David Saviola

Money Pastor

Destin, Florida, United States

Summary

We are a group of recovering financial advisors with decades of experience in financial advice. Coming from an industry built to sell more products, our mission now is to share that knowledge and wisdom to empower your team to be great stewards of the paycheck they earn from your business.

By surrendering our licenses to sell investments and insurances, we are truly a unique group with the experience and acumen of full planners, but none of the product sales that goes with it.

Experience

FourWard Employee Wellness

Money Pastor

January 2014 - Present (9 years 4 months)
