Book: The Complete Guide to Fintech Trading & Investments

Mati Greenspan

Founder & CEO at Quantum Economics
Tel Aviv-Yafo, Tel Aviv District, Israel

Summary

Portfolio manager, acclaimed investor and entrepreneur.

Mati Greenspan is the Founder & CEO of Quantum Economics. A firm for FinTech research, advisory, and money management. He is frequently cited in financial media like Bloomberg, Forbes, the Wall Street Journal, Reuters, CNBC, Yahoo Finance, and is interviewed on TV, radio and podcasts.

Licensed portfolio manager by CySEC. Registration number CN4176.

Quantum Economics was founded in November 2019. We have approximately two dozen analysts from across the globe specializing in the various areas of blockchain and cryptocurrencies with a strong emphasis on DeFi, NFTs and stablecoins.

Advisor to exciting start ups including LunarCRUSH, Electroneum, Luno Global, and the 1inch network.

Co-authored the book "The Complete Guide to Fintech, Trading, and Investments."

Contributor to Business Insider, investing.com, hacked.com, and more.

Previously: Senior Market Analyst at social trading platform eToro.

Responsibilities at eToro included updating clients and employees on market events, preparing daily analysis by Email read by thousands of clients and journalists, employee training courses, live market webcasts, speaking at seminars, viral videos. As well as writing articles research, and blog posts for the investment community. Many of eToro's highest equity clients were under my personal care.

Don't forget to sign up for my QE Newsletter to get all the latest market insight and investment opportunities. It's free on our website: quantumeconomics.io
