# Nicholas Catalano

Co-Founder and COO of Qwesty, The AI-powered, commission-free real estate marketplace with full transaction automation.

Boynton Beach, Florida, United States

## Summary

Nicholas contributed to multiple patents and was an R&D and Sr. Operations Engineer at Johnson & Johnson before launching his own inspection & engineering company.

Nicholas spends the majority of his time working on Qwesty, the first fully automated digital marketplace for real estate. The Qwesty platform will utilize patent-pending technology and AI-powered algorithms to assist all parties throughout an entire real estate transaction.
