(D) The Company’s Business and Business Plan

Join us?

Our business has experienced rapid expansion, outgrowing two locations in just 3 years. Remarkably, we achieved profitability in our first year and have maintained a largely debt-free operation ever since. Our commitment to quality and exceptional hospitality has fueled our success, and we are dedicated to putting in the hard work necessary to maintain it. With a captivating backstory and strong customer engagement, our loyal following continues to grow every day. Our impressive growth rate of over 60% from 2021-2022 is a testament to our thriving business, and we are currently on track to achieve an additional 50%+ growth just in our tasting room, from 2022- 2023. All this while we continue to expand both our wholesale and event sales.

Our Story

We come from a large family, in the largest state. No, not Texas. ;) Creativity, Family, Traditions, Faith. These are things that have helped shape who we are today.

When we first opened our doors in April of 2020, we were out of the gate with 5 flavors. 4 of those were sessions, and then our full bodied Back Trails blueberry mead. Since then we've released over 30 flavors, and will continue to push the boundaries of your taste buds, with our honey wine.

Our Mission

To offer the highest quality locally sourced products, served in a casual environment with the guests experience and pleasure being paramount to all. Supporting our staff with knowledge through training and experience, we hope to make everyone's visit a visit worth recommending and repeating. A family focused environment, that maintains cleanliness while we deliver the highest quality mead possible and continually push the boundaries of possibility. The driving force behind establishing the Honey & Hops Brew Works brand is a vision of quality delivered with our personality.

What's Next?

We've released over 30 flavors since we opened in the early stages of the global pandemic back in 2020. It's incredibly rare for someone to come in and not find something they enjoy, whether beer drinkers, wine drinkers, or liquor drinkers. Mead can have something for everyone.

We are quickly on track for our sales to outpace our production. In order to remedy this we're in need of a bigger production space. Currently, we have a small indoor winery located on Main St. in Front Royal VA. We're looking to expand by purchasing land. This will solve our immediate needs of expanding our production, by allowing us room to build a larger facility on that land, and also our longer term goals, of building a larger tasting room more reminiscent of a typical farm winery or brewery. With outdoor space for adults, or families with children, onsite cabin rentals, and even a contemporary wedding venue.

The property we are currently exploring is within a 12-min drive of our existing location, and sits on approximately 60 acres. With a creek running along one side of the property, and a small seasonal stream through another portion, parts of the land are already cleared for grapes or other fruit, and an existing house available to rent out with minimal upgrades needed before generating income.

Beyond that there is a barn on the property that we'll be retrofitting as a production space. All funds raised here will go towards outfitting that productions space so we can hopefully have it up and running by the end of this year.

The investor will have five (5) business days from the receipt of such notice to reconfirm their investment. Explanation

A “material change” means a change that an average, careful investor would want to know about before making an investment decision. If a material change occurs after you make an investment commitment but before the Offering closes, then the Company will notify you and ask whether you want to invest anyway. If you do not affirmatively choose to invest, then your commitment will be cancelled, your funds will be returned to you, and you will not receive any securities.

(L) Price of the Securities

The Company is offering “securities” in the form of revenue sharing notes, which we refer to as “Notes.” The Notes are being offered at their face amount. For example, you will pay \$1,000 for a Note with a face amount of \$1,000.

(M) Terms of the Securities

Overview

The Company is offering “securities” in the form of revenue sharing notes, which we refer to as the “Notes.” The Terms of the Notes are set forth in the Revenue Share Agreement accompanying this Form C in Appendix A. Copies of the Note and Revenue Sharing Agreement are attached to this Form C.

Summary of Terms

Revenue Percentage ¹	3.0 - 9.0% ²
Payment Deadline	2028-06-30
Maximum Payment Multiple ³ - Early Investors - All Other Investors	1.6 x 1.4 x
Sharing Start Date	The first day after disbursement that the company has revenues greater than one (\$1) dollar
First Payment Date	The last day of the calendar quarter ending not less than 90 days after the Sharing Start Date
Seniority	Subordinated
Securitization	Unsecured
Accrual Rate	3.52%

¹ as defined in the note agreement included in Appendix A

² The rate of revenue sharing is calculated on a linear scale with a minimum rate of 3.0% and a maximum rate of 9.0% and is rounded to the nearest 1/10th percent. The final rate is based on the amount raised and is calculated after the offering has successfully closed. As the amount raised in the offering increases, the rate of revenue sharing increases. For example, a hypothetical offering could result in the following revenue sharing percentages, depending on the amount raised:

Amount Raised	Revenue Sharing Percentage
\$25,000	3.0%
\$37,500	4.5%
\$50,000	6.0%
\$62,500	7.5%
\$75,000	9.0%

³ To reward early participation, the investors who contribute the first \$10,000.0 raised in the offering will receive a 1.6x cap. Investors who contribute after \$10,000.0 has been raised in the offering will receive a 1.4x cap.

Your Right to Payments under the Note

Your right to payments under the Note is set forth in the Note, together with a separate document

called the Revenue Sharing Agreement. Copies of the Note and Revenue Sharing Agreement are attached to this Form C. Additionally, general terms are outlined below and in the Company’s offering page.

Obligation to Contribute Capital

Once you pay for your Note, you will have no obligation to contribute more money to the Company, and you will not be personally obligated for any debts of the Company. However, under some circumstances you could be required by law to return some or all of a distribution you receive from the Company.

No Right to Transfer

You should plan to hold the Notes until maturity. The Notes will be illiquid (meaning you might not be able to sell them) for at least four reasons:

- The Revenue Sharing Agreement prohibits the sale or other transfer of Notes without the Company’s consent.
- If you want to sell your Note the Company will have the first right of refusal to buy it, which could make it harder to find a buyer.
- Even if a sale were permitted, there is no ready market for Notes, as there would be for a publicly-traded stock.
- By law, for a period of one year you won’t be allowed to transfer the Investor Shares except (i) to the Company itself, (ii) to an “accredited” investor, (iii) to a family or trust, or (iii) in a public offering of the Company’s shares.

Security

The Notes are not secured by any assets of the Company or any assets of persons associated with the Company.

Modification of Terms of Notes

The terms of the Notes and the Revenue Sharing Agreement may be modified or amended with the consent of Investors holding 50% of the Notes, measured by the total amount outstanding under each Note.

Other Classes of Securities

Name of Security	Limited Liability Company Interests
Number of Shares Outstanding	0
Describe Voting Rights of These Securities, Including Any Limitations on Voting Rights	These Securities have Voting Rights
How these securities differ from the revenue sharing notes being offered to investors	Limited Liability Company Interests represent ownership interests in the Company, whereas the Promissory Notes are a debt obligation of the Company.

Dilution of Rights

The Company has the right to create additional classes of securities, both equity securities and debt securities (e.g., other classes of promissory notes). Some of these additional classes of securities could have rights that are superior to those of the Notes. For example, the Company could issue promissory notes that are secured by specific property of the Company.

The People Who Control the Company

Each of these people owns 20% or more of the total voting power of the Company:

Name of Holder	% of Voting Power (Prior to Offering)
Ian Rushing	33%
Adam Rushing	33%
Isaac Rushing	34%

How the Exercise of Voting Rights Could Affect You

You will receive payments with respect to your Note only if the Company makes enough money to pay you, or, if the Company does not make enough money to pay you, if there is enough value in the collateral the Company pledged as security for the Notes.

The people with voting rights control the Company and make all the decisions about running its business. If they make good business decisions, it is more likely you will be paid. If they make poor business decisions, it is less likely you will be paid. For example, if they hire too many people and/or try to expand too quickly, the business could be harmed. The people with voting rights could also decide to file for bankruptcy protection, making it more difficult for you to be paid.

How the Notes are Being Valued

The Notes are being valued at their face value. We don't anticipate that we'll ever need to place a value on the Notes in the future.

(N) The Funding Portal

The Company is offering its securities through MainVest, Inc., which is a "Funding Portal" licensed by the Securities and Exchange Commission and FINRA. MainVest Inc.'s Central Index Key (CIK) number is 0001746059, their SEC File number is 007-00162, and their Central Registration Depository (CRD) number is 298384.

(O) Compensation of the Funding Portal

Upon successful funding of the Offering, the Funding Portal will receive as the "Revenue Securement Fee"; 4.5% of the amount of the Offering raised by In-Network Users of the Platform plus 9.0% of the amount of the Offering raised by all other investors. "In-Network Users" means a user of Mainvest.com who who have utilized the Company's specified in-network link on the Site.

(P) Indebtedness of the Company

Creditor	Amount	Interest Rate	Maturity Date	Other Important Terms

(S) The Company’s Financial Condition

Remarkably, we achieved profitability in our first year and have maintained a largely debt-free operation ever since. Our commitment to quality and exceptional hospitality has fueled our success, and we are dedicated to putting in the hard work necessary to maintain it.

With a captivating backstory and strong customer engagement, our loyal following continues to grow every day.
