Offering Statement

Respond to each question in each paragraph of this part. Set forth each question and any notes, but not any instructions thereto, in their entirety. If disclosure in response to any question is responsive to one or more other questions, it is not necessary to repeat the disclosure. If a question or series of questions is inapplicable or the response is available elsewhere in the Form, either state that it is inapplicable, include a cross-reference to the responsive disclosure, or omit the question or series of questions.

Be very careful and precise in answering all questions. Give full and complete answers so that they are not misleading under the circumstances involved. Do not discuss any future performance or other anticipated event unless you have a reasonable basis to believe that it will actually occur within the foreseeable future. If any answer requiring significant information is materially inaccurate, incomplete or misleading, the Company, its management and principal shareholders may be liable to investors based on that information.

THE COMPANY

1. Name of issuer:

Rexis Biotech Inc.

COMPANY ELIGIBILITY

2. Check this box to certify that all of the following statements are true for the issuer.

- Organized under, and subject to, the laws of a State or territory of the United States or the District of Columbia.
- Not subject to the requirement to file reports pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934.
- Not an investment company registered or required to be registered under the Investment Company Act of 1940.
- Not ineligible to rely on this exemption under Section 4(a)(6) of the Securities Act as a result of a disqualification specified in Rule 503(a) of Regulation Crowdfunding.
- Has filed with the Commission and provided to investors, to the extent required, the ongoing annual reports required by Regulation Crowdfunding during the two years immediately preceding the filing of this offering statement (or for such shorter period that the issuer was required to file such reports).
- Not a development stage company that (a) has no specific

business plan or (b) has indicated that its business plan is to engage in a merger or acquisition with an unidentified company or companies.

INSTRUCTION TO QUESTION 2: If any of these statements are not true, then you are NOT eligible to rely on this exemption under Section 4(a)(6) of the Securities Act.

3. Has the issuer or any of its predecessors previously failed to comply with the ongoing reporting requirements of Rule 202 of Regulation Crowdfunding?

Yes No

DIRECTORS OF THE COMPANY

4. Provide the following information about each director (and any persons occupying a similar status or performing a similar function) of the issuer.

Director	Principal Occupation	Main Employer	Year Joined as Director
Keith Bushfield	CEO	Cryopharm Corporation	2022

For three years of business experience, refer to [Appendix D: Director & Officer Work History](#).

OFFICERS OF THE COMPANY

5. Provide the following information about each officer (and any persons occupying a similar status or performing a similar function) of the issuer.

Officer	Positions Held	Year Joined
Keith Bushfield	CEO and President	2022
Ryan Erving	COO	2022
Dan Whitmers	Vice President	2023

For three years of business experience, refer to [Appendix D: Director & Officer Work History](#).

INSTRUCTION TO QUESTION 5: For purposes of this Question 5, the term officer means a president, vice president, secretary, treasurer or principal financial officer, comptroller or principal accounting officer, and any person that routinely performing similar functions.

PRINCIPAL SECURITY HOLDERS

6. Provide the name and ownership level of each person, as of the most recent practicable date, who is the beneficial owner of 20 percent or more of the issuer's outstanding voting equity securities, calculated on the basis of voting power.

Name of Holder	No. and Class of Securities Now Held	% of Voting Power Prior to Offering
Keith Bushfield	6500000.0 Common Stock	67.4
Ryan Erving	2000000.0 Common Stock	20.7

INSTRUCTION TO QUESTION 6: The above information must be provided as of a date that is no more than 120 days prior to the date of filing of this offering statement.

To calculate total voting power, include all securities for which the person directly or indirectly has or shares the voting power, which includes the power to vote or to direct the

voting of such securities. If the person has the right to acquire voting power of such securities within 60 days, including through the exercise of any option, warrant or right, the conversion of a security, or other arrangement, or if securities are held by a member of the family, through corporations or partnerships, or otherwise in a manner that would allow a person to direct or control the voting of the securities (or share in such direction or control — as, for example, a co-trustee) they should be included as being “beneficially owned.” You should include an explanation of these circumstances in a footnote to the “Number of and Class of Securities Now Held.” To calculate outstanding voting equity securities, assume all outstanding options are exercised and all outstanding convertible securities converted.

BUSINESS AND ANTICIPATED BUSINESS PLAN

7. Describe in detail the business of the issuer and the anticipated business plan of the issuer.

For a description of our business and our business plan, please refer to the attached [Appendix A, Business Description & Plan](#)

INSTRUCTION TO QUESTION 7: Wefunder will provide your company's Wefunder profile as an appendix (Appendix A) to the Form C in PDF format. The submission will include all Q&A items and “read more” links in an un-collapsed format. All videos will be transcribed.

This means that any information provided in your Wefunder profile will be provided to the SEC in response to this question. As a result, your company will be potentially liable for misstatements and omissions in your profile under the Securities Act of 1933, which requires you to provide material information related to your business and anticipated business plan.

Please review your Wefunder profile carefully to ensure it provides all material information, is not false or misleading, and does not omit any information that would cause the information included to be false or misleading.

RISK FACTORS

A crowdfunding investment involves risk. You should not invest any funds in this offering unless you can afford to lose your entire investment.

In making an investment decision, investors must rely on their own examination of the issuer and the terms of the offering, including the merits and risks involved. These securities have not been recommended or approved by any federal or state securities commission or regulatory authority. Furthermore, these authorities have not passed upon the accuracy or adequacy of this document.

The U.S. Securities and Exchange Commission does not pass upon the merits of any securities offered or the terms of the offering, nor does it pass upon the accuracy or completeness of any offering document or literature.

These securities are offered under an exemption from registration; however, the U.S. Securities and Exchange Commission has not made an independent determination that these securities are exempt from registration.

8. Discuss the material factors that make an investment in the issuer speculative or risky:

Investing in early stage companies without a proven track record of performance or sound liquidity such as Rexis Biotech Inc. is highly speculative in nature and presents significant risk to you, as the investor. In short, you may lose your entire investment. Prior to investing, you need to thoroughly research and understand all potential risk associated with investing in the Company. Until the company has achieved profitability and is without need of raising additional capital, the chance of you losing your entire

additional capital, the chance of you losing your entire investment remains likely. Therefore, you should not invest more than you are willing to comfortably lose.

Like the company, many companies engaging in crowd funding are early stage start-ups with a high likelihood of failure due to various factors contained in these risk disclosures. Regardless of future revenue and/or profitability performance, good and bad, there is no guarantee that you will ever see a return on your investment, or that you will ever be in a place to exit your investment for a profit or a loss.

As with all investments, you should proceed with caution, do your own research, due diligence, and seek professional investment advice prior to investing. A professional adviser may identify and alert you to risk not covered in these disclosures. The realization of any of the risks contained herein or unknown risks not disclosed could lead to an immediate need for the Company to raise additional capital, make difficult and unpopular operational decisions, or cease operations altogether. You understand that in the event you lose your entire investment you may have limited or no recourse against the Company.

With early stage investing, start-up valuation accuracy can be difficult to obtain. Accurate valuation of the company can be difficult to assess. Public companies are valued publicly, and valuations are supported through market driven stock prices and vast amounts of corporate data provided by the public company. Valuation of a private company is established privately by the company itself and can be difficult to assess due to the limited availability of public information and historical records, or limited time in business. There may exist additional classes of equity with rights that are superior to the class being sold through this offering. New equity classes may be created based on future needs of the company, which may dilute or devalue prior investor securities.

The company's offering may involve "Rolling Closes". In such cases, once the target amount of the offering has been met investors with accepted subscription agreements become the company's investors. Should a material change occur after the closing, you will no longer have the right to withdraw from the offering, regardless of such material change.

The company is not subject to the corporate governance requirements of the national securities exchanges. Any company whose securities are listed on a national securities exchange is subject to a number of rules about corporate governance intended to protect investors. For example, the major U.S. stock exchanges require listed companies to maintain an audit committee comprised entirely of independent members of the board of directors (i.e., directors with no material outside relationships with the company or management), responsible for monitoring the company's compliance with local, state and federal law. The company does not possess, nor will it be required to implement these and other such controls and investor protections.

Sales and revenue projections are based on hypothetical marketing estimates. However, the company may not be able to successfully maintain, promote and grow the brand through its marketing and communication strategies. Increasing the number of customers while establishing brand

awareness and loyalty may prove difficult in the hyper competitive marketplace in which the company operates. Inability to successfully market the company and increase its customer base will adversely impact the company's operations and inhibit success while posing a risk to shareholder investment.

The company relies on multiple third-party services that are essential to its operations and achievement of business objectives. It is possible that these third parties will fail to perform their services as represented or will perform them in an unacceptable manner that will result in a material negative impact to the Company and shareholder value. Your investment may be adversely impacted by the Company's reliance on third party service providers and their performance.

Unless otherwise indicated, the company has not provided investors with financial statements which have been audited by an independent third-party accounting firm. As such, information regarding the Company's capitalization, assets and liabilities is unaudited. If you feel that the information provided by the company is not sufficient for you to make a reasonably informed decision, you should not invest in the company.

Due to the company's small size, it is susceptible to key person risk. The success of the company will largely be dependent upon the experience and skill of its oversight committee, board of directors, executive officers and tenured employees. The company can make no guarantees that key individuals necessary for successful operation of the business objectives will continue to be employed by the Company for any defined period of time. Loss of any key persons for any reason could cause irreparable harm to the company's ability to deliver value to shareholders, meet business objectives, and could cause the company and your investment to suffer.

The company is a newly established entity that lacks a substantial operating history. Prospective investors will have limited information on which to base their investment decision.

The company will face challenges in its efforts to grow the business and monetize its products and services. It has limited operating capital and will be largely dependent upon its ability to finance operations from the sale of equity, the issuance of debt or other financing alternatives. The company's failure to successfully raise operating capital or effectively monetize its products could potentially result in an adverse impact to the business, up to and including bankruptcy.

The market in which the company operates is highly competitive and is likely to become increasingly competitive in the future. The company may ultimately face declining sales, decreased revenue or smaller margins as a direct result of competition in the marketplace. Changes in customer preference or the inability to successfully compete with other companies offering a similar product or service could negatively impact the company's financial performance.

Realized market demand for the company's product may not yield forecasted sales or revenue expectations contained

herein. All demand calculations factored into the forward-looking sales models are based on hypothetical estimates that may not be obtained when the product is released.

Investing in the company is an investment in the founders, employees and management team. Their ability to execute the business plan and make sound operational decisions will be important factors in the viability and success of the company. As the company's investors, you will not be able to participate directly in the company's day-to-day operations or engage management or other employees. The company's security holders do not have special right of access to the company unless otherwise granted. Your investment in the company will in part be allocated by the company to fund employee, management and executive officer compensation. This compensation is exclusively set by company leadership.

The projected use of funds and proceeds from this Regulation CF offering is a best estimate. Actual capital allocation may differ based on business conditions at time of execution and is solely based on the company's discretion. The company's investors should be comfortable with the provided intended fund usage description and understand the company's leadership and management team reserves the right to re-allocate use of proceed funds based on the needs of the company.

There is a high likelihood that the company will require access to capital or credit in order to support business growth finance requirements. Acquiring extensions of credit with favorable terms can be challenging and is highly dependent upon macro-economic conditions coupled with aforementioned internal and external known and unknown factors. If the company is unable to obtain needed credit it could be forced to modify business strategy, growth projections, or take other action necessary to raise additional capital or conserve existing funds. The company's inability to secure future credit could adversely impact the business, its valuation, and/or the value of shareholder securities.

The company requires ongoing intensive capital formation and allocation until profitability is achieved which may not happen due to various internal and external known and unknown factors. The amount of capital the company is attempting to raise in this offering will not be enough to sustain its business operations to profitability. The company will have to raise additional capital to continue development and fund operations and expansion. There is no guarantee that additional capital will be able to be raised by the company even if this raise is successful. If the company is unable to acquire additional capital it may be required to alter its business plan, business strategy, sell assets, reduce workforce, restructure under the protections of a bankruptcy filing, or cease operations and dissolve. Under such scenarios, no return of capital, shareholder settlement or refund would be issued to investors. The Company's inability to secure future capital could adversely impact the business, its valuation, and/or the value of shareholder securities.

Data and information regarding the company and the investment opportunity is limited. You may not have or be able to obtain all the information requested or sought after in order to make a sound investment decision. While the company is required to disclose certain information such as

an offering document, annual financial statements, annual reports, information concerning intended use of funds and material changes, such disclosures and information contained herein do not represent all the data or risks associated with investing in early stage companies such as the company.

Available information will be limited as the company does not have a fully developed business plan and long history of operation. Investing in crowdfunding companies presents significantly more risk than investing in publicly traded companies due to the limited amount of data and information provided by a company engaging in a Regulation CF raise. Unlike the company, publicly listed companies are required to file annual and quarterly reports and promptly disclose material information, providing the ability for the investor to more closely and thoroughly monitor their investment.

With limited exceptions, you will not be lawfully able to sell or transfer your securities during the initial mandatory 12-month lock-up period. After this period, Federal and State securities regulations may limit or restrict your ability to sell or transfer your securities. In the event you are able to sell your securities you will likely have a hard time finding a buyer due to a lack of an established market, and, if such a marketplace exists, it may experience low volume or few participants. You should be prepared to hold your investment for a very long time.

There is a high likelihood that future company performance may not achieve its stated objectives herein. All statements, claims and representations of future performance are for the most part hypothetical, based on management's good faith and best efforts estimates, analysis, and forecasts. Current management expectations and projections regarding future performance, financial trends, societal trends, economic trends, and other reasonable beliefs impacting the business, financial conditions, and the results of its operations form the basis for the projections and other forward-looking statements made herein. As socioeconomic trends change, there is a high likelihood that such assumptions made in good faith and contained herein may become less reliable creating a circumstance where adjustments to the company's operations may be required.

Achievement of stated performance contains risks based on known and unknown internal and external factors that could lead to material changes or variations of actual results. There is no guarantee that the company's financial and operations performance will meet expectations or herein stated projections and forward-looking statements.

The company's success is extremely sensitive to various known and unknown internal and external societal, regulatory, and economic factors. These factors may impact the performance of the company and its ability to achieve stated objectives.

Known factors include, but are not limited to:

- Local, regional, national, or global economic recessions;
- Changes in capital market conditions and the company's ability to obtain future funding;
- Changes or declines in employment within the Company

and outside the company;

- Domestic or international tax policy changes;
- Domestic and global political conditions;
- Wars, natural disasters and other potential crises.

Unknown factors include ones undisclosed herein that have a high likelihood of occurring without forewarning or knowledge thereof. Such events could lead to a sudden and intense need for the company to raise additional capital, make difficult and unpopular operational decisions, or cease operations.

If funds in excess of those raised are needed by the company, the company retains the right to obtain a loan or additional debt, the repayment of which will take priority over the payment of dividends, revenue sharing returns and prior debt offerings to investors.

There is no guarantee that any investment is immune from fraud. While most public offerings, including Regulation CF offerings, require screening standards, oversight and reviews, the risk of fraud remains high when investing in any early stage company including start-ups such as the company. There is no guarantee as to the validity or accuracy of the company's claims or representations about technology, projections and forward-looking statements, advertising materials related to this crowdfunding raise, or past or future performance. You are required to undertake your own diligence and/or consult your financial advisor with respect to the accuracy and validity of the company's materials.

The company plans to raise more capital in the future with possibly more than one round of funding. Dependent upon the offering, new investors may receive additional equity shares in the company and existing shareholders may experience a decrease in ownership percentage (dilution) upon the issuance of new shares by the company, possibly at a lower price. Future offerings may provide the new investors with advantages not available to you as a previous investor.

Our future success depends on the efforts of a small management team. The loss of services of the members of the management team may have an adverse effect on the company. There can be no assurance that we will be successful in attracting and retaining other personnel we require to successfully grow our business.

INSTRUCTION TO QUESTION 8: Avoid generalized statements and include only those factors that are unique to the issuer. Discussion should be tailored to the issuer's business and the offering and should not repeat the factors addressed in the legends set forth above. No specific number of risk factors is required to be identified.

The Offering

USE OF FUNDS

9. What is the purpose of this offering?

The Company intends to use the net proceeds of this offering for working capital and general corporate purposes, which

includes the specific items listed in Item 10 below. While the Company expects to use the net proceeds from the Offering in the manner described above, it cannot specify with certainty the particular uses of the net proceeds that it will receive from this Offering. Accordingly, the Company will have broad discretion in using these proceeds.

10. How does the issuer intend to use the proceeds of this offering?

If we raise: **\$50,000**

Use of Proceeds: 60% towards equipment roll out purchase
20% towards product development
12.5% towards operating expenses
7.5% Wefunder fee

If we raise: **\$1,235,000**

Use of Proceeds: 30% towards additional equipment purchase
30% towards operating expenses
20% towards additional product development
12.5% towards corporate acquisitions
7.5% Wefunder fee

INSTRUCTION TO QUESTION 10: An issuer must provide a reasonably detailed description of any intended use of proceeds, such that investors are provided with an adequate amount of information to understand how the offering proceeds will be used. If an issuer has identified a range of possible uses, the issuer should identify and describe each probable use and the factors the issuer may consider in allocating proceeds among the potential uses. If the issuer will accept proceeds in excess of the target offering amount, the issuer must describe the purpose, method for allocating oversubscriptions, and intended use of the excess proceeds with similar specificity. Please include all potential uses of the proceeds of the offering, including any that may apply only in the case of oversubscriptions. If you do not do so, you may later be required to amend your Form C. Wefunder is not responsible for any failure by you to describe a potential use of offering proceeds.

DELIVERY & CANCELLATIONS

11. How will the issuer complete the transaction and deliver securities to the investors?

Book Entry and Investment in the Co-Issuer. Investors will make their investments by investing in interests issued by one or more co-issuers, each of which is a special purpose vehicle ("SPV"). The SPV will invest all amounts it receives from investors in securities issued by the Company. Interests issued to investors by the SPV will be in book entry form. This means that the investor will not receive a certificate representing his or her investment. Each investment will be recorded in the books and records of the SPV. In addition, investors' interests in the investments will be recorded in each investor's "Portfolio" page on the Wefunder platform. All references in this Form C to an Investor's investment in the Company (or similar phrases) should be interpreted to include investments in a SPV.

12. How can an investor cancel an investment commitment?

NOTE: Investors may cancel an investment commitment until 48 hours prior to the deadline identified in these offering materials.

The intermediary will notify investors when the target offering amount has been met. If the issuer reaches the target offering

amount has been met. If the issuer reaches the target offering amount prior to the deadline identified in the offering materials, it may close the offering early if it provides notice about the new offering deadline at least five business days prior to such new offering deadline (absent a material change that would require an extension of the offering and reconfirmation of the investment commitment).

If an investor does not cancel an investment commitment before the 48-hour period prior to the offering deadline, the funds will be released to the issuer upon closing of the offering and the investor will receive securities in exchange for his or her investment.

If an investor does not reconfirm his or her investment commitment after a material change is made to the offering, the investor's investment commitment will be cancelled and the committed funds will be returned.

An Investor's right to cancel. An Investor may cancel his or her investment commitment at any time until 48 hours prior to the offering deadline.

If there is a material change to the terms of the offering or the information provided to the Investor about the offering and/or the Company, the Investor will be provided notice of the change and must re-confirm his or her investment commitment within five business days of receipt of the notice. If the Investor does not reconfirm, he or she will receive notifications disclosing that the commitment was cancelled, the reason for the cancellation, and the refund amount that the investor is required to receive. If a material change occurs within five business days of the maximum number of days the offering is to remain open, the offering will be extended to allow for a period of five business days for the investor to reconfirm.

If the Investor cancels his or her investment commitment during the period when cancellation is permissible, or does not reconfirm a commitment in the case of a material change to the investment, or the offering does not close, all of the Investor's funds will be returned within five business days.

Within five business days of cancellation of an offering by the Company, the Company will give each investor notification of the cancellation, disclose the reason for the cancellation, identify the refund amount the Investor will receive, and refund the Investor's funds.

The Company's right to cancel. The Investment Agreement you will execute with us provides the Company the right to cancel for any reason before the offering deadline.

If the sum of the investment commitments from all investors does not equal or exceed the target offering amount at the time of the offering deadline, no securities will be sold in the offering, investment commitments will be cancelled and committed funds will be returned.

Ownership and Capital Structure

THE OFFERING

13. Describe the terms of the securities being offered.

Priced Round: \$12,053,571.00 pre-money valuation

See exact security attached as [Appendix B, Investor Contracts](#)

Rexis Biotech Inc. is offering up to 1,092,920 shares of Series Seed of Preferred Stock, at a price per share of \$1.25.

Investors in the first \$100,000.48 of the offering will receive stocks at a price per share of \$1.13, and a pre-money valuation of \$10,896,428.41. Wefunder VIP investors will be entitled to these terms for the entire duration of the offering, even if the threshold limit noted above is met.

The campaign maximum is \$1,235,000 and the campaign minimum is \$50,000.24.

VIP Bonus

Rexis Biotech, Inc. will offer a discount to the normal terms listed in this Form C for all investments that are committed by investors who are part of Wefunder, Inc's VIP program. This means eligible Wefunder investors will receive a discount for any securities they purchased in this offering. For more specific details on the company's discount, please review the description of the terms above.

The discount is only valid until the offering closes. Investors eligible for the bonus will also receive priority if they are on a waitlist to invest and the company exceeds its maximum funding goal. They will be given the first opportunity to invest if space in the offering becomes available due to the cancellation or failure of previous investments.

Securities Issued by the SPV

Instead of issuing its securities directly to investors, the Company has decided to issue its securities to the SPV, which will then issue interests in the SPV to investors. The SPV is formed concurrently with the filing of the Form C. Given this, the SPV does not have any financials to report. The SPV is managed by Wefunder Admin, LLC and is a co-issuer with the Company of the securities being offered in this offering. The Company's use of the SPV is intended to allow investors in the SPV to achieve the same economic exposure, voting power, and ability to assert State and Federal law rights, and receive the same disclosures, as if they had invested directly in the Company. The Company's use of the SPV will not result in any additional fees being charged to investors.

The SPV has been organized and will be operated for the sole purpose of directly acquiring, holding and disposing of the Company's securities, will not borrow money and will use all of the proceeds from the sale of its securities solely to purchase a single class of securities of the Company. As a result, an investor investing in the Company through the SPV will have the same relationship to the Company's securities, in terms of number, denomination, type and rights, as if the investor invested directly in the Company.

Voting Rights

If the securities offered by the Company and those offered by

the SPV have voting rights, those voting rights may be exercised by the investor or his or her proxy. The applicable proxy is the Lead Investor, if the Proxy (described below) is in effect.

Proxy to the Lead Investor

The SPV securities have voting rights. With respect to those voting rights, the investor and his, her, or its transferees or assignees (collectively, the "Investor"), through a power of attorney granted by Investor in the Investor Agreement, has appointed or will appoint the Lead Investor as the Investor's true and lawful proxy and attorney (the "Proxy") with the power to act alone and with full power of substitution, on behalf of the Investor to: (i) vote all securities related to the Company purchased in an offering hosted by Wefunder Portal, and (ii) execute, in connection with such voting power, any instrument or document that the Lead Investor determines is necessary and appropriate in the exercise of his or her authority. Such Proxy will be irrevocable by the Investor unless and until a successor lead investor ("Replacement Lead Investor") takes the place of the Lead Investor. Upon notice that a Replacement Lead Investor has taken the place of the Lead Investor, the Investor will have five (5) calendar days to revoke the Proxy. If the Proxy is not revoked within the 5-day time period, it shall remain in effect.

Restriction on Transferability

The SPV securities are subject to restrictions on transfer, as set forth in the Subscription Agreement and the Limited Liability Company Agreement of Wefunder SPV, LLC, and may not be transferred without the prior approval of the Company, on behalf of the SPV.

14. Do the securities offered have voting rights?

- Yes
 No

15. Are there any limitations on any voting or other rights identified above?

See the above description of the Proxy to the Lead Investor.

16. How may the terms of the securities being offered be modified?

This Agreement constitutes the entire agreement between the parties hereto with respect to the subject matter hereof and may be amended only by a writing executed by all parties. Pursuant to authorization in the Investor Agreement between each Investor and Wefunder Portal, Wefunder Portal is authorized to take the following actions with respect to the investment contract between the Company and an investor:

- A. Wefunder Portal may amend the terms of an investment contract, provided that the amended terms are more favorable to the investor than the original terms; and
- B. Wefunder Portal may reduce the amount of an investor's investment if the reason for the reduction is that the Company's offering is oversubscribed.

RESTRICTIONS ON TRANSFER OF THE SECURITIES BEING OFFERED:

The securities being offered may not be transferred by any purchaser of such

securities during the one year period beginning when the securities were issued, unless such securities are transferred:

1. to the issuer;
2. to an accredited investor;
3. as part of an offering registered with the U.S. Securities and Exchange Commission; or
4. to a member of the family of the purchaser or the equivalent, to a trust controlled by the purchaser, to a trust created for the benefit of a member of the family of the purchaser or the equivalent, or in connection with the death or divorce of the purchaser or other similar circumstance.

NOTE: The term "accredited investor" means any person who comes within any of the categories set forth in Rule 501(a) of Regulation D, or who the seller reasonably believes comes within any of such categories, at the time of the sale of the securities to that person.

The term "member of the family of the purchaser or the equivalent" includes a child, stepchild, grandchild, parent, stepparent, grandparent, spouse or spousal equivalent, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law of the purchaser, and includes adoptive relationships. The term "spousal equivalent" means a cohabitant occupying a relationship generally equivalent to that of a spouse.

DESCRIPTION OF ISSUER'S SECURITIES

17. What other securities or classes of securities of the issuer are outstanding? Describe the material terms of any other outstanding securities or classes of securities of the issuer.

Class of Security	Securities (or Amount) Authorized	Securities (or Amount) Outstanding	Voting Rights
Common	10,000,000	9,642,857	Yes <input type="button" value="v"/>

Class of Security	Securities Reserved for Issuance upon Exercise or Conversion
--------------------------	---

Warrants: _____

Options: _____

Describe any other rights:

Authorization of preferred stock will occur upon official withdrawal of capital from the campaign once we receive the final breakdown of confirmed investments. Preferred stock will carry standard 1x preferred liquidation rights.

18. How may the rights of the securities being offered be materially limited, diluted or qualified by the rights of any other class of security identified above?

The holders of a majority-in-interest of voting rights in the Company could limit the Investor's rights in a material way. For example, those interest holders could vote to change the terms of the agreements governing the Company's operations or cause the Company to engage in additional offerings (including potentially a public offering). These changes could result in further limitations on the voting rights the Investor will have as an owner of equity in the Company, for example by diluting those rights or limiting them to certain types of events or consents.

.....

To the extent applicable, in cases where the rights of holders of convertible debt, SAFES, or other outstanding options or warrants are exercised, or if new awards are granted under our equity compensation plans, an Investor's interests in the Company may be diluted. This means that the pro-rata portion of the Company represented by the Investor's securities will decrease, which could also diminish the Investor's voting and/or economic rights. In addition, as discussed above, if a majority-in-interest of holders of securities with voting rights cause the Company to issue additional equity, an Investor's interest will typically also be diluted.

Based on the risk that an Investor's rights could be limited, diluted or otherwise qualified, the Investor could lose all or part of his or her investment in the securities in this offering, and may never see positive returns.

Additional risks related to the rights of other security holders are discussed below, in Question 20.

19. Are there any differences not reflected above between the securities being offered and each other class of security of the issuer?

No.

20. How could the exercise of rights held by the principal shareholders identified in Question 6 above affect the purchasers of the securities being offered?

As holders of a majority-in-interest of voting rights in the Company, **the shareholders** may make decisions with which the Investor disagrees, or that negatively affect the value of the Investor's securities in the Company, and the Investor will have no recourse to change these decisions. The Investor's interests may conflict with those of other investors, and there is no guarantee that the Company will develop in a way that is optimal for or advantageous to the Investor.

For example, **the shareholders** may change the terms of the Articles of Incorporation for the company, change the terms of securities issued by the Company, change the management of the Company, and even force out minority holders of securities. **The shareholders** may make changes that affect the tax treatment of the Company in ways that are unfavorable to you but favorable to them. They may also vote to engage in new offerings and/or to register certain of the Company's securities in a way that negatively affects the value of the securities the Investor owns. Other holders of securities of the Company may also have access to more information than the Investor, leaving the Investor at a disadvantage with respect to any decisions regarding the securities he or she owns. **The shareholders** have the right to redeem their securities at any time. **Shareholders** could decide to force the Company to redeem their **securities** at a time that is not favorable to the Investor and is damaging to the Company. Investors' exit may affect the value of the Company and/or its viability. In cases where the rights of holders of convertible debt, SAFES, or other outstanding options or warrants are exercised, or if new awards are granted under our equity compensation plans, an Investor's interests in the Company may be diluted. This means that the pro-rata portion of the Company represented by the Investor's securities will decrease, which could also diminish the Investor's voting and/or economic rights. In addition, as discussed above, if a majority-in-interest of holders of securities with voting rights cause the Company to issue additional stock, an Investor's interest will typically also be diluted.

Based on the risks described above, the Investor could lose all or part of his or her investment in the securities in this offering, and may never see positive returns.

21. How are the securities being offered being valued? Include examples of methods for how such securities may be valued by the issuer in the future, including during subsequent corporate actions.

The offering price for the securities offered pursuant to this Form C has been determined arbitrarily by the Company, and does not necessarily bear any relationship to the Company's book value, assets, earnings or other generally accepted valuation criteria. In determining the offering price, the Company did not employ investment banking firms or other outside organizations to make an independent appraisal or evaluation. Accordingly, the offering price should not be considered to be indicative of the actual value of the securities offered hereby.

In the future, we will perform valuations of our common stock that take into account factors such as the following:

1. unrelated third party valuations of our common stock;
2. the price at which we sell other securities, such as convertible debt or preferred Stock, in light of the rights, preferences and privileges of our those securities relative to those of our common stock;
3. our results of operations, financial position and capital resources;
4. current business conditions and projections;
5. the lack of marketability of our common stock;
6. the hiring of key personnel and the experience of our management;
7. the introduction of new products;
8. the risk inherent in the development and expansion of our products;
9. our stage of development and material risks related to our business;
10. the likelihood of achieving a liquidity event, such as an initial public offering or a sale of our company given the prevailing market conditions and the nature and history of our business;
11. industry trends and competitive environment;
12. trends in consumer spending, including consumer confidence;
13. overall economic indicators, including gross domestic product, employment, inflation and interest rates; and
14. the general economic outlook.

We will analyze factors such as those described above using a combination of financial and market-based methodologies to determine our business enterprise value. For example, we may use methodologies that assume that businesses operating in the same industry will share similar characteristics and that the Company's value will correlate to those characteristics, and/or methodologies that compare transactions in similar securities issued by us that were conducted in the market.

22. What are the risks to purchasers of the securities relating to minority ownership in the issuer?

An Investor in the Company will likely hold a minority position in the Company, and thus be limited as to its ability to control or influence the governance and operations of the Company.

The marketability and value of the Investor's interest in the Company will depend upon many factors outside the control of the Investor. The Company will be managed by its officers

and be governed in accordance with the strategic direction and decision-making of its Board Of Directors, and the Investor will have no independent right to name or remove an officer or member of the Board Of Directors of the Company.

Following the Investor's investment in the Company, the Company may sell interests to additional investors, which will dilute the percentage interest of the Investor in the Company. The Investor may have the opportunity to increase its investment in the Company in such a transaction, but such opportunity cannot be assured.

The amount of additional financing needed by the Company, if any, will depend upon the maturity and objectives of the Company. The declining of an opportunity or the inability of the Investor to make a follow-on investment, or the lack of an opportunity to make such a follow-on investment, may result in substantial dilution of the Investor's interest in the Company.

23. What are the risks to purchasers associated with corporate actions, including additional issuances of securities, issuer repurchases of securities, a sale of the issuer or of assets of the issuer or transactions with related parties?

Additional issuances of securities. Following the Investor's investment in the Company, the Company may sell interests to additional investors, which will dilute the percentage interest of the Investor in the Company. The Investor may have the opportunity to increase its investment in the Company in such a transaction, but such opportunity cannot be assured. The amount of additional financing needed by the Company, if any, will depend upon the maturity and objectives of the Company. The declining of an opportunity or the inability of the Investor to make a follow-on investment, or the lack of an opportunity to make such a follow-on investment, may result in substantial dilution of the Investor's interest in the Company.

Issuer repurchases of securities. The Company may have authority to repurchase its securities from shareholders, which may serve to decrease any liquidity in the market for such securities, decrease the percentage interests held by other similarly situated investors to the Investor, and create pressure on the Investor to sell its securities to the Company concurrently.

A sale of the issuer or of assets of the issuer. As a minority owner of the Company, the Investor will have limited or no ability to influence a potential sale of the Company or a substantial portion of its assets. Thus, the Investor will rely upon the executive management of the Company and the Board of Directors of the Company to manage the Company so as to maximize value for shareholders. Accordingly, the success of the Investor's investment in the Company will depend in large part upon the skill and expertise of the executive management of the Company and the Board of Directors of the Company. If the Board Of Directors of the Company authorizes a sale of all or a part of the Company, or a disposition of a substantial portion of the Company's assets, there can be no guarantee that the value received by the Investor, together with the fair market estimate of the value remaining in the Company, will be equal to or exceed the value of the Investor's initial investment in the Company.

Transactions with related parties. The Investor should be aware that there will be occasions when the Company may encounter potential conflicts of interest in its operations. On any issue involving conflicts of interest, the executive management and Board of Directors of the Company will be guided by their good faith judgement as to the Company's best interests. The Company may engage in transactions with affiliates, subsidiaries or other related parties, which may be on terms which are not arm's-length, but will be in all cases consistent with the duties of the management of the Company to its shareholders. By acquiring an interest in the Company, the Investor will be deemed to have acknowledged the existence of any such actual or potential conflicts of interest and to have waived any claim with respect to any liability arising from the existence of any such conflict of interest.

24. Describe the material terms of any indebtedness of the issuer:

None.

INSTRUCTION TO QUESTION 24: name the creditor, amount owed, interest rate, maturity date, and any other material terms.

25. What other exempt offerings has the issuer conducted within the past three years?

Offering Date	Exemption	Security Type	Amount Sold	Use of Proceeds
2/2023	Section 4(a)(2)	Common stock	\$450,000	General operations

26. Was or is the issuer or any entities controlled by or under common control with the issuer a party to any transaction since the beginning of the issuer's last fiscal year, or any currently proposed transaction, where the amount involved exceeds five percent of the aggregate amount of capital raised by the issuer in reliance on Section 4(a)(6) of the Securities Act during the preceding 12- month period, including the amount the issuer seeks to raise in the current offering, in which any of the following persons had or is to have a direct or indirect material interest:

1. any director or officer of the issuer;
2. any person who is, as of the most recent practicable date, the beneficial owner of 20 percent or more of the issuer's outstanding voting equity securities, calculated on the basis of voting power;
3. if the issuer was incorporated or organized within the past three years, any promoter of the issuer;
4. or any immediate family member of any of the foregoing persons.

Yes
 No

INSTRUCTIONS TO QUESTION 26: The term transaction includes, but is not limited to, any financial transaction, arrangement or relationship (including any indebtedness or guarantee of indebtedness) or any series of similar transactions, arrangements or relationships.

Beneficial ownership for purposes of paragraph (2) shall be determined as of a date that is no more than 120 days prior to the date of filing of this offering statement and using the same calculation described in Question 6 of this Question and Answer format.

The term "member of the family" includes any child, stepchild, grandchild, parent, stepparent, grandparent, spouse or spousal equivalent, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law of the person, and includes adoptive relationships. The term "spousal equivalent" means a cohabitant occupying a relationship

generally equivalent to that of a spouse.

Compute the amount of a related party's interest in any transaction without regard to the amount of the profit or loss involved in the transaction. Where it is not practicable to state the approximate amount of the interest, disclose the approximate amount involved in the transaction.

FINANCIAL CONDITION OF THE ISSUER

27. Does the issuer have an operating history?

- Yes
 No

28. Describe the financial condition of the issuer, including, to the extent material, liquidity, capital resources and historical results of operations.

Management's Discussion and Analysis of Financial Condition and Results of Operations

You should read the following discussion and analysis of our financial condition and results of operations together with our financial statements and the related notes and other financial information included elsewhere in this offering. Some of the information contained in this discussion and analysis, including information regarding the strategy and plans for our business, includes forward-looking statements that involve risks and uncertainties.

You should review the "Risk Factors" section for a discussion of important factors that could cause actual results to differ materially from the results described in or implied by the forward-looking statements contained in the following discussion and analysis.

Overview

Rexis Biotech Inc.'s proprietary, groundbreaking nanotechnology empowers brands to turn the rapidly growing industry of natural, plant-based consumables into foods & beverages you'll actually want to taste and drink; products you'll inevitably crave.

Every hydrophobic molecule Rexis Biotech Inc.'s works with is strategically selected and must have an underlying list of potential health benefits that support a range of issues from everyday ailments to diagnosed health deficiencies, and yes, even addiction. Rexis generates revenue by licensing its technology to companies, they pay Rexis a fee for the use of the IP by purchasing raw materials we developed. Rexis also generates revenue through co-packing products for customers that only use our IP and ingredients.

Rexis in addition generates revenue by charging its customers a management fee to be placed into its national product distribution network.

Milestones

Rexis Biotech Inc. was incorporated in the State of Delaware in January 2022.

Since then, we have:

- Cash flow positive in under 6 months with estimated gross revenue projection of USD \$3.2M in 2023*
- \$450k initial seed round investment from Virain Beveraaes.

3CHI Group, The Manning Foundation

- Signed contracts in the first half of 2023 worth over USD \$8,350,000
- 6 trade secret processes make up our highly defensible IP catalog
- Founder was CEO of Virgin Entertainment Canada, Cineplex, BOSCH; led multiple companies to successful exits (IPO)
- Executive team with experience on Fortune 500 brands: Red Bull, Virgin, Best Buy, MillerCoors, NBCU
- Our technology enhances the functionality, taste, and efficacy of everyday consumable products

Historical Results of Operations

Our company was organized in January 2022 and has limited operations upon which prospective investors may base an evaluation of its performance.

- *Revenues & Gross Margin.* For the period ended December 31, 2022, the Company had revenues of \$191,341. Our gross margin was 47.67%.
- *Assets.* As of December 31, 2022, the Company had total assets of \$19, including \$19 in cash.
- *Net Loss.* The Company has had net losses of \$76 for 2022.
- *Liabilities.* The Company's liabilities totaled \$0 for 2022.

Liquidity & Capital Resources

To date, the company has been funded with \$450,000 of equity.

After the conclusion of this Offering, should we hit our minimum funding target, our projected runway is 12 months before we need to raise further capital.

We plan to use the proceeds as set forth in this Form C under "Use of Funds". We don't have any other sources of capital in the immediate future.

We will likely require additional financing in excess of the proceeds from the Offering in order to perform operations over the lifetime of the Company. We plan to raise capital in 6 months. Except as otherwise described in this Form C, we do not have additional sources of capital other than the proceeds from the offering. Because of the complexities and uncertainties in establishing a new business strategy, it is not possible to adequately project whether the proceeds of this offering will be sufficient to enable us to implement our strategy. This complexity and uncertainty will be increased if less than the maximum amount of securities offered in this offering is sold. The Company intends to raise additional capital in the future from investors. Although capital may be available for early-stage companies, there is no guarantee that the Company will receive any investments from investors.

Runway & Short/Mid Term Expenses

Rexis Biotech Inc. cash in hand is \$83,750, as of November 2023. Over the last three months, revenues have averaged \$118,003/month, cost of goods sold has averaged \$52,814/month, and operational expenses have averaged \$67,833/month, for an average burn rate of \$2,644 per month. Our intent is to be profitable in early 2024.

Since the date our financials cover we have begun realizing more significant revenues.

Rexis Biotech Inc. expects revenues to exceed \$840,000 over the next 3 months with expenses to be approximately

\$312,000 and Cost of Goods of \$335,000 over that same time period; COG is expected to decline as manufacturing systems become more efficient.

Rexis Biotech Inc. is also working to finalize and announce the acquisition of additional assets, designed to increase our asset base while driving increased revenues from additional sources not currently in our portfolio. This transaction is planned for late Q1 of 2024.

We believe that Rexis Biotech Inc. will be cash flow positive in December/January of 2023/24.

Rexis Biotech Inc. will be closing on several new revenue-generating contracts in December of 2023 which will ultimately drive revenue significantly higher than current levels. Retail sales of our in-house brand; Squared began in September of this year with 3CHI beverages in October, we continue to see great sell-through and reorders across the United States.

Rexis Biotech Inc. will continue to support the needs of the business as we grow from both self-funding options as well as new forms of revenue.

All projections in the above narrative are forward-looking and not guaranteed.

INSTRUCTIONS TO QUESTION 28: The discussion must cover each year for which financial statements are provided. For issuers with no prior operating history, the discussion should focus on financial milestones and operational, liquidity and other challenges. For issuers with an operating history, the discussion should focus on whether historical results and cash flows are representative of what investors should expect in the future. Take into account the proceeds of the offering and any other known or pending sources of capital. Discuss how the proceeds from the offering will affect liquidity, whether receiving these funds and any other additional funds is necessary to the viability of the business, and how quickly the issuer anticipates using its available cash. Describe the other available sources of capital to the business, such as lines of credit or required contributions by shareholders. References to the issuer in this Question 28 and these instructions refer to the issuer and its predecessors, if any.

Yes No

(7) Has any such person filed (as a registrant or issuer), or was any such person or was any such person named as an underwriter in, any registration statement or Regulation A offering statement filed with the Commission that, within five years before the filing of this offering statement, was the subject of a refusal order, stop order, or order suspending the Regulation A exemption, or is any such person, at the time of such filing, the subject of an investigation or proceeding to determine whether a stop order or suspension order should be issued?

Yes No

(8) Is any such person subject to a United States Postal Service false representation order entered within five years before the filing of the information required by Section 4A(b) of the Securities Act, or is any such person, at the time of filing of this offering statement, subject to a temporary restraining order or preliminary injunction with respect to conduct alleged by the United States Postal Service to constitute a scheme or device for obtaining money or property through the mail by means of false representations?

Yes No

If you would have answered “Yes” to any of these questions had the conviction, order, judgment, decree, suspension, expulsion or bar occurred or been issued after May 16, 2016, then you are NOT eligible to rely on this exemption under Section 4(a)(6) of the Securities Act.

INSTRUCTIONS TO QUESTION 30: Final order means a written directive or declaratory statement issued by a federal or state agency, described in Rule 503(a)(3) of Regulation Crowdfunding, under applicable statutory authority that provides for notice and an opportunity for hearing, which constitutes a final disposition or action by that federal or state agency.

No matters are required to be disclosed with respect to events relating to any affiliated issuer that occurred before the affiliation arose if the affiliated entity is not (i) in control of the issuer or (ii) under common control with the issuer by a third party that was in control of the affiliated entity at the time of such events.

OTHER MATERIAL INFORMATION

31. In addition to the information expressly required to be included in

.....
this Form, include:

- (1) any other material information presented to investors; and
- (2) such further material information, if any, as may be necessary to make the required statements, in the light of the circumstances under which they are made, not misleading.

The Lead Investor. As described above, each Investor that has entered into the Investor Agreement will grant a power of attorney to make voting decisions on behalf of that Investor to the Lead Investor (the "Proxy"). The Proxy is irrevocable unless and until a Successor Lead Investor takes the place of the Lead Investor, in which case, the Investor has a five (5) calendar day period to revoke the Proxy. Pursuant to the Proxy, the Lead Investor or his or her successor will make voting decisions and take any other actions in connection with the voting on Investors' behalf.

The Lead Investor is an experienced investor that is chosen to act in the role of Lead Investor on behalf of Investors that have a Proxy in effect. The Lead Investor will be chosen by the Company and approved by Wefunder Inc. and the identity of the initial Lead Investor will be disclosed to Investors before Investors make a final investment decision to purchase the securities related to the Company.

The Lead Investor can quit at any time or can be removed by Wefunder Inc. for cause or pursuant to a vote of investors as detailed in the Lead Investor Agreement. In the event the Lead Investor quits or is removed, the Company will choose a Successor Lead Investor who must be approved by Wefunder Inc. The identity of the Successor Lead Investor will be disclosed to Investors, and those that have a Proxy in effect can choose to either leave such Proxy in place or revoke such Proxy during a 5-day period beginning with notice of the replacement of the Lead Investor.

The Lead Investor will not receive any compensation for his or her services to the SPV. The Lead Investor may receive compensation if, in the future, Wefunder Advisors LLC forms a fund ("Fund") for accredited investors for the purpose of investing in a non-Regulation Crowdfunding offering of the Company. In such as circumstance, the Lead Investor may act as a portfolio manager for that Fund (and as a supervised person of Wefunder Advisors) and may be compensated through that role.

Although the Lead Investor may act in multiple roles with respect to the Company's offerings and may potentially be compensated for some of its services, the Lead Investor's goal is to maximize the value of the Company and therefore maximize the value of securities issued by or related to the Company. As a result, the Lead Investor's interests should always be aligned with those of Investors. It is, however, possible that in some limited circumstances the Lead Investor's interests could diverge from the interests of Investors, as discussed in section 8 above.

Investors that wish to purchase securities related to the Company through Wefunder Portal must agree to give the Proxy described above to the Lead Investor, provided that if the Lead Investor is replaced, the Investor will have a 5-day period during which he or she may revoke the Proxy. If the Proxy is not revoked during this 5-day period, it will remain in

effect.

Tax Filings. In order to complete necessary tax filings, the SPV is required to include information about each investor who holds an interest in the SPV, including each investor's taxpayer identification number ("TIN") (e.g., social security number or employer identification number). To the extent they have not already done so, each investor will be required to provide their TIN within the earlier of (i) two (2) years of making their investment or (ii) twenty (20) days prior to the date of any distribution from the SPV. If an investor does not provide their TIN within this time, the SPV reserves the right to withhold from any proceeds otherwise payable to the Investor an amount necessary for the SPV to satisfy its tax withholding obligations as well as the SPV's reasonable estimation of any penalties that may be charged by the IRS or other relevant authority as a result of the investor's failure to provide their TIN. Investors should carefully review the terms of the SPV Subscription Agreement for additional information about tax filings.

INSTRUCTIONS TO QUESTION 30: If information is presented to investors in a format, media or other means not able to be reflected in text or portable document format, the issuer should include:

- (a) a description of the material content of such information;*
- (b) a description of the format in which such disclosure is presented; and*
- (c) in the case of disclosure in video, audio or other dynamic media or format, a transcript or description of such disclosure.*

ONGOING REPORTING

32. The issuer will file a report electronically with the Securities & Exchange Commission annually and post the report on its website, no later than:

120 days after the end of each fiscal year covered by the report.

33. Once posted, the annual report may be found on the issuer's website at:

<https://www.rexisystems.com//invest>

The issuer must continue to comply with the ongoing reporting requirements until:

1. the issuer is required to file reports under Exchange Act Sections 13(a) or 15(d);
2. the issuer has filed at least one annual report and has fewer than 300 holders of record;
3. the issuer has filed at least three annual reports and has total assets that do not exceed \$10 million;
4. the issuer or another party purchases or repurchases all of the securities issued pursuant to Section 4(a)(6), including any payment in full of debt securities or any complete redemption of redeemable securities; or the issuer liquidates or dissolves in accordance with state law.

The Form C must be signed by the issuer, its principal executive officer or officers, its principal financial officer, its controller or principal accounting officer and at least a majority of the board of directors or persons performing similar functions.

I authorize Wefunder Portal to submit a Form C to the SEC based on the information I provided through this online form and my company's Wefunder profile.

As an authorized representative of the company, I appoint Wefunder Portal as the company's true and lawful representative and attorney-in-fact, in the company's name, place and stead to make, execute, sign, acknowledge, swear to and file a Form C on the company's behalf. This power of attorney is coupled with an interest and is irrevocable. The company hereby waives any and all defenses that may be available to contest, negate or disaffirm the actions of Wefunder Portal taken in good faith under or in reliance upon this power of attorney.
