Independent Accountant's Review Report

**Shareholders of
River Glen Cocktails, Inc.**

I have reviewed the accompanying financial statements of River Glen Cocktails, Inc., which comprise the balance sheet as of May 17, 2023, and the related statements of income, changes in owner's equity and cash flows then ended. A review includes primarily applying analytical procedures to owners' financial data and making inquiries of company owners. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, I do not express such an opinion.

Management's Responsibility for the Financial Statements

Owner is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.

Accountant's Responsibility

My responsibility is to conduct the review engagement in accordance with the Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require me to perform procedures to obtain limited assurance as a basis for reporting whether I am aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. I believe that the results of my procedures provide a reasonable basis for my conclusion. I am required to be independent of River Glen, LLC and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our reviews.

Accountant's Conclusion

Based on my review, I am not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in accordance with accounting principles generally accepted in the United States of America.

Notes to the Financial Statements

Note 1 - Description of the Organization

River Glen Cocktails, Inc. was established May 4, 2023, which is wholly owned by River Glen, LLC. The entity will be used to raise additional capital per the agreement with Start Engine.

Note 2 – Subsequent Events

River Glen Cocktails, Inc. has evaluated subsequent events through May 17, 2023, which is the date the financial statements were available to be issued. River Glen Cocktails, Inc. is not aware of any material subsequent events.

Note 3 – Entity to Continue as a Going Concern

The ability of the Company to continue as a going concern is dependent upon the success of the business plan and raising of additional capital. The financial statements do not include any adjustments that might be necessary should the Company be unable to continue as a going concern.

Note 4 – Intangible Assets

The Company holds certain intangible assets that are considered to have an indefinite useful life. In accordance with accounting principles generally accepted in the United States of America, the Company assesses the recoverability of these intangible assets on an annual basis. The decision not to amortize these assets is based on the management's judgment that there is no foreseeable limit to the period over which the assets are expected to contribute to the Company's cash flows.

The intangible asset with an indefinite life is subject to impairment testing in accordance with ASC 350 in the United States. Management conducts impairment assessments by comparing the carrying value of the asset to its fair value. If the carrying value exceeds the fair value, an impairment loss is recognized.

As of May 17, 2023, management has determined that there are no indicators of impairment, and the carrying amount of the intangible asset is considered recoverable.

It is important to note that the determination of an indefinite life for these intangible assets involves significant management judgment and assumptions about future events. Changes in circumstances or the occurrence of new information may impact on the Company's assessment of the indefinite useful life and could result in future impairment charges.

The Company will continue to monitor events and circumstances that may affect the recoverability of the intangible asset and will perform impairment testing when indicators of impairment arise. Management believes that the current carrying value of the intangible asset is representative of its fair value.
