MyRacehorse is excited to partner with John Stewart's Resolute Racing to present what is undoubtedly the best-bred individual ever made available via a fractional ownership offering—a full-brother to Kentucky Derby winner Mage and Belmont Stakes winner Dornoch; and a half-brother to 2025 Kentucky Derby and Belmont S. third finisher Baeza.

Meet Puca '24, the full-brother to 2023 G1 Kentucky Derby winner Mage and 2024 G1 Belmont S. and G1 Travers S. hero Dornoch; as well as the half-brother to Baeza (McKinzie), a \$1.2-million yearling and narrow second to Journalism in the 2025 G1 Santa Anita Derby before finishing third in both the Derby and Belmont himself.

Resolute purchased dam Puca—herself a stakes winner and Grade 2-placed runner who also received prestigious **'TDN Rising Star'** honors—for a sale-topping \$2.9 million at the 2023 Keeneland November sale while she was carrying this Good Magic colt. The daughter of dual Classic winner Big Brown was already a Derby winner-producing mare at that point, but she'd earn a second jewel towards her own Triple Crown the following June when Dornoch dug in gamely to defeat a strong field in the "Test of the Champion." She was a shoe-in for that year's KTOB Broodmare of the Year award, and that was after just her first three foals—her first foal, the filly Gunning (Gun Runner), was also multiple stakes-placed.

Puca is half to Finnegans Wake, who scored his own Derby Day glory when taking the 2015 G1 Woodford Reserve Turf Classic.

Last April, meanwhile, Puca foaled her latest potential star in this strapping now yearling colt. He has continued to blossom in the past year or so, and is certainly one of the most promising and well-credentialed Thoroughbred yearlings on the planet. A beautiful chestnut with exceptional balance and proportion, he possesses a powerful forearm and hip and an athletic, free-moving walk.

He will go into pre-training later this year, with the plan to eventually turn him over to five-time Eclipse Award-winning conditioner and future Hall of Famer Chad Brown. The trainer of last year's champion 3-year-old male, G1 Breeders' Cup Classic winner and near Kentucky Derby-misser Sierra Leone also guided Puca '24's standout sire Good Magic.

A seven-figure son of Curlin, Good Magic was a champion juvenile himself and Derby runner-up, and he has emerged as one of the most successful sires—particularly of two-turn dirt horses—in America. In addition to the two superstar colts mentioned above, Good Magic has sired three other Grade 1-winning males routing on the dirt: last year's G1 Pacific Classic hero and recent G1 Dubai World Cup runner-up Mixto; sale-topping G1 American Pharoah and G1 Arkansas Derby scorer Muth; and the Chad Brown-trained Blazing Sevens, winner of the prestigious G1 Champagne S. in 2022.

With four of those five currently standing at stud in Kentucky, there are not many—if any—sire lines that figure to have a more significant impact on the breed in the coming years.

Opportunities to get involved in a horse of this caliber do not come around every day.

How is Reg CF different from other MyRacehorse offerings? <

Historically, MyRacehorse.com Offerings have utilized Regulation A Tier II, and 506(c) for accredited investors. Through Dalmore, our registered broker-dealer, MyRacehorse is now able to utilize Regulation CF, which gives us the opportunity to bring our horses to market faster.

These offerings will have some differences that many MyRacehorse users will notice; unique investment caps, a funding progress bar, a comment section on the listing page, and additional communications regarding the disbursement process.

Owning a Racehorse is simply out of the financial reach of most people like me. So, as a fractional shareholder, coming on board with the son of Good Magic and Puca is something that only a few years ago would have never been possible. It's the fulfillment of a lifelong dream. I believe in pedigree, and I just finished rereading for about the 199th time the late Leon Rasmussen's book, Inbreeding to Superior Females, who penned the Bloodlines column for many years in Daily Racing Form? I simply believe that Puca has been blessed with a special set of genetics, it must come from Boat's Ghost, and will be worth the effort to trace the line back. If the stars line up properly, maybe that first Saturday in May is not out of the question.

For me it's not even about making money out of it. I genuinely want to be a part of a world that gives me goosebumps when I watch it on tv lol

I am a Canadian who is very interested in this colt. I watched Mage in the Derby. But this offer or any offer at this time, is not open to Canadians? Is there a reason and will that change in the future?

It depends on the number of MRH purchases (alone or with a partner) at the various sales throughout the year or through unique partnership deals like this one. There are no specific dates when offerings are posted each year. There is always lag time between the purchase and offering -- and the reason why perusing the site on a periodic basis is a good bet.

If folks look at micro-shares in terms of a Personal Seat License found in countless other college and pro sports -- it may bring a necessary perspective. And viewed in that light, what MyRacehorse offers is often extensively superior to if one plopped down (*a lot more*) money for a PSL seat in an arena or stadium; you are still treated/seen as a fan there.....and you better have the checkbook ready for next season. Here, you are treated as part of the ownership team for as long as that equine athlete is scampering around the oval.

I think this offering needs a little more transparency. Typically they plainly display the horse equity being offered and for this offering it is omitted. Just my 2 cents.
