## Summary

I am currently working on bringing Planet Theta to market. Planet Theta is a VR Dating app that allows users to safely and easily meet people and date from the convenience of their home. Planet Theta is launching on Meta & Steam in the Summer of 2023. Our Beta is available currently on Meta's App Labs.

Cheyenne, Wyoming, United States

FireFlare Games is an app development studio focused on VR Apps. Their current project is Planet Theta, the world's first VR Dating App. Planet Theta is launching globally this Novmeber (2022) on Steam and Oculus.

WiseWave LLC  
Chief Executive Officer  
February 2019 - March 2021 (2 years 2 months)  
Olympia, Washington, United States

Wisewave was a cash solution that leveraged a currency exchange license to make it possible for customers to have immediate access to cash in sectors the banking industry will not work with. Our first prototype was a GenMega-based kiosk that was used in a test setting throughout Washington State.
