(D) The Company's Business and Business Plan

Meet Sunshine Station

Sunshine Station will provide an upscale establishment for parents and caretakers to enjoy their favorite beverages with their young children being more than welcomed, but also entertained. They can relax, connect, and/or work all from one place while their little ones have an exciting play area to explore, all in sight. This unique hybrid will create a community solution that is in dire need. The goal of this establishment is to form an area for caretakers to feel comfortable bringing their little ones and feel accepted, encouraged and connected. We will strive daily to add a little sunshine to anyone's cloudy day.

Highlights

- Sunshine Station will be a parent coffee shop/lounge that will be unparalleled by any competitors in the area and include comfy seating, tables, outlets for charging devices, and convenience items that might get forgotten at home.
- The play area will spark creativity. It will be designed to entertain and encourage little bodies and minds through sensory and montessori play, which will thrive during long winters and hot summers.
- A focus on play packages and recurring memberships will generate a steady cash flow each month and help to establish a loyal customer base.
- A focus on quality coffee + drive thru will generate consistent customers, especially others who love to support locals and need a pick me up through our affirmation cards we hand out. We will lift up customers like no one else.
- An emphasis on partnerships with the local businesses to supply merchandise, classes and retail will enhance the community atmosphere and help in gaining resident and small business support.
- Allowing space rental after hours, that allows bringing your own food for birthday parties, baby showers, work parties, etc is a highly sought after need in our community.
- The location of Albany, OR was strategically selected to fill a growing need within a growing community. There is nothing in the area close by, and has been a demand from the community for something year round for young children. It is conveniently located right off I-5 and easy to navigate.

Business Model & Marketing Strategy

Our business model is primarily driven by coffee sales, followed by drop-in passes and memberships, and supported by retail and rentals.

- With an elegant coffee shop and drive-through, we open our market up to anyone seeking a relaxing place to enjoy a coffee- not just parents with young kids, but friends, people who

work from home, and commuters.

- If goal location is secured, we will be the only drive-through coffee shop in downtown. Additionally, we will be the only coffee shop open on Sundays in the downtown area, which provides perfect family time.
- There is essentially no competition in the Albany area. We easily stand out as the only child-encouraged coffeehouse in the surrounding areas. The closest competition would be Athletic Edge Adventure Park and Awesome Indoor Playground, which both feature a completely different focus and are over 30 minutes away.
- Our marketing strategy will rely heavily on social media marketing, with which founder Hannah Jones has extensive experience, along with word-of-mouth and other digital marketing efforts.
- We also plan to market at local businesses, like gyms, preschools, resale boutiques etc and attend holiday bazaars to build community relationships.
- We are already featuring play companies who are excited to partner and support this cause! This will give us additional exposure through their communities as well.

Companies committed to partnering with us:

- Barumba Play
- Whimsical Things
- Acorn Couch
- Autism Community Store
- Everblock System
- Words Worth Repeating
- Arches Magoo
- adding more!

If you do not affirmatively choose to invest, then your commitment will be cancelled, your funds will be returned to you, and you will not receive any securities.

(L) Price of the Securities

The Company is offering “securities” in the form of revenue sharing notes, which we refer to as “Notes.” The Notes are being offered at their face amount. For example, you will pay \$1,000 for a Note with a face amount of \$1,000.

(M) Terms of the Securities

Overview

The Company is offering “securities” in the form of revenue sharing notes, which we refer to as the “Notes.” The Terms of the Notes are set forth in the Revenue Share Agreement accompanying this Form C in Appendix A. Copies of the Note and Revenue Sharing Agreement are attached to this Form C.

Summary of Terms

Revenue Percentage ¹	3.8 - 6.3% ²
Payment Deadline	2031-12-31
Maximum Payment Multiple ³ - Early Investors - All Other Investors	1.5 x 1.4 x
Sharing Start Date	The first day after disbursement that the company has revenues greater than one (\$1) dollar
First Payment Date	The last day of the calendar quarter ending not less than 90 days after the Sharing Start Date
Seniority	Subordinated
Securitization	Unsecured
Accrual Rate	4.13%

¹ as defined in the note agreement included in Appendix A

² The rate of revenue sharing is calculated on a linear scale with a minimum rate of 3.8% and a maximum rate of 6.3% and is rounded to the nearest 1/10th percent. The final rate is based on the amount raised and is calculated after the offering has successfully closed. As the amount raised in the offering increases, the rate of revenue sharing increases. For example, a hypothetical offering could result in the following revenue sharing percentages, depending on the amount raised:

Amount Raised	Revenue Sharing Percentage
\$75,000	3.8%
\$87,250	4.4%
\$99,500	5.0%
\$111,750	5.7%
\$124,000	6.3%

³ To reward early participation, the investors who contribute the first \$20,000.0 raised in the offering will receive a 1.5x cap. Investors who contribute after \$20,000.0 has been raised in the offering will receive a 1.4x cap.

Your Right to Payments under the Note

Your right to payments under the Note is set forth in the Note, together with a separate document

called the Revenue Sharing Agreement. Copies of the Note and Revenue Sharing Agreement are attached to this Form C. Additionally, general terms are outlined below and in the Company's offering page.

Obligation to Contribute Capital

Once you pay for your Note, you will have no obligation to contribute more money to the Company, and you will not be personally obligated for any debts of the Company. However, under some circumstances you could be required by law to return some or all of a distribution you receive from the Company.

No Right to Transfer

You should plan to hold the Notes until maturity. The Notes will be illiquid (meaning you might not be able to sell them) for at least four reasons:

- The Revenue Sharing Agreement prohibits the sale or other transfer of Notes without the Company's consent.
- If you want to sell your Note the Company will have the first right of refusal to buy it, which could make it harder to find a buyer.
- Even if a sale were permitted, there is no ready market for Notes, as there would be for a publicly-traded stock.
- By law, for a period of one year you won't be allowed to transfer the Investor Shares except (i) to the Company itself, (ii) to an "accredited" investor, (iii) to a family or trust, or (iii) in a public offering of the Company's shares.

Security

The Notes are not secured by any assets of the Company or any assets of persons associated with the Company.

Modification of Terms of Notes

The terms of the Notes and the Revenue Sharing Agreement may be modified or amended with the consent of Investors holding 50% of the Notes, measured by the total amount outstanding under each Note.

Other Classes of Securities

Name of Security	Sunshine Station LLC
Number of Shares Outstanding	N/A
Describe Voting Rights of These Securities, Including Any Limitations on Voting Rights	N/A
How these securities differ from the revenue sharing notes being offered to investors	N/A

Dilution of Rights

The Company has the right to create additional classes of securities, both equity securities and debt securities (e.g., other classes of promissory notes). Some of these additional classes of securities could have rights that are superior to those of the Notes. For example, the Company could issue promissory notes that are secured by specific property of the Company.

The People Who Control the Company

Each of these people owns 20% or more of the total voting power of the Company:

Name of Holder	% of Voting Power (Prior to Offering)
Hannah Jones	100%

How the Exercise of Voting Rights Could Affect You

You will receive payments with respect to your Note only if the Company makes enough money to pay you, or, if the Company does not make enough money to pay you, if there is enough value in the collateral the Company pledged as security for the Notes.

The people with voting rights control the Company and make all the decisions about running its business. If they make good business decisions, it is more likely you will be paid. If they make poor business decisions, it is less likely you will be paid. For example, if they hire too many people and/or try to expand too quickly, the business could be harmed. The people with voting rights could also decide to file for bankruptcy protection, making it more difficult for you to be paid.

How the Notes are Being Valued

The Notes are being valued at their face value. We don't anticipate that we'll ever need to place a value on the Notes in the future.
