A company that wants to raise money using Regulation Crowdfunding must give certain information to prospective investors, so investors will have a basis for making an informed decision. The Securities and Exchange Commission, or SEC, has issued regulations at 17 CFR §227.201 listing the information companies must provide. Our Offerings

- The children's play area will include a fixed climbing structure with slide, open, imaginative play area with building and other sensory materials (blocks, magnetic tiles, etc.), rotating themed play areas, and a reading corner.
- The infant wobble area will be supervised by the infants' caregivers. There will be open/sensory play materials including soft climbing structures, mirrors, and other developmentally appropriate toys and materials for those who are not yet walking
- The bigger kid amenities will provide older siblings with the opportunity to peruse books, play games, do puzzles, make art, and just hang out while their caretakers have their time and the younger kids play

Our Story

Hümanette is the passion project of Jamie Hickey and Claire Markus: cousins and life-long friends. As our families have grown and our lives have changed, we've noticed ourselves--and our friends--longing for a place to feel like ourselves: (relatively) young women with ideas and work to do, friends to catch up with, and a big need for an occasional break. This is why they say it takes a village to raise a child--we all need a little help sometimes. Hümanette was dreamt up as we searched for the perfect place; a parent-forward, child-focused cafe with a dedicated, supervised play area for children allowing the kids to be kids while their adult caretakers can take the opportunity to get some work done, socialize, or just relax and focus on themselves, something that is often a challenge with young children.

Target Market

- The target customer for Hümanette is a parent, aged 25-50 with one or more children aged 0-6.
- This parent is educated at the undergraduate college level or beyond, and has a household income of at least \$120,000.
- One or both parents may work outside the home as Hümanette will maintain hours of operation which are available to both working and non-working parents.
- These parents are likely highly engaged in their children's development and education, seeking out resources and opportunities for their children to play in ways that are intellectually stimulating, foster creativity and independence.

Location

- The flagship Hümanette location will be located in the Brookside neighborhood of Kansas City, Missouri.
- Brookside Village is walkable to many neighborhoods and is home to one of the most highly sought after public elementary schools in Kansas City: Border Star Montessori School (enrollment of pre-k through 6th grade).
- Brookside is home to Brookside Toy and Science, an independently owned toy store, Lauren Alexandra, a high-end children's boutique, Coco women's boutique, Sierra Winter jewelry

and many other local shops and restaurants, several of which are poised to be potential partners for collaborative events at Hümanette.

About Us

Hümanette seeks to fill the gap that many parents and other caretakers find when looking for a place to spend time that is enjoyable for both themselves and their young children. The environment, while purposefully and thoughtfully engaging and enjoyable for children, will appeal to adults visually, as well as in the offered amenities. Scheduled, supervised play opportunities will provide an informal, creative play environment where young children are occupied, safe and secure, while caretakers can choose to engage in play with them or focus on their own needs.

Will the Company accept commitments that exceed the Target Offering Amount?	Yes
What is the maximum you will accept in this Offering?	\$124,000

- MainVest will notify investors when and if the Target Offering Amount has been raised.

(K) Material Changes

In the event the issuer undergoes a material change, the Investor will be notified of such change. The investor will have five (5) business days from the receipt of such notice to reconfirm their investment. Explanation

A “material change” means a change that an average, careful investor would want to know about before making an investment decision. If a material change occurs after you make an investment commitment but before the Offering closes, then the Company will notify you and ask whether you want to invest anyway. If you do not affirmatively choose to invest, then your commitment will be cancelled, your funds will be returned to you, and you will not receive any securities.

(L) Price of the Securities

The Company is offering “securities” in the form of revenue sharing notes, which we refer to as “Notes.” The Notes are being offered at their face amount. For example, you will pay \$1,000 for a Note with a face amount of \$1,000.

(M) Terms of the Securities

Overview

The Company is offering “securities” in the form of revenue sharing notes, which we refer to as the “Notes.” The Terms of the Notes are set forth in the Revenue Share Agreement accompanying this Form C in Appendix A. Copies of the Note and Revenue Sharing Agreement are attached to this Form C.

Summary of Terms

Revenue Percentage ¹	1.5 - 4.6% ²
Payment Deadline	2029-06-30
Maximum Payment Multiple ³ - Early Investors - All Other Investors	1.7 x 1.5 x
Sharing Start Date	The first day after disbursement that the company has revenues greater than one (\$1) dollar
First Payment Date	The last day of the calendar quarter ending not less than 90 days after the Sharing Start Date
Seniority	Subordinated
Securitization	Unsecured
Accrual Rate	3.71%

¹ as defined in the note agreement included in Appendix A

² The rate of revenue sharing is calculated on a linear scale with a minimum rate of 1.5% and a maximum rate of 4.6% and is rounded to the nearest 1/10th percent. The final rate is based on the amount raised and is calculated after the offering has successfully closed. As the amount raised in the offering increases, the rate of revenue sharing increases. For example, a hypothetical offering could result in the following revenue sharing percentages, depending on the amount raised:

Amount Raised	Revenue Sharing Percentage
\$40,000	1.5%
\$61,000	2.3%
\$82,000	3.0%
\$103,000	3.8%
\$124,000	4.6%

³ To reward early participation, the investors who contribute the first \$25,000.0 raised in the offering will receive a 1.7x cap. Investors who contribute after \$25,000.0 has been raised in the offering will receive a 1.5x cap.

Your Right to Payments under the Note

Your right to payments under the Note is set forth in the Note, together with a separate document

called the Revenue Sharing Agreement. Copies of the Note and Revenue Sharing Agreement are attached to this Form C. Additionally, general terms are outlined below and in the Company's offering page.

Obligation to Contribute Capital

Once you pay for your Note, you will have no obligation to contribute more money to the Company, and you will not be personally obligated for any debts of the Company. However, under some circumstances you could be required by law to return some or all of a distribution you receive from the Company.

No Right to Transfer

You should plan to hold the Notes until maturity. The Notes will be illiquid (meaning you might not be able to sell them) for at least four reasons:

- The Revenue Sharing Agreement prohibits the sale or other transfer of Notes without the Company's consent.
- If you want to sell your Note the Company will have the first right of refusal to buy it, which could make it harder to find a buyer.
- Even if a sale were permitted, there is no ready market for Notes, as there would be for a publicly-traded stock.
- By law, for a period of one year you won't be allowed to transfer the Investor Shares except (i) to the Company itself, (ii) to an "accredited" investor, (iii) to a family or trust, or (iii) in a public offering of the Company's shares.

Security

The Notes are not secured by any assets of the Company or any assets of persons associated with the Company.

Modification of Terms of Notes

The terms of the Notes and the Revenue Sharing Agreement may be modified or amended with the consent of Investors holding 50% of the Notes, measured by the total amount outstanding under each Note.

Other Classes of Securities

Name of Security	Limited Liability Company Interests
Number of Shares Outstanding	N/A
Describe Voting Rights of These Securities, Including Any Limitations on Voting Rights	N/A
How these securities differ from the revenue sharing notes being offered to investors	Limited Liability Company Interests are an equity interest, whereas Revenue Sharing Notes are a debt obligation of the Company.

Dilution of Rights

The Company has the right to create additional classes of securities, both equity securities and debt securities (e.g., other classes of promissory notes). Some of these additional classes of securities could have rights that are superior to those of the Notes. For example, the Company could issue promissory notes that are secured by specific property of the Company.

The People Who Control the Company

Each of these people owns 20% or more of the total voting power of the Company:

Name of Holder	% of Voting Power (Prior to Offering)
Jamie Hickey	81%

How the Exercise of Voting Rights Could Affect You

You will receive payments with respect to your Note only if the Company makes enough money to pay you, or, if the Company does not make enough money to pay you, if there is enough value in the collateral the Company pledged as security for the Notes.

The people with voting rights control the Company and make all the decisions about running its business. If they make good business decisions, it is more likely you will be paid. If they make poor business decisions, it is less likely you will be paid. For example, if they hire too many people and/or try to expand too quickly, the business could be harmed. The people with voting rights could also decide to file for bankruptcy protection, making it more difficult for you to be paid.

How the Notes are Being Valued

The Notes are being valued at their face value. We don't anticipate that we'll ever need to place a value on the Notes in the future.

(N) The Funding Portal

The Company is offering its securities through MainVest, Inc., which is a "Funding Portal" licensed by the Securities and Exchange Commission and FINRA. MainVest Inc.'s Central Index Key (CIK) number is 0001746059, their SEC File number is 007-00162, and their Central Registration Depository (CRD) number is 298384.

(O) Compensation of the Funding Portal

Upon successful funding of the Offering, the Funding Portal will receive as the "Revenue Securement Fee"; 4.5% of the amount of the Offering raised by In-Network Users of the Platform plus 9.0% of the amount of the Offering raised by all other investors. "In-Network Users" means a user of Mainvest.com who who have utilized the Company's specified in-network link on the Site.
