April 2

With the support of more than 1800 investors we have raised nearly \$900,000, assembled an incredible team, and commenced the first leg of production in Eastern Europe where we interviewed some of the most heroic people we've ever met.

Our first stop was Prague, in the Czech Republic. It was in Prague that we talked to Kamila Bendova, a remarkable woman who, along with her late husband, refused to bend a knee to the godless Soviet regime and paid a dear price for their courage. It was by building and relying upon a tight-knit community of other courageous people she was able to survive - and even thrive while raising four children - during the years her husband spent in a Soviet prison.

From this apartment and the community the Bendas and other dissidents built, sprang forth the resistance movement that eventually toppled the Soviet leadership in Czechoslovakia. The future president, Vaclav Havel, and many other top government officials, met in this same apartment while they plotted their resistance and made plans to rebuild a new and better government.

After a powerful experience in Prague, we then traveled to Bratislava, Slovakia, where we talked to even more unsung heroes of the anti-Communist resistance. We interviewed Jan Simulcik, who took us to an underground bunker where he and other dissidents worked covertly to print and distribute contraband materials like bibles and prayer books.

We visited the river where Slovak citizens tragically lost their lives attempting to cross the Iron Curtain for the freedom of the West.

We talked to many inspiring people during our travels and the trip was one of the most meaningful of our lives. We are so grateful for the spiritual support of the people who prayed for us during our time abroad. But the work is not finished. The race is not yet won. The story is not yet told.

We need to travel to Romania, to learn about Ceaușescu's child gulags. We need to travel to Hungary. We need to go to Poland. We need to be in the same room and walk the same streets with more of the people who risked everything for their faith and freedom against the tyranny of communism. Additionally, there are stories we need to capture here in the United States. Ex-Pats who moved here to flee Communism. Journalists and thought leaders who are working to stem the tide of totalitarianism here in the West. The war for Truth has battlegrounds all over the planet today. The time to fight is now.

Nova Roma, Inc., the entity creating *Live Not By Lies*, is "testing the waters" to gauge investor interest in an offering of securities under Regulation Crowdfunding. No money or other consideration is being solicited, and, if sent, will not be accepted. No offer to buy the securities can be accepted and no part of the purchase price can be received until the offering statement is filed and only through an intermediary's platform. A prospective purchaser's indication of interest is non-binding.

Nova Roma, Inc., the entity creating *Live Not By Lies*, has entered into a Campaign Booster and Content Distribution Agreement with Angel Studios, Inc. and granted Angel Studios an option to distribute the series as consideration for Angel Studios providing a monetary loan as well as assistance and expertise in the television production and advertising space while Nova Roma, Inc. is trying to raise money to fund their production. If Angel Studios exercises the option to distribute *Live Not By Lies*, Angel Studios will share in the revenues generated by the series. In addition, Nova Roma, Inc. may use a portion of any proceeds it raises to repay the loan from Angel Studios.
