We exist to be the change we would like to see in the world. Through technology we are inspiring and developing leadership while building impactful products to serve the globe with innovative ideas and people.

Who are We?

Bizooku helps you grow your business by leveraging the most powerful communication tool on the planet, your mobile phone.

What does Bizooku Do?

Bizooku puts businesses in control by providing them with a Smart Mobile App Builder, enabling them to create their own custom app centralized around their business.

What's a Smart App?

An app that instantly Transforms itself (Design, Content and How it Functions) based on the user's time and location. Your business isn't static. Neither should your app be.

Our Smart Mobile App Builder puts you in control and enables you to:

- Easily Create beautiful apps
- Make changes instantly or schedule them in the future
- Create unlimited designs with unique content and functionality
- Instantly activate designs based on a user's time and location
- Engage with your users using push notifications
