“**Escrow Agent**”) until the Target Offering Amount has been met or exceeded and one or more closings occur. Investors may cancel an investment commitment until up to 48 hours prior to the Offering Deadline or an intermediate close, using the cancellation mechanism provided by the Intermediary. If an investor does not cancel an investment commitment before the 48-hour period prior to the Offering Deadline, the funds will be released to the Issuer and the investor will receive their Securities.

The Company will notify Investors when the Target Offering Amount has been reached. If the Company reaches the Target Offering Amount prior to the Offering Deadline, it may close the Offering early *provided* (i) the expedited Offering Deadline must be twenty-one (21) days from the time the Offering was opened, (ii) the Company must provide at least five (5) business days’ notice prior to the expedited Offering Deadline to the Investors and (iii) the Company continues to meet or exceed the Target Offering Amount on the date of the expedited Offering Deadline.

## Material Changes

If any material change occurs related to the Offering prior to the current Offering Deadline the Company will provide notice to Investors and receive reconfirmations from Investors who have already made commitments. If an Investor does not reconfirm their investment commitment after a material change is made to the terms of the Offering within five (5) business days of receiving notice, the Investor’s investment commitment will be cancelled and the committed funds will be returned without interest or deductions. If an Investor does not cancel an investment commitment before the Target Offering Amount is reached, the funds will be released to the Company upon the closing of the Offering and the Investor will receive the Securities in exchange for their investment.

If an Investor does not reconfirm his or her investment commitment after a material change is made to the Offering, the Investor’s investment commitment will be cancelled and the committed funds will be returned.

## Cancellations

Investors may cancel an investment commitment until 48 hours prior to the deadline identified in these Offering Materials, unless previously accepted as part of a rolling close.

The Company will notify investors when the Target Offering Amount has been met. If the Company reaches the Target Offering Amount prior to the deadline identified in the Offering Materials, it may close the Offering early if it provides notice about the new offering deadline at least five business days prior to such new offering deadline (absent a material change that would require an extension of the offering and reconfirmation of the investment commitment). If an investor does not cancel an investment commitment before the 48-hour period prior to the stated offering deadline, the funds will be released to the Company upon closing of the Offering and the investor will receive Securities in exchange for his or her investment.

### **Rolling and Early Closings**

The Company may elect to undertake rolling closings, or an early closing after it has received investment interests for its Target Offering Amount. During a rolling closing, those investors that have committed funds will be provided five days' notice prior to acceptance of their subscriptions, release of funds to the Company, and issuance of the Securities to the investors. During this time, the Company may continue soliciting investors and receiving additional investment commitments. Investors should note that if investors have already received their Securities, they will not be required to reconfirm upon the filing of a material amendment to the Form C. In an early closing, the Offering will terminate upon the new target date, which must be at least five days from the date of the notice.

### **Oversubscriptions**

The Target Offering Amount is \$10,000.23, but investments in excess of the Target Offering Amount and up to the Maximum Offering Amount of \$2,994,052.65, will be accepted. Oversubscriptions will be allocated at the discretion of the Company.

### **Platform Compensation**

There is also a \$37,500 advance setup fee and \$12,000 monthly fee for the use of the platform and marketing services paid to DealMaker Securities LLC and its affiliates. Additionally, the Issuer must reimburse certain expenses related to the Offering.

### **Investor Limitations**

Investors are limited in how much they can invest on all crowdfunding offerings during any 12-month period. The limitation on how much they can invest depends upon their net worth (excluding the value of their primary residence) and annual income. If either their annual income or net worth is less than \$124,000, then during any 12-month period, they can invest up to the greater of either \$2,500 or 5% of the greater of their annual income or net worth. If both their annual income and net worth are equal to or more than \$124,000, then during any 12-month period, they can invest up to 10% of annual income or net worth, whichever is greater, but their investments cannot exceed \$124,000. (1) We will continue to invest heavily in technology and product development. These proceeds will be used to develop our commercial prototype and to ready our pilot customer site for testing. We currently have a small engineering team that these funds will be used to set up an R&D workshop and team in the U.S.

(2) Our sales and marketing efforts are currently handled by the CEO and COO. We will use these proceeds to hire a dedicated business development member. Additionally, the proceeds will be used for marketing.

(3) These proceeds will be used to build out the Company's infrastructure. Currently, our small team shares a wide range of administrative and operational functions. We expect these proceeds will help us set up the organization for HR, supply chain functions and improve the Company's IT systems, finance and legal functions.

In addition to the foregoing restrictions, prior to making any transfer of the Securities or any capital stock into which they are convertible, such transferring Investor must either make such transfer pursuant to an effective registration statement filed with the SEC or provide the Company with an opinion of counsel reasonably satisfactory to the Company stating that a registration statement is not necessary to effect such transfer. Furthermore, upon the event of an IPO, the capital stock into which the Securities are converted will be subject to a lock-up period and may not be lent, offered, pledged, or sold for up to 180 days following such IPO.

### ***Voting and Control***

Except as required by applicable law, each outstanding share of Series CF Preferred Stock shall not be entitled to vote on any matter on which the stockholders of the Company shall be entitled to vote, and shares of Series CF Preferred Stock shall not be included in determining the number of shares voting or entitled to vote on any such matters. As a result of purchasing Securities in this Offering, the Investors will have no voting or control over any corporate matters of the Company, including additional issuance of securities, Company repurchase of securities, a sale of the Company or its significant assets, or Company transactions with related parties. Further, Investors in the Co-Issuer will indirectly hold only the Securities (the Series CF Preferred Stock) and are completely passive investors. Investors should not purchase the Securities if they are not comfortable with this lack of voting and control.

Additionally, certain key holders of the Company and Series Seed-1 Preferred Stock holders have entered into an agreement providing for the key holders (Michael Pratt, Loïc Bastard and Malcolm Mathews) to have a right to designate three (3) directors to the Board of Directors of the Company. The Series Seed-1 holders shall also have a right to designate one director to the Board of Directors of the Company. Further, the key holders and Series Seed-1 Preferred Stock holders have also agreed to drag-along rights.

### ***Dilution***

The Securities do not have anti-dilution rights, which means that future equity issuances and other events will dilute the ownership percentage that Investors may eventually have in the Company. Investors should understand and expect the potential for dilution. The Investor's stake in the Company could be diluted due to the Company issuing additional shares of stock or other convertible securities to other parties. In other words, when the Company issues more shares, the percentage of the Company that you own will go down, even though the value of the Company may go up (there is no guarantee that it will). You will own a smaller piece of a larger Company (or, if the value goes down, then a smaller piece of a smaller company). This increase in number of shares outstanding could result from a stock offering (such as an initial public offering, another crowdfunding round, a venture capital round or angel investment), employees exercising stock options, or by conversion of certain instruments (e.g. convertible bonds, preferred shares

or warrants) into stock. If the Company decides to issue more shares, an investor could experience value dilution, with each share being worth less than before, and control dilution, with the total percentage an investor owns being less than before. There may also be earnings dilution, with a reduction in the amount earned.

#### **What it Means to be a Minority Holder**

Investors in our Series CF Preferred Stock, which do not provide for voting rights, will not have any rights in regard to the corporate actions of the Company, including additional issuances of securities, Company repurchases of securities, a sale of the Company or its significant assets, or Company transactions with related parties.

# Our “Infinite” Battery Unlocks Renewable Energy’s Full Potential

The reason renewable energy hasn’t overtaken fossil fuels is because of batteries. Lithium-ion storage systems are expensive, degrade rapidly, and pose environmental risk. We built an “infinite” battery without chemicals that never degrades, never overheats, and costs 50% less over its lifetime. No wonder we’ve got \$110M in LOIs already.

Now it’s your turn. Invest early and share in Qnetic’s growth.

## PROBLEM

### The World Needs a New Kind of Battery

Renewable energy sources like solar and wind are great – until the sun sets and the air’s still. Batteries should fix this, but tech like lithium-ion cells are expensive, degrade over time, and rely on scarce materials and supply chains dominated by China. Meanwhile, today’s experts predict 15X more storage capacity demand by 2030. In total:

**\$3T**

Global energy storage market projected to exceed.<sup>1</sup>

**\$70B+<sup>2</sup>**

invested in climate tech in 2022 alone.

**90%**

Renewables will account for 90% of new power capacity (IEA)<sup>3</sup>.

The world needs reliable storage systems that can store energy when production is high and release it when it’s low. Like ours.

## SOLUTION

### A Battery That Never Wears Out

Qnetic’s battery delivers reliable, on-demand energy storage without the drawbacks of lithium-ion tech. It lasts decades, costs about 2X less per MWh, and works in any environment.

**Stores energy efficiently,**  
delivering power as needed

**No capacity loss,** working like  
new for 30+ years

**Handles extreme conditions,**  
working in desert heat or Arctic  
cold

**Free of scarce supply chains,**  
made entirely from abundant,  
locally sourced materials

**Completely safe,** carrying no fire  
risk or toxic chemicals

## HOW IT WORKS

# How the Qnetic Battery Works

Qnetic charges and discharges electricity like any other battery, but instead of storing energy with chemicals like lithium, it stores it mechanically with kinetic energy. To charge, Qnetic uses a motor to spin a rotor, turning electricity into kinetic energy. The faster the rotor spins, the more energy it stores – staying fully charged when at its fastest. When power is needed, the motor switches to generator mode, slowing the rotor down and efficiently converting its kinetic energy back into electricity.

## COMPETITIVE ADVANTAGE

Outperforming **Across the Board**

In lithium-ion systems, draining a battery from 100% to 0% equals one "cycle" – and each cycle rapidly degrades overall energy capacity. That's why most grid-scale systems are limited to one full cycle per day: to preserve lifespan. Qnetic doesn't degrade, so it can cycle as often as needed – unlocking more flexibility and revenue per day. Here's how we compare:

### Advantages over **Lithium ion LFP batteries**

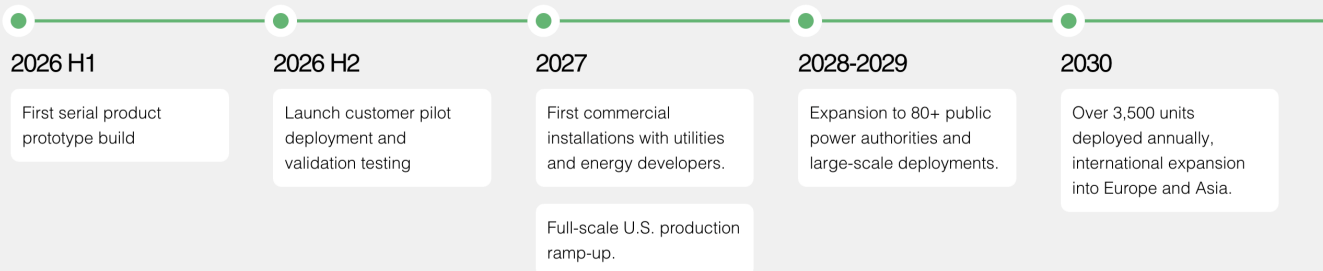

While Li-ion may be cheaper to install, Qnetic wins where it matters – on durability, performance, and lifetime value.

#### EXPANSION/ROADMAP

### Scaling Toward Our **Long-Term Vision**

We envision a future where Qnetic storage provides every town and city access to reliable renewable energy, replacing fossil fuels entirely. Here's how we'll start to make that a reality:

The above timeline is based on assumptions of meeting our development and performance goals, maintaining costs, and successfully adhering to regulatory requirements. These projections are subject to various risks, such as changes in development and manufacturing costs, potential design and manufacturing delays, competition, and our ability to raise funds, which are more fully outlined in the "Risk Factors" section in the Company's Form C. Actual results could vary significantly from these predictions due to these and other unforeseen factors.

# Our vision for energy storage will enable humanity to rely on **clean, renewable power 24/7, on-demand.**

Each Subscriber hereby agrees that it will not, without the prior written consent of the managing underwriter or financial advisor to the Crowdfunding Issuer (as applicable), during the period commencing on the date of the final prospectus relating to the registration by the Crowdfunding Issuer of its securities under the Securities Act on a registration statement on Form S-1 or Form S-3, and ending on the date specified by the Crowdfunding Issuer and the managing underwriter (such period not to exceed one hundred eighty (180) days in the case of the initial public offering (the "IPO") or any merger with or into a special purpose acquisition vehicle ("SPAC"), or such other period as may be requested by the Crowdfunding Issuer or an underwriter or financial advisor to accommodate regulatory restrictions on (1) the publication or other distribution of research reports, and (2) analyst recommendations and opinions, including, but not limited to, the restrictions contained in FINRA Rule 2711(f)(4) or NYSE Rule 472(f)(4), or any successor provisions or amendments thereto), or ninety (90) days in the case of any registration other than the IPO, or such other period as may be requested by the Crowdfunding Issuer, its financial advisors or an underwriter to accommodate regulatory restrictions on (1) the publication or other distribution of research reports and (2) analyst recommendations and opinions, including, but not limited to, the restrictions contained in FINRA Rule 2711(f)(4) or NYSE Rule 472(f)(4), or any successor provisions or amendments thereto), (i) lend; offer; pledge; sell; contract to sell; sell any option or contract to purchase; purchase any option or contract to sell; grant any option, right, or warrant to purchase; or otherwise transfer or dispose of, directly or indirectly, any Shares (or other securities, whether such shares or any such securities are then owned by the Subscriber or are thereafter acquired) or (ii) enter into any swap or other arrangement that transfers to another, in whole or in part, any of the economic consequences of ownership of such securities, whether any such transaction described in clause (i) or (ii) above is to be settled by delivery of Securities, in cash, or otherwise. The foregoing provisions of this Section 7(a) shall not apply to the sale of any securities to an underwriter pursuant to an underwriting agreement, or the transfer of any securities to any trust for the direct or indirect benefit of the Subscriber or the immediate family of the Subscriber, provided that the trustee of the trust agrees to be bound in writing by the restrictions set forth herein, and provided further that any such transfer shall not involve a disposition for value, and shall be applicable to the Subscribers only if all officers and directors are subject to the same restrictions. The financial advisors of the Crowdfunding Issuer or its underwriters in connection with such registration are intended third party beneficiaries of this Section 7(a) and shall have the right, power and authority to enforce the provisions hereof as though they were a party hereto. Each Subscriber further agrees to execute such agreements as may be reasonably requested by the underwriters in

The Subscriber agrees that a legend reading substantially as follows may be placed on all certificates representing all of such Subscriber's registrable securities of the Crowdfunding Issuer (and the Crowdfunding Issuer shares or securities of every other person subject to the restriction contained in this Section 7(a)):

"THE SECURITIES REPRESENTED BY THIS CERTIFICATE ARE SUBJECT TO A LOCK-UP PERIOD BEGINNING ON THE EFFECTIVE DATE OF THE REGISTRATION STATEMENT OF QNETIC CORPORATION ("QNETIC"), FILED UNDER THE SECURITIES ACT OF 1933, AS AMENDED, AS SET FORTH IN AN AGREEMENT BETWEEN QNETIC AND THE ORIGINAL HOLDER OF THESE SECURITIES, A COPY OF WHICH MAY BE OBTAINED AT QNETIC'S PRINCIPAL OFFICE. SUCH LOCK-UP PERIOD IS BINDING ON TRANSFEREES OF THESE SECURITIES."

(b) Further Limitations on Disposition. Without in any way limiting the representations and warranties set forth in this Agreement, the Subscriber agrees not to make any disposition of all or any portion of the Crowdfunding Issuer's Non-Voting Preferred Stock or any securities which may be converted into the Crowdfunding Issuer's Non-Voting Preferred Stock unless and until the transferee has agreed in writing for the benefit of the Crowdfunding Issuer to make the representations and warranties set out in Section 5 and the undertaking set out in Section 7(a) of this Agreement and:

(i) there is then in effect a registration statement under the Securities Act covering such proposed disposition, and such disposition is made in connection with such registration statement; or

(a) The Members have contributed to the Company the amounts, in the form of cash, property, services, or a promissory note, or other obligation (as such amounts may be amended herein from time to time, the "**Capital Contributions**") set out in the Members Schedule. No Member is required to make additional Capital Contributions to the Company.

(b) No Member shall be entitled to withdraw any part of a Capital Contribution or to receive any distribution from the Company, except as otherwise provided in this Agreement.

Section 2.03 Admission of Additional Members.

(b) In order for any Person not already a Member of the Company to be admitted as a Member, whether pursuant to an issuance or a Transfer (including a permitted Transfer) of Interests, such Person shall have executed and delivered to the Company a written undertaking accepting the terms of this Agreement. Upon the amendment of the Members Schedule by the Manager and the satisfaction of any other applicable conditions, including, if a condition, the receipt by the Company of payment for the issuance of the applicable Interests, such Person shall be admitted as a Member, shall be a party hereto,

shall be deemed listed as such on the books and records of the Company, and thereupon shall be issued his, her, or its Interests.

Section 2.04 No Withdrawal; Death of Member.

(a) So long as a Member continues to hold any Interest, such Member shall not have the ability to withdraw as a Member prior to the dissolution and winding up of the Company and any such withdrawal or attempted withdrawal by a Member prior to the dissolution and winding up of the Company shall be null and void. As soon as any Member ceases to hold any Interests, such Person shall no longer be a Member. A Member shall not cease to be a Member as a result of the bankruptcy of such Member or as a result of any other events specified in the Delaware Act.

(b) The death of any Member shall not cause the dissolution of the Company. In such event, the Company and its business shall be continued by the remaining Member or Members and the Interests owned by the deceased Member shall be automatically Transferred to such Member's executors, administrators, testamentary trustees, legatees, distributees, or beneficiaries, as applicable, as permitted Transferees; provided, that any such permitted Transferee shall be admitted as a Member only upon compliance with the provisions of Section 2.03(b).

Section 2.05 Certification of Interests.

(a) The Company may, but shall not be required to, issue certificates evidencing Interests in the Company.

(b) Interests shall be reflected in the books and records of the Company as Units.

(c) If the Manager shall issue certificates representing Interests in accordance with Section 2.05(a), then in addition to any other legend required by Applicable Law, all certificates representing issued and outstanding Interests shall bear a legend substantially in the following form:

THE INTERESTS REPRESENTED BY THIS CERTIFICATE ARE SUBJECT TO A LIMITED LIABILITY COMPANY AGREEMENT AMONG THE COMPANY AND ITS MEMBERS, A COPY OF WHICH IS ON FILE AT THE PRINCIPAL EXECUTIVE OFFICE OF THE COMPANY. NO TRANSFER, SALE, ASSIGNMENT, GIFT, PLEDGE, ENCUMBRANCE, HYPOTHECATION, OR OTHER DISPOSITION OF THE INTERESTS REPRESENTED BY THIS CERTIFICATE MAY BE MADE EXCEPT IN ACCORDANCE WITH THE PROVISIONS OF SUCH LIMITED LIABILITY COMPANY AGREEMENT.

THE INTERESTS REPRESENTED BY THIS CERTIFICATE HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED, AND HAVE BEEN ISSUED PURSUANT TO SECTION 4(A)(6) OF THE SECURITIES ACT AND REGULATION CROWDFUNDING PROMULGATED THEREUNDER. THE TRANSFER, SALE, ASSIGNMENT, PLEDGE, HYPOTHECATION, OR OTHER DISPOSITION IS LIMITED BY SUCH LAW AND REGULATION.

Section 2.06 Meetings.

(a) To the extent the Securities, and thus the Interests, provide the right to vote, or require approval of the holders of the Interests, meetings of the Members may be called by the Manager.

(b) Written notice stating the place, electronic access information, date, and time of the meeting and, in the case of a meeting of the Members not regularly scheduled, describing the purposes

for which the meeting is called, shall be delivered not fewer than ten (10) days and not more than thirty (30) days before the date of the meeting to each Member, by or at the direction of the Manager or the Member(s) calling the meeting, as the case may be. The Members may hold meetings at the Company's principal office or at such other place, or by electronic means as the Manager or the Member(s) calling the meeting may designate in the notice for such meeting. To the extent possible, the Manager shall give Members the same notice as provided for in the Crowdfunding Issuer's constitutive documents.

(c) Any Member may participate in a meeting of the Members by means of telephone or other electronic communications equipment by means of which all Persons participating in the meeting hear each other, and participation in a meeting by such means shall constitute presence in person at such meeting.

(d) On any matter that is to be voted on by the Members, a Member may vote in person or by proxy, and such proxy may be granted in writing, by means of Electronic Transmission, or as otherwise permitted by Applicable Law. Every proxy shall be revocable in the discretion of the Member executing it unless otherwise provided in such proxy; provided, that such right to revocation shall not invalidate or otherwise affect actions taken under such proxy prior to such revocation.

(e) The business to be conducted at such meeting need not be limited to the purpose described in the notice and can include other business to be conducted by the Members; provided, that the Members shall have been notified of the meeting in accordance with Section 2.06(b). Attendance of a Member at any meeting shall constitute a waiver of notice of such meeting, except where a Member attends a meeting for the express purpose of objecting to the transaction of any business on the ground that the meeting is not lawfully called or convened.

(f) Unless otherwise provided in the Crowdfunding Issuer's constitutive documents, whose provisions shall govern with respect to matters of quorum, a quorum of any meeting of the Members shall require the presence, whether in person or by proxy, of the Members holding a majority of the Interests. Subject to Section 2.07, no action may be taken by the Members unless the appropriate quorum is present at a meeting.

(g) Unless otherwise provided in the Crowdfunding Issuer's constitutive documents, whose provisions shall govern with respect to matters of voting, subject to Section 2.07, Section 3.02, and Section 11.09, and any other provision of this Agreement or the Delaware Act requiring the vote, consent, or approval of a different percentage of the Interests, no action may be taken by the Members at any meeting at which a quorum is present without the affirmative vote of the Members holding a majority of the Interests.

Section 2.07 Action Without Meeting. Unless otherwise provided in the Crowdfunding Issuer's constitutive documents, whose provisions shall govern with respect to matters of action without meeting, notwithstanding the provisions of Section 2.06, any matter that is to be voted on, consented to, or approved by Members may be taken without a meeting, without prior notice, and without a vote if consented to, in writing or by Electronic Transmission, by a Member or Members holding not less than a minimum number of votes that would be necessary to authorize or take such action at a meeting at which each Member entitled to vote on the action is present and votes on such matter. A record shall be maintained by the Manager of each such action taken by written consent of a Member or Members.

### ARTICLE III – MANAGEMENT

Section 3.01 Management of the Company. Subject to the provisions of Section 3.02, and except as otherwise provided by the Delaware Act, the business, property, and affairs of the Company shall be managed by the Manager. The actions of the Manager taken in accordance with the provisions of this Agreement shall bind the Company. No other Member of the Company shall have any authority or right to act on behalf of or bind the Company, unless otherwise provided herein or unless specifically authorized by the Manager pursuant to a duly adopted resolution expressly authorizing such action.

Section 3.02 Actions Requiring Approval of Members. Without the written approval of Members holding a majority of the Interests, the Company shall not, and shall not enter into any commitment to:

(b) Issue additional Interests or other securities outside of a Regulation Crowdfunding Offering with the Crowdfunding Issuer, except in connection with a Transfer of Interests that complies with the applicable provisions of ARTICLE VI and Section 2.03(b), or admit additional Members to the Company.

(c) Dissolve, wind up, or liquidate the Company or initiate a bankruptcy proceeding involving the Company, at the sole discretion of the Manager; provided that no vote shall be required when such dissolution, winding up, or liquidation occurs under the terms of the Securities or Interests.

Notwithstanding the above, the Manager shall be able to take all actions necessary without the consent of the Members in order to maintain the Company's status as a crowdfunding vehicle.

Section 3.03 Prohibited Actions. The Manager is prohibited from having the Company take the following actions, or any other action which would result in the Company violating the conditions to be a "crowdfunding vehicle" pursuant to Rule 3a-9 under the Investment Company Act, except for transactions with the Crowdfunding Issuer pursuant to Regulation Crowdfunding. Such prohibited actions include, but are not limited to:

(a) Incurring any indebtedness, pledge or granting liens on any assets, or guarantee, assume, endorse, or otherwise become responsible for the obligations of any other Person.

(b) Making any loan or advance to, or a Capital Contribution or investment in, any Person.

Section 3.04 Officers. The Manager may appoint one or more individuals as officers of the Company (the "**Officers**") as the Manager deems necessary or desirable to carry on the business of the

Company and may delegate to such Officers such power and authority as the Manager deems advisable. An Officer is not required to be a Member of the Company. Any individual may hold two or more offices of the Company. Each Officer shall hold office until his or her successor is designated by the Manager or until his or her earlier death, resignation, or removal. Any Officer may resign at any time upon written notice to the Manager. Any Officer may be removed by the Manager at any time, with or without cause. A vacancy in any office occurring because of death, resignation, removal, or otherwise may, but need not, be filled by the Manager.

The Manager may resign at any time by delivering a written resignation to the Company, which resignation shall be effective upon receipt thereof unless it is specified to be effective at some other time or upon the occurrence of a particular event. Following the Manager's removal or resignation, a successor Manager shall be elected by the affirmative vote of the Members holding a majority of the Interests. The removal of the Manager shall not affect the Manager's rights as a Member and shall not constitute a withdrawal of such Member from the Company.

Section 3.06 Votes. Any vote required pursuant to this Article III may be made in accordance with Section 2.06 or Section 2.07.

#### **ARTICLE IV – ALLOCATIONS**

Section 4.01 Allocation of Profits and Losses.

#### **ARTICLE V – DISTRIBUTIONS**

(a) In the event that any distributable cash or other assets are received by the Company from the Crowdfunding Issuer pursuant to the terms of the Securities, the Manager shall make such distributions promptly to the holders of the Interests on a one-to-one basis as if the holders of the Interests held the Securities directly. The Manager may instruct the Crowdfunding Issuer to make such distribution directly to the holders of the Interests.

(b) Notwithstanding any provision to the contrary contained in this Agreement, the Company shall not make any distribution to Members if such distribution would violate the Delaware Act or other Applicable Law.

## ARTICLE VI – TRANSFERS

### Section 6.01 General Restrictions on Transfer.

(a) No Member shall Transfer all or any portion of its Interests in the Company, except with the written consent of the Manager. No Transfer of Interests to a Person not already a Member of the Company shall be deemed completed until the prospective Transferee is admitted as a Member of the Company in accordance with Section 2.03 hereof.

(b) Notwithstanding any other provision of this Agreement (including Section 6.02), each Member agrees that it will not Transfer all or any portion of its Interests in the Company, and the Company agrees that it shall not issue any Interests:

(i) except as permitted under the Securities Act and other applicable federal or state securities or blue sky laws;

(ii) if such Transfer or issuance would affect the Company's existence or qualification as a limited liability company under the Delaware Act;

(iii) if such Transfer or issuance would cause the Company to be required to register as an investment company under the Investment Company Act of 1940, as amended; or

(iv) if such Transfer or issuance would cause the assets of the Company to be deemed "Plan Assets" as defined under the Employee Retirement Income Security Act of 1974 or its accompanying regulations or result in any "prohibited transaction" thereunder involving the Company.

(c) Any Transfer or attempted Transfer of any Interest in violation of this Agreement shall be null and void, no such Transfer shall be recorded on the Company's books, and the purported Transferee in any such Transfer shall not be treated (and the purported Transferor shall continue to be treated) as the owner of such Interest for all purposes of this Agreement.

(d) Except as provided in Section 2.05(b), no Transfer (including a permitted Transfer) of Interests to a Person not already a Member of the Company shall be deemed completed until the prospective Transferee (including a permitted Transferee) is admitted as a Member of the Company in accordance with Section 2.03(b) hereof.

(e) For the avoidance of doubt, any Transfer of a Interest permitted by this Agreement shall be deemed a sale, transfer, assignment, or other disposal of such Interest in its entirety as intended by the parties to such Transfer, and shall not be deemed a sale, transfer, assignment, or other disposal of any less than all of the rights and benefits described in the definition of the term "Interest," unless otherwise explicitly agreed to by the parties to such Transfer.

### Section 6.02 Further Restrictions on Transfer.

(a) During the one-year period beginning on the date on which it acquired the Interest, a Member may not transfer such Interest except:

(i) To the Crowdfunding Issuer;

(b) Except as otherwise provided in the Delaware Act, by Applicable Law, or expressly in this Agreement, no Manager will be obligated personally for any debt, obligation, or liability of the Company, whether arising in contract, tort, or otherwise, solely by reason of being a Manager.

### Section 7.02 Indemnification.

(a) To the fullest extent permitted under the Delaware Act, any Covered Person (as defined in section (c) below) shall be entitled to indemnification and reimbursement of expenses by the Crowdfunding Issuer for and against any loss, damage, claim, or expense (including attorneys' fees) (collectively, "**Losses**") whatsoever incurred by the Covered Person relating to or arising out of any act or omission or alleged acts or omissions (whether or not constituting negligence) performed or omitted by any Covered Person on behalf of the Company; provided, however, that (i) any indemnity under this Section 7.02 shall be provided by the Crowdfunding Issuer, and neither any Member nor any other Person shall have any personal liability to contribute to such indemnity by the Crowdfunding Issuer; (ii) such Covered Person acted in good faith and in a manner believed by such Covered Person to be in, or not opposed to, the best interests of the Company and, with respect to any criminal proceeding, had no reasonable cause to believe his conduct was unlawful; and (iii) such Covered Person's conduct did not constitute fraud or willful misconduct, in either case as determined by a final, nonappealable order of a court of competent jurisdiction.

(b) Upon receipt by the Company of a written undertaking by or on behalf of the Covered Person to repay such amounts if it is finally judicially determined that the Covered Person is not entitled to indemnification under this Section 7.02, the Crowdfunding Issuer shall advance, to the extent reasonably required, each Covered Person for reasonable legal or other expenses (as incurred) of such Covered Person in connection with investigating, preparing to defend, or defending any claim, lawsuit, or other proceeding relating to any Losses for which such Covered Person may be indemnified pursuant to this Section 7.02.

(c) For purposes of this Section 7.02, "**Covered Person**" means (i) each Member of the Company; (ii) each Manager and Officer of the Company; and (iii) each officer, director, shareholder, partner, manager, member, Affiliate, employee, agent, or representative of each Member and of each Manager.

make copies thereof. Further, upon reasonable notice from a Member, the Manager shall make available the same such information of the Crowdfunding Issuer.

Section 8.02 Income Tax Status. It is the intent of this Company and the Members that this Company shall be treated as partnership for US, federal, state, and local income tax purposes. Neither the Manager nor any Member shall make an election for the Company to be classified as other than a partnership pursuant to Treasury Regulations Section 301.7701-3.

Section 8.03 Tax Matters Representative.

(a) Appointment; Resignation. The Members hereby appoint the Manager as the “partnership representative” as provided in Section 6223(a) of the Code (the “**Partnership Representative**”). The Partnership Representative can be removed at any time by a vote of Members holding 75% of the Interests of the Company, and shall resign if it is no longer the Manager. In the event of the resignation or removal of the Partnership Representative, the holders of a majority of the Interests of the Company shall appoint a new Partnership Representative.

(b) Tax Examinations and Audits. The Partnership Representative is authorized and required to represent the Company (at the Company’s expense) in connection with all examinations of the Company’s affairs by any federal, state, local, or foreign taxing authority, including resulting administrative and judicial proceedings, and to expend Company funds for professional services and costs associated therewith.

The Partnership Representative shall have sole authority to act on behalf of the Company in any such examinations and any resulting administrative or judicial proceedings, and shall have sole discretion to determine whether the Company (either on its own behalf or on behalf of the Members) will contest or continue to contest any tax deficiencies assessed or proposed to be assessed by any taxing authority.

(c) US Federal Tax Proceedings. To the extent permitted by applicable law and regulations, the Partnership Representative will cause the Company to annually elect out of the partnership audit procedures set forth in Subchapter C of Chapter 63 of the Code as amended by the Bipartisan Budget Act of 2015 (the “**Revised Partnership Audit Rules**”) pursuant to Section 6221(b) of the Code. (d) Section 754 Election. The Partnership Representative shall make an election under Section 754 of the Code only with the agreement in writing of a majority of the outstanding Interests.

(e) Indemnification. The Company, through the Crowdfunding Issuer, shall defend, indemnify, and hold harmless the Partnership Representative against any and all liabilities sustained as a result of any act or decision concerning Company tax matters and within the scope of such Member’s responsibilities as Partnership Representative, so long as such act or decision was done or made in good faith and does not constitute gross negligence or willful misconduct.

Section 8.04 Tax Returns.

(a) At the expense of the Crowdfunding Issuer, the Manager will cause the preparation and timely filing (including extensions) of all tax returns required to be filed by the Company pursuant to the Code as well as all other required tax returns in each jurisdiction in which the Company owns property or does business. As soon as reasonably possible after the end of each Fiscal Year, the Manager will deliver to each Member, Company information necessary for the preparation of such Member's federal, state, and local income tax returns for such Fiscal Year.

(b) Each Member agrees that such Member shall not treat any Company item on such Member's federal, state, foreign, or other income tax return inconsistently with the treatment of the item on the Company's return.

(a) The Manager shall provide all information necessary to the Crowdfunding Issuer for the Crowdfunding Issuer to make such ongoing reports as required by Regulation Crowdfunding.

(b) The Manager will cause the prompt distribution of any disclosure, and ongoing reports prepared by the Crowdfunding Issuer as soon as such disclosures and ongoing reports are completed by the Crowdfunding Issuer.

The Liquidator shall have full power and authority to distribute, sell, assign, and encumber any or all of the Company's assets and to wind up and liquidate the affairs of the Company in an orderly and business-like manner, in compliance with rules and regulations applicable to a “crowdfunding vehicle.”

(b) As promptly as possible after dissolution and again after final liquidation, the Liquidator shall cause a proper accounting to be made of the Company's Securities, assets, liabilities, and operations through the last day of the calendar month in which the dissolution occurs or the final liquidation is completed, as applicable.

(c) The Liquidator shall transfer ownership of the Securities to the Interest holders.

(d) The Liquidator shall then liquidate the assets of the Company, if any, and distribute the proceeds of such liquidation in the following order of priority, unless otherwise required by mandatory provisions of Applicable Law, and with any amounts to be paid to creditors to be paid by the Crowdfunding Issuer:

(i) First, to the payment of the Company's debts and liabilities to its creditors (including Members, if applicable) and the expenses of liquidation (including sales commissions incident to any sales of assets of the Company);

(ii) Second, to the establishment of and additions to reserves that are determined by the Manager to be reasonably necessary for any contingent unforeseen liabilities or obligations of the Company; and

(iii) Third, to the Members, on a pro rata basis, in accordance with the positive balances in their respective Capital Accounts, as determined after taking into account all Capital Account adjustments for the taxable year of the Company during which the liquidation of the Company occurs.

Section 11.06 Remedies. In the event of any actual or prospective breach or default by any party, the other parties shall be entitled to equitable relief, including remedies in the nature of injunction and specific performance, awarded by a court of competent jurisdiction (without being required to post a bond or other security or to establish any actual damages). In this regard, the parties acknowledge and agree that they will be irreparably damaged in the event this Agreement is not specifically enforced, since (among other things) the Interests are not readily marketable. All remedies hereunder are cumulative and not exclusive, may be exercised concurrently, and nothing herein shall be deemed to prohibit or limit any party from pursuing any other remedy or relief available at law or in equity for any actual or prospective breach or default, including recovery of damages. In addition, the parties hereby waive and renounce any defense to such equitable relief that an adequate remedy at law may exist.

Section 11.07 Severability. If any term or provision of this Agreement is held to be invalid, illegal, or unenforceable under Applicable Law in any jurisdiction, such invalidity, illegality, or unenforceability shall not affect any other term or provision of this Agreement or invalidate or render unenforceable such term or provision in any other jurisdiction.

Section 11.08 Successors and Assigns. Subject to the restrictions on Transfers set forth herein, this Agreement shall be binding upon and shall inure to the benefit of the parties hereto and their respective heirs, executors, administrators, successors, and assigns.

Section 11.09 Amendment. No provision of this Agreement may be amended or modified except by an instrument in writing executed by Members holding 75% of the Interests. Any such written amendment or modification will be binding upon the Company and each Member. Notwithstanding the foregoing, amendments to the Members Schedule may be made by the Manager in accordance with Section 3.02(a).

Section 11.10 Headings. The headings in this Agreement are inserted for convenience or reference only and are in no way intended to describe, interpret, define, or limit the scope, extent, or intent of this Agreement or any provision of this Agreement.

Section 11.11 Counterparts. This Agreement may be executed in counterparts, each of which shall be deemed an original, but all of which together shall be deemed to be one and the same agreement.

Section 11.12 Entire Agreement. This Agreement, together with the Certificate of Formation and all related Exhibits and Schedules, constitutes the sole and entire agreement of the parties to this Agreement with respect to the subject matter contained herein and therein, and supersedes all prior and contemporaneous understandings, agreements, representations, and warranties, both written and oral, with respect to such subject matter.

Section 11.13 No Third-Party Beneficiaries. Except as provided in ARTICLE VII, this Agreement is for the sole benefit of the parties hereto (and their respective heirs, executors, administrators, legal representatives, successors, and permitted assigns) and nothing herein, express or implied, is intended to or shall confer upon any other Person, including any creditor of the Company, any legal or equitable right, benefit, or remedy of any nature whatsoever under or by reason of this Agreement.

**SECOND AMENDED AND  
RESTATED CERTIFICATE OF  
INCORPORATION OF  
QNETIC CORPORATION**

(Pursuant to Sections 242 and 245 of the  
General Corporation Law of the State of Delaware)

QNETIC CORPORATION, a corporation organized and existing under and by virtue of the provisions of the General Corporation Law of the State of Delaware (the “**General Corporation Law**”),

**DOES HEREBY CERTIFY:**

1. That the name of this corporation is QNETIC CORPORATION, and that this corporation was originally incorporated pursuant to the General Corporation Law on September 20, 2022.

2. That the Board of Directors duly adopted resolutions proposing to amend and restate the Certificate of Incorporation of this corporation, declaring said amendment and restatement to be advisable and in the best interests of this corporation and its stockholders, and authorizing the appropriate officers of this corporation to solicit the consent of the stockholders therefor, which resolution setting forth the proposed amendment and restatement is as follows:

**RESOLVED**, that the Certificate of Incorporation of this corporation be amended and restated in its entirety to read as follows:

**FIRST:** The name of this corporation is QNETIC CORPORATION (the “**Corporation**”).

**SECOND:** The address of the registered office of the Corporation in the State of Delaware is 251 Little Falls Drive, in the City of Wilmington, County of New Castle, Delaware 19808. The name of its registered agent at such address is Corporation Service Company.

**THIRD:** The nature of the business or purposes to be conducted or promoted is to engage in any lawful act or activity for which corporations may be organized under the General Corporation Law.

**FOURTH:** The total number of shares of all classes of stock which the Corporation shall have authority to issue is (i) 30,050,000 shares of Common Stock, \$0.0001 par value per share (“**Common Stock**”) and (ii) 14,814,748 shares of Preferred Stock, \$0.0001 par value per share (“**Preferred Stock**”).

The following is a statement of the designations and the powers, preferences and special rights, and the qualifications, limitations or restrictions thereof in respect of each class of capital stock of the Corporation.

**A. COMMON STOCK**

1. **General.** The voting, dividend and liquidation rights of the holders of the Common Stock are subject to and qualified by the rights, powers and preferences of the holders of the Preferred Stock set forth herein.

2. **Voting.** The holders of the Common Stock are entitled to one vote for each share of Common Stock held at all meetings of stockholders (and written actions in lieu of meetings); *provided, however*, that, except as otherwise required by law, holders of Common Stock, as such, shall not be entitled to vote on any amendment to this Second Amended and Restated Certificate of Incorporation that relates solely to the terms of one or more outstanding series of Preferred Stock if the holders of such affected series

are entitled, either separately or together with the holders of one or more other such series, to vote thereon pursuant to this Second Amended and Restated Certificate of Incorporation or pursuant to the General Corporation Law. The number of authorized shares of Common Stock may be increased or decreased (but not below the number of shares thereof then outstanding) by (in addition to any vote of the holders of one or more series of Preferred Stock that may be required by the terms of this Second Amended and Restated Certificate of Incorporation) the affirmative vote of the holders of shares of capital stock of the Corporation representing a majority of the votes represented by all outstanding shares of capital stock of the Corporation entitled to vote, irrespective of the provisions of Section 242(b)(2) of the General Corporation Law.

## B. PREFERRED STOCK

5,464,480 shares of the authorized and unissued Preferred Stock of the Corporation are hereby designated “**Series Seed-1 Preferred Stock**”, 2,902,494 shares of the authorized and unissued Preferred Stock of the Corporation are hereby designated “**Series Seed-2 Preferred Stock**”, 1,800,154 shares of the authorized and unissued Preferred Stock of the Corporation are hereby designated “**Series Seed-3 Preferred Stock**”, 1,087,693 shares of the authorized and unissued Preferred Stock of the Corporation are hereby designated “**Series Seed-4 Preferred Stock**”, 1,530,006 shares of the authorized and unissued Preferred Stock of the Corporation are hereby designated “**Series Seed-5 Preferred Stock**”, and 2,029,921 shares of the authorized and unissued Preferred Stock of the Corporation are hereby designated “**Series CF Preferred Stock**”, with the following rights, preferences, powers and restrictions, qualifications and limitations. Series Seed-1 Preferred Stock, Series Seed-2 Preferred Stock, Series Seed-3 Preferred Stock, Series Seed-4 Preferred Stock, and Series Seed-5 Preferred Stock are collectively referred to as “**Series Seed Preferred Stock**”. Unless otherwise indicated, references to “sections” or “Sections” in this Part B of this Article Fourth refer to sections and Sections of Part B of this Article Fourth.

### 1. Dividends.

The Corporation shall not declare, pay or set aside any dividends on shares of any other class or series of capital stock of the Corporation (other than dividends on shares of Common Stock payable in shares of Common Stock) unless (in addition to the obtaining of any consents required elsewhere in this Second Amended and Restated Certificate of Incorporation) the holders of the Preferred Stock then outstanding shall first receive, or simultaneously receive, a dividend on each outstanding share of Preferred Stock in an amount at least equal to (i) in the case of a dividend on Common Stock, the product of (A) the dividend declared, paid or set aside on such Common Stock and (B) the number of shares of Common Stock issuable upon conversion of a share of such Preferred Stock; (ii) in the case of a dividend on a class or series of capital stock that is convertible into Common Stock, the product of (A) the dividend declared, paid or set aside per share of such class or series of capital stock and (B) the number of shares of Common Stock issuable upon conversion of a share of such Preferred Stock, divided by the number of shares of Common Stock issuable upon conversion of a share of such class or series of capital stock; or (iii) in the case of a dividend on any class or series that is not convertible into Common Stock, the product of (A) the amount of the dividend payable on each share of such class or series of capital stock divided by the original issuance price of such class or series of capital stock (subject to appropriate adjustment in the event of any stock dividend, stock split, combination or other similar recapitalization with respect to such class or series) and (B) the applicable Original Issue Price (as defined below); provided that, if the Corporation declares, pays or sets aside, on the same date, a dividend on shares of more than one class or series of capital stock of the Corporation, the dividend payable to the holders of Preferred Stock pursuant to this Section 1 shall be calculated based upon the dividend on the class or series of capital stock that would result in the highest Preferred Stock dividend for the applicable series of Preferred Stock. The “**Original Issue Price**” shall mean \$0.9150 per share for the Series Seed-1 Preferred Stock, \$0.7320 per share for the Series Seed-2

Preferred Stock, \$0.6863 per share for the Series Seed-3 Preferred Stock, \$0.5490 per share for the Series Seed-4 Preferred Stock, \$0.0654 per share for the Series Seed-5 Preferred Stock, and \$1.79 per share for the Series CF Preferred Stock, in each case subject to appropriate adjustment in the event of any stock dividend, stock split, combination or other similar recapitalization with respect to the applicable series of Preferred Stock.

## 2. **Liquidation, Dissolution or Winding Up; Certain Mergers, Consolidations and Asset Sales.**

### 2.1 **Preferential Payments to Holders of Preferred Stock.**

**2.1.1 Preferential Payments to Holders of Series Seed Preferred Stock.** In the event of any voluntary or involuntary liquidation, dissolution or winding up of the Corporation, the holders of shares of each series of Series Seed Preferred Stock then outstanding shall be entitled to be paid out of the assets of the Corporation available for distribution to its stockholders, and (b) a Deemed Liquidation Event (as defined below), the holders of shares of each series of Series Seed Preferred Stock then outstanding shall be entitled to be paid out of the consideration payable to stockholders in such Deemed Liquidation Event or out of the Available Proceeds (as defined below), as applicable, on a *pari passu* basis among each other, the greater of (i) an amount per share equal to one times the applicable Original Issue Price, plus any dividends declared but unpaid thereon, payable before any payment shall be made to the holders of Common Stock by reason of their ownership thereof (the amounts payable pursuant to this clause (i) are hereinafter referred to as the “**Series Seed Liquidation Amounts**”), or (ii) such amount per share as would have been payable had all shares of such series of Series Seed Preferred Stock (and all shares of all other series of Series Seed Preferred Stock that would receive a larger distribution per share if such series of Series Seed Preferred Stock and all such other series of Series Seed Preferred Stock were converted into Common Stock) been converted into Common Stock pursuant to Section 4 immediately prior to such liquidation, dissolution, winding up or Deemed Liquidation Event. If, upon any such liquidation, dissolution or winding up of the Corporation or Deemed Liquidation Event, the assets of the Corporation available for distribution to its stockholders shall be insufficient to pay the holders of shares of Series Seed Preferred Stock the full amount to which they shall be entitled under this Section 2.1.1, the holders of shares of Series Seed Preferred Stock shall share ratably in any distribution of the assets available for distribution in proportion to the respective amounts which would otherwise be payable in respect of the shares held by them upon such distribution if all amounts payable on or with respect to such shares were paid in full. “**Available Proceeds**” means the consideration received by the Corporation for the Deemed Liquidation Event (net of any retained liabilities associated with the assets sold or technology licensed, as determined in good faith by the Board of Directors of the Corporation), together with any other assets of the Corporation available for distribution to its stockholders, all to the extent permitted by Delaware law governing distributions to stockholders.

**2.1.2 Preferential Payments to Holders of Series CF Preferred Stock.** After the payment of all Series Seed Liquidation Amounts required to be paid to the holders of Series Seed Preferred Stock pursuant to Section 2.1.1, in the event of any voluntary or involuntary liquidation, dissolution or winding up of the Corporation, the holders of shares of Series CF Preferred Stock then outstanding shall be entitled to be paid out of the assets of the Corporation available for distribution to its stockholders, and in the event of a Deemed Liquidation Event, out of the consideration payable to stockholders in such Deemed Liquidation Event or the Available Proceeds, as applicable, before any payment shall be made to the holders of Common Stock by reason of their ownership thereof, an amount per share equal to the greater of (i) the applicable Original Issue Price, together with any dividends declared but unpaid thereon, and (ii) such amount per share as would have been payable had all shares of Series CF Preferred Stock been converted into Common Stock pursuant to Section 4 immediately prior to such liquidation, dissolution, winding up or Deemed Liquidation Event (the amount payable pursuant to this sentence is hereinafter referred to as the “**Series CF Liquidation Amount**”, and together with Series Seed Liquidation Amount, collectively, as the “**Liquidation Amounts**”). If upon any such liquidation, dissolution or winding up of the Corporation or Deemed Liquidation Event, the assets of the Corporation available for distribution to its stockholders shall be insufficient to pay the

holders of shares of Series CF Preferred Stock the full amount to which they shall be entitled under this Section 2.1.2, the holders of shares of Series CF Preferred Stock shall share ratably in any distribution of the assets available for distribution in proportion to the respective amounts which would otherwise be payable in respect of the shares held by them upon such distribution if all amounts payable on or with respect to such shares were paid in full.

**2.2 Payments to Holders of Common Stock.** In the event of (a) any voluntary or involuntary liquidation, dissolution or winding up of the Corporation, after the payment in full of all Liquidation Amounts required to be paid to the holders of shares of Preferred Stock, as applicable, the assets of the Corporation available for distribution to its stockholders and not payable to the holders of shares of Preferred Stock pursuant to Section 2.1, and (b) a Deemed Liquidation Event, after the payment in full of all Liquidation Amounts required to be paid to the holders of shares of Preferred Stock, as applicable, the consideration available for distribution to the stockholders of the Corporation and not payable to the holders of shares of Preferred Stock pursuant to Section 2.1 or the Available Proceeds not payable to the holders of shares of Preferred Stock pursuant to Section 2.1, as the case may be, shall be distributed among the holders of shares of Common Stock, pro rata based on the number of shares held by each such holder.

### **2.3 Deemed Liquidation Events.**

**2.3.1 Definition.** Each of the following events shall be considered a “**Deemed Liquidation Event**” unless the holders of at least a majority of the outstanding shares of Series Seed Preferred Stock voting together as a single class on an as-converted to Common Stock basis (the “**Requisite Holders**”) elect otherwise by written notice sent to the Corporation at least ten days prior to the effective date of any such event:

(a) a merger or consolidation involving the Corporation, except any such merger or consolidation involving the Corporation in which the shares of capital stock of the Corporation outstanding immediately prior to such merger or consolidation continue to represent, or are converted into or exchanged for shares of capital stock that represent, immediately following such merger or consolidation, at least a majority, by voting power, of the capital stock of (1) the surviving or resulting corporation; or (2) if the surviving or resulting corporation is a wholly owned subsidiary of another corporation immediately following such merger or consolidation, the parent corporation of such surviving or resulting corporation; or

(b) the sale, lease, transfer, exclusive license or other disposition, in a single transaction or series of related transactions, by the Corporation or any subsidiary of the Corporation of all or substantially all the assets of the Corporation and its subsidiaries taken as a whole, except where such sale, lease, transfer, exclusive license or other disposition is to a wholly owned subsidiary of the Corporation.

**2.3.2 Amount Deemed Paid or Distributed.** The amount deemed paid or distributed to the holders of capital stock of the Corporation upon any such merger, consolidation, sale, transfer, exclusive license, other disposition or redemption shall be the cash or the value of the property, rights or securities to be paid or distributed to such holders pursuant to such Deemed Liquidation Event. The value of such property, rights or securities shall be determined in good faith by the Board of Directors of the Corporation.

## **3. Voting.**

**3.1 General.** On any matter presented to the stockholders of the Corporation for their action or consideration at any meeting of stockholders of the Corporation (or by written consent of stockholders in lieu of a meeting), each holder of outstanding shares of Series Seed Preferred Stock shall be entitled to cast the number of votes equal to the number of whole shares of Common Stock into which

the shares of Series Seed Preferred Stock held by such holder are convertible as of the record date for determining stockholders entitled to vote on such matter. Except as provided by law or by the other provisions of this Second Amended and Restated Certificate of Incorporation, holders of Series Seed Preferred Stock shall vote together with the holders of Common Stock as a single class and on an as-converted to Common Stock basis. To the extent permitted by the General Corporation Law, the holders of the Series CF Preferred Stock shall not be entitled to vote on any matter required or permitted to be voted on by the stockholders of the Corporation; provided, however, that in the event that any matter presented to the stockholders of the Corporation for their action or consideration at any meeting of stockholders of the Corporation (or by written consent of stockholders in lieu of meeting) is a matter on which the shares of the Series CF Preferred Stock are required to be entitled to a vote pursuant to applicable law, each holder of outstanding shares of the Series CF Preferred Stock shall be entitled to cast the number of votes equal to the number of whole shares of Common Stock into which the shares of the Series CF Preferred Stock held by such holder are convertible as of the record date for determining stockholders entitled to vote on such matter.

**3.2 Election of Directors.** The holders of record of the shares of Series Seed-1 Preferred Stock, exclusively and as a separate class, shall be entitled to elect one director of the Corporation, and the holders of record of the shares of Common Stock, exclusively and as a separate class, shall be entitled to elect the remaining number of directors as fixed pursuant to the Bylaws of the Corporation; *provided, however*, that, for administrative convenience, any initial director or directors that any class or classes or series of Preferred Stock shall be entitled to elect in accordance with the foregoing may also be appointed by the Board of Directors, acting by a majority of the sitting directors, regardless of whether any such sitting directors are elected by any particular class or classes or series of capital stock, without any action by the holders of such class or classes or series of Preferred Stock. Any director elected (or appointed) as provided in the preceding sentence may be removed without cause by, and only by, the affirmative vote of the holders of the shares of the class or series of capital stock entitled to elect such director or directors, given either at a special meeting of such stockholders duly called for that purpose or pursuant to a written consent of stockholders. If the holders of shares of Series Seed-1 Preferred Stock or Common Stock, as the case may be, fail to elect a sufficient number of directors to fill all directorships for which they are entitled to elect directors, voting exclusively and as a separate class, pursuant to the first sentence of this Section 3.2 (and to the extent any of such directorships is not otherwise filled by a director appointed by the Board of Directors in accordance with the first sentence of this Section 3.2), then any directorship not so filled shall remain vacant until such time as the holders of the Series Seed-1 Preferred Stock or Common Stock, as the case may be, elect a person to fill such directorship by vote or written consent in lieu of a meeting; and no such directorship may be filled by stockholders of the Corporation other than by the stockholders of the Corporation that are entitled to elect a person to fill such directorship, voting exclusively and as a separate class. The holders of record of the shares of Common Stock and of any other class or series of voting stock (including the Series Seed Preferred Stock), exclusively and voting together as a single class, shall be entitled to elect the balance of the total number of directors of the Corporation. Except as otherwise provided in this Section 3.2, a vacancy in any directorship elected by the holders of any class or classes or series shall be filled only by vote or written consent in lieu of a meeting of the holders of such class or classes or series or by any remaining director or directors elected by the holders of such class or classes or series pursuant to this Section 3.2.

**4. Optional Conversion.** The holders of the Preferred Stock shall have conversion rights as follows (the “**Conversion Rights**”):

**4.1 Right to Convert.**

**4.1.1 Conversion Ratio.** Each share of Series Seed Preferred Stock shall be convertible, at the option of the holder thereof, at any time and from time to time, and without the payment of additional consideration by the holder thereof, into such number of fully paid and non-assessable shares of Common Stock as is determined by dividing the applicable Original Issue Price by the applicable

Conversion Price (as defined below) in effect at the time of conversion. Shares of Series CF Preferred Stock shall only be convertible, as provided for in Section 5 below, into such number of fully paid and non-assessable shares of Common Stock as is determined by dividing the applicable Original Issue Price by the applicable Conversion Price in effect at the time of conversion. The “**Conversion Price**” shall initially be equal to \$0.9150 per share for the Series Seed-1 Preferred Stock, \$0.7320 per share for the Series Seed-2 Preferred Stock, \$0.6863 per share for the Series Seed-3 Preferred Stock, \$0.5490 per share for the Series Seed-4 Preferred Stock, \$0.0654 per share for the Series Seed-5 Preferred Stock, and \$1.79 per share for the Series CF Preferred Stock. Such initial Conversion Price, and the rate at which shares of Preferred Stock may be converted into shares of Common Stock, shall be subject to adjustment as provided below.

**4.1.2 Termination of Conversion Rights.** In the event of a liquidation, dissolution or winding up of the Corporation or a Deemed Liquidation Event, the Conversion Rights shall terminate at the close of business on the last full day preceding the date fixed for the payment of any such amounts distributable on such event to the holders of Series Seed Preferred Stock; *provided* that the foregoing termination of Conversion Rights shall not affect the amounts otherwise paid or payable in accordance with Section 2.1.1 to the holders of Series Seed Preferred Stock pursuant to such liquidation, dissolution or winding up of the Corporation or a Deemed Liquidation Event.

**4.2 Fractional Shares.** No fractional shares of Common Stock shall be issued upon conversion of the Preferred Stock. In lieu of any fractional shares to which the holder would otherwise be entitled, the number of shares of Common Stock to be issued upon conversion of the Preferred Stock shall be rounded down to the nearest whole share.

**4.3 Mechanics of Conversion.**

**4.3.1 Conversion.** The close of business on the date of receipt by the transfer agent (or by the Corporation if the Corporation serves as its own transfer agent) of written notice from a converting stockholder, any requested endorsements and instruments of transfer and, if applicable, certificates (or a lost certificate affidavit and indemnity agreement) shall be the time of conversion (the “**Conversion Time**”), and the shares of Common Stock issuable upon conversion of the specified shares shall be deemed to be outstanding of record as of such date.

**4.3.2 Reservation of Shares.** The Corporation shall at all times when the Preferred Stock shall be outstanding, reserve and keep available out of its authorized but unissued capital stock, for the purpose of effecting the conversion of the Preferred Stock, such number of its duly authorized shares of Common Stock as shall from time to time be sufficient to effect the conversion of all outstanding Preferred Stock; and if at any time the number of authorized but unissued shares of Common Stock shall not be sufficient to effect the conversion of all then outstanding shares of the Preferred Stock, the Corporation shall take such corporate action as may be necessary to increase its authorized but unissued shares of Common Stock to such number of shares as shall be sufficient for such purposes, including, without limitation, engaging in reasonable best efforts to obtain the requisite stockholder approval of any necessary amendment to this Second Amended and Restated Certificate of Incorporation.

**4.3.3 Effect of Conversion.** All shares of Series Seed Preferred Stock which shall have been surrendered for conversion as herein provided shall no longer be deemed to be outstanding and all rights with respect to such shares shall immediately cease and terminate at the Conversion Time, except only the right of the holders thereof to receive shares of Common Stock in exchange therefor and to receive payment of any dividends declared but unpaid thereon. Any shares of Series Seed Preferred Stock so converted shall be retired and cancelled and may not be reissued as shares of such series, and the Corporation may thereafter take such appropriate action (without the need for stockholder action) as may be necessary to reduce the authorized number of shares of such series of Series Seed Preferred Stock accordingly.

**4.3.4 Taxes.** The Corporation shall pay any and all issue and other

similar taxes that may be payable in respect of any issuance or delivery of shares of Common Stock upon conversion of shares of Series Seed Preferred Stock pursuant to this Section 4. The Corporation shall not, however, be required to pay any tax which may be payable in respect of any transfer involved in the issuance and delivery of shares of Common Stock in a name other than that in which the shares of Series Seed Preferred Stock so converted were registered, and no such issuance or delivery shall be made unless and until the person or entity requesting such issuance has paid to the Corporation the amount of any such tax or has established, to the satisfaction of the Corporation, that such tax has been paid.

#### 4.4 **Reserved.**

4.5 **Adjustment for Stock Splits and Combinations.** If the Corporation shall at any time or from time to time after the date on which the first share of Series Seed-1 Preferred Stock was issued (the “**Original Issue Date**”) effect a subdivision of the outstanding Common Stock, the applicable Conversion Price in effect immediately before that subdivision shall be proportionately decreased so that the number of shares of Common Stock issuable on conversion of each share of such series shall be increased in proportion to such increase in the aggregate number of shares of Common Stock outstanding. If the Corporation shall at any time or from time to time after the Original Issue Date combine the outstanding shares of Common Stock, the applicable Conversion Price in effect immediately before the combination shall be proportionately increased so that the number of shares of Common Stock issuable on conversion of each share of such series shall be decreased in proportion to such decrease in the aggregate number of shares of Common Stock outstanding. Any adjustment under this Section 4.5 shall become effective at the close of business on the date the subdivision or combination becomes effective.

4.6 **Adjustment for Certain Dividends and Distributions.** In the event the Corporation at any time or from time to time after the Original Issue Date shall make or issue, or fix a record date for the determination of holders of Common Stock entitled to receive, a dividend or other distribution payable on the Common Stock in additional shares of Common Stock, then and in each such event the applicable Conversion Price in effect immediately before such event shall be decreased as of the time of such issuance or, in the event such a record date shall have been fixed, as of the close of business on such record date, by multiplying such Conversion Price then in effect by a fraction:

(1) the numerator of which shall be the total number of shares of Common Stock issued and outstanding immediately prior to the time of such issuance or the close of business on such record date, and

(2) the denominator of which shall be the total number of shares of Common Stock issued and outstanding immediately prior to the time of such issuance or the close of business on such record date plus the number of shares of Common Stock issuable in payment of such dividend or distribution.

Notwithstanding the foregoing, (a) if such record date shall have been fixed and such dividend is not fully paid or if such distribution is not fully made on the date fixed therefor, the applicable Conversion Price shall be recomputed accordingly as of the close of business on such record date and thereafter such Conversion Price shall be adjusted pursuant to this Section 4.6 as of the time of actual payment of such dividends or distributions; and (b) no such adjustment shall be made if the holders of such series of Preferred Stock simultaneously receive a dividend or other distribution of shares of Common Stock in a number equal to the number of shares of Common Stock as they would have received if all outstanding shares of such series of Preferred Stock had been converted into Common Stock on the date of such event.

4.7 **Adjustments for Other Dividends and Distributions.** In the event the Corporation at any time or from time to time after the Original Issue Date shall make or issue, or fix a record date for the determination of holders of Common Stock entitled to receive, a dividend or other distribution payable in securities of the Corporation (other than a distribution of shares of Common Stock in respect of outstanding shares of Common Stock) or in other property and any provisions in this Second

Amended and Restated Certificate of Incorporation with respect to dividend rights of the Preferred Stock do not otherwise apply to such dividend or distribution, then and in each such event the holders of Preferred Stock shall receive, simultaneously with the distribution to the holders of Common Stock, a dividend or other distribution of such securities or other property in an amount equal to the amount of such securities or other property as they would have received if all outstanding shares of Preferred Stock had been converted into Common Stock on the date of such event.

**4.8 Adjustment for Merger or Reorganization, etc.** Subject to the provisions of Section 2.3, if there shall occur any reorganization, recapitalization, reclassification, consolidation or merger involving the Corporation in which the Common Stock (but not the Preferred Stock) is converted into or exchanged for securities, cash or other property (other than a transaction covered by Sections 4.4, 4.6 or 4.7), then, following any such reorganization, recapitalization, reclassification, consolidation or merger, each share of Preferred Stock shall thereafter be convertible in lieu of the Common Stock into which it was convertible prior to such event into the kind and amount of securities, cash or other property which a holder of the number of shares of Common Stock of the Corporation issuable upon conversion of one share of such Preferred Stock immediately prior to such reorganization, recapitalization, reclassification, consolidation or merger would have been entitled to receive pursuant to such transaction; and, in such case, appropriate adjustment (as determined in good faith by the Board of Directors of the Corporation) shall be made in the application of the provisions in this Section 4 with respect to the rights and interests thereafter of the holders of the Preferred Stock, to the end that the provisions set forth in this Section 4 (including provisions with respect to changes in and other adjustments of the applicable Conversion Price) shall thereafter be applicable, as nearly as reasonably may be, in relation to any securities or other property thereafter deliverable upon the conversion of the Preferred Stock.

**4.9 Certificate as to Adjustments.** Upon the occurrence of each adjustment or readjustment of the Conversion Price of a series of Preferred Stock pursuant to this Section 4, the Corporation at its expense shall, as promptly as reasonably practicable, compute such adjustment or readjustment in accordance with the terms hereof and furnish to each holder of such series of Preferred Stock a certificate setting forth such adjustment or readjustment (including the kind and amount of securities, cash or other property into which such series of Preferred Stock is convertible) and showing in detail the facts upon which such adjustment or readjustment is based. The Corporation shall, as promptly as reasonably practicable after the written request at any time of any holder of Preferred Stock, furnish or cause to be furnished to such holder a certificate setting forth (i) the Conversion Price then in effect for each series of Preferred Stock held by such holder, and (ii) the number of shares of Common Stock and the amount, if any, of other securities, cash or property which then would be received upon the conversion of each such series of Preferred Stock.

**4.10 Notice of Record Date.** In the event:

(a) the Corporation shall take a record of the holders of its Common Stock (or other capital stock or securities at the time issuable upon conversion of the Preferred Stock) for the purpose of entitling or enabling them to receive any dividend or other distribution, or to receive any right to subscribe for or purchase any shares of capital stock of any class or any other securities, or to receive any other security; or

(b) of any capital reorganization of the Corporation, any reclassification of the Common Stock of the Corporation, or any Deemed Liquidation Event; or

(c) of the voluntary or involuntary dissolution, liquidation or winding-up of the Corporation, then, and in each such case, the Corporation will send or cause to be sent to the holders of the Preferred Stock a notice specifying, as the case may be, (i) the record date for such dividend, distribution or right, and the amount and character of such dividend, distribution or right, or (ii) the effective date on which such reorganization, reclassification, consolidation, merger, transfer, dissolution, liquidation or winding-up is proposed to take place, and the time, if any is to be fixed, as of which the holders

of record of Common Stock (or such other capital stock or securities at the time issuable upon the conversion of the Preferred Stock) shall be entitled to exchange their shares of Common Stock (or such other capital stock or securities) for securities or other property deliverable upon such reorganization, reclassification, consolidation, merger, transfer, dissolution, liquidation or winding-up, and the amount per share and character of such exchange applicable to the Preferred Stock and the Common Stock. Such notice shall be sent at least ten days prior to the record date or effective date for the event specified in such notice.

## 5. **Mandatory Conversion.**

5.1 **Trigger Events.** All outstanding shares of Preferred Stock shall automatically be converted into shares of Common Stock, at the then effective conversion rate as calculated pursuant to Section 4.1.1, (a) immediately prior to the closing of the sale of shares of Common Stock (or other equity securities of the Corporation) to the public in a firm-commitment underwritten public offering pursuant to an effective registration statement under the Securities Act of 1933, as amended; (b) immediately prior to the effectiveness of the registration statement in connection with the initial listing of the Common Stock (or other equity securities of the Corporation) on the Nasdaq Stock Market, the New York Stock Exchange or another exchange or marketplace approved by the Board of Directors by means of an effective registration statement filed by the Corporation with the Securities and Exchange Commission, without a related underwritten offering of such Common Stock (or other equity securities); (c) immediately prior to the consummation of a transaction or series of related transactions by merger, consolidation, share exchange or otherwise of the Corporation with a publicly-traded “special purpose acquisition company” or its subsidiary (collectively, a “SPAC”), immediately following the consummation of which the common stock or share capital of the SPAC or its successor entity is listed on the Nasdaq Stock Market, the New York Stock Exchange or another exchange or marketplace approved by the Board of Directors (such transaction or series of related transactions, the “**SPAC Transaction**”); and (d) the date and time, or the occurrence of an event, specified by vote or written consent of the Requisite Holders (any of (a), (b), (c) or (d), the “**Mandatory Conversion Time**”). Such automatically converted shares of Preferred Stock may not be reissued by the Corporation. For the avoidance of doubt, upon automatic conversion of all outstanding shares of Preferred Stock into shares of Common Stock immediately prior to a SPAC Transaction pursuant to clause (c) of the first sentence of this Section 5.1, all rights of the Preferred Stock under Section 2 with respect to preferential payments (or any other payments that may otherwise differ from distributions to Common Stock) will terminate, and no such rights shall apply with respect to the SPAC Transaction.

5.2 **Procedural Requirements.** All holders of record of shares of Preferred Stock shall be sent written notice of the Mandatory Conversion Time and the place designated for mandatory conversion of all such shares of Preferred Stock pursuant to this Section 5. Such notice need not be sent in advance of the occurrence of the Mandatory Conversion Time. Upon receipt of such notice, each holder of shares of Preferred Stock in certificated form shall surrender his, her or its certificate or certificates for all such shares (or, if such holder alleges that such certificate has been lost, stolen or destroyed, a lost certificate affidavit and agreement reasonably acceptable to the Corporation to indemnify the Corporation against any claim that may be made against the Corporation on account of the alleged loss, theft or destruction of such certificate) to the Corporation at the place designated in such notice. If so required by the Corporation, any certificates surrendered for conversion shall be endorsed or accompanied by written instrument or instruments of transfer, in form satisfactory to the Corporation, duly executed by the registered holder or by his, her or its attorney duly authorized in writing. All rights with respect to the Preferred Stock converted pursuant to Section 5.1, including the rights, if any, to receive notices and vote (other than as a holder of Common Stock), will terminate at the Mandatory Conversion Time (notwithstanding the failure of the holder or holders thereof to surrender any certificates at or prior to such time), except only the rights of the holders thereof, upon surrender of any certificate or certificates of such holders (or lost certificate affidavit and agreement) therefor, to receive the items provided for in the next sentence of this Section 5.2. As soon as practicable after the Mandatory Conversion Time and, if applicable, the surrender of any certificate or certificates (or lost certificate affidavit and agreement) for Preferred Stock, the Corporation shall (a) issue and deliver to such holder, or to his, her or its nominees, a certificate

or certificates for the number of full shares of Common Stock issuable on such conversion in accordance with the provisions hereof or issue and deliver to such holder, or to his, her or its nominees, a notice of issuance of uncertificated shares and may, upon written request, issue and deliver a certificate for the number of full shares of Common Stock issuable upon such conversion in accordance with the provisions hereof; and (b) pay any declared but unpaid dividends on the shares of Preferred Stock converted. Such converted Preferred Stock shall be retired and cancelled and may not be reissued as shares of such series, and the Corporation may thereafter take such appropriate action (without the need for stockholder action) as may be necessary to reduce the authorized number of shares of Preferred Stock accordingly.

6. **Redeemed or Otherwise Acquired Shares.** Any shares of Preferred Stock that are redeemed, converted or otherwise acquired by the Corporation or any of its subsidiaries shall be automatically and immediately cancelled and retired and shall not be reissued, sold or transferred. Neither the Corporation nor any of its subsidiaries may exercise any voting or other rights granted to the holders of Preferred Stock following redemption, conversion or acquisition.

7. **Waiver.** Except as otherwise set forth herein or required by law, (a) any of the rights, powers, preferences and other terms of the Preferred Stock set forth herein may be waived on behalf of all holders of Preferred Stock by the affirmative written consent or vote of the Requisite Holders; and (b) any of the rights, powers, preferences and other terms of a series of Series Seed Preferred Stock set forth herein may be waived on behalf of all holders of such series of Series Seed Preferred Stock by the affirmative written consent or vote of the holders of at least a majority of the then outstanding shares of such series of Series Seed Preferred Stock.

8. **Notices.** Any notice required or permitted by the provisions of this Article Fourth to be given to a holder of shares of Preferred Stock shall be mailed, postage prepaid, to the post office address last shown on the records of the Corporation, or given by electronic communication in compliance with the provisions of the General Corporation Law, and shall be deemed sent upon such mailing or electronic transmission.

**FIFTH:** Subject to any additional vote required by this Second Amended and Restated Certificate of Incorporation or the Bylaws of the Corporation, in furtherance and not in limitation of the powers conferred by statute, the Board of Directors is expressly authorized to make, repeal, alter, amend and rescind any or all of the Bylaws of the Corporation.

**SIXTH:** Subject to any additional vote required by this Second Amended and Restated Certificate of Incorporation, the number of directors of the Corporation shall be determined in the manner set forth in the Bylaws of the Corporation.

**SEVENTH:** Elections of directors need not be by written ballot unless the Bylaws of the Corporation shall so provide.

**EIGHTH:** Meetings of stockholders may be held within or outside of the State of Delaware, as the Bylaws of the Corporation may provide. The books of the Corporation may be kept (subject to any provision of applicable law) outside of the State of Delaware at such place or places or in such manner or manners as may be designated from time to time by the Board of Directors or in the Bylaws of the Corporation.

**NINTH:** To the fullest extent permitted by law, a director or officer of the Corporation shall not be personally liable to the Corporation or its stockholders for monetary damages for breach of fiduciary duty as a director or officer. If the General Corporation Law or any other law of the State of Delaware is amended after approval by the stockholders of this Article Ninth to authorize corporate action further eliminating or limiting the personal liability of directors or officers, then the liability of a director or officer of the Corporation shall be eliminated or limited to the fullest extent permitted by the General Corporation Law as so amended.

Any amendment, repeal or elimination of the foregoing provisions of this Article Ninth by the stockholders of the Corporation shall not adversely affect any right or protection of a director or officer of the Corporation existing at the time of, or increase the liability of any director or officer of the Corporation with respect to any acts or omissions of such director or officer occurring prior to, such amendment, repeal or elimination.

All references to an officer of the Corporation in this Article Ninth shall mean a person who is an officer of the Corporation for purposes of Section 102(b)(7) of the General Corporation Law.

**TENTH:** To the fullest extent permitted by applicable law, the Corporation is authorized to provide indemnification of (and advancement of expenses to) directors, officers and agents of the Corporation (and any other persons to which the General Corporation Law permits the Corporation to provide indemnification) through Bylaw provisions, agreements with such agents or other persons, vote of stockholders or disinterested directors or otherwise, in excess of the indemnification and advancement otherwise permitted by Section 145 of the General Corporation Law.

Any amendment, repeal, modification or elimination of the foregoing provisions of this Article Tenth shall not (a) adversely affect any right or protection of any director, officer or other agent of the Corporation existing at the time of such amendment, repeal, modification or elimination; or (b) increase the liability of any director, officer or agent of the Corporation with respect to any acts or omissions of such director, officer or agent occurring prior to such amendment, repeal, modification or elimination.

**ELEVENTH:** The Corporation renounces, to the fullest extent permitted by law, any interest or expectancy of the Corporation in, or in being offered an opportunity to participate in, any Excluded Opportunity. An “**Excluded Opportunity**” is any matter, transaction or interest that is presented to, or acquired, created or developed by, or which otherwise comes into the possession of (i) any director of the Corporation who is not an employee of the Corporation or any of its subsidiaries, or (ii) any holder of Series Seed Preferred Stock or any partner, member, director, stockholder, employee, affiliate or agent of any such holder, other than someone who is an officer or employee of the Corporation or any of its subsidiaries (collectively, the persons referred to in clauses (i) and (ii) are “**Covered Persons**”), unless such matter, transaction or interest is presented to, or acquired, created or developed by, or otherwise comes into the possession of, a Covered Person expressly and solely in such Covered Person’s capacity as a director of the Corporation. Any repeal or modification of this Article Eleventh will only be prospective and will not affect the rights under this Article Eleventh in effect at the time of the occurrence of any actions or omissions to act giving rise to liability. Notwithstanding anything to the contrary contained elsewhere in this Second Amended and Restated Certificate of Incorporation, the affirmative vote of the holders of at least a majority of the shares of Series Seed Preferred Stock then outstanding will be required to amend or repeal, or to adopt any provisions inconsistent with this Article Eleventh.

**TWELFTH:** Unless the Corporation consents in writing to the selection of an alternative forum, the Court of Chancery in the State of Delaware shall be the sole and exclusive forum for any stockholder (including a beneficial owner) to bring (i) any derivative action or proceeding brought on behalf of the Corporation, (ii) any action asserting a claim of breach of fiduciary duty owed by any director, officer or other employee of the Corporation to the Corporation or the Corporation’s stockholders, (iii) any action asserting a claim against the Corporation, its directors, officers or employees arising pursuant to any provision of the General Corporation Law or the Corporation’s certificate of incorporation or bylaws or (iv) any action asserting a claim against the Corporation, its directors, officers or employees governed by the internal affairs doctrine, except for, as to each of (i) through (iv) above, any claim as to which the Court of Chancery determines that there is an indispensable party not subject to the jurisdiction of the Court of Chancery (and the indispensable party does not consent to the personal jurisdiction of the Court of Chancery within ten days following such determination), which is vested in the exclusive jurisdiction of a court or forum other than the Court of Chancery, or for which the Court of Chancery does not have subject matter

jurisdiction. If any provision or provisions of this Article Twelfth shall be held to be invalid, illegal or unenforceable as applied to any person or entity or circumstance for any reason whatsoever, then, to the fullest extent permitted by law, the validity, legality and enforceability of such provisions in any other circumstance and of the remaining provisions of this Article Twelfth (including, without limitation, each portion of any sentence of this Article Twelfth containing any such provision held to be invalid, illegal or unenforceable that is not itself held to be invalid, illegal or unenforceable) and the application of such provision to other persons or entities and circumstances shall not in any way be affected or impaired thereby.

**THIRTEENTH:** For purposes of Section 500 of the California Corporations Code (to the extent applicable), in connection with any repurchase of shares of Common Stock permitted under this Second Amended and Restated Certificate of Incorporation from employees, officers, directors or consultants of the Corporation in connection with a termination of employment or services pursuant to agreements or arrangements approved by the Board of Directors (in addition to any other consent required under this Second Amended and Restated Certificate of Incorporation), such repurchase may be made without regard to any “preferential dividends arrears amount” or “preferential rights amount” (as those terms are defined in Section 500 of the California Corporations Code). Accordingly, for purposes of making any calculation under California Corporations Code Section 500 in connection with such repurchase, the amount of any “preferential dividends arrears amount” or “preferential rights amount” (as those terms are defined therein) shall be deemed to be zero.

### STOCKHOLDERS’ MEETINGS

**Section 4. Place of Meetings.** Meetings of the stockholders of the corporation may be held at such place, either within or without the State of Delaware, as may be determined from time to time by the Board of Directors. The Board of Directors may, in its sole discretion, determine that the meeting will not be held at any place, but may instead be held solely by means of remote communication as provided under the Delaware General Corporation Law (the “**DGCL**”).

### Section 5. Annual Meeting.

(a) The annual meeting of the stockholders of the corporation, for the purpose of election of directors and for such other business as may lawfully come before it, will be held on such date and at such time as may be designated from time to time by the Board of Directors. Nominations of persons for election to the Board of Directors of the corporation and the proposal of business to be considered by the stockholders may be made at an annual meeting of stockholders: (i) pursuant to the corporation’s notice of meeting of stockholders; (ii) by or at the direction of the Board of Directors; or (iii) by any stockholder of the corporation who was a stockholder of record at the time of giving of notice provided for in the following paragraph, who is entitled to vote at the meeting and who complied with the notice procedures set forth in this Section.

(b) At an annual meeting of the stockholders, only such business will be conducted as has been properly brought before the meeting. For nominations or other business to be properly brought before an annual meeting by a stockholder pursuant to clause (iii) of paragraph (a) of this Section, (i) the stockholder must have given timely notice thereof in writing to the Secretary of the corporation, (ii) such other business must be a proper matter for stockholder action under the DGCL and applicable law, (iii) if the stockholder, or the beneficial owner on whose behalf any such proposal or nomination is made, has provided the corporation with a Solicitation Notice (as defined in this paragraph), such stockholder or beneficial owner must, in the case of a proposal, have delivered a proxy statement and form of proxy to

holders of at least the percentage of the corporation's voting shares required under applicable law to carry any such proposal, or, in the case of a nomination or nominations, have delivered a proxy statement and form of proxy to holders of a percentage of the corporation's voting shares reasonably believed by such stockholder or beneficial owner to be sufficient to elect the nominee or nominees proposed to be nominated by such stockholder, and must, in either case, have included in such materials the Solicitation Notice, and (iv) if no Solicitation Notice relating thereto has been timely provided pursuant to this Section, the stockholder or beneficial owner proposing such business or nomination must not have solicited a number of proxies sufficient to have required the delivery of such a Solicitation Notice under this Section. To be timely, a stockholder's notice will be delivered to the Secretary at the principal executive offices of the corporation not later than the close of business on the 90<sup>th</sup> day nor earlier than the close of business on the 120<sup>th</sup> day prior to the first anniversary of the preceding year's annual meeting; *provided, however*, that in the event that the date of the annual meeting is advanced more than 30 days prior to or delayed by more than 30 days after the anniversary of the preceding year's annual meeting, notice by the stockholder to be timely must be so delivered not earlier than the close of business on the 120<sup>th</sup> day prior to such annual meeting and not later than the close of business on the later of the 90<sup>th</sup> day prior to such annual meeting or the 10<sup>th</sup> day following the day on which public announcement of the date of such meeting is first made. In no event will the public announcement of an adjournment of an annual meeting commence a new time period for the giving of a stockholder's notice as described above. Such stockholder's notice will set forth: (A) as to each person whom the stockholder proposed to nominate for election or reelection as a director all information relating to such person that is required to be disclosed in solicitations of proxies for election of directors in an election contest, or is otherwise required, in each case pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended (the "**1934 Act**"), and Rule 14a-4(d) thereunder (including such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected); (B) as to any other business that the stockholder proposes to bring before the meeting, a brief description of the business desired to be brought before the meeting, the reasons for conducting such business at the meeting and any material interest in such business of such stockholder and the beneficial owner, if any, on whose behalf the proposal is made; and (C) as to the stockholder giving the notice and the beneficial owner, if any, on whose behalf the nomination or proposal is made (i) the name and address of such stockholder, as they appear on the corporation's books, and of such beneficial owner, (ii) the class and number of shares of the corporation that are owned beneficially and of record by such stockholder and such beneficial owner, and (iii) whether either such stockholder or beneficial owner intends to deliver a proxy statement and form of proxy to holders of, in the case of the proposal, at least the percentage of the corporation's voting shares required under applicable law to carry the proposal or, in the case of a nomination or nominations, a sufficient number of holders of the corporation's voting shares to elect such nominee or nominees (an affirmative statement of such intent, a "**Solicitation Notice**").

(c) Notwithstanding anything in the second sentence of paragraph (b) of this Section to the contrary, in the event that the number of directors to be elected to the Board of Directors of the corporation is increased and there is no public announcement naming all of the nominees for director or specifying the size of the increased Board of Directors made by the corporation at least 100 days prior to the first anniversary of the preceding year's annual meeting, a stockholder's notice required by this Section will also be considered timely, but only with respect to nominees for any new positions created by such increase, if it is delivered to the Secretary at the principal executive offices of the corporation not later than the close of business on the 10<sup>th</sup> day following the day on which such public announcement is first made by the corporation.

(d) Only such persons who are nominated in accordance with the procedures set forth in this Section (or elected or appointed pursuant to Article IV of these Bylaws) will be eligible to serve as directors and only such business will be conducted at a meeting of stockholders as has been brought before the meeting in accordance with the procedures set forth in this Section. Except as

otherwise provided by law, the chair of the meeting will have the power and duty to determine whether a nomination or any business proposed to be brought before the meeting was made, or proposed, as the case may be, in accordance with the procedures set forth in these Bylaws and, if any proposed nomination or business is not in compliance with these Bylaws, to declare that such defective proposal or nomination will not be presented for stockholder action at the meeting and will be disregarded.

(e) Notwithstanding the foregoing provisions of this Section, in order to include information with respect to a stockholder proposal in the proxy statement and form of proxy for a stockholders' meeting, stockholders must provide notice as required by the regulations promulgated under the 1934 Act. Nothing in these Bylaws is deemed to affect any rights of stockholders to request inclusion of proposals in the corporation proxy statement pursuant to Rule 14a-8 under the 1934 Act.

(f) For purposes of this Section, "public announcement" means disclosure in a press release reported by the Dow Jones News Service, Associated Press or comparable national news service or in a document publicly filed by the corporation with the Securities and Exchange Commission (the "*SEC*") pursuant to Section 13, 14 or 15(d) of the 1934 Act.

#### **Section 6. Special Meetings.**

(a) Special meetings of the stockholders of the corporation may be called, for any purpose or purposes, by (i) the Chair of the Board of Directors, (ii) the Chief Executive Officer, (iii) the Board of Directors pursuant to a resolution adopted by directors representing a quorum of the directors then serving on the Board of Directors or (iv) by the holders of shares entitled to cast not less than 50% of the votes at the meeting, and will be held at such place, on such date, and at such time as the Board of Directors will fix. At any time or times that the corporation is subject to Section 2115(b) of the California General Corporation Law (the "*CGCL*"), stockholders holding 5% or more of the outstanding shares will have the right to call a special meeting of stockholders as set forth in Section 18(b) of these Bylaws.

(b) If a special meeting is properly called by any person or persons other than the Board of Directors, the request must be in writing, specifying the general nature of the business proposed to be transacted, and must be delivered personally or sent by certified or registered mail, return receipt requested, or by telegraphic or other facsimile transmission to the Chair of the Board of Directors, the Chief Executive Officer, or the Secretary of the corporation. No business may be transacted at such special meeting otherwise than specified in such notice. The Board of Directors will determine the time and place of such special meeting, which will be held not less than 35 nor more than 120 days after the date of the receipt of the request. Upon determination of the time and place of the meeting, the officer receiving the request will cause notice to be given to the stockholders entitled to vote, in accordance with the provisions of Section 7 of these Bylaws. Nothing contained in this paragraph (b) is to be construed as limiting, fixing, or affecting the time when a meeting of stockholders called by action of the Board of Directors may be held.

**Section 7. Notice of Meetings.** Except as otherwise provided by law, notice, given in accordance with Section 232 the DGCL, of each meeting of stockholders will be given not less than 10 nor more than 60 days before the date of the meeting to each stockholder entitled to vote at such meeting, such notice to specify the place, if any, date and hour, in the case of special meetings, the purpose or purposes of the meeting, and the means of remote communications, if any, by which stockholders and proxyholders may be deemed to be present in person and vote at any such meeting. If mailed, notice is given when deposited in the United States mail, postage prepaid, directed to the stockholder at such stockholder's address as it appears on the records of the corporation. Notice of the time, place, if any, and purpose of any meeting of stockholders may be waived in writing, signed by the person entitled to notice thereof or by electronic transmission by such person, either before or after such meeting, and will be

waived by any stockholder by such stockholder's attendance thereat in person, by remote communication, if applicable, or by proxy, except when the stockholder attends a meeting for the express purpose of objecting, at the beginning of the meeting, to the transaction of any business because the meeting is not lawfully called or convened. Any stockholder so waiving notice of such meeting will be bound by the proceedings of any such meeting in all respects as if due notice thereof had been given.

**Section 8. Quorum.** At all meetings of stockholders, except as otherwise provided by statute, the Certificate of Incorporation or these Bylaws, the presence, in person, by remote communication, if applicable, or by proxy duly authorized, of the holders of a majority of the outstanding shares of stock entitled to vote will constitute a quorum for the transaction of business. In the absence of a quorum, any meeting of stockholders may be adjourned, from time to time, either by the chair of the meeting or by vote of the holders of a majority of the shares represented thereat, but no other business will be transacted at such meeting. The stockholders present at a duly called or convened meeting, at which a quorum is present, may continue to transact business until adjournment, notwithstanding the withdrawal of enough stockholders to leave less than a quorum. Except as otherwise provided by statute, the Certificate of Incorporation or these Bylaws, in all matters other than the election of directors, the affirmative vote of a majority of shares present in person, by remote communication, if applicable, or represented by proxy duly authorized at the meeting and entitled to vote generally on the subject matter will be the act of the stockholders. Except as otherwise provided by statute, the Certificate of Incorporation or these Bylaws, directors will be elected by a plurality of the votes of the shares present in person, by remote communication, if applicable, or represented by proxy duly authorized at the meeting and entitled to vote generally on the election of directors. Where a separate vote by a class or classes or series is required, except as otherwise provided by statute, the Certificate of Incorporation or these Bylaws, a majority of the outstanding shares of such class or classes or series, present in person, by remote communication, if applicable, or represented by proxy duly authorized, will constitute a quorum entitled to take action with respect to that vote on that matter. Except as otherwise provided by statute, the Certificate of Incorporation or these Bylaws, the affirmative vote of the majority (plurality, in the case of the election of directors) of shares of such class or classes or series present in person, by remote communication, if applicable, or represented by proxy at the meeting will be the act of such class or classes or series.

**Section 9. Adjournment and Notice of Adjourned Meetings.** Any meeting of stockholders, whether annual or special, may be adjourned from time to time either by the chair of the meeting or by the vote of a majority of the shares present in person, by remote communication, if applicable, or represented by proxy. When a meeting is adjourned to another time or place (including an adjournment taken to address a technical failure to convene or continue a meeting using remote communication), if any, notice need not be given of the adjourned meeting if the time and place, if any, thereof are (a) announced at the meeting at which the adjournment is taken, (b) displayed, during the time scheduled for the meeting, on the same electronic network used to enable stockholders and proxy holders to participate in the meeting by means of remote communication or (c) set forth in the notice of meeting of stockholders. At the adjourned meeting, the corporation may transact any business that might have been transacted at the original meeting pursuant to the Certificate of Incorporation, these Bylaws or applicable law. If the adjournment is for more than 30 days or if after the adjournment a new record date is fixed for the adjourned meeting, a notice of the adjourned meeting will be given to each stockholder of record entitled to vote at the meeting.

**Section 10. Voting Rights.** For the purpose of determining those stockholders entitled to vote at any meeting of the stockholders, except as otherwise provided by law, only persons in whose names shares stand on the stock records of the corporation on the record date, as provided in Section 12 of these Bylaws, will be entitled to vote at any meeting of stockholders. Every person entitled to vote or execute consents will have the right to do so either in person, by remote communication, if applicable, or

by an agent or agents authorized by a proxy granted in accordance with Delaware law. An agent so appointed need not be a stockholder. No proxy will be voted after three years from its date of creation unless the proxy provides for a longer period.

**Section 11. Joint Owners of Stock.** If shares or other securities having voting power stand of record in the names of two or more persons, whether fiduciaries, members of a partnership, joint tenants, tenants in common, tenants by the entirety, or otherwise, or if two or more persons have the same fiduciary relationship respecting the same shares, unless the Secretary is given written notice to the contrary and is furnished with a copy of the instrument or order appointing them or creating the relationship where it is so provided, their acts with respect to voting (including giving consent pursuant to Section 13) will have the following effect: (a) if only one votes, such person's act binds all; (b) if more than one votes and the vote is not evenly split, the act of the majority so voting binds all; (c) if more than one votes, but the vote is evenly split on any particular matter, each faction may vote the securities in question proportionally, or may apply to the Delaware Court of Chancery for relief as provided in the DGCL, Section 217(b). If the instrument filed with the Secretary shows that any such tenancy is held in unequal interests, a majority or even-split for the purpose of subsection (c) will be a majority or even-split in interest.

**Section 12. List of Stockholders.** The Secretary will prepare, no later than the tenth day before each meeting of stockholders, a complete list of the stockholders entitled to vote at said meeting, arranged in alphabetical order, showing the address of each stockholder and the number of shares registered in the name of each stockholder. Such list will be open to the examination of any stockholder for any purpose germane to the meeting for a period of ten days ending on the day before the meeting date, on a reasonably accessible electronic network, provided that the information required to gain access to such list is provided with the notice of the meeting, or during ordinary business hours, at the principal place of business of the corporation. In the event that the corporation determines to make the list available on an electronic network, the corporation may take reasonable steps to ensure that such information is available only to stockholders of the corporation.

**Section 13. Action Without Meeting.**

(a) Unless otherwise provided in the Certificate of Incorporation, any action required by statute to be taken at any annual or special meeting of the stockholders, or any action that may be taken at any annual or special meeting of the stockholders, may be taken without a meeting, without prior notice and without a vote, if a consent or consents setting forth the action so taken, will be signed by the holders of outstanding stock having not less than the minimum number of votes that would be necessary to authorize or take such action at a meeting at which all shares entitled to vote thereon were present and voted.

(b) A consent must be set forth in writing or in an electronic transmission. No consent will be effective to take the corporate action referred to therein unless consents signed by a sufficient number of stockholders to take action are delivered to the corporation in the manner required by the DGCL within 60 days of the first date on which a consent is so delivered to the corporation. All references to a consent in this Section mean a consent permitted by Section 228 of the DGCL.

(c) Prompt notice of the taking of the corporate action without a meeting by less than unanimous consent will be given to those stockholders who have not consented and who, if the action had been taken at a meeting, would have been entitled to notice of the meeting if the record date for such meeting had been the date that consents signed by a sufficient number of stockholders to take action were delivered to the corporation as provided in Section 228 of the DGCL. If the action to which the stockholders consented is such as would have required the filing of a certificate under any section of the

DGCL if such action had been voted on by stockholders at a meeting thereof, then the certificate filed under such section must state, in lieu of any statement required by such section concerning any vote of stockholders, that consent has been given in accordance with Section 228 of the DGCL.

(d) A consent permitted by this Section shall be delivered: (i) to the principal place of business of the corporation; (ii) to an officer or agent of the corporation having custody of the book in which proceedings of meetings of stockholders are recorded; (iii) to the registered office of the corporation in the State of Delaware by hand or by certified or registered mail, return receipt requested; (iv) subject to the next sentence, in accordance with Section 116 of the DGCL to an information processing system, if any, designated by the corporation for receiving such consents; or (v) when delivered in such other manner that complies with the DGCL. In the case of delivery pursuant to the foregoing clause (iv), such consent must set forth or be delivered with information that enables the corporation to determine the date of delivery of such consent and the identity of the person giving such consent, and, if such consent is given by a person authorized to act for a stockholder or member as proxy, such consent must comply with the applicable provisions of Section 212(c)(2) & (3) of the DGCL. Any copy, facsimile or other reliable reproduction of a consent in writing may be substituted or used in lieu of the original writing for any and all purposes for which the original writing could be used, provided that such copy, facsimile or other reproduction shall be a complete reproduction of the entire original writing. A consent may be documented and signed in accordance with Section 116 of the DGCL, and when so documented or signed shall be deemed to be in writing for purposes of the DGCL; provided that if such consent is delivered pursuant to clause (i), (ii) or (iii) of subsection (d)(1) of Section 228 of the DGCL, such consent must be reproduced and delivered in paper form.

#### **Section 14. Organization.**

(a) At every meeting of stockholders, the Chair of the Board of Directors, or, if a Chair has not been appointed or is absent, the Chief Executive Officer, or, if the Chief Executive Officer is absent, a chair of the meeting chosen by a majority in interest of the stockholders entitled to vote, present in person or by proxy, will act as chair. The Secretary, or, in the Secretary's absence, an Assistant Secretary directed to do so by the Chief Executive Officer, will act as secretary of the meeting.

(b) The Board of Directors is entitled to make such rules or regulations for the conduct of meetings of stockholders as it deems necessary, appropriate or convenient. Subject to such rules and regulations of the Board of Directors, if any, the chair of the meeting has the right and authority to prescribe such rules, regulations and procedures and to do all such acts as, in the judgment of such chair, are necessary, appropriate or convenient for the proper conduct of the meeting, including, without limitation, establishing an agenda or order of business for the meeting, rules and procedures for maintaining order at the meeting and the safety of those present, limitations on participation in such meeting to stockholders of record of the corporation and their duly authorized and constituted proxies and such other persons as the chair permits, restrictions on entry to the meeting after the time fixed for the commencement thereof, limitations on the time allotted to questions or comments by participants and regulation of the opening and closing of the polls for balloting on matters that are to be voted on by ballot. The date and time of the opening and closing of the polls for each matter upon which the stockholders will vote at the meeting will be announced at the meeting. Unless and to the extent determined by the Board of Directors or the chair of the meeting, meetings of stockholders will not be required to be held in accordance with rules of parliamentary procedure.

## ARTICLE IV

### DIRECTORS

**Section 15. Number and Term of Office.** The authorized number of directors of the corporation will be fixed by the Board of Directors from time to time. Directors need not be stockholders unless so required by the Certificate of Incorporation. If for any cause, the directors have not been elected at an annual meeting, they may be elected as soon thereafter as convenient.

**Section 16. Powers.** The business and affairs of the corporation will be managed by or under the direction of the Board of Directors, except as otherwise provided by statute or by the Certificate of Incorporation.

**Section 17. Term of Directors.**

(a) Subject to the rights of the holders of any series of Preferred Stock to elect additional directors under specified circumstances, directors will be elected at each annual meeting of stockholders to serve until such director's successor is duly elected and qualified or until such director's death, resignation or removal. No decrease in the number of directors constituting the Board of Directors will shorten the term of any incumbent director.

(b) No person entitled to vote at an election for directors may cumulate votes to which such person is entitled, unless, at the time of such election, the corporation is subject to Section 2115(b) of the CGCL. During such time or times that the corporation is subject to Section 2115(b) of the CGCL, every stockholder entitled to vote at an election for directors may cumulate such stockholder's votes and give one candidate a number of votes equal to the number of directors to be elected multiplied by the number of votes to which such stockholder's shares are otherwise entitled, or distribute the stockholder's votes on the same principle among as many candidates as such stockholder thinks fit. No stockholder, however, will be entitled to so cumulate such stockholder's votes unless (i) the names of such candidate or candidates have been placed in nomination prior to the voting and (ii) the stockholder has given notice at the meeting, prior to the voting, of such stockholder's intention to cumulate such stockholder's votes. If any stockholder has given proper notice to cumulate votes, all stockholders may cumulate their votes for any candidates who have been properly placed in nomination. Under cumulative voting, the candidates receiving the highest number of votes, up to the number of directors to be elected, are elected.

**Section 18. Vacancies.**

(a) Unless otherwise provided in the Certificate of Incorporation, and subject to the rights of the holders of any series of Preferred Stock, any vacancies on the Board of Directors resulting from death, resignation, disqualification, removal or other causes and any newly created directorships resulting from any increase in the number of directors will, unless the Board of Directors determines by resolution that any such vacancies or newly created directorships will be filled by stockholders, be filled only by the affirmative vote of a majority of the directors then in office, even though less than a quorum of the Board of Directors, or by a sole remaining director; *provided, however*, that whenever the holders of any class or classes of stock or series thereof are entitled to elect one or more directors by the provisions of the Certificate of Incorporation, vacancies and newly created directorships of such class or classes or series will, unless the Board of Directors determines by resolution that any such vacancies or newly created directorships must be filled by stockholders, be filled by a majority of the directors elected by such class or classes or series thereof then in office, or by a sole remaining director so elected. Any director elected in accordance with the preceding sentence will hold office for the remainder of the full

term of the director for which the vacancy was created or occurred and until such director's successor has been elected and qualified. A vacancy in the Board of Directors will be deemed to exist under this Bylaw in the case of the death, removal or resignation of any director.

(b) At any time or times that the corporation is subject to Section 2115(b) of the CGCL, if, after the filling of any vacancy, the directors then in office who have been elected by stockholders constitute less than a majority of the directors then in office, then

(i) any holder or holders of an aggregate of 5% or more of the total number of shares at the time outstanding having the right to vote for those directors may call a special meeting of stockholders; or

(ii) the Superior Court of the proper county will, upon application of such stockholder or stockholders, summarily order a special meeting of the stockholders, to be held to elect the entire board, all in accordance with Section 305(c) of the CGCL, the term of office of any director will terminate upon that election of a successor.

**Section 19. Resignation.** Any director may resign at any time by delivering such director's notice in writing or by electronic transmission to the Secretary, such resignation to specify whether it will be effective at a particular time, upon receipt by the Secretary or at the pleasure of the Board of Directors. If no such specification is made, it will be deemed effective at the pleasure of the Board of Directors. When one or more directors resigns from the Board of Directors, effective at a future date, a majority of the directors then in office, including those who have so resigned, will have power to fill such vacancy or vacancies, the vote thereon to take effect when such resignation or resignations become effective, and each director so chosen will hold office for the unexpired portion of the term of the director whose place is vacated and until such director's successor has been duly elected and qualified.

**Section 20. Removal.**

(a) Subject to any limitations imposed by applicable law and unless otherwise provided in the Certificate of Incorporation, the Board of Directors or any director may be removed from office at any time, with or without cause, by the affirmative vote of the holders of a majority of the voting power of all then-outstanding shares of capital stock of the corporation entitled to vote generally at an election of directors.

(b) During such time or times that the corporation is subject to Section 2115(b) of the CGCL, the Board of Directors or any individual director may be removed from office at any time without cause by the affirmative vote of the holders of a majority of the outstanding shares entitled to vote on such removal; *provided, however*, that unless the entire Board of Directors is removed, no individual director may be removed when the votes cast against such director's removal, or not consenting in writing to such removal, would be sufficient to elect that director if voted cumulatively at an election in which the same total number of votes were cast (or, if such action is taken by written consent, all shares entitled to vote were voted) and the entire number of directors authorized at the time of such director's most recent election were then being elected.

**Section 21. Meetings**

(a) **Regular Meetings.** Unless otherwise restricted by the Certificate of Incorporation, regular meetings of the Board of Directors may be held at any time or date and at any place within or without the State of Delaware that has been designated by the Board of Directors and publicized among all directors, either orally or in writing, including a voice-messaging system or other system

designated to record and communicate messages, facsimile, or by electronic mail or other electronic means. No further notice will be required for a regular meeting of the Board of Directors.

**(b) Special Meetings.** Unless otherwise restricted by the Certificate of Incorporation, special meetings of the Board of Directors may be held at any time and place within or without the State of Delaware whenever called by the Chair of the Board of Directors, the Chief Executive Officer (if a director), the President (if a director) or any director.

**(c) Meetings by Electronic Communications Equipment.** Any member of the Board of Directors, or of any committee thereof, may participate in a meeting by means of conference telephone or other communications equipment by means of which all persons participating in the meeting can hear each other, and participation in a meeting by such means constitutes presence in person at such meeting.

**(d) Notice of Special Meetings.** Notice of the time and place of all special meetings of the Board of Directors will be orally or in writing, by telephone, including a voice messaging system or other system or technology designed to record and communicate messages, facsimile, telegraph or telex, or by electronic mail or other electronic means, during normal business hours, at least 24 hours before the date and time of the meeting. If notice is sent by US mail, it will be sent by first class mail, postage prepaid at least three days before the date of the meeting. Notice of any meeting may be waived in writing or by electronic transmission at any time before or after the meeting and will be waived by any director by attendance thereat, except when the director attends the meeting for the express purpose of objecting, at the beginning of the meeting, to the transaction of any business because the meeting is not lawfully called or convened.

**(e) Waiver of Notice.** The transaction of all business at any meeting of the Board of Directors, or any committee thereof, however called or noticed, or wherever held, will be as valid as though had at a meeting duly held after regular call and notice, if a quorum be present and if, either before or after the meeting, each of the directors not present who did not receive notice signs a written waiver of notice or waives notice by electronic transmission. All such waivers will be filed with the corporate records or made a part of the minutes of the meeting.

## **Section 22. Quorum and Voting.**

**(a)** Unless the Certificate of Incorporation requires a greater number, a quorum of the Board of Directors will consist of a majority of the total number of directors then serving; *provided, however*, that such number will never be less than 1/3 of the total number of directors authorized except that when one director is authorized, then one director will constitute a quorum. At any meeting, whether a quorum be present or otherwise, a majority of the directors present may adjourn from time to time until the time fixed for the next regular meeting of the Board of Directors, without notice other than by announcement at the meeting. If the Certificate of Incorporation provides that one or more directors will have more or less than one vote per director on any matter, every reference in this Section to a majority or other proportion of the directors will refer to a majority or other proportion of the votes of the directors.

**(b)** At each meeting of the Board of Directors at which a quorum is present, all questions and business will be determined by the affirmative vote of a majority of the directors present, unless a different vote be required by law, the Certificate of Incorporation or these Bylaws.

**Section 23. Action Without Meeting.** Unless otherwise restricted by the Certificate of Incorporation or these Bylaws, any action required or permitted to be taken at any meeting of the Board of Directors or of any committee thereof may be taken without a meeting, if all members of the Board of

Directors or committee, as the case may be, consent in writing or by electronic transmission, and such writing or writings or transmission or transmissions are filed with the minutes of proceedings of the Board of Directors or committee. A consent may be documented, signed and delivered in any manner permitted by Section 116 of the DGCL. Such filing will be in paper form if the minutes are maintained in paper form and will be in electronic form if the minutes are maintained in electronic form.

**Section 24. Fees and Compensation.** Directors will be entitled to such compensation for their services as may be approved by the Board of Directors, including, if so approved, by resolution of the Board of Directors, a fixed sum and expenses of attendance, if any, for attendance at each regular or special meeting of the Board of Directors and at any meeting of a committee of the Board of Directors. Nothing herein contained is to be construed to preclude any director from serving the corporation in any other capacity as an officer, agent, employee, or otherwise and receiving compensation therefor.

**Section 25. Committees.**

(a) **Executive Committee.** The Board of Directors may appoint an Executive Committee to consist of one or more members of the Board of Directors. The Executive Committee, to the extent permitted by law and provided in the resolution of the Board of Directors, will have and may exercise all the powers and authority of the Board of Directors in the management of the business and affairs of the corporation, and may authorize the seal of the corporation to be affixed to all papers that may require it; but no such committee will have the power or authority in reference to (i) approving or adopting, or recommending to the stockholders, any action or matter expressly required by the DGCL to be submitted to stockholders for approval, or (ii) adopting, amending or repealing any bylaw of the corporation.

(b) **Other Committees.** The Board of Directors may, from time to time, appoint such other committees as may be permitted by law. Such other committees appointed by the Board of Directors will consist of one or more members of the Board of Directors and will have such powers and perform such duties as may be prescribed by the resolution or resolutions creating such committees, but in no event will any such committee have the powers denied to the Executive Committee in these Bylaws.

(c) **Term.** The Board of Directors, subject to any requirements of any outstanding series of Preferred Stock and the provisions of paragraphs (a) or (b) of this Section may at any time increase or decrease the number of members of a committee or terminate the existence of a committee. The membership of a committee member will terminate on the date of such member's death or voluntary resignation from the committee or from the Board of Directors. The Board of Directors may at any time for any reason remove any individual committee member and the Board of Directors may fill any committee vacancy created by death, resignation, removal or increase in the number of members of the committee. The Board of Directors may designate one or more directors as alternate members of any committee, who may replace any absent or disqualified member at any meeting of the committee, and, in addition, in the absence or disqualification of any member of a committee, the member or members thereof present at any meeting and not disqualified from voting, whether or not such member or members constitute a quorum, may unanimously appoint another member of the Board of Directors to act at the meeting in the place of any such absent or disqualified member.

(d) **Meetings.** Unless the Board of Directors otherwise provide, regular meetings of the Executive Committee or any other committee appointed pursuant to this Section will be held at such times and places as are determined by the Board of Directors, or by any such committee, and when notice thereof has been given to each member of such committee, no further notice of such regular meetings need be given thereafter. Special meetings of any such committee may be held at any place that has been determined from time to time by such committee, and may be called by any director who is a member of

such committee, upon notice to the members of such committee of the time and place of such special meeting given in the manner provided for the giving of notice to members of the Board of Directors of the time and place of special meetings of the Board of Directors. Notice of any special meeting of any committee may be waived in writing at any time before or after the meeting and will be waived by any director by attendance thereat, except when the director attends such special meeting for the express purpose of objecting, at the beginning of the meeting, to the transaction of any business because the meeting is not lawfully called or convened. Unless otherwise provided by the Board of Directors in the resolutions authorizing the creation of the committee, a majority of the authorized number of members of any such committee will constitute a quorum for the transaction of business, and the act of a majority of those present at any meeting at which a quorum is present will be the act of such committee.

**Section 26. Duties of Chair of the Board of Directors.** The Chair of the Board of Directors, when present, will preside at all meetings of the stockholders and the Board of Directors. The Chair of the Board of Directors will perform other duties commonly incident to the office and will also perform such other duties and have such other powers as the Board of Directors designates from time to time. If there is no Chief Executive Officer and no President, then the Chair of the Board of Directors will also serve as the Chief Executive Officer of the corporation and will have the powers and duties prescribed in Section 29(b).

**Section 27. Organization.** At every meeting of the directors, the Chair of the Board of Directors, or, if a Chair has not been appointed or is absent, the Chief Executive Officer (if a director), or if the Chief Executive Officer is not a director or is absent, the President (if a director), or if the President is not a director or is absent, the most senior Vice President (if a director) or, in the absence of any such person, a chair of the meeting chosen by a majority of the directors present, will preside over the meeting. number of shares owned by such holder in the corporation. Any or all of the signatures on the certificate may be facsimiles. In case any officer, transfer agent, or registrar who has signed or whose facsimile signature has been placed upon a certificate has ceased to be such officer, transfer agent, or registrar before such certificate is issued, it may be issued with the same effect as if such person were such officer, transfer agent, or registrar at the date of issue.

**Section 36. Lost Certificates.** A new certificate or certificates will be issued in place of any certificate or certificates theretofore issued by the corporation alleged to have been lost, stolen, or destroyed, upon the making of an affidavit of that fact by the person claiming the certificate of stock to be lost, stolen, or destroyed. The corporation may require, as a condition precedent to the issuance of a new certificate or certificates, the owner of such lost, stolen, or destroyed certificate or certificates, or the owner's legal representative, to agree to indemnify the corporation in such manner as it requires or to give the corporation a surety bond in such form and amount as it may direct as indemnity against any claim that may be made against the corporation with respect to the certificate alleged to have been lost, stolen, or destroyed.

**Section 37. Restrictions on Transfer.**

(a) No holder of any of the shares of stock of the corporation may sell, transfer, assign, pledge, or otherwise dispose of or encumber any of the shares of stock of the corporation or any right or interest therein, whether voluntarily or by operation of law, or by gift or otherwise (each, a "**Transfer**") without the prior written consent of the corporation, upon duly authorized action of its Board of Directors. The corporation may withhold consent for any legitimate corporate purpose, as determined by the Board of Directors.

(b) If a stockholder desires to Transfer any shares, then the stockholder will first give written notice to the corporation. The notice must name the proposed transferee and state the number of shares to be transferred, the proposed consideration, and all other terms and conditions of the proposed transfer. Any shares proposed to be transferred to which Transfer the corporation has consented pursuant to paragraph (a) of this Section will first be subject to the corporation's right of first refusal located in Section 38 of these Bylaws.

(c) At the option of the corporation, the stockholder will be obligated to pay to the corporation a reasonable transfer fee related to the costs and time of the corporation and its legal and other advisors related to any proposed Transfer.

(d) Any Transfer, or purported Transfer, of shares not made in strict compliance with this Section will be null and void, will not be recorded on the books of the corporation and will not be recognized by the corporation.

(e) The restriction on Transfer set forth in Section 37(a) will terminate upon the date securities of the corporation are first offered to the public pursuant to a registration statement filed with, and declared effective by, the SEC under the Securities Act of 1933, as amended (the "**1933 Act**").

(f) The certificates representing shares of stock of the corporation will bear on their face the following legend so long as the foregoing Transfer restrictions are in effect:

"THE SHARES REPRESENTED BY THIS CERTIFICATE ARE SUBJECT TO A TRANSFER RESTRICTION, AS PROVIDED IN THE BYLAWS OF THE CORPORATION."

**Section 38. Right of First Refusal.** No stockholder will Transfer any of the shares of stock of the corporation, except by a Transfer that meets the requirements set forth in this Section 38, in addition to any other restrictions or requirements set forth under applicable law or these Bylaws:

(a) If the stockholder desires to Transfer any of the stockholder's shares of stock, then the stockholder must first give written notice thereof to the corporation. The notice must name the proposed transferee and state the number of shares to be transferred, the proposed consideration, and all other terms and conditions of the proposed transfer.

(b) For 30 days following receipt of such notice, the corporation has the option to purchase all (but not less than all) the shares specified in the notice at the price and upon the terms set forth in such notice; *provided, however*, that, with the consent of the stockholder, the corporation has the option to purchase a lesser portion of the shares specified in said notice at the price and upon the terms set forth therein. In the event of a gift, property settlement or other Transfer in which the proposed transferee is not paying the full price for the shares, and that is not otherwise exempted from the provisions of this Section, the price will be deemed to be the fair market value of the stock at such time as determined in good faith by the Board of Directors. In the event the corporation elects to purchase all of the shares or, with consent of the stockholder, a lesser portion of the shares, it will give written notice to the transferring stockholder of its election and settlement for said shares will be made as provided below in paragraph (d) of this Section.

(c) The corporation may assign its rights hereunder.

(d) In the event the corporation and/or its assignee(s) elect to acquire any of the shares of the transferring stockholder as specified in said transferring stockholder's notice, the Secretary of the corporation will so notify the transferring stockholder and settlement thereof will be made in cash within 30 days after the Secretary of the corporation receives said transferring stockholder's notice; provided that if the terms of payment set forth in said transferring stockholder's notice were other than cash against delivery, the corporation and/or its assignee(s) will pay for said shares on the same terms and conditions set forth in said transferring stockholder's notice.

(e) In the event the corporation and/or its assignees(s) do not elect to acquire all of the shares specified in the transferring stockholder's notice, said transferring stockholder may, subject to the corporation's approval and all other restrictions on Transfer located in Section 37 of these Bylaws, within the 60-day period following the expiration or waiver of the option rights granted to the corporation and/or its assignees(s) herein, Transfer the shares specified in said transferring stockholder's notice that were not acquired by the corporation and/or its assignees(s) as specified in said transferring stockholder's notice. All shares so sold by said transferring stockholder will continue to be subject to the provisions of this Section 38 in the same manner as before said Transfer.

(f) Anything to the contrary contained herein notwithstanding, the following transactions are exempt from the right of first refusal contained in this Section 38:

(1) A stockholder's Transfer of any or all shares held either during such stockholder's lifetime or on death by will or intestacy to such stockholder's immediate family or to any custodian or trustee for the account of such stockholder or such stockholder's immediate family or to any limited partnership or limited liability company of which the stockholder, members of such stockholder's immediate family or any trust for the account of such stockholder or such stockholder's immediate family will be the general or limited partner(s) of such partnership or the controlling member(s) of such limited liability company. "Immediate family" as used herein means spouse, life partner or similar

statutorily-recognized domestic partner, lineal descendant, father, mother, brother, or sister of the stockholder making such Transfer;

(2) A stockholder's bona fide pledge or mortgage of any shares with a commercial lending institution, provided that any subsequent Transfer of said shares by said institution will be conducted in the manner set forth in this Section 38;

(3) A stockholder's Transfer of any or all of such stockholder's shares to the corporation or to any other stockholder of the corporation;

(4) A stockholder's Transfer of any or all of such stockholder's shares to a person who, at the time of such Transfer, is an officer or director of the corporation;

(5) A corporate stockholder's Transfer of any or all of its shares pursuant to and in accordance with the terms of any merger, consolidation, reclassification of shares or capital reorganization of the corporate stockholder, or pursuant to a sale of all or substantially all of the stock or assets of a corporate stockholder;

(6) A corporate stockholder's Transfer of any or all of its shares to any or all of its stockholders; or

(7) A Transfer by a stockholder that is a limited or general partnership to any or all of its partners or former partners in accordance with partnership interests.

In any such case, the transferee, assignee, or other recipient will receive and hold such stock subject to the provisions of this Section and any other restrictions set forth in these Bylaws, and there will be no further Transfer of such stock except in accord with this Section and the other provisions of these Bylaws.

(g) The provisions of this Section 38 may be waived with respect to any Transfer either by the corporation, upon duly authorized action of its Board of Directors, or by the stockholders, upon the express written consent of the owners of a majority of the voting power of the corporation (excluding the votes represented by those shares to be transferred by the transferring stockholder). This Section 38 may be amended or repealed either by a duly authorized action of the Board of Directors or by the stockholders, upon the express written consent of the owners of a majority of the voting power of the corporation.

(h) Any Transfer, or purported Transfer, of securities of the corporation will be null and void unless the terms, conditions, and provisions of this Section 38 are strictly observed and followed.

(i) The foregoing right of first refusal will terminate upon the date securities of the corporation are first offered to the public pursuant to a registration statement filed with, and declared effective by, the SEC under the Securities Act of 1933, as amended.

(j) The certificates representing shares of stock of the corporation that are subject to the right of first refusal contained in this Section 38 will bear on their face the following legend so long as the foregoing right of first refusal remains in effect:

“THE SHARES REPRESENTED BY THIS CERTIFICATE ARE  
SUBJECT TO A RIGHT OF FIRST REFUSAL OPTION IN FAVOR

OF THE CORPORATION AND/OR ITS ASSIGNEE(S), AS PROVIDED IN THE BYLAWS OF THE CORPORATION.”

(k) To the extent this Section conflicts with any written agreements between the corporation and the stockholder attempting to Transfer shares, such agreement will control.

**Section 39. Fixing Record Dates.**

(a) In order that the corporation may determine the stockholders entitled to notice of or to vote at any meeting of stockholders or any adjournment thereof, the Board of Directors may fix, in advance, a record date, which record date will not precede the date upon which the resolution fixing the record date is adopted by the Board of Directors, and which record date will, subject to applicable law, not be more than 60 nor less than 10 days before the date of such meeting. If no record date is fixed by the Board of Directors, the record date for determining stockholders entitled to notice of or to vote at a meeting of stockholders will be at the close of business on the day immediately preceding the day on which notice is given, or if notice is waived, at the close of business on the day immediately preceding the day on which the meeting is held. A determination of stockholders of record entitled to notice of or to vote at a meeting of stockholders will apply to any adjournment of the meeting; *provided, however*, that the Board of Directors may fix a new record date for the adjourned meeting.

(b) In order that the corporation may determine the stockholders entitled to consent to corporate action without a meeting in accordance with Section 228 of the DGCL, the Board of Directors may fix a record date, which record date will not precede the date upon which the resolution fixing the record date is adopted by the Board of Directors, and which date will not be more than 10 days after the date upon which the resolution fixing the record date is adopted by the Board of Directors. Any stockholder of record seeking to have the stockholders authorize or take corporate action without a meeting in accordance with Section 228 of the DGCL will, by written notice to the Secretary, request the Board of Directors to fix a record date. The Board of Directors will promptly, but in all events within 10 days after the date on which such a request is received, adopt a resolution fixing the record date. If no record date has been fixed by the Board of Directors within 10 days of the date on which such a request is received, the record date for determining stockholders entitled to consent to corporate action without a meeting, when no prior action by the Board of Directors is required by applicable law, will be the first date on which a signed consent setting forth the action taken or proposed to be taken is delivered to the corporation in accordance with the DGCL. If no record date has been fixed by the Board of Directors and prior action by the Board of Directors is required by law, the record date for determining stockholders entitled to consent to corporate action without a meeting will be at the close of business on the day on which the Board of Directors adopts the resolution taking such prior action.

(c) In order that the corporation may determine the stockholders entitled to receive payment of any dividend or other distribution or allotment of any rights or the stockholders entitled to exercise any rights in respect of any change, conversion or exchange of stock, or for the purpose of any other lawful action, the Board of Directors may fix, in advance, a record date, which record date will not precede the date upon which the resolution fixing the record date is adopted, and which record date will be not more than 60 days prior to such action. If no record date is fixed, the record date for determining stockholders for any such purpose will be at the close of business on the day on which the Board of Directors adopts the resolution relating thereto.

**Section 40. Registered Stockholders.** The corporation is entitled to recognize the exclusive right of a person registered on its books as the owner of shares to receive dividends, and to vote as such owner, and is not bound to recognize any equitable or other claim to or interest in such share or shares on

the part of any other person whether or not it has express or other notice thereof, except as otherwise provided by the laws of Delaware.

## ARTICLE VIII

### OTHER SECURITIES OF THE CORPORATION

**Section 41. Execution of Other Securities.** All bonds, debentures and other corporate securities of the corporation, other than stock certificates (covered in Section 35 of these Bylaws), may be signed by the Chair of the Board of Directors, the Chief Executive Officer, the President or any Vice President, or such other person as may be authorized by the Board of Directors, and the corporate seal impressed thereon or a facsimile of such seal imprinted thereon and attested by the signature of the Secretary or an Assistant Secretary, or the Chief Financial Officer or Treasurer or an Assistant Treasurer; *provided, however*, that where any such bond, debenture or other corporate security is authenticated by the manual signature, or where permissible facsimile signature, of a trustee under an indenture pursuant to which such bond, debenture or other corporate security is issued, the signatures of the persons signing and attesting the corporate seal on such bond, debenture or other corporate security may be the imprinted facsimile of the signatures of such persons. Interest coupons appertaining to any such bond, debenture or other corporate security, authenticated by a trustee as aforesaid, will be signed by the Treasurer or an Assistant Treasurer of the corporation or such other person as may be authorized by the Board of Directors, or bear imprinted thereon the facsimile signature of such person. In case any officer who has signed or attested any bond, debenture or other corporate security, or whose facsimile signature appears thereon or on any such interest coupon, has ceased to be such officer before the bond, debenture or other corporate security so signed or attested has been delivered, such bond, debenture or other corporate security nevertheless may be adopted by the corporation and issued and delivered as though the person who signed the same or whose facsimile signature has been used thereon had not ceased to be such officer of the corporation.

## ARTICLE IX

### DIVIDENDS

**Section 42. Declaration of Dividends.** Dividends upon the capital stock of the corporation, subject to the provisions of the Certificate of Incorporation and applicable law, if any, may be declared by the Board of Directors pursuant to law at any regular or special meeting. Dividends may be paid in cash, in property, or in shares of the capital stock, subject to the provisions of the Certificate of Incorporation and applicable law.

**Section 43. Dividend Reserve.** Before payment of any dividend, there may be set aside out of any funds of the corporation available for dividends such sum or sums as the Board of Directors from time to time, in their absolute discretion, think proper as a reserve or reserves to meet contingencies, or for equalizing dividends, or for repairing or maintaining any property of the corporation, or for such other purpose as the Board of Directors thinks conducive to the interests of the corporation, and the Board of Directors may modify or abolish any such reserve in the manner in which it was created.

## ARTICLE X

### FISCAL YEAR

**Section 44. Fiscal Year.** The fiscal year of the corporation will be fixed by resolution of the Board of Directors.

## ARTICLE XI

### INDEMNIFICATION

#### **Section 45. Indemnification of Directors, Executive Officers, Other Officers, Employees and Other Agents.**

(a) **Directors and Executive Officers.** The corporation will indemnify its directors and executive officers (for the purposes of this Article, “executive officers” has the meaning defined in Rule 3b-7 promulgated under the 1934 Act) to the fullest extent not prohibited by the DGCL or any other applicable law; *provided, however*, that the corporation may modify the extent of such indemnification by individual contracts with its directors and executive officers and, *provided, further*, that the corporation will not be required to indemnify any director or executive officer in connection with any proceeding (or part thereof) initiated by such person unless (i) such indemnification is expressly required to be made by law, (ii) the proceeding was authorized by the Board of Directors of the corporation, (iii) such indemnification is provided by the corporation, in its sole discretion, pursuant to the powers vested in the corporation under the DGCL or any other applicable law or (iv) such indemnification is required to be made under paragraph (d) of this Section.

(b) **Other Officers, Employees and Other Agents.** The corporation will have power to indemnify its other officers, employees and other agents as set forth in the DGCL or any other applicable law. The Board of Directors will have the power to delegate the determination of whether indemnification will be given to any such person except executive officers to such officers or other persons as the Board of Directors determines.

(c) **Expenses.** The corporation will advance to any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that such person is or was a director or executive officer of the corporation, or is or was serving at the request of the corporation as a director or executive officer of another corporation, partnership, joint venture, trust or other enterprise, prior to the final disposition of the proceeding, promptly following request therefor, all expenses incurred by any director or executive officer in connection with such proceeding, *provided, however*, that, if the DGCL requires, an advancement of expenses incurred by a director or officer in such director’s or officer’s capacity as a director or officer (and not in any other capacity in which service was or is rendered by such indemnitee, including, without limitation, service to an employee benefit plan) will be made only upon delivery to the corporation of an undertaking, by or on behalf of such indemnitee, to repay all amounts so advanced if it is ultimately determined by final judicial decision from which there is no further right to appeal that such indemnitee is not entitled to be indemnified for such expenses under this Section or otherwise.

Notwithstanding the foregoing, unless otherwise determined pursuant to paragraph (e) of this Section, no advance will be made by the corporation to an executive officer of the corporation (except by reason of the fact that such executive officer is or was a director of the corporation, in which event this paragraph will not apply) in any action, suit or proceeding, whether civil, criminal, administrative or investigative, if a determination is reasonably and promptly made (i) by a majority vote of a quorum consisting of directors who were not parties to the proceeding, even if not a quorum, or (ii) by a committee of such directors designated by a majority of such directors, even though less than a quorum, or (iii) if there are no such directors, or such directors so direct, by independent legal counsel in a written opinion, that the facts known to the decision-making party at the time such determination is made demonstrate clearly and convincingly that such person acted in bad faith or in a manner that such person did not believe to be in or not opposed to the best interests of the corporation.

**(d) Enforcement.** Without the necessity of entering into an express contract, all rights to indemnification and advances to directors and executive officers under this Section will be deemed to be contractual rights and be effective to the same extent and as if provided for in a contract between the corporation and the director or executive officer. Any right to indemnification or advances granted by this Section to a director or executive officer will be enforceable by or on behalf of the person holding such right in any court of competent jurisdiction if (i) the claim for indemnification or advances is denied, in whole or in part, or (ii) no disposition of such claim is made within 90 days of request therefor. The claimant in such enforcement action, if successful in whole or in part, will be entitled to be paid also the expense of prosecuting the claim. In connection with any claim for indemnification, the corporation will be entitled to raise as a defense to any such action that the claimant has not met the standards of conduct that make it permissible under the DGCL or any other applicable law for the corporation to indemnify the claimant for the amount claimed. In connection with any claim by an executive officer of the corporation (except in any action, suit or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that such executive officer is or was a director of the corporation) for advances, the corporation will be entitled to raise as a defense as to any such action clear and convincing evidence that such person acted in bad faith or in a manner that such person did not believe to be in or not opposed to the best interests of the corporation, or with respect to any criminal action or proceeding that such person acted without reasonable cause to believe that such person's conduct was lawful. Neither the failure of the corporation (including its Board of Directors, independent legal counsel or its stockholders) to have made a determination prior to the commencement of such action that indemnification of the claimant is proper in the circumstances because such person has met the applicable standard of conduct set forth in the DGCL or any other applicable law, nor an actual determination by the corporation (including its Board of Directors, independent legal counsel or its stockholders) that the claimant has not met such applicable standard of conduct, will be a defense to the action or create a presumption that claimant has not met the applicable standard of conduct.

**(e) Non-Exclusivity of Rights.** The rights conferred on any person by this Section are not exclusive of any other right that such person may have or hereafter acquire under any applicable statute, provision of the Certificate of Incorporation, Bylaws, agreement, vote of stockholders or disinterested directors or otherwise, both as to action in such person's official capacity and as to action in another capacity while holding office. The corporation is specifically authorized to enter into individual contracts with any or all of its directors, officers, employees or agents respecting indemnification and advances, to the fullest extent not prohibited by the DGCL or any other applicable law.

**(f) Survival of Rights.** The rights conferred on any person by this Section will continue as to a person who has ceased to be a director or executive officer and will inure to the benefit of the heirs, executors and administrators of such a person.

**(g) Insurance.** To the fullest extent permitted by the DGCL, or any other applicable law, the corporation, upon approval by the Board of Directors, may purchase insurance on behalf of any person required or permitted to be indemnified pursuant to this Section.

**(h) Amendments.** Any repeal or modification of this Section is only prospective and does not affect the rights under this Bylaw in effect at the time of the alleged occurrence of any action or omission to act that is the cause of any proceeding against any agent of the corporation.

**(i) Saving Clause.** If this Section or any portion hereof is invalidated on any ground by any court of competent jurisdiction, then the corporation will nevertheless indemnify each director and executive officer to the full extent not prohibited by any applicable portion of this Bylaw that has not been invalidated, or by any other applicable law. If this Section is invalid due to the application

of the indemnification provisions of another jurisdiction, then the corporation will indemnify each director and executive officer to the full extent under applicable law.

(j) **Certain Definitions.** For the purposes of this Section, the following definitions apply:

(1) The term “proceeding” is to be broadly construed and includes, without limitation, the investigation, preparation, prosecution, defense, settlement, arbitration and appeal of, and the giving of testimony in, any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative.

(2) The term “expenses” is to be broadly construed and includes, without limitation, court costs, attorneys’ fees, witness fees, fines, amounts paid in settlement or judgment and any other costs and expenses of any nature or kind incurred in connection with any proceeding.

(3) The term the “corporation” includes, in addition to the resulting corporation, any constituent corporation (including any constituent of a constituent) absorbed in a consolidation or merger that, if its separate existence had continued, would have had power and authority to indemnify its directors, officers, and employees or agents, so that any person who is or was a director, officer, employee or agent of such constituent corporation, or is or was serving at the request of such constituent corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, stands in the same position under the provisions of this Section with respect to the resulting or surviving corporation as such person would have with respect to such constituent corporation if its separate existence had continued.

(4) References to a “director,” “executive officer,” “officer,” “employee,” or “agent” of the corporation include, without limitation, situations where such person is serving at the request of the corporation as, respectively, a director, executive officer, officer, employee, trustee or agent of another corporation, partnership, joint venture, trust or other enterprise.

(5) References to “other enterprises” include employee benefit plans; references to “fines” include any excise taxes assessed on a person with respect to an employee benefit plan; and references to “serving at the request of the corporation” include any service as a director, officer, employee or agent of the corporation that imposes duties on, or involves services by, such director, officer, employee, or agent with respect to an employee benefit plan, its participants, or beneficiaries; and a person who acted in good faith and in a manner such person reasonably believed to be in the interest of the participants and beneficiaries of an employee benefit plan is deemed to have acted in a manner “not opposed to the best interests of the corporation” as referred to in this Section.

## ARTICLE XII

### NOTICES

#### Section 46. Notices.

(a) **Notice to Stockholders.** Written notice to stockholders of stockholder meetings will be given as provided in Section 7 of these Bylaws. Without limiting the manner by which notice may otherwise be given effectively to stockholders under any agreement or contract with such stockholder, and except as otherwise required by law, written notice to stockholders for purposes other than stockholder meetings may be sent by United States mail or nationally recognized overnight courier, or by facsimile, telegraph or telex or by electronic mail or other electronic means.

(b) **Notice to Directors.** Any notice required to be given to any director may be given by the method stated in paragraph (a) of this Section, or as provided for in Section 21 of these Bylaws. If such notice is not delivered personally, it will be sent to such address as such director has filed in writing with the Secretary, or, in the absence of such filing, to the last known post office address of such director.

(c) **Affidavit of Mailing.** An affidavit of mailing, executed by a duly authorized and competent employee of the corporation or its transfer agent appointed with respect to the class of stock affected or other agent, specifying the name and address or the names and addresses of the stockholder or stockholders, or director or directors, to whom any such notice or notices was or were given, and the time and method of giving the same, will in the absence of fraud, be prima facie evidence of the facts therein contained.

(d) **Methods of Notice.** It is not necessary that the same method of giving notice be employed in respect of all recipients of notice, but one permissible method may be employed in respect of any one or more, and any other permissible method or methods may be employed in respect of any other or others.

(e) **Notice to Person with Whom Communication Is Unlawful.** Whenever notice is required to be given, under any provision of law or of the Certificate of Incorporation or Bylaws of the corporation, to any person with whom communication is unlawful, the giving of such notice to such person is not required and there is no duty to apply to any governmental authority or agency for a license or permit to give such notice to such person. Any action or meeting that is taken or held without notice to any such person with whom communication is unlawful has the same force and effect as if such notice had been duly given. In the event that the action taken by the corporation is such as to require the filing of a certificate under any provision of the DGCL, the certificate will state, if such is the fact and if notice is required, that notice was given to all persons entitled to receive notice except such persons with whom communication is unlawful.

(f) **Notice to Stockholders Sharing an Address.** Except as otherwise prohibited under DGCL, any notice given under the provisions of DGCL, the Certificate of Incorporation or the Bylaws will be effective if given by a single written notice to stockholders who share an address if consented to by the stockholders at that address to whom such notice is given. Such consent is deemed to have been given if such stockholder fails to object in writing to the corporation within 60 days of having been given notice by the corporation of its intention to send the single notice. Any consent is revocable by the stockholder by written notice to the corporation.

## ARTICLE XIII

### AMENDMENTS

**Section 47. Amendments.** The Board of Directors is expressly empowered to adopt, amend or repeal Bylaws of the corporation. The stockholders also have power to adopt, amend or repeal the Bylaws of the corporation; *provided, however*, that, in addition to any vote of the holders of any class or series of stock of the corporation required by law or by the Certificate of Incorporation, such action by stockholders requires the affirmative vote of the holders of a majority of the voting power of all of the then-outstanding shares of the capital stock of the corporation entitled to vote generally in the election of directors, voting together as a single class.

## ARTICLE XIV

### LOANS TO OFFICERS

**Section 48. Loans to Officers.** Except as otherwise prohibited under applicable law, the corporation may lend money to, or guarantee any obligation of, or otherwise assist any officer or other employee of the corporation or of its subsidiaries, including any officer or employee who is a Director of the corporation or its subsidiaries, whenever, in the judgment of the Board of Directors, such loan, guarantee or assistance may reasonably be expected to benefit the corporation. The loan, guarantee or other assistance may be with or without interest and may be unsecured, or secured in such manner as the Board of Directors approves, including, without limitation, a pledge of shares of stock of the corporation. Nothing in these Bylaws is deemed to deny, limit or restrict the powers of guaranty or warranty of the corporation at common law or under any statute.

## ARTICLE XV

### MISCELLANEOUS

#### **Section 49. Annual Report.**

(a) Subject to the provisions of paragraph (b) of this Section, the Board of Directors will cause an annual report to be sent to each stockholder of the corporation not later than 120 days after the close of the corporation's fiscal year. Such report will include a balance sheet as of the end of such fiscal year and an income statement and statement of changes in financial position for such fiscal year, accompanied by any report thereon of independent accountants or, if there is no such report, the certificate of an authorized officer of the corporation that such statements were prepared without audit from the books and records of the corporation. When there are 100 or more stockholders of record of the corporation's shares, as determined by Section 605 of the CGCL, additional information as required by Section 1501(b) of the CGCL will also be contained in such report, provided that if the corporation has a class of securities registered under Section 12 of the 1934 Act, the 1934 Act will take precedence. Such report will be sent to stockholders at least 15 (or, if sent by third-class mail, 35) days prior to the next annual meeting of stockholders after the end of the fiscal year to which it relates.

(b) If and so long as there are fewer than 100 holders of record of the corporation's shares, the requirement of sending of an annual report to the stockholders of the corporation is hereby expressly waived.

**Section 50. Forum.** Unless the corporation consents in writing to the selection of an alternative forum, the Court of Chancery of the State of Delaware is the sole and exclusive forum for (i) any derivative action or proceeding brought on behalf of the corporation; (ii) any action asserting a claim of breach of a fiduciary duty owed by any director, officer or other employee of the corporation to the corporation or the corporation's stockholders; (iii) any action asserting a claim against the corporation or any director or officer or other employee of the corporation arising pursuant to any provision of the DGCL, the certificate of incorporation or the Bylaws of the corporation; or (iv) any action asserting a claim against the corporation or any director or officer or other employee of the corporation governed by the internal affairs doctrine.

## Independent Auditor's Report

April 11, 2025

To: Board of Directors of Qnetic Corporation

Attn: Prasad Mathews, CFO

Re: 2024-2023 Consolidated Financial Statement Audit – Qnetic Corporation

### Report on the Audit of the Consolidated Financial Statements

#### Opinion

We have audited the consolidated financial statements of Qnetic Corporation, which comprise the consolidated balance sheets as of December 31, 2024 and December 31, 2023, and the related statements of income, changes in stockholders' equity, and cash flows for the years then ended, and the related notes to the consolidated financial statements. In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the financial position of Qnetic Corporation as of December 31, 2024 and December 31, 2023, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated financial statements section of our report. We are required to be independent of Qnetic Corporation and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Other Matter

As discussed in Note 7 to the financial statements, the Company restated its 2023 financial statements to (i) reclassify certain operating expenses into updated categories to better reflect the nature of expenses, (ii) retroactively present all Simple Agreements for Future Equity (SAFEs) as equity instruments rather than liabilities, and (iii) adjust the recorded balance of SAFEs to account for immaterial differences arising from prior wire transfer fees. These adjustments did not materially affect the previously issued 2023 financial statements and do not affect our opinion on the 2024 financial statements.

#### Responsibilities of Management for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error. In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Qnetic Corporation's ability to continue as a going concern.

#### Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

229 Park Ave S, Suite 70037  
New York, New York 10003

Info@Alice.CPA

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

**In performing an audit in accordance with GAAS, we:**

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Qnetic Corporation's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Qnetic Corporation's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Sincerely,

*Alice.CPA LLC*

**Qnetic Corporation**  
**Notes to Consolidated Financial Statements**  
**December 31, 2024 and 2023**  
**(Audited)**

**NOTE 1 – NATURE OF OPERATIONS**

Qnetic Corporation was formed in Delaware on September 20, 2022. Qnetic Holdings PTE. Ltd was formed in Singapore on May 27, 2022, and acquired Shanghai Qnetic Technology Co., Ltd, an entity formed in Shanghai on September 28, 2021, in 2022. Qnetic GmbH is a Germany entity formed on June 29, 2023 and is a wholly owned by Qnetic Corporation. Qnetic Corporation acquired Qnetic Holdings PTE. Ltd through a share swap transaction in 2023. These companies are collectively referred to as “the Company” herein the consolidated financial statements. The Company plans to generate revenue by manufacturing, selling and maintaining Flywheel Energy Storage Systems (FESS) to address the gap in energy storage systems needed to facilitate the transition to renewable energy. The Company's headquarters are in New York, New York and Singapore with its subsidiary in Shanghai, China. The Company's customers will be global.

The Company is in the process of raising funds to develop the prototype for its first commercial model. The Company is going to conduct another crowdfunding in 2025 and/or through venture capital.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

This summary of the significant accounting policies of the Company is presented to assist in understanding the Company's consolidated financial statements. The consolidated financial statements and notes are representations of the Company's management, who is responsible for their integrity and objectivity. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the consolidated financial statements.

**Basis of Presentation**

The accounting and reporting policies of the Company conform to accounting principles generally accepted in the United States of America (“US GAAP”). Any reference in these notes to applicable guidance is meant to refer to U.S. GAAP as found in the Accounting Standards Codification (“ASC”) and Accounting Standards Updates (“ASU”) of the Financial Accounting Standards Board (“FASB”).

**Basis of Consolidation – Foreign Operations**

The consolidated financial statements of the Company include its wholly owned subsidiaries: Qnetic Holdings PTE. Ltd, an entity operating in Singapore, formed in 2022; Shanghai Qnetic Technology Co., Ltd, an entity operating in Shanghai, formed in 2021; Qnetic GmbH, an entity operating in Germany, formed in 2023. All significant intercompany transactions are eliminated. Operations outside the United States are subject to risks inherent in operating under different legal systems and various political and economic environments. Among the risks are changes in existing tax laws, possible limitations on foreign investment and income repatriation, government price or foreign exchange controls, and restrictions on currency exchange. The Company does not engage in hedging activities to mitigate its exposure to fluctuations in foreign currency exchange rates.

**Foreign Currency Translation**

The functional currencies of the Company's foreign operations are the local currencies. The consolidated financial statements of the Company's foreign subsidiaries have been translated into U.S. dollars. Results of operations for the foreign subsidiaries are translated from the local (functional) currency to the U.S. dollar using average exchange rates during the period, while assets

**QNETIC CORPORATION**  
**CONSOLIDATED STATEMENTS OF CASH FLOWS**  
**For the Years Ended December 31, 2024 and 2023**  
**(Audited)**

and liabilities are translated at the exchange rate in effect at the reporting date. Shareholders' equity is translated at the historical exchange rate at the time of transaction. The net effect of translating these balances from the functional currency to U.S. dollars (the reporting currency) has been recorded as a foreign currency translation adjustment in other comprehensive income within the consolidated statements of comprehensive income and the consolidated statements of shareholders' equity.

#### **Use of Estimates**

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### **Risks and Uncertainties**

The Company's business and operations are sensitive to general business and economic conditions in the United States. A host of factors beyond the Company's control could cause fluctuations in these conditions. Adverse conditions may include recession, downturn or otherwise, local competition or changes in consumer taste. These adverse conditions could affect the Company's financial condition and the results of its operations.

#### **Concentration of Credit Risks**

The Company's financial instruments that are exposed to concentrations of credit risk primarily consist of its cash and cash equivalents. The Company places its cash and cash equivalents with financial institutions of high credit worthiness. The Company's management plans to assess the financial strength and credit worthiness of any parties to which it extends funds, and as such, it believes that any associated credit risk exposures are limited.

#### **Going Concern**

The accompanying consolidated financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. The Company realized losses since inception, incurred negative cash flows from operations, and may continue to generate losses. During the next twelve months, the Company intends to finance its operations with funds from a crowdfunding campaign. The Company's ability to continue as a going concern in the next twelve months following the date the consolidated financial statements were available to be issued is dependent upon its ability to produce revenues and/or obtain financing sufficient to meet current and future obligations and deploy such to produce profitable operating results. Management has evaluated these conditions and plans to generate revenues and raise capital as needed to satisfy its capital needs. No assurance can be given that the Company will be successful in these efforts. These factors, among others, raise substantial doubt about the ability of the Company to continue as a going concern for a reasonable period of time. The consolidated financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts or the amounts and classification of liabilities.

#### **Cash and Cash Equivalents**

**QNETIC CORPORATION**  
**CONSOLIDATED STATEMENTS OF CASH FLOWS**  
**For the Years Ended December 31, 2024 and 2023**  
**(Audited)**

Cash and cash equivalents include all cash balances, and highly liquid investments with maturities of three months or less when purchased.

**Property and Equipment**

Property and equipment are stated at cost less accumulated depreciation, which is provided using the straight-line method over the estimated useful lives of the individual assets. Significant improvements and betterments are capitalized if they extend the useful life of the asset. Leasehold improvements are depreciated over the shorter of their estimated useful lives or the life of the lease plus anticipated extensions.

**Other Liabilities**

Other liabilities on the accompanying consolidated balance sheets consist of accrued wages payable to several initial shareholders, which will be planned to be paid out in 2025. Therefore, other liabilities are presented as long-term on the consolidated balance sheets at December 31, 2024 and 2023.

**Leases**

The Company recognizes and measures its leases in accordance with ASU 2016-02, Leases (Topic 842) ("ASC 842"). In accordance with ASC 842, the Company determines if an arrangement contains a lease at inception. Operating leases are included in operating lease right-of-use (ROU) assets and operating lease liabilities, current and noncurrent, on the balance sheet. Lease liabilities are initially recorded at the present value of the lease payments by discounting the lease payments by the discount rate and then recording accretion over the lease term using the effective interest method.

Operating lease classification results in straight-line expense recognition pattern over the lease term and recognized lease expense as a single expense component, which results in amortization of the ROU asset that equals the difference between straight-line lease expense and the expense recorded to related to the lease liability. Operating lease expense is presented under operating expenses, based on the use of the leased asset, on the statement of operations.

The operating lease terms may include options to extend or terminate the lease when it is reasonably certain that the Company will exercise that option. Lease expense is recognized on a straight-line basis over the lease term.

**Impairment of Long-Lived Assets**

Long-lived assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. If the carrying amount of the asset exceeds its estimated undiscounted net cash flow, excluding interest, an impairment charge is recognized for the amount by which the carrying amount of the asset exceeds its fair value.

**Fair Value of Financial Instruments**

As of December 31, 2024 and 2023, the Company believes the carrying amounts of cash and cash equivalents and accounts payable approximately fair value due to their short-term maturities.

**Qnetic Corporation**  
**Notes to Consolidated Financial Statements**  
**December 31, 2024 and 2023**  
**(Audited)**

**Revenue Recognition**

The Company recognizes revenue from the sale of products and services in accordance with ASC 606, *Revenue from Contracts with Customers* ("ASC 606"). Revenue is recognized upon transfer of promised products and services to the customer in an amount that reflects the consideration the Company expects to receive in exchange for those products or services. The Company determines the amount of revenue to be recognized through application of the following steps:

- Identification of the contract with customer;
- Identification of the performance obligations in the contract;
- Determination of the transaction price;
- Allocation of the transaction price to the performance obligations in the contract; and
- Recognition of revenue when or as the Company satisfies the performance obligations.

**Advertising Costs**

Advertising costs associated with marketing the Company's products and services are generally expensed as costs are incurred.

**General and Administrative Expenses**

General and administrative expenses consist of payroll and related expenses for employees and independent contractors involved in general corporate functions, including accounting, finance, tax, legal, business development, and other miscellaneous expenses.

**Income Taxes**

The Company accounts for income taxes in accordance with FASB ASC 740-10, *Income Taxes*, which requires recognition of deferred tax assets and liabilities for the expected future tax consequences of events that have been included in its financial statements or income tax returns. Under ASC 740-10, the Company determines deferred tax assets and liabilities for temporary differences between the financial reporting basis and the tax basis of assets and liabilities, measured using the more-likely-than-not standard to determine if the tax benefits will be realized using the enacted rates in effect for the years in which it expects the differences to reverse. To the extent a deferred tax asset cannot be realized, a valuation allowance is established if necessary.

The Company accounts for uncertain income tax positions in accordance with the accounting guidance in ASC Topic 740. Under this guidance, tax positions are initially recognized by the Company in consolidated financial statements when it is more-likely-than-not the position will be sustained upon examination by the tax authorities. The Company's policy is to recognize interest and penalties related to any uncertain income tax positions as a component of the provision for income taxes in the consolidated statements of comprehensive income. The Company is not aware of any uncertain tax positions resulting in a liability as of December 31, 2024 and 2023.

**Recent Accounting Pronouncements**

The FASB issues ASUs to amend the authoritative literature in ASC. There have been a number of ASUs to date that amend the original text of ASC. Management believes that those issued to date either (i) provide supplemental guidance, (ii) are technical corrections, (iii) are not applicable to us or (iv) are not expected to have a significant impact on the consolidated financial statements.

**NOTE 3 – COMMITMENTS AND CONTINGENCIES**

The Company may be subject to pending legal proceedings and regulatory actions in the ordinary course of business. The results of such proceedings cannot be predicted with certainty, but the Company does not anticipate that the final outcome, if any, arising out of any such matter will have a material adverse effect on its business, financial condition or results of operations. As of December 31, 2024 and 2023, the Company has not reported any lawsuit or known plans of litigation by or against the Company.

**NOTE 4 – LEASE OBLIGATIONS**

The Company initially recognized an operating lease right-of-use asset and an operating lease liability of \$70,315 as of July 11, 2023 based on the present value of such commitments as of July 11, 2023 using a risk-free discount rate, which was determined using a period comparable with that of the lease term. At December 31, 2024 and 2023, the carrying amount of the operating lease right-of-use asset were \$25,210 and \$55,066, respectively, net of accumulated amortization of \$45,105 and \$15,249, respectively. The carrying amount of operating lease liability was \$28,424 and \$62,140 in December 31, 2024 and 2023, respectively, net of unamortized interest of \$1,576 and \$3,860, respectively.

Present value of operating lease liability	<u>28,426</u>

These adjustments were immaterial to the 2023 financial statements and had no effect on previously reported total assets, total liabilities, total equity, or net income. Accordingly, management concluded that these adjustments did not require a reissuance of the 2023 financial statements.

**NOTE 8 – SUBSEQUENT EVENTS**

**NOTE 1 – NATURE OF OPERATIONS**

Qnetic CF Seed Investors SPV, LLC (which may be referred to as the “Company”, “we,” “us,” or “our”) was registered in Delaware on March 13, 2025. The Company is a special purpose vehicle for the seed investors of Qnetic Corporation, a Company that plans to manufacture, sell and maintain Flywheel Energy Storage Systems (FESS) to address the gap in energy storage systems needed to facilitate the transition to renewable energy. The Company's headquarters are in New York, New York.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES****Basis of Presentation**

The accompanying financial statements have been prepared using the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America (“US GAAP”). Any reference in these notes to applicable guidance is meant to refer to U.S. GAAP as found in the Accounting Standards Codification (“ASC”) and Accounting Standards Updates (“ASU”) of the Financial Accounting Standards Board (“FASB”).

**Fiscal Year-End**

The Company's fiscal year ends on December 31st. These financial statements cover the inception date of March 13, 2025.

**Use of Estimates**

The preparation of the financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and the footnotes thereto. Actual results could differ from those estimates. It is reasonably possible that changes in estimates will occur in the near term.

**Risks and Uncertainties**

The Company has a limited operating history. The Company's business and operations are sensitive to general business and economic conditions in the United States. A host of factors beyond the Company's control could cause fluctuations in these conditions. Adverse conditions may include recession, downturn or otherwise, local competition or changes in consumer taste. These adverse conditions could affect the Company's financial condition and the results of its operations.

**Cash and Cash Equivalents**

The Company considers short-term, highly liquid investments with original maturities of three months or less at the time of purchase to be cash equivalents. As of March 13, 2025, the Company had no cash and cash equivalents and did not have any bank accounts.

**Fair Value Measurements**

Generally accepted accounting principles define fair value as the price that would be received to sell an asset or be paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price) and such principles also establish a fair value hierarchy that prioritizes the inputs used to measure fair value using the following definitions (from highest to lowest priority):

- Level 1 – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

**QNETIC CF SEED INVESTORS SPV, LLC  
NOTES TO FINANCIAL STATEMENTS  
AS OF MARCH 13, 2025 (DATE OF INCEPTION)  
(AUDITED)**

- Level 2 – Observable inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, including quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data by correlation or other means.
- Level 3 – Prices or valuation techniques requiring inputs that are both significant to the fair value measurement and unobservable.

There were no assets or liabilities requiring fair value measurement as of March 13, 2025.

### **Revenue Recognition**

The Company recognizes revenue when persuasive evidence of an arrangement exists, performance has occurred, the fee for the arrangement is fixed or determinable and collectability is reasonably assured. As of March 13, 2025, the Company does not generate sales.

### **Organizational Costs**

In accordance with FASB ASC 720, organizational costs, including accounting fees, legal fee, and costs of incorporation, are expensed as incurred.

### **Recent Accounting Pronouncements**

The FASB issues ASUs to amend the authoritative literature in ASC. Management believes that those issued to date either (i) provide supplemental guidance, (ii) are technical corrections, (iii) are not applicable to us or (iv) are not expected to have a significant impact on our financial statements.

### **NOTE 3 – MEMBERS' EQUITY**

As of March 13, 2025, the Company has not yet received any investments.

### **NOTE 4 – COMMITMENTS AND CONTINGENCIES**

The Company is not currently involved with and does not know of any pending or threatening litigation against the Company.

### **NOTE 5 – GOING CONCERN**

These financial statements are prepared on a going concern basis. The Company's ability to continue is dependent upon management's plan to raise additional funds through a crowdfunding campaign, capital contributions from members and the ability to achieve profitable operations. The financial statements do not include any adjustments that might be necessary if the Company is not able to continue as a going concern.

### **NOTE 6 – SUBSEQUENT EVENTS**

#### **Management's Evaluation**

Management has evaluated subsequent events through March 26, 2025, the date the financial statements were available to be issued. Based on this evaluation, no additional material events were identified that require adjustment or disclosure in the financial statements.

## Qnetic Campaign Script [Int. v2]

[MICHAEL]:

Qnetic is solving the biggest challenge in clean energy.

In 2024, enough Terawatt-hours of renewable energy to power *millions* of homes - were wasted.

This happens because the leading technology used to capture this energy—lithium-ion batteries—degrades rapidly, preventing efficient storage and wasting valuable power.

Addressing this flawed technology represents a \$2 trillion global market opportunity.

And we can't afford to wait if the world hopes to truly harness the power of clean energy.

It's time to break from the past. It's time for Qnetic.

[LOÏC]:

Qnetic uses patented rotors to store colossal amounts of energy with motion, instead of chemicals. Unlike lithium-ion, it poses no fire risk and can cycle endlessly with near zero losses and no capacity degradation over its 30-year lifespan.

ALT: With cycle definition

Our technology is proudly Made in the USA without dependence on foreign minerals and it installs cleanly—and beautifully—underground.

[MICHAEL]:

Qnetic's durability and unlimited cycling potential unlock a significant opportunity to generate more than twice the revenue compared to lithium-ion systems, which are generally limited to just one cycle—that is: charge and discharge—per day.

It's the perfect solution the \$2T clean energy storage market needs *now*.

Our fully functional prototype is already backed by thousands of investors, including the world's number one climate tech VC SOSV, D3VC, and Kingscrowd Capital.

With \$110M in Letters of Intent from major energy players like Tesla Megapack's top customer, our first two years of production are already spoken for.

We are committed to building a beautiful future where renewable wind and solar energy can be used 24/7 on-demand, regardless of when the sun is shining or the wind is blowing.

That's our legacy. What will your legacy be?

3.4 Authorization. The Purchaser has full power and authority to enter into the Transaction Documents. The Transaction Documents to which such Purchaser is a party, when executed and delivered by the Purchaser, will constitute valid and legally binding obligations of the Purchaser, enforceable in accordance with their terms, except (a) as limited by applicable bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance, and any other laws of general application relating to or affecting the enforcement of creditors’ rights generally, or (b) the effect of rules of law governing the availability of equitable remedies.

3.5 No Public Market. The Purchaser understands that no public market now exists for the Shares, and that the Company has made no assurances that a public market will ever exist for the Shares.

3.6 Exculpation Among Purchasers. The purchaser acknowledges that it is not relying upon any person, other than the Company and its officers and directors, in making its investment or decision to invest in the Company. The Purchaser agrees that neither any Purchaser nor the respective controlling persons, officers, directors, partners, agents, or employees of any Purchaser shall be liable to any other Purchaser for any action heretofore taken or omitted to be taken by any of them in connection with the purchase of the Shares.
