Annette R.

Chief Executive Officer & Co-Founder
Destin, Florida, United States

Summary

Wife, mother & entrepreneur. I am committed to bringing a superior option in building materials to the US Market. Housing affordability is at a crisis level and natural disasters are effecting more families than ever before. The Emmedue M2 system introduces a better way to build in the US, and my goal is to make this innovative and proven building system accessible to developers, builders and consumers so they we can ensure more resilient and cost effective structures across the board.

“Don’t be afraid to give up the good, to go for the great. “
John D. Rockefeller
