The Competition

Our proposed location is away from the hustle and bustle of the main party bars and high-traffic tourist areas allowing our guests, local and visitors to relax and enjoy our brews in a relatively quiet environment. The outside space to expand allows us to hold a multitude of events.

- No food on site allows guests to bring their own, have catered events or enjoy the many food trucks that will be invited to the location.
- More open days allows more revenue and jobs creation for the local community.

Location

Lake of the Ozarks, located in the heart of Missouri, is a popular tourist destination known for its stunning natural beauty, recreational activities, and vibrant waterfront communities. Here's a tourist description of this picturesque destination.

- The first thing that strikes you about Lake of the Ozarks is its breathtaking natural beauty. The lake stretches for miles, surrounded by the Ozark Mountains, creating a picturesque landscape that changes with the seasons. In the spring, dogwood and redbud trees bloom along the shoreline, while the summer months bring lush green forests and shimmering waters. Come fall, the foliage transforms into a vibrant palette of reds and golds, making it a prime destination for leaf peeping.
- Lake of the Ozarks is a haven for water sports enthusiasts. Whether you're into boating, jet skiing, paddleboarding, or fishing, you'll find plenty of opportunities to make a splash. The lake's calm waters are perfect for cruising, and you'll often see sailboats and pontoons lazily gliding across the surface. Fishing is a popular pastime, with catfish, bass, and crappie among the catch of the day.
- Lake of the Ozarks is a treasure trove of natural beauty, outdoor adventures, and leisurely pursuits. It's a place where you can create lasting memories with family and friends, and where the tranquil waters and scenic landscapes will leave you refreshed and rejuvenated. Whether you're seeking relaxation or adventure, this Midwest gem has it all. Come and

experience the magic of Lake of the Ozarks for yourself.

The Team

Ryan Lair, Founder

Ryan Lair, founder, entered the Iowa National Guard as an Infantryman in March of 1993, later transferring to active duty. In 1997, Ryan changed his Military Occupational Specialties (MOS) to become an Explosive Ordnance Disposal Technician. Ryan continued to serve in this MOS until August of 2019 when he retired from the Army after over 26 years of decorated Army service. Throughout those years of service, there were multiple combat deployments to both Iraq and Afghanistan. After home brewing, Ryan decided to pursue a dream of owning a craft brewery and became a graduate of The Brewing and Distilling Center's Professional Brewing/Distilling Technology Certificate Program in 2021. To continue his education in the beer industry, Ryan attended the Micro Matic's Dispense Institute to obtain the knowledge needed to install, service, and clean the draft lines in the brewery. While continuing to refine his skills, Ryan volunteered to brew at local craft breweries to increase his knowledge of larger systems and requirements.

Samantha Lair, Co-Founder

Samantha Lair, co-founder, has over 22 years of experience successfully operating various Human Resource and Training/Safety Departments in the industrial sector. Proficient in a range of computer applications, she is also well-developed in communication and customer service settings. Samantha will oversee front of house operations and will do this using her extensive knowledge in Human Resources, training, safety, and Standard Operating Procedures (SOP) in the industrial environment and adherence to OSHA standards. Samantha is currently the front of house manager for a successful distillery and brewery.

I was in the Army for 26 years: 5 years in the Infantry and the remaining 21 as an Explosive Ordnance Disposal Technician (EOD). I had multiple deployments to Iraq/Afghanistan, and all of this has contributed to being a disabled Vet.

I started off brewing with a kit and a 1-gallon pot on the kitchen stove. Once I got the hang of things, I increased to a 3 Pot 10-gallon Electric All Grain System in the dining room (that my wife was so wonderful for letting me do and has also been immensely supportive of pursuing this dream).

I have a plethora of ideas pertaining to holding events for charity. Some of those ideas include giving back to veterans, helping animals to be fostered/adopted, and donating time and money to organizations with special beers. A couple of those would be having other veterans come to the brewery and help brew a beer for Veterans Day as well as a brew for the EOD Memorial. Proceeds going to a veteran's organization and the EOD Memorial at Eglin AFB. I also aim to make custom beers for weddings and special events, I am looking to have a space on sight at the brewery. Last but certainly not least, we strive to take part in being a member of our community and give back.

Our Offerings

We will offer on-site micro brews with the freshest ingredients. They will have names and flavors built from my time in the Army and the local area.

- 5 flag ship brews that will make the customer feel at home with what they like and want.
- Seasonal beers that will be porters and stouts in the winter, light and crisp in the spring and summer. Pumpkin Spice, Ocktober Fest, Christmas just to name a few.

Our Story

After retiring from Army EOD after 26 years I decided, with encouragement from my wife, to take my hobby and make it something more. I started with a 1gal kit on the kitchen stove to an All Grain 3 Vessel system in the dining room.

If you do not affirmatively choose to invest, then your commitment will be cancelled, your funds will be returned to you, and you will not receive any securities.

(L) Price of the Securities

The Company is offering “securities” in the form of revenue sharing notes, which we refer to as “Notes.” The Notes are being offered at their face amount. For example, you will pay \$1,000 for a Note with a face amount of \$1,000.

(M) Terms of the Securities

Overview

The Company is offering “securities” in the form of revenue sharing notes, which we refer to as the “Notes.” The Terms of the Notes are set forth in the Revenue Share Agreement accompanying this Form C in Appendix A. Copies of the Note and Revenue Sharing Agreement are attached to this Form C.

Summary of Terms

Revenue Percentage ¹	1.6 - 2.6% ²
Payment Deadline	2030-12-31
Maximum Payment Multiple ³ - Early Investors - All Other Investors	1.6 x 1.5 x
Sharing Start Date	The first day after disbursement that the company has revenues greater than one (\$1) dollar
First Payment Date	The last day of the calendar quarter ending not less than 90 days after the Sharing Start Date
Seniority	Subordinated
Securitization	Unsecured
Accrual Rate	4.13%

¹ as defined in the note agreement included in Appendix A

² The rate of revenue sharing is calculated on a linear scale with a minimum rate of 1.6% and a maximum rate of 2.6% and is rounded to the nearest 1/10th percent. The final rate is based on the amount raised and is calculated after the offering has successfully closed. As the amount raised in the offering increases, the rate of revenue sharing increases. For example, a hypothetical offering could result in the following revenue sharing percentages, depending on the amount raised:

Amount Raised	Revenue Sharing Percentage
\$75,000	1.6%
\$87,250	1.9%
\$99,500	2.1%
\$111,750	2.4%
\$124,000	2.6%

³ To reward early participation, the investors who contribute the first \$75,000.0 raised in the offering will receive a 1.6x cap. Investors who contribute after \$75,000.0 has been raised in the offering will receive a 1.5x cap.

Your Right to Payments under the Note

Your right to payments under the Note is set forth in the Note, together with a separate document

called the Revenue Sharing Agreement. Copies of the Note and Revenue Sharing Agreement are attached to this Form C. Additionally, general terms are outlined below and in the Company's offering page.

Obligation to Contribute Capital

Once you pay for your Note, you will have no obligation to contribute more money to the Company, and you will not be personally obligated for any debts of the Company. However, under some circumstances you could be required by law to return some or all of a distribution you receive from the Company.

No Right to Transfer

You should plan to hold the Notes until maturity. The Notes will be illiquid (meaning you might not be able to sell them) for at least four reasons:

- The Revenue Sharing Agreement prohibits the sale or other transfer of Notes without the Company's consent.
- If you want to sell your Note the Company will have the first right of refusal to buy it, which could make it harder to find a buyer.
- Even if a sale were permitted, there is no ready market for Notes, as there would be for a publicly-traded stock.
- By law, for a period of one year you won't be allowed to transfer the Investor Shares except (i) to the Company itself, (ii) to an "accredited" investor, (iii) to a family or trust, or (iii) in a public offering of the Company's shares.

Security

The Notes are not secured by any assets of the Company or any assets of persons associated with the Company.

Modification of Terms of Notes

The terms of the Notes and the Revenue Sharing Agreement may be modified or amended with the consent of Investors holding 50% of the Notes, measured by the total amount outstanding under each Note.

Other Classes of Securities

Name of Security	Limited Liability Company Interests
Number of Shares Outstanding	N/A
Describe Voting Rights of These Securities, Including Any Limitations on Voting Rights	N/A
How these securities differ from the revenue sharing notes being offered to investors	Limited Liability Company Interests are an equity interest, whereas Revenue Sharing Notes are a debt obligation of the Company.

Dilution of Rights

The Company has the right to create additional classes of securities, both equity securities and debt securities (e.g., other classes of promissory notes). Some of these additional classes of securities could have rights that are superior to those of the Notes. For example, the Company could issue promissory notes that are secured by specific property of the Company.

The People Who Control the Company

Each of these people owns 20% or more of the total voting power of the Company:

Name of Holder	% of Voting Power (Prior to Offering)
Ryan Lair	90%

How the Exercise of Voting Rights Could Affect You

You will receive payments with respect to your Note only if the Company makes enough money to pay you, or, if the Company does not make enough money to pay you, if there is enough value in the collateral the Company pledged as security for the Notes.

The people with voting rights control the Company and make all the decisions about running its business. If they make good business decisions, it is more likely you will be paid. If they make poor business decisions, it is less likely you will be paid. For example, if they hire too many people and/or try to expand too quickly, the business could be harmed. The people with voting rights could also decide to file for bankruptcy protection, making it more difficult for you to be paid.

How the Notes are Being Valued

The Notes are being valued at their face value. We don't anticipate that we'll ever need to place a value on the Notes in the future.

(N) The Funding Portal

The Company is offering its securities through MainVest, Inc., which is a "Funding Portal" licensed by the Securities and Exchange Commission and FINRA. "In-Network Users" means a user of Mainvest.com who who have utilized the Company's specified in-network link on the Site.
