SIMPLE AGREEMENT FOR FUTURE EQUITY

THIS CERTIFIES THAT in exchange for the payment by [ENTITY NAME] (“**Investor**”) of \$[AMOUNT] (the “**Purchase Amount**”) on or about [EFFECTIVE DATE], Reel Products, Inc., a Delaware corporation (“**Company**”), hereby issues to Investor the right to certain shares of Company’s Capital Stock, subject to the terms set forth below.

The “**Valuation Cap**” is \$55,000,000.

The “**Discount Rate**” is 80%.

See Section 2 for certain additional defined terms.

1. Events.

(a) Equity Financing. If there is an Equity Financing before the expiration or termination of this instrument, Company will automatically issue to Investor a number of shares of Safe Preferred Stock equal to the Purchase Amount divided by the Conversion Price. In connection with the issuance of Safe Preferred Stock by Company to Investor pursuant to this Section 1.(a):

(i) Investor will execute and deliver to Company all transaction documents related to the Equity Financing (the “**Financing Agreements**”); provided, that the Financing Agreements are the same documents to be entered into with the purchasers of Standard Preferred Stock, with appropriate variations for the Safe Preferred Stock if applicable, and provided further, that such documents have customary exceptions to any drag-along applicable to Investor, including, without limitation, limited representations and warranties and limited liability and indemnification obligations on the part of Investor;

(ii) Investor and Company will execute a Pro Rata Rights Agreement, unless Investor is already included in such rights in the transaction documents related to the Equity Financing; and

(iii) If Investor fails to execute any Financing Agreements in the form presented by Company within 10 days of Company’s written request, then Company may terminate this Agreement by giving written notice of termination to Investor and refunding the Purchase Amount.

(b) Liquidity Event. If there is a Liquidity Event before the expiration or termination of this instrument, Investor will, at its option, either (i) receive a cash payment equal to the Purchase Amount (subject to the following paragraph) or (ii) automatically receive from Company a number of shares of Common Stock equal to the Purchase Amount divided by the Liquidity Price, if Investor fails to select the cash option. In connection with Section 1.(b)(i), the Purchase Amount will be due and payable by Company to Investor immediately prior to, or concurrent with, the consummation of the Liquidity Event. If there are not enough funds to pay Investor and holders of other Safes (collectively, the “**Cash-Out Investors**”) in full, then all of Company’s available funds will be distributed with equal priority and pro rata among the Cash-Out Investors in proportion to their Purchase Amounts, and the Cash-Out Investors will automatically receive the number of shares of Common Stock equal to the remaining unpaid Purchase Amount divided by the Liquidity Price. In connection with a Change of Control intended to qualify as a tax-free reorganization, Company may reduce, pro rata, the Purchase Amounts payable to the Cash-Out Investors by the amount determined by its board of directors in good faith to be advisable for such Change of Control to qualify as a tax-free reorganization for U.S. federal income tax purposes, and in such case, the Cash-Out Investors will automatically receive the number of shares of Common Stock equal to the remaining unpaid Purchase Amount divided by the Liquidity Price.

(c) Dissolution Event. If there is a Dissolution Event before this instrument expires or terminates, Company will pay an amount equal to the Purchase Amount, due and payable to Investor immediately prior to, or concurrent with, the consummation of the Dissolution Event. The Purchase Amount will be paid prior and in preference to any Distribution of any of the assets of Company to holders of outstanding Capital Stock by reason of their ownership thereof. If immediately prior to the consummation of the Dissolution Event, the assets of Company legally available for distribution to Investor and all holders of all other Safes (the “**Dissolving Investors**”), as determined in good faith by Company’s board of directors, are insufficient to permit the payment to the Dissolving Investors of their respective Purchase Amounts, then the entire assets of Company legally available for distribution will be distributed with equal priority and pro rata among the Dissolving Investors in proportion to the Purchase Amounts they would otherwise be entitled to receive pursuant to this Section 1.(c).

(d) Termination. This instrument will expire and terminate (without relieving Company of any obligations arising from a prior breach of or non-compliance with this instrument) upon either (i) the issuance of stock to Investor pursuant to Section 1.(a) or Section 1.(b)(ii); or (ii) the payment, or setting aside for payment, of amounts due Investor pursuant to Sections 1.(a)(iii), 1.(b)(i) or 1.(c).

(e) Subordination. Notwithstanding anything to the contrary set forth in this instrument, Company and Investor each acknowledge and agree that all payment obligations owing to the Investor hereunder (the “Subordinated Obligations”) is subordinated in right of payment to the indebtedness and other amounts owing by Company to Montage Capital II, L.P. (“Senior Lender”). Investor agrees that for so long as any obligations are outstanding and owing to Senior Lender (the “Senior Obligations”), Investor will not do any of the following without the prior written consent of Senior Lender: (i) demand or receive from Company payment of all or any part of the Subordinated Obligations, by way of payment, prepayment, setoff, lawsuit or otherwise, (ii) permit the Subordinated Obligations to be secured by any property of Company,

(iii) exercise any remedy with respect to the Subordinated Obligations, (iv) commence, or cause to commence, prosecute or participate in any administrative, legal or equitable action against Company, or (v) permit any part of this instrument to be amended to add or increase any payment obligations owing to Investor hereunder. For the sake of clarity, nothing in this paragraph shall prohibit Investor from converting all or any part of the Subordinated Obligations into equity securities of Company provided that, if such securities have any call, put or other conversion features that would obligate Company to declare or pay cash dividends, make cash distributions, or otherwise pay any money, then for so long as any obligations are outstanding and owing to Senior Lender, Company may not make any such payments to Investor, and Investor shall not accept any such dividends, distributions or other payments except as may be specifically permitted in writing by Senior Lender. Senior Lender is an express third-party beneficiary of this paragraph, which may not be waived or amended without the prior written consent of Senior Lender. In the event of any conflict between this paragraph and any other provision set forth in this instrument or any other document governing the Subordinated Obligations, the terms of this paragraph shall apply.
