Offering Statement

Respond to each question in each paragraph of this part. Set forth each question and any notes, but not any instructions thereto, in their entirety. If disclosure in response to any question is responsive to one or more other questions, it is not necessary to repeat the disclosure. If a question or series of questions is inapplicable or the response is available elsewhere in the Form, either state that it is inapplicable, include a cross-reference to the responsive disclosure, or omit the question or series of questions.

Be very careful and precise in answering all questions. Give full and complete answers so that they are not misleading under the circumstances involved. Do not discuss any future performance or other anticipated event unless you have a reasonable basis to believe that it will actually occur within the foreseeable future. If any answer requiring significant information is materially inaccurate, incomplete or misleading, the Company, its management and principal shareholders may be liable to investors based on that information.

THE COMPANY

1. Name of issuer:

The Crafter's Box, Inc

COMPANY ELIGIBILITY

2. Check this box to certify that all of the following statements are true for the issuer.
- Organized under, and subject to, the laws of a State or territory of the United States or the District of Columbia.
 - Not subject to the requirement to file reports pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934.
 - Not an investment company registered or required to be registered under the Investment Company Act of 1940.
 - Not ineligible to rely on this exemption under Section 4(a)(6) of the Securities Act as a result of a disqualification specified in Rule 503(a) of Regulation Crowdfunding.
 - Has filed with the Commission and provided to investors, to the extent required, the ongoing annual reports required by Regulation Crowdfunding during the two years immediately preceding the filing of this offering statement (or for such shorter period that the issuer was required to file such reports).
 - Not a development stage company that (a) has no specific business plan or (b) has indicated that its business plan is to engage in a merger or acquisition with an unidentified company or companies.

INSTRUCTION TO QUESTION 2: If any of these statements are not true, then you are NOT eligible to rely on this exemption under Section 4(a)(6) of the Securities Act.

3. Has the issuer or any of its predecessors previously failed to comply with the ongoing reporting requirements of Rule 202 of Regulation Crowdfunding?

Yes No

DIRECTORS OF THE COMPANY

4. Provide the following information about each director (and any persons occupying a similar status or performing a similar function) of the issuer.

Director	Principal Occupation	Main Employer	Year Joined as Director
Allyson Downey	CEO	Stellar Reviews	2021
David Mandell	Co-Founder, Managing Partner	Massive	2021
Morgan Spenia	CEO	Crafter	2015

For three years of business experience, refer to [Appendix D: Director & Officer Work History](#).

OFFICERS OF THE COMPANY

5. Provide the following information about each officer (and any persons occupying a similar status or performing a similar function) of the issuer.

Officer	Positions Held	Year Joined
Morgan Spenia	CEO	2015

For three years of business experience, refer to [Appendix D: Director & Officer Work History](#).

INSTRUCTION TO QUESTION 5: For purposes of this Question 5, the term officer means a president, vice president, secretary, treasurer or principal financial officer, controller or principal accounting officer, and any person that routinely performing similar functions.

PRINCIPAL SECURITY HOLDERS

6. Provide the name and ownership level of each person, as of the most recent practicable date, who is the beneficial owner of 20 percent or more of the issuer's outstanding voting equity securities, calculated on the basis of voting power.

Name of Holder	No. and Class of Securities Now Held	% of Voting Power Prior to Offering
Morgan Spenia	1000000.0 Common stock	49.0

INSTRUCTION TO QUESTION 6: The above information must be provided as of a date that is no more than 120 days prior to the date of filing of this offering statement.

To calculate total voting power, include all securities for which the person directly or indirectly has or shares the voting power, which includes the power to vote or to direct the voting of such securities. If the person has the right to acquire voting power of such securities within 60 days, including through the exercise of any option, warrant or right, the conversion of a security, or other arrangement, or if securities are held by a member of the family, through corporations or partnerships, or otherwise in a manner that would allow a person to direct or control the voting of the securities (or share in such direction or control — as, for example, a co-trustee) they should be included as being "beneficially owned." You should include an explanation of these circumstances in a footnote to the "Number of and Class of Securities Now Held." To calculate outstanding voting equity securities, assume all outstanding options are exercised and all outstanding convertible securities converted.

BUSINESS AND ANTICIPATED BUSINESS PLAN

7. Describe in detail the business of the issuer and the anticipated business plan of the issuer.

For a description of our business and our business plan, please refer to the attached Appendix A, Business Description & Plan

INSTRUCTION TO QUESTION 7: WeFunder will provide your company's WeFunder profile as an appendix (Appendix A) to the Form C in PDF format. The submission will include all Q&A items and "read more" links in an un-collapsed format. All videos will be transcribed.

This means that any information provided in your WeFunder profile will be provided to the SEC in response to this question. As a result, your company will be potentially liable for misstatements and omissions in your profile under the Securities Act of 1933, which requires you to provide material information related to your business and anticipated business plan. Please review your WeFunder profile carefully to ensure it provides all material information, is not false or misleading, and does not omit any information that would cause the information included to be false or misleading.

RISK FACTORS

A crowdfunding investment involves risk. You should not invest any funds in this offering unless you can afford to lose your entire investment.

In making an investment decision, investors must rely on their own examination of the issuer and the terms of the offering, including the merits and risks involved. These securities have not been recommended or approved by any federal or state securities commission or regulatory authority. Furthermore, these authorities have not passed upon the accuracy or adequacy of this document.

The U.S. Securities and Exchange Commission does not pass upon the merits of any securities offered or the terms of the offering, nor does it pass upon the accuracy or completeness of any offering document or literature.

These securities are offered under an exemption from registration; however, the U.S. Securities and Exchange Commission has not made an independent determination that these securities are exempt from registration.

8. Discuss the material factors that make an investment in the issuer speculative or risky:

As is typical with startups, we are over spending each month investing in marketing, people and tech improvements. Fundraising allows us to accelerate spend in these areas. Our burn is roughly \$20-30k per month, we've improved it significantly (by 200% since our first fundraising), a sign that we are catching up quickly to break even. Unexpected roadblocks such as supply chain issues, employee turnover or inflation can affect our runway negatively.

As a company that sells a physical product, purchasing and carrying inventory has its own set of risks. Having managed inventory for 7 years, we feel confident that our ability to predict trends and source thoughtfully/appropriately has only gotten sharper. There is always a burden of risk for an eCommerce company that sells shipped goods.

Investing in startups is inherently risky. Startups are young companies and are especially susceptible to team changes, reliance on outside funding, economic shifts, manufacturing issues and drastic (often uncontrollable) adjustments to how a business may traditionally run or how customers are acquired (such as a regulation or compliance change to how paid ads can be delivered to potential customers).

A recession could hurt our growth and success. While demand may increase (consumers often turn to DIY over purchasing finished goods during times of uncertainty), supply chain shortages or cost of goods sold inflation can impact our profit margin.

While we have first mover advantage in our unique product formula, this is a competitive industry with retail giants who may launch competitive products.

The Company might not sell enough securities in this offering to meet its operating needs and fulfill its plans, in which case the Company might need to reduce sales & marketing, engineering, or other expenses. Were recurring revenue to decrease, further cuts would be needed and hurt the Company's ability to meet its goals. Even if the Company raises the entire round successfully, we may need to raise more capital in the future in order to continue. Even if we do make successful offering(s) in the future, the terms of that offering might result in your investment in the company being worth less because of the terms of future investment rounds.

Increased IT security threats and more sophisticated cyber crime pose a potential risk to the security of our IT systems, networks, and services, as well as the confidentiality, availability, and integrity of our data. If the IT systems, networks, or service providers we rely upon fail to function properly, or if we suffer a loss or disclosure of business or other sensitive information, due to any number of causes, ranging from catastrophic events to power outages to security breaches, and our business continuity plans do not effectively address these failures on a timely basis, we may suffer interruptions in our ability to manage operations and reputational, competitive and/or business harm, which may adversely affect our business operations and/or financial condition. In addition, such events could result in unauthorized disclosure of material confidential information, and we may suffer financial and reputational damage because of lost or misappropriated confidential information belonging to us or to our partners, our employees, customers, suppliers or consumers. In any of these events, we could also be required to spend significant financial and other resources to remedy the damage caused by a security breach or to repair or replace networks and IT systems. The trend toward public notifications of such incidents could exacerbate the harm to our business operations or financial condition.

Our success is also dependent on our product innovation, including maintaining a robust pipeline of new products, and the effectiveness of our product packaging, advertising campaigns and marketing programs, including our ability to successfully adapt to a rapidly changing media environment, such as through use of social media and online advertising campaigns and marketing programs. There can be no assurance as to our ability to develop and launch successful products or to effectively execute advertising campaigns and marketing programs that resonate with and appeal to consumers. Both the launch of new products and advertising campaigns are inherently uncertain, especially as to their appeal to consumers. Our failure to make the right strategic investments to drive innovation or successfully launch our products or variants of established products could decrease demand for our products by negatively affecting consumer perception, as well as result in inventory write-offs and other costs.

The success of the Company will depend on its ability to compete for and retain additional qualified key personnel to enhance the growth. The Company's business would be adversely affected if it were unable to recruit qualified personnel when necessary or if it were to lose the services of certain key personnel and it were unable to locate suitable replacements in a timely manner. Finding and hiring such replacements, if any, could be costly and might require the Company to grant significant equity awards or incentive compensation, which could have a material adverse effect on the Company's financial results and on your investment. The loss, through untimely death, unwillingness to continue or otherwise, of any such persons could have a materially adverse effect on the Company and its business.

As a product company offering digital education through videos, we have product liability risk as it relates directly to our physical products or the instruction provided by teachers on our site.

Our future success depends on the efforts of a small management team. The loss of services of the members of the management team may have an adverse effect on the company. There can be no assurance that we will be successful in attracting and retaining other personnel we require to successfully grow our business.

INSTRUCTION TO QUESTION 8: Avoid generalized statements and include only those factors that are unique to the issuer. Discussion should be tailored to the issuer's business and the offering and should not repeat the factors addressed in the legends set forth above. No specific number of risk factors is required to be identified.

The Offering

USE OF FUNDS

9. What is the purpose of this offering?

The Company intends to use the net proceeds of this offering for working capital and general corporate purposes, which includes the specific items listed in Item 10 below. While the Company expects to use the net proceeds from the Offering in the manner described above, it cannot specify with certainty the particular uses of the net proceeds that it will receive from this Offering. Accordingly, the Company will have broad discretion in using these proceeds.

10. How does the issuer intend to use the proceeds of this offering?

If we raise: **\$50,000**

Use of Proceeds: **35% towards hiring an additional marketing team member, 35% towards marketing (SEO, paid advertising, PR), 23.5% towards operating expenses, 6.5% to Wefunder for fees**

If we raise: **\$124,000**

Use of Proceeds: **20% towards hiring additional marketing team members, 20% towards hiring an additional dev team member, 30% towards marketing (SEO, paid advertising, PR), 23.5% towards operating expenses, 6.5% to Wefunder for fees**

INSTRUCTION TO QUESTION 10: An issuer must provide a reasonably detailed description of any intended use of proceeds, such that investors are provided with an adequate amount of information to understand how the offering proceeds will be used. If an issuer has identified a range of possible uses, the issuer should identify and describe each probable use and the factors the issuer may consider in allocating proceeds among the potential uses. If the issuer will accept proceeds in excess of the target offering amount, the issuer must describe the purpose, method for allocating oversubscriptions, and intended use of the excess proceeds with similar specificity. Please include all potential uses of the proceeds of the offering, including any that may apply only in the case of oversubscriptions. If you do not do so, you may later be required to amend your Form C. Wefunder is not responsible for any failure by you to describe a potential use of offering proceeds.

DELIVERY & CANCELLATIONS

11. How will the issuer complete the transaction and deliver securities to the investors?

Book Entry and Investment in the Co-Issuer. Investors will make their investments by investing in interests issued by one or more co-issuers, each of which is a special purpose vehicle ("SPV"). The SPV will invest all amounts it receives from investors in securities issued by the Company. Interests issued to investors by the SPV will be in book entry form. This means that the investor will not receive a certificate representing his or her investment. Each investment will be recorded in the books and records of the SPV. In addition, investors' interests in the investments will be recorded in each investor's "Portfolio" page on the Wefunder platform. All references in this Form C to an investor's investment in the Company (or similar phrases) should be interpreted to include investments in a SPV.

12. How can an investor cancel an investment commitment?

NOTE: Investors may cancel an investment commitment until 48 hours prior to the deadline identified in these offering materials.

The intermediary will notify investors when the target offering amount has been met. If the issuer reaches the target offering amount prior to the deadline identified in the offering materials, it may close the offering early if it provides notice about the new offering deadline at least five business days prior to such new offering deadline (absent a material change that would require an extension of the offering and reconfirmation of the investment commitment).

If an investor does not cancel an investment commitment before the 48-hour period prior to the offering deadline, the funds will be released to the issuer upon closing of the offering and the investor will receive securities in exchange for his or her investment.

Investor Investment.

If an investor does not reconfirm his or her investment commitment after a material change is made to the offering, the Investor's investment commitment will be cancelled and the committed funds will be returned.

An Investor's right to cancel. An Investor may cancel his or her investment commitment at any time until 48 hours prior to the offering deadline.

If there is a material change to the terms of the offering or the information provided to the investor about the offering and/or the Company, the Investor will be provided notice of the change and must re-confirm his or her investment commitment within five business days of receipt of the notice. If the Investor does not reconfirm, he or she will receive notifications disclosing that the commitment was cancelled, the reason for the cancellation, and the refund amount that the investor is required to receive. If a material change occurs within five business days of the maximum number of days the offering is to remain open, the offering will be extended to allow for a period of five business days for the investor to reconfirm.

If the Investor cancels his or her investment commitment during the period when cancellation is permissible, or does not reconfirm a commitment in the case of a material change to the investment, or the offering does not close, all of the Investor's funds will be returned within five business days.

Within five business days of cancellation of an offering by the Company, the Company will give each investor notification of the cancellation, disclose the reason for the cancellation, identify the refund amount the Investor will receive, and refund the Investor's funds.

The Company's right to cancel. The Investment Agreement you will execute with us provides the Company the right to cancel for any reason before the offering deadline.

If the sum of the investment commitments from all investors does not equal or exceed the target offering amount at the time of the offering deadline, no securities will be sold in the offering, investment commitments will be cancelled and committed funds will be returned.

Ownership and Capital Structure

THE OFFERING

13. Describe the terms of the securities being offered.

Convertible note with \$8,000,000.00 valuation cap; 20.000% discount; 5.0% interest.

See exact security attached as [Appendix B, Investor Contracts](#).

Type of Security: Convertible Promissory Notes ("Notes").

Amount to be Offered: The goal of the raise is \$50,000.00

Valuation Cap: \$8,000,000.00

Discount Rate: 80%

Maturity Date: April 30, 2024

Interest Rate: 5.0%. Interest shall commence with the date of the convertible note and shall continue on the outstanding principal amount until paid in full or converted. Interest shall be computed on the basis of a year of 365 days for the actual number of days elapsed. All unpaid interest and principal shall be due and payable upon request of the Majority Holders on or after the Maturity Date.

Conversion upon a Qualified Financing

In the event that the Company issues and sells shares of its capital stock to investors (the "Investors") on or before the date of repayment in full of this Note in an arms-length equity financing resulting in gross proceeds to the Company of at least the Qualified Financing Threshold (excluding the conversion of this Note or convertible instruments issued for capital raising purposes (e.g., Simple Agreements for Future Equity)) (a "Qualified Financing"), then the outstanding principal balance of this Note and any unpaid accrued interest shall automatically convert in whole without any further action by the Holder into such shares sold in the Qualified Financing at a conversion price equal to the lesser of (i) the Discount Rate of the price paid per share for such shares by the Investors, or (ii) the price (the "Cap Conversion Price") equal to the quotient of the Valuation Cap divided by the total number of outstanding shares of the Company immediately prior to the Qualified Financing calculated on a fully diluted basis (assuming conversion of all convertible securities and exercise of all outstanding options, warrants, phantom stock, stock appreciation rights, and other rights to acquire capital stock of the Company, including any shares reserved and available for future grant under any equity incentive or similar plan of the Company, and/or any equity incentive or similar plan to be created or increased in connection with the Qualified Financing on a pre-money basis, but excluding shares issuable upon the conversion of the Note(s) or any other current or future convertible debt or equity instruments issued for capital raising purposes (e.g., Simple Agreements for Future Equity)). The issuance of shares pursuant to the conversion of this Note shall be upon and subject to the same terms and conditions applicable to shares sold in the Qualified Financing. At the option of the Holder, the Holder will receive all of the benefits afforded to other Investors acquiring the same number of shares in the Qualified Financing. Notwithstanding this paragraph, if the conversion price of the Note as determined pursuant to this paragraph (the "Conversion Price") is less than the price per share at which shares are issued in the Qualified Financing, the Company may, solely at its option, elect to convert this Note into shares of a newly created series of preferred stock having the identical rights, privileges, preferences and restrictions as the shares issued in the Qualified Financing, and otherwise on the same terms and conditions, other than with respect to: (i) the per share liquidation preference and the conversion price for purposes of price-based anti-dilution protection, which will equal the Conversion Price; and (ii) the per share dividend, which will be the same percentage of the Conversion Price as applied to determine the per share dividends of the investors in the Qualified Financing relative to the purchase price paid by the investors.

Maturity Date Conversion

In the event that a Qualified Financing is not consummated prior to the Maturity Date, then, at the written election of the Holder at any time on or after the Maturity Date (such date, the "Election Date"), effective no later than five days after the Election Date, the outstanding principal balance and any unpaid accrued interest under this Note shall be converted into shares of the Company's common stock at a conversion price equal to the quotient of the Valuation Cap divided by the aggregate number of outstanding shares of the Company's common stock as of the Election Date calculated on a fully diluted basis (assuming conversion of all convertible securities and exercise of all outstanding options, warrants, phantom stock, stock appreciation rights, and other rights to acquire capital stock of the Company, including any shares reserved and available for future grant under any equity incentive or similar plan of the Company, but excluding shares issuable upon the conversion of the Note(s) or any other current or future convertible debt or equity instruments issued for capital raising purposes (e.g., Simple Agreements for Future Equity)).

Sale of the Company

Notwithstanding any provision of this Note to the contrary, if the Company consummates a Sale of the Company (as defined below) prior to the conversion or repayment in full of this Note, then (i) the Company will give the Holder at least five days prior written notice of the anticipated closing date of such Sale of the Company and (ii) at the closing of such Sale of the Company, in full satisfaction of the Company's obligations under this Note, the Company will pay the Holder an aggregate amount equal to the greater of (x) the aggregate amount of principal and unpaid accrued interest then outstanding under this Note or (y) the amount the Holder would have been entitled to receive in connection with such Sale of the Company if the aggregate amount of principal and unpaid accrued interest then outstanding under this Note had been converted into shares of the Company's common stock at a conversion price equal to the quotient of the Valuation Cap divided by the aggregate number of outstanding shares of the Company's common stock as of immediately prior to the closing of such Sale of the Company calculated on a fully diluted basis (assuming conversion of all convertible securities and exercise of all outstanding options, warrants, phantom stock, stock appreciation rights, and other rights to acquire capital stock of the Company, including any shares reserved and available for future grant under any equity incentive or similar plan of the Company, but excluding shares issuable upon the conversion of the Note(s) or any other current or future convertible debt or equity instruments issued for capital raising purposes (e.g., Simple Agreements for Future Equity)) being converted or deemed to be converted in connection with the Sale of the Company).

Procedure for Conversion

In connection with any conversion of this Note into capital stock, the Holder shall surrender this Note to the Company and deliver to the Company any documentation reasonably required by the Company (including, in the case of a Qualified Financing, all financing documents executed by other investors in connection with such Qualified Financing; and (iii) in the case of a Sale of the Company, all definitive agreements executed by equity holders of the Company if the Holder is entitled to the payment described in clause (y) of Section 2(c)). The Company shall not be required to issue or deliver the capital stock into which this Note may convert, or any payments that might otherwise be due under Section 2(c) until the Holder has surrendered this Note to the Company and delivered to the Company any such documentation. Upon the conversion of this Note into capital stock pursuant to the terms hereof, in lieu of any fractional shares to which the Holder would otherwise be entitled, the Company shall pay the Holder cash equal to such fraction multiplied by the price at which this Note converts; provided, however, if such amount is less than \$100.00, no such payment shall be required, and no fractional shares shall be issued. To secure the Holder's obligations to execute and deliver the documentation required by this paragraph, the Holder hereby appoints the Chief Executive Officer of the Company as the Holder's true and lawful attorney, with the power to act alone and with full power of substitution, to execute and deliver all such documentation required by this paragraph if, and only if, the Holder fails execute or deliver such documentation as required by this paragraph. The power granted by the Holder pursuant to this paragraph is coupled with an interest and is given to secure the performance of the Holder's duties under this Note, is irrevocable and will survive the death, incompetency, disability, merger or reorganization of the Holder.

Interest Accrual

If a Sale of the Company or a Qualified Financing is consummated, all interest on this Note shall be deemed to have stopped accruing as of the signing of the definitive agreement for the Sale of the Company or Qualified Financing or an earlier date, determined by the Company, which may be as many as ten days prior to the signing of such definitive agreement.

Senior Indebtedness

The indebtedness evidenced by this Note is subordinated in right of payment to the prior payment in full of any Senior Indebtedness in existence on the date of this Note or hereafter incurred. "Senior Indebtedness" shall mean, unless expressly subordinated to or made on a parity with the amounts due under this Note, all amounts due in connection with (i) indebtedness of the Company to banks or other lending institutions regularly engaged in the business of lending money (excluding venture capital, investment banking or similar institutions and their affiliates, which sometimes engage in lending activities but which are primarily engaged in investments in equity securities), and (ii) any such indebtedness or any debentures, notes or other evidence of indebtedness issued in exchange for such Senior Indebtedness, or any indebtedness arising from the satisfaction of such Senior Indebtedness by a guarantor.

Securities Issued by the SPV

Instead of issuing its securities directly to investors, the Company has decided to issue its securities to the SPV, which will then issue interests in the SPV to investors. The SPV has been formed by Wefunder Admin, LLC and is a co-issuer with the Company of the securities being offered in this offering. The Company's use of the SPV is intended to allow investors in the SPV to achieve the same economic exposure, voting power, and ability to assert State and Federal law rights, and receive the same disclosures, as if they had invested directly in the Company. The Company's use of the SPV will not result in any additional fees being charged to investors.

The SPV has been organized and will be operated for the sole purpose of directly acquiring, holding and disposing of the Company's securities, will not borrow money and will use all of the proceeds from the sale of its securities solely to purchase a single class of securities of the Company. As a result, an investor investing in the Company through the SPV will have the same relationship to the Company's securities in terms of number, denomination, type and rights, as if the

Company's securities, in terms of interest, administration, rights and rights, as if the investor invested directly in the Company.

Voting Rights

If the securities offered by the Company and those offered by the SPV have voting rights, those voting rights may be exercised by the investor or his or her proxy. The applicable proxy is the Lead Investor, if the Proxy (described below) is in effect.

Proxy to the Lead Investor

While the Note does not have voting rights, the SPV securities may have voting rights. With respect to those voting rights, the investor and his, her, or its transferees or assignees (collectively, the "Investor"), through a power of attorney granted by Investor in the Investor Agreement, has appointed or will appoint the Lead Investor as the Investor's true and lawful proxy and attorney (the "Proxy") with the power to act alone and with full power of substitution, on behalf of the Investor to: (i) vote all securities related to the Company purchased in an offering hosted by Wefunder Portal, and (ii) execute, in connection with such voting power, any instrument or document that the Lead Investor determines is necessary and appropriate in the exercise of his or her authority. Such Proxy will be irrevocable by the Investor unless and until a successor lead investor ("Replacement Lead Investor") takes the place of the Lead Investor. Upon notice that a Replacement Lead Investor has taken the place of the Lead Investor, the Investor will have five (5) calendar days to revoke the Proxy. If the Proxy is not revoked within the 5-day time period, it shall remain in effect.

Restriction on Transferability

The SPV securities are subject to restrictions on transfer, as set forth in the Subscription Agreement and the Limited Liability Company Agreement of Wefunder SPV, LLC, and may not be transferred without the prior approval of the Company, on behalf of the SPV.

14. Do the securities offered have voting rights?

- Yes
 No

15. Are there any limitations on any voting or other rights identified above?

See the above description of the Proxy to the Lead Investor.

16. How may the terms of the securities being offered be modified?

Any term of this Note may be amended or waived with the written consent of the Company and the Holder. In addition, any term of this Note may be amended or waived with the written consent of the Company and the Majority Holders. Upon the effectuation of such waiver or amendment in conformance with this paragraph, the Company shall promptly give written notice thereof to the Holder if the Holder has not previously consented to such amendment or waiver in writing.

Pursuant to authorization in the Investor Agreement between each Investor and Wefunder Portal, Wefunder Portal is authorized to take the following actions with respect to the investment contract between the Company and an investor:

- A. Wefunder Portal may amend the terms of an investment contract, provided that the amended terms are more favorable to the investor than the original terms; and
- B. Wefunder Portal may reduce the amount of an investor's investment if the reason for the reduction is that the Company's offering is oversubscribed.

RESTRICTIONS ON TRANSFER OF THE SECURITIES BEING OFFERED:

The securities being offered may not be transferred by any purchaser of such securities during the one year period beginning when the securities were issued, unless such securities are transferred:

1. to the issuer;
2. to an accredited investor;
3. as part of an offering registered with the U.S. Securities and Exchange Commission; or
4. to a member of the family of the purchaser or the equivalent, to a trust controlled by the purchaser, to a trust created for the benefit of a member of the family of the purchaser or the equivalent, or in connection with the death or divorce of the purchaser or other similar circumstance.

NOTE: The term "accredited investor" means any person who comes within any of the categories set forth in Rule 501(a) of Regulation D, or who the seller reasonably believes comes within any of such categories, at the time of the sale of the securities to that person.

The term "member of the family of the purchaser or the equivalent" includes a child, stepchild, grandchild, parent, stepparent, grandparent, spouse or spousal equivalent, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law of the purchaser, and includes adoptive relationships. The term "spousal equivalent" means a cohabitant occupying a relationship generally equivalent to that of a spouse.

DESCRIPTION OF ISSUER'S SECURITIES

17. What other securities or classes of securities of the issuer are outstanding? Describe the material terms of any other outstanding securities or classes of securities of the issuer.

Class of Security	Securities (or Amount) Authorized	Securities (or Amount) Outstanding	Voting Rights
Series Seed Preferred	1,000,394	962,563	Yes <input type="button" value="v"/>
Common	2,650,000	1,077,330	Yes <input type="button" value="v"/>

Securities Reserved for Issuance upon Exercise or Conversion

Warrants:

Options: 2,039,893

Describe any other rights:

Major Purchaser Rights (defined as an investment of more than \$250k) will have

pro rata rights for the next subsequent round as well as standard information and inspection rights.

Preferred stock has a 1x liquidation preference over common stock.

18. How may the rights of the securities being offered be materially limited, diluted or qualified by the rights of any other class of security identified above?

This below section pertains to shareholders in the Company. Investors in this Offering would only become shareholders assuming the Note converts into equity as described in Item 13 of this Form C.

The holders of a majority-in-interest of voting rights in the Company could limit the Investor's rights in a material way. For example, those interest holders could vote to change the terms of the agreements governing the Company's operations or cause the Company to engage in additional offerings (including potentially a public offering). These changes could result in further limitations on the voting rights the Investor will have as an owner of equity in the Company, for example by diluting those rights or limiting them to certain types of events or consents. To the extent applicable, in cases where the rights of holders of convertible debt, SAFES, or other outstanding options or warrants are exercised, or if new awards are granted under our equity compensation plans, an Investor's interests in the Company may be diluted. This means that the pro-rata portion of the Company represented by the Investor's securities will decrease, which could also diminish the Investor's voting and/or economic rights. In addition, as discussed above, if a majority-in-interest of holders of securities with voting rights cause the Company to issue additional equity, an Investor's interest will typically also be diluted. Based on the risk that an Investor's rights could be limited, diluted or otherwise qualified, the Investor could lose all or part of his or her investment in the securities in this offering, and may never see positive returns. Additional risks related to the rights of other security holders are discussed below, in Question 20.

19. Are there any differences not reflected above between the securities being offered and each other class of security of the issuer?

No.

20. How could the exercise of rights held by the principal shareholders identified in Question 6 above affect the purchasers of the securities being offered?

This below section pertains to shareholders in the Company. Investors in this Offering would only become shareholders assuming the Note converts into equity as described in Item 13 of this Form C.

As holders of a majority-in-interest of voting rights in the Company, **the shareholders** may make decisions with which the Investor disagrees, or that negatively affect the value of the Investor's securities in the Company, and the Investor will have no recourse to change these decisions. The Investor's interests may conflict with those of other investors, and there is no guarantee that the Company will develop in a way that is optimal for or advantageous to the Investor.

For example, **the shareholders** may change the terms of the articles of incorporation for the company, change the terms of securities issued by the Company, change the management of the Company, and even force out minority holders of securities. **The shareholders** may make changes that affect the tax treatment of the Company in ways that are unfavorable to you but favorable to them. They may also vote to engage in new offerings and/or to register certain of the Company's securities in a way that negatively affects the value of the securities the Investor owns. Other holders of securities of the Company may also have access to more information than the Investor, leaving the Investor at a disadvantage with respect to any decisions regarding the securities he or she owns.

The shareholders have the right to redeem their securities at any time. **Shareholders** could decide to force the Company to redeem their securities at a time that is not favorable to the Investor and is damaging to the Company. Investors' exit may affect the value of the Company and/or its viability.

In cases where the rights of holders of convertible debt, SAFES, or other outstanding options or warrants are exercised, or if new awards are granted under our equity compensation plans, an Investor's interests in the Company may be diluted. This means that the pro-rata portion of the Company represented by the Investor's securities will decrease, which could also diminish the Investor's voting and/or economic rights. In addition, as discussed above, if a majority-in-interest of holders of securities with voting rights cause the Company to issue additional stock, an investor's interest will typically also be diluted.

21. How are the securities being offered being valued? Include examples of methods for how such securities may be valued by the issuer in the future, including during subsequent corporate actions.

The offering price for the securities offered pursuant to this Form C has been determined arbitrarily by the Company, and does not necessarily bear any relationship to the Company's book value, assets, earnings or other generally accepted valuation criteria. In determining the offering price, the Company did not employ investment banking firms or other outside organizations to make an independent appraisal or evaluation. Accordingly, the offering price should not be considered to be indicative of the actual value of the securities offered hereby.

The initial amount invested in a Convertible Note is determined by the investor, and we do not guarantee that the Convertible Note will be converted into any particular number of shares.

As discussed in Question 13, when we engage in an offering of equity involving Stock, Investors may receive a number of shares of Preferred Stock calculated as either the conversion price equal to the lesser of (i) 80% of the price paid per share for Equity Securities by the Investors in the Qualified Financing or (ii) the price equal to the quotient of the valuation cap of \$8,000,000.00 (the "Valuation Cap") divided by the aggregate number of outstanding shares of the Company's stock as of immediately prior to the initial closing of the Qualified Financing (assuming full conversion or exercise of all convertible and exercisable securities then outstanding, but excluding the shares of equity securities of the Company issuable upon the conversion of the Notes or any other debt).

Because there will likely be no public market for our securities prior to an initial public offering or similar liquidity event, the price of the Stock that Investors will

receive, and/or the total value of the Company's capitalization, will be determined by our board of directors. Among the factors we may consider in determining the price of Stock are prevailing market conditions, our financial information, market valuations of other companies that we believe to be comparable to us, estimates of our business potential, the present state of our development and other factors deemed relevant.

In the future, we will perform valuations of our shares that take into account, as applicable, factors such as the following:

- unrelated third party valuations;
- the price at which we sell other securities in light of the relative rights, preferences and privileges of those
- our results of operations, financial position and capital resources;
- current business conditions and projections;
- the marketability or lack thereof of the securities;
- the hiring of key personnel and the experience of our management;
- the introduction of new products;
- the risk inherent in the development and expansion of our products;
- our stage of development and material risks related to our business;
- the likelihood of achieving a liquidity event, such as an initial public offering or a sale of our company given the
- market conditions and the nature and history of our business;
- industry trends and competitive environment;
- trends in consumer spending, including consumer confidence;
- overall economic indicators, including gross domestic product, employment, inflation and interest rates; and
- the general economic outlook.

We will analyze factors such as those described above using a combination of financial and market-based methodologies to determine our business enterprise value. For example, we may use methodologies that assume that businesses operating in the same industry will share similar characteristics and that the Company's value will correlate to those characteristics, and/or methodologies that compare transactions in similar securities issued by us that were conducted in the market.

22. What are the risks to purchasers of the securities relating to minority ownership in the issuer?

This below section pertains to shareholders in the Company. Investors in this Offering would only become shareholders assuming the Note converts into equity as described in Item 13 of this Form C.

An Investor in the Company will likely hold a minority position in the Company, and thus be limited as to its ability to control or influence the governance and operations of the Company.

The marketability and value of the Investor's interest in the Company will depend upon many factors outside the control of the Investor. The Company will be managed by its officers and be governed in accordance with the strategic direction and decision-making of its Board Of Directors, and the Investor will have no independent right to name or remove an officer or member of the Board Of Directors of the Company.

Following the Investor's investment in the Company, the Company may sell interests to additional investors, which will dilute the percentage interest of the Investor in the Company. The Investor may have the opportunity to increase its investment in the Company in such a transaction, but such opportunity cannot be assured.

The amount of additional financing needed by the Company, if any, will depend upon the maturity and objectives of the Company. The declining of an opportunity or the inability of the Investor to make a follow-on investment, or the lack of an opportunity to make such a follow-on investment, may result in substantial dilution of the Investor's interest in the Company.

23. What are the risks to purchasers associated with corporate actions, including additional issuances of securities, issuer repurchases of securities, a sale of the issuer or of assets of the issuer or transactions with related parties?

This below section pertains to shareholders in the Company. Investors in this Offering would only become shareholders assuming the Note converts into equity as described in Item 13 of this Form C.

Additional issuances of securities. Following the Investor's investment in the Company, the Company may sell interests to additional investors, which will dilute the percentage interest of the Investor in the Company. The Investor may have the opportunity to increase its investment in the Company in such a transaction, but such opportunity cannot be assured. The amount of additional financing needed by the Company, if any, will depend upon the maturity and objectives of the Company. The declining of an opportunity or the inability of the Investor to make a follow-on investment, or the lack of an opportunity to make such a follow-on investment, may result in substantial dilution of the Investor's interest in the Company.

Issuer repurchases of securities. The Company may have authority to repurchase its securities from shareholders, which may serve to decrease any liquidity in the market for such securities, decrease the percentage interests held by other similarly situated investors to the Investor, and create pressure on the Investor to sell its securities to the Company concurrently.

A sale of the issuer or of assets of the issuer. As a minority owner of the Company, the Investor will have limited or no ability to influence a potential sale of the Company or a substantial portion of its assets. Thus, the Investor will rely upon the executive management of the Company and the Board of Directors of the Company to manage the Company so as to maximize value for shareholders. Accordingly, the success of the Investor's investment in the Company will depend in large part upon the skill and expertise of the executive management of the Company and the Board of Directors of the Company. If the Board Of Directors of the Company authorizes a sale of all or a part of the Company, or a disposition of a substantial portion of the Company's assets, there can be no guarantee that the value received by the Investor, together with the fair market estimate of the value remaining in the Company, will be equal to or exceed the value of the Investor's initial investment in the Company.

Transactions with related parties. The Investor should be aware that there will be occasions when the Company may encounter potential conflicts of interest in its operations. On any issue involving conflicts of interest, the executive management and Board of Directors of the Company will be guided by their good faith judgement as to the Company's best interests. The Company may engage in transactions with affiliates, subsidiaries or other related parties, which may be on terms which are not arm's-length, but will be in all cases consistent with the duties of the management of the Company to its shareholders. By acquiring an interest in the Company, the Investor will be deemed to have acknowledged the existence of any such actual or potential conflicts of interest and to have waived any claim with respect to any liability arising from the existence of any such conflict of interest.

Relationship	Family

INSTRUCTIONS TO QUESTION 26: The term transaction includes, but is not limited to, any financial transaction, arrangement or relationship (including any indebtedness or guarantee of indebtedness) or any series of similar transactions, arrangements or relationships.

Beneficial ownership for purposes of paragraph (2) shall be determined as of a date that is no more than 120 days prior to the date of filing of this offering statement and using the same calculation described in Question 6 of this Question and Answer format.

The term "member of the family" includes any child, stepchild, grandchild, parent, stepparent, grandparent, spouse or spousal equivalent, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law of the person, and includes adoptive relationships. The term "spousal equivalent" means a cohabitant occupying a relationship generally equivalent to that of a spouse.

Compute the amount of a related party's interest in any transaction without regard to the amount of the profit or loss involved in the transaction. Where it is not practicable to state the approximate amount of the interest, disclose the approximate amount involved in the transaction.

FINANCIAL CONDITION OF THE ISSUER

- Yes
 No

28. Describe the financial condition of the issuer, including, to the extent material, liquidity, capital resources and historical results of operations.

Management's Discussion and Analysis of Financial Condition and Results of Operations

You should read the following discussion and analysis of our financial condition and results of operations together with our financial statements and the related notes and other financial information included elsewhere in this offering. Some of the information contained in this discussion and analysis, including information regarding the strategy and plans for our business, includes forward-looking statements that involve risks and uncertainties. You should review the "Risk Factors" section for a discussion of important factors that could cause actual results to differ materially from the results described in or implied by the forward-looking statements contained in the following discussion and analysis.

Overview

Crafter.com Bringing makers of every level together through the art of crafting.

Milestones

The Crafter's Box, Inc. (the "Company") was incorporated in the State of Delaware on January 10, 2020. The Company was originally formed in the State of California on November 18, 2015, as The Crafters Box, LLC. On January 10, 2020, The Crafter's Box, Inc. was incorporated and all ownership of The Crafter's Box, LLC was exchanged for shares of common stock in The Crafter's Box, Inc. Thus, making The Crafter's Box, LLC a wholly owned subsidiary of The Crafter's Box, Inc.

Since the date of our financials, we have:

- The arts & crafts industry is a \$44B industry serving over 180M makers.
- We offer artists an alternative to teaching workshops in person to reach a larger audience.
- Subscribers have a 94.5% repurchase rate, we're proud to have a CAGR of 39% since our launch.
- We've launched over 100 workshops to over 25,000 makers.
- We're a Techstars and Project Entrepreneur accelerator company.
- We are venture backed by funds such as Jason Calacanis' Launch, Massive VC, NuFund and Interlock
- We've launched exciting partnerships with Anthropologie, Nordstrom and Michaels

Historical Results of Operations

Our company was organized in January 2020 and has limited operations upon which prospective investors may base an evaluation of its performance.

- *Revenues & Gross Margin.* For the period ended December 31, 2022, the Company had revenues of \$1,849,412 compared to the year ended December 31, 2021, when the Company had revenues of \$2,038,060.
- *Assets.* As of December 31, 2022, the Company had total assets of \$803,297, including \$776,233 in cash. As of December 31, 2021, the Company had \$1,320,939 in total assets, including \$464,893 in cash.
- *Net Loss.* The Company has had net losses of \$1,188,379 and net losses of \$1,735,993 for the fiscal years ended December 31, 2022 and December 31, 2021, respectively.
- *Liabilities.* The Company's liabilities totaled \$1,367,626 for the fiscal year ended December 31, 2022 and \$397,787 for the fiscal year ended December 31, 2021.

Related Party Transaction

Refer to Question 26 of this Form C for disclosure of all related party transactions.

Liquidity & Capital Resources

To-date, the company has been financed with \$424,208 in debt, \$3,497,000 in equity, and \$270,000 in convertibles.

After the conclusion of this Offering, should we hit our minimum funding target, we believe we can reach break-even in 4 months.

We plan to use the proceeds as set forth in this Form C under "Use of Funds".

We will likely require additional financing in excess of the proceeds from the Offering in order to perform operations over the lifetime of the Company. We plan to raise capital in 12 months. Except as otherwise described in this Form C, we do not have additional sources of capital other than the proceeds from the offering. Because of the complexities and uncertainties in establishing a new business strategy, it is not possible to adequately project whether the proceeds of this offering will be sufficient to enable us to implement our strategy. This complexity and uncertainty will be increased if less than the maximum amount of securities offered in this offering is sold. The Company intends to raise additional capital in the future from investors. Although capital may be available for early-stage companies, there is no guarantee that the Company will receive any investments from investors.

Runway & Short/Mid Term Expenses

The Crafter's Box, Inc cash in hand is \$135,000, as of April 2023. Over the last three months, revenues have averaged \$157,400/month, cost of goods sold has averaged \$39,422/month, and operational expenses have averaged \$139,340/month, for an average burn rate of \$21,362 per month. Our intent is to be profitable in 6 months.

There have been no major material changes or trends in our finances/operations since the date of our financial statements. It should be noted that the averages from the dates that the financials cover includes two holiday months which tend to be considerably stronger for us (1.5-1.7x)

We anticipate our revenue to grow 5-15% MoM to hit our breakeven of \$200k/month in the next 3-6 months.

Crafter is burning between \$20-30k each month, we anticipate hitting breakeven in 3-6 months with a steady, conservative growth timeline, assuming we are able to raise approximately \$300,000 in capital.

During our campaign we are covering short-term burn with capital being raised alongside our Wefunder campaign as well as cash in the bank and revenue coming in through sales of our product.

All projections in the above narrative are forward-looking and not guaranteed.

INSTRUCTIONS TO QUESTION 28: The discussion must cover each year for which financial statements are provided. For issuers with no prior operating history, the discussion should focus on financial milestones and operational, liquidity and other challenges. For issuers with an operating history, the discussion should focus on whether historical results and cash flows are representative of what investors should expect in the future. Take into account the proceeds of the offering and any other known or pending sources of capital. Discuss how the proceeds from the offering will affect liquidity, whether receiving these funds and any other additional funds is necessary to the viability of the business, and how quickly the issuer anticipates using its available cash. Describe the other available sources of capital to the business, such as lines of credit or required contributions by shareholders. References to the issuer in this Question 28 and these instructions refer to the issuer and its predecessors, if any.

Yes No

(8) Is any such person subject to a United States Postal Service false representation order entered within five years before the filing of the information required by Section 4A(b) of the Securities Act, or is any such person, at the time of filing of this offering statement, subject to a temporary restraining order or preliminary injunction with respect to conduct alleged by the United States Postal Service to constitute a scheme or device for obtaining money or property through the mail by means of false representations?

Yes No

If you would have answered "Yes" to any of these questions had the conviction, order, judgment, decree, suspension, expulsion or bar occurred or been issued after May 15, 2016, then you are NOT eligible to rely on this exemption under Section 4(a)(6) of the Securities Act.

INSTRUCTIONS TO QUESTION 9: Final order means a written directive or declaratory statement issued by a federal or state agency, described in Rule 503(a)(3) of Regulation Crowdfunding, under applicable statutory authority that provides for notice and an opportunity for hearing, which constitutes a final disposition or action by that federal or state agency.

No matters are required to be disclosed with respect to events relating to any affiliated issuer that occurred before the affiliation arose if the affiliated entity is not (i) in control of the issuer or (ii) under common control with the issuer by a third party that was in control of the affiliated entity at the time of such events.

OTHER MATERIAL INFORMATION

31. In addition to the information expressly required to be included in this Form, include:

- (1) any other material information presented to investors; and
- (2) such further material information, if any, as may be necessary to make the required statements, in the light of the circumstances under which they are made, not misleading.

The Lead Investor. As described above, each investor that has entered into the Investor Agreement will grant a power of attorney to make voting decisions on behalf of that investor to the Lead Investor (the "Proxy"). The Proxy is irrevocable unless and until a Successor Lead Investor takes the place of the Lead Investor, in which case, the investor has a five (5) calendar day period to revoke the Proxy. Pursuant to the Proxy, the Lead Investor or his or her successor will make voting decisions and take any other actions in connection with the voting on investors' behalf.

The Lead Investor is an experienced investor that is chosen to act in the role of Lead Investor on behalf of investors that have a Proxy in effect. The Lead Investor

will be chosen by the Company and approved by Wefunder Inc. and the identity of the initial Lead Investor will be disclosed to Investors before Investors make a final investment decision to purchase the securities related to the Company.

The Lead Investor can quit at any time or can be removed by Wefunder Inc. for cause or pursuant to a vote of investors as detailed in the Lead Investor Agreement. In the event the Lead Investor quits or is removed, the Company will choose a Successor Lead Investor who must be approved by Wefunder Inc. The identity of the Successor Lead Investor will be disclosed to Investors, and those that have a Proxy in effect can choose to either leave such Proxy in place or revoke such Proxy during a 5-day period beginning with notice of the replacement of the Lead Investor.

The Lead Investor will not receive any compensation for his or her services to the SPV. The Lead Investor may receive compensation if, in the future, Wefunder Advisors LLC forms a fund ("Fund") for accredited investors for the purpose of investing in a non-Regulation Crowdfunding offering of the Company. In such a circumstance, the Lead Investor may act as a portfolio manager for that Fund (and as a supervised person of Wefunder Advisors) and may be compensated through that role.

Although the Lead Investor may act in multiple roles with respect to the Company's offerings and may potentially be compensated for some of its services, the Lead Investor's goal is to maximize the value of the Company and therefore maximize the value of securities issued by or related to the Company. As a result, the Lead Investor's interests should always be aligned with those of Investors. It is, however, possible that in some limited circumstances the Lead Investor's interests could diverge from the interests of Investors, as discussed in section 8 above.

Investors that wish to purchase securities related to the Company through Wefunder Portal must agree to give the Proxy described above to the Lead Investor, provided that if the Lead Investor is replaced, the Investor will have a 5-day period during which he or she may revoke the Proxy. If the Proxy is not revoked during this 5-day period, it will remain in effect.

Tax Filings. In order to complete necessary tax filings, the SPV is required to include information about each investor who holds an interest in the SPV, including each investor's taxpayer identification number ("TIN") (e.g., social security number or employer identification number). To the extent they have not already done so, each investor will be required to provide their TIN within the earlier of (i) two (2) years of making their investment or (ii) twenty (20) days prior to the date of any distribution from the SPV. If an investor does not provide their TIN within this time, the SPV reserves the right to withhold from any proceeds otherwise payable to the Investor an amount necessary for the SPV to satisfy its tax withholding obligations as well as the SPV's reasonable estimation of any penalties that may be charged by the IRS or other relevant authority as a result of the investor's failure to provide their TIN. Investors should carefully review the terms of the SPV Subscription Agreement for additional information about tax filings.

INSTRUCTIONS TO QUESTION 30: If information is presented to investors in a format, media or other means not able to be reflected in text or portable document format, the issuer should include:

- (a) a description of the material content of such information;*
- (b) a description of the format in which such disclosure is presented, and*
- (c) in the case of disclosure in video, audio or other dynamic media or format, a transcript or description of such disclosure.*

ONGOING REPORTING

32. The issuer will file a report electronically with the Securities & Exchange Commission annually and post the report on its website, no later than:

120 days after the end of each fiscal year covered by the report.

33. Once posted, the annual report may be found on the issuer's website at:

<https://crafter.com/invest>

The issuer must continue to comply with the ongoing reporting requirements until:

1. the issuer is required to file reports under Exchange Act Sections 13(a) or 15(d);
2. the issuer has filed at least one annual report and has fewer than 300 holders of record;
3. the issuer has filed at least three annual reports and has total assets that do not exceed \$10 million;
4. the issuer or another party purchases or repurchases all of the securities issued pursuant to Section 4(a)(6), including any payment in full of debt securities or any complete redemption of redeemable securities; or the issuer liquidates or dissolves in accordance with state law.
