OFFERING MEMORANDUM

Purpose of This Form

A company that wants to raise money using Regulation Crowdfunding must give certain information to prospective investors, so investors will have a basis for making an informed decision. (D) The Company's Business and Business Plan

Location

- Varsity Club will be classic, clean, and comfortable, inspired by the traditional Irish pub and the many neighborhood bars we have visited in New York and Chicago. Varsity Club has found a home at 317 Delaware directly across from the Historic City Market.
- The proposed space is a garden-level, shotgun style basement that enters directly across from an open, green park frequented by the residents of the neighborhood and visitors to the market.
- The space features a cobblestone patio that shares a border with the park and will seat a minimum of 20 patrons, be dog friendly, and feature views of the City Market and Downtown skyline.

- A highlighted feature of the front patio is the opportunity to serve to-go cocktails, a recent allowance made due to the Covid-19 pandemic. The City Market is perhaps the single most popular weekly attraction in Kansas City and we hope to invite their business, both dine-in and to-go, through the visibility of our patio.

Future Plans

Varsity Club is not opening with the intention to remain a singular establishment. Our intention is to actively pursue other opportunities for growth and to increase the value of our business.

Phase 2 of Varsity Club is to offer coffee and a to-go drink service during the busy weekend days in the River Market. We want to tap into the amount of people who are spending their weekends walking around and enjoying the area.

Phase 3 would be to open additional bar concepts that focus on other untapped drinking experiences in Kansas City. Our goal is to be an established hospitality group.

Executive Summary

With the current revitalization in the Kansas City River Market, there has never been a better time to open and anchor a craft drinking experience in this booming district.

Varsity Club will reinvent the drinking experience in the River Market. There is currently not a craft bar in the area that's open daily and offers fast, quality service with well-made drinks. Varsity Club will feature fare that pays homage to classic cocktails and eats, but we'll approach things with a revitalized and modern twist. We will offer high-end products with a relaxed and approachable experience, identifying as a modern casual-style bar that serves handcrafted cocktails and sought-after European lagers. Our intent is to also tap into the soccer community in Kansas City and provide a space where fans can view Premier League soccer, which is lacking in our city. Although we will always self-identify as a pub-style bar that shows soccer as an/aesthetic, we will not be what is thought of as a traditional "sports bar."

Varsity Club will be elegant, bright, clean, and classic. We will draw inspiration from the array of bars we have visited in the most influential cities in the world. By doing this, we hope to create a space that will look just as fresh and beautiful in 10 years as it does today. Multiple bars in Kansas City feature a distinctly masculine ambiance. We intend to buck that trend by creating a space that caters to everyone and features a classic sensibility. We want to provide a space where a couple can celebrate an anniversary and a group of friends can get together to watch a soccer match and unwind. To make this possible, we are designing the space to give people the freedom to decide for themselves what they want their night to look like.

Varsity Club will exist to provide high-end service with modern twists on classic cocktails in an elegant and inspiring pub atmosphere that connects our customers with the city around them. Our ultimate desire is to create a positive customer experience through cordial service and attention to detail while remaining casual and approachable. Our intent is to not compete with buttoned up, high-end bars, but bridge the gap between those and the pub-style neighborhood bar experience.

Varsity Club wants to be the reliable neighborhood bar in the River Market. Currently, there is a lack of bars in the area that are open throughout the week and during prime drinking nights and hours. We want to tap into this rising social drinking scene and offer a place where people know they will have a great experience, every time. We will hire our staff based on personality and work ethic, as well as create an environment where employees are excited to be at work.

Explanation

A “material change” means a change that an average, careful investor would want to know about before making an investment decision. If a material change occurs after you make an investment commitment but before the Offering closes, then the Company will notify you and ask whether you want to invest anyway. If you do not affirmatively choose to invest, then your commitment will be cancelled, your funds will be returned to you, and you will not receive any securities.

(L) Price of the Securities

The Company is offering “securities” in the form of revenue sharing notes, which we refer to as “Notes.” The Notes are being offered at their face amount. For example, you will pay \$1,000 for a Note with a face amount of \$1,000.

(M) Terms of the Securities

Overview

The Company is offering “securities” in the form of revenue sharing notes, which we refer to as the “Notes.” The Terms of the Notes are set forth in the Revenue Share Agreement accompanying this Form C in Appendix A. Copies of the Note and Revenue Sharing Agreement are attached to this Form C.

Summary of Terms

Revenue Percentage ¹	4.0 - 5.0% ²
Payment Deadline	2029-06-30
Maximum Payment Multiple ³ - Early Investors - All Other Investors	1.7 x 1.5 x
Sharing Start Date	The first day after disbursement that the company has revenues greater than one (\$1) dollar
First Payment Date	The last day of the calendar quarter ending not less than 90 days after the Sharing Start Date
Seniority	Subordinated
Securitization	Unsecured
Accrual Rate	4.13%

¹ as defined in the note agreement included in Appendix A

² The rate of revenue sharing is calculated on a linear scale with a minimum rate of 4.0% and a maximum rate of 5.0% and is rounded to the nearest 1/10th percent. The final rate is based on the amount raised and is calculated after the offering has successfully closed. As the amount raised in the offering increases, the rate of revenue sharing increases. For example, a hypothetical offering could result in the following revenue sharing percentages, depending on the amount raised:

Amount Raised	Revenue Sharing Percentage
\$100,000	4.0%
\$106,000	4.2%
\$112,000	4.5%
\$118,000	4.8%
\$124,000	5.0%

³ To reward early participation, the investors who contribute the first \$50,000.0 raised in the offering will receive a 1.7x cap. Investors who contribute after \$50,000.0 has been raised in the offering will receive a 1.5x cap.

Your Right to Payments under the Note

Your right to payments under the Note is set forth in the Note, together with a separate document

called the Revenue Sharing Agreement. Copies of the Note and Revenue Sharing Agreement are attached to this Form C. Additionally, general terms are outlined below and in the Company's offering page.

Obligation to Contribute Capital

Once you pay for your Note, you will have no obligation to contribute more money to the Company, and you will not be personally obligated for any debts of the Company. However, under some circumstances you could be required by law to return some or all of a distribution you receive from the Company.

No Right to Transfer

You should plan to hold the Notes until maturity. The Notes will be illiquid (meaning you might not be able to sell them) for at least four reasons:

- The Revenue Sharing Agreement prohibits the sale or other transfer of Notes without the Company's consent.
- If you want to sell your Note the Company will have the first right of refusal to buy it, which could make it harder to find a buyer.
- Even if a sale were permitted, there is no ready market for Notes, as there would be for a publicly-traded stock.
- By law, for a period of one year you won't be allowed to transfer the Investor Shares except (i) to the Company itself, (ii) to an "accredited" investor, (iii) to a family or trust, or (iii) in a public offering of the Company's shares.

Security

The Notes are not secured by any assets of the Company or any assets of persons associated with the Company.

Modification of Terms of Notes

The terms of the Notes and the Revenue Sharing Agreement may be modified or amended with the consent of Investors holding 50% of the Notes, measured by the total amount outstanding under each Note.

Other Classes of Securities

Name of Security	Limited Liability Company Interests
Number of Shares Outstanding	N/A
Describe Voting Rights of These Securities, Including Any Limitations on Voting Rights	N/A
How these securities differ from the revenue sharing notes being offered to investors	Limited Liability Company Interests are an equity interest, whereas Revenue Sharing Notes are a debt obligation of the Company.

Dilution of Rights

The Company has the right to create additional classes of securities, both equity securities and debt securities (e.g., other classes of promissory notes). Some of these additional classes of securities could have rights that are superior to those of the Notes. For example, the Company could issue promissory notes that are secured by specific property of the Company.

The People Who Control the Company

Each of these people owns 20% or more of the total voting power of the Company:

Name of Holder	% of Voting Power (Prior to Offering)
Levi Roye	50%
Caleb Roye	50%

How the Exercise of Voting Rights Could Affect You

You will receive payments with respect to your Note only if the Company makes enough money to pay you, or, if the Company does not make enough money to pay you, if there is enough value in the collateral the Company pledged as security for the Notes.

The people with voting rights control the Company and make all the decisions about running its business. If they make good business decisions, it is more likely you will be paid. If they make poor business decisions, it is less likely you will be paid. For example, if they hire too many people and/or try to expand too quickly, the business could be harmed. The people with voting rights could also decide to file for bankruptcy protection, making it more difficult for you to be paid.

How the Notes are Being Valued

The Notes are being valued at their face value. We don't anticipate that we'll ever need to place a value on the Notes in the future.

(N) The Funding Portal

The Company is offering its securities through MainVest, Inc., which is a "Funding Portal" licensed by the Securities and Exchange Commission and FINRA. MainVest Inc.'s Central Index Key (CIK) number is 0001746059, their SEC File number is 007-00162, and their Central Registration Depository (CRD) number is 298384.

(O) Compensation of the Funding Portal

Upon successful funding of the Offering, the Funding Portal will receive as the "Revenue Securement Fee"; 4.5% of the amount of the Offering raised by In-Network Users of the Platform plus 9.0% of the amount of the Offering raised by all other investors. "In-Network Users" means a user of Mainvest.com who who have utilized the Company's specified in-network link on the Site.

(S) The Company’s Financial Condition
