Ronaldo is the godfather of entrepreneurship in the GCC. He sold his startup Souq.com to Amazon.com for \$850M in 2017 and became the CEO of Amazon.ae - Amazon's highest growing region with more than 100% Quarter growth

"I myself am a startup founder who built and scaled Souq.com, which was acquired Amazon in 2017.

My journey has taught me what it takes to bring big visions to life and the challenges of scaling companies from the ground up.

I met Danny Abla, the founder of PuraVida, 4 years ago. Our mutual love for music brought us together, but it's Danny's resilience, eagerness to always learn, and his ability to turn challenges into opportunities that sold me on PuraVida's amazing opportunity.

Danny is not just building a product; he's on a mission to spread happiness in the world by crafting experiences that aligns financial well-being with personal passions and I honestly see in PuraVida the seeds to be a transformative disruptive play."

*"With PuraVida we wanted to build more than a digital bank or just another credit card ... but rather a subscription to the good"*

life!"

Driven by our AI technology and our deep understanding of what truly matters to you, PuraVida wants to pave the way for your financial freedom – while enabling you to live your best life.

PURAVIDA IS CREATING THE CREDIT CARD FOR THAT  
MOMENT IN YOUR LIFE WHEN YOU WANNA

Live life to the MAX!

PuraVida is a pivot of a digital bank we started called Bankiom.

## Our Journey

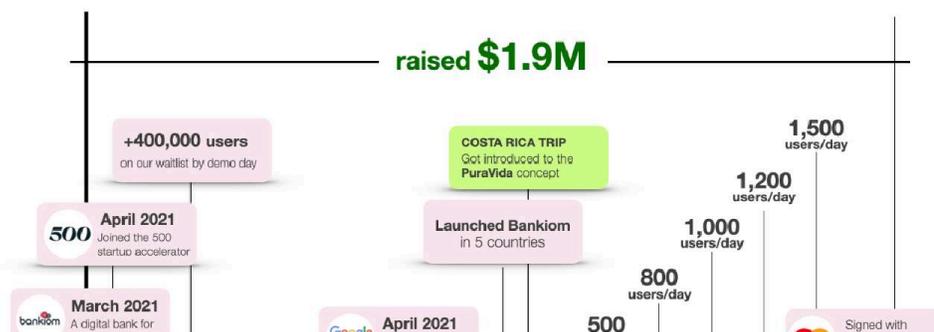

from bankiom to PuraVida!!!

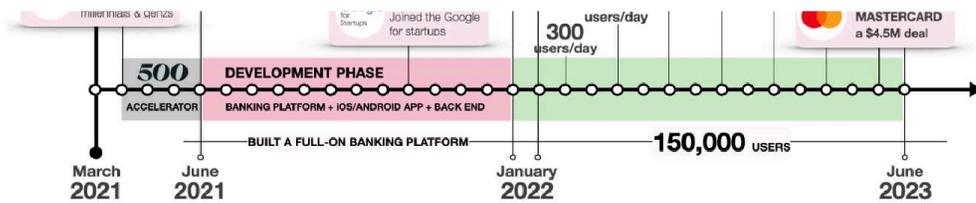

### The story of Bankiom.

Our roots are in Bankiom, a digital bank that made waves with its swift, hassle-free banking solutions.

We raised \$1.9M and built a full-on banking platform with card issuance capabilities, iOS and Android apps and AI-powered financial tools.

### Our Traction at Bankiom

Built a full-on banking platform - Acquired 150,000 users - Raised \$1.9M

*Bankiom went through 3 accelerator programs – 500 Global, Google for Startups, and YC Startup School.*

## Traction/User Engagement:

- 400,000 users on our waitlist by demo day
- 150,000 users installed our app and activated their accounts
- 30,000 users were verified and issued cards
- **Weekly Growth: 20% week-on-week**
- **Strategic Partnerships: Signed with Mastercard a strategic partnership**

**We also signed a multi-million dollar deal with Mastercard.**

\*These statements pertain to Bankiom - PuraVida will be buying Bankiom within the coming 3 months for a representative \$1

Despite our early success, we encountered 2 crucial challenges:

1. **The need for a sustainable revenue model with better unit economics**
2. **Pesky regulatory requirements that were delaying our growth**

It became clear to us that moving forward, we need to drastically improve our unit economics and design a licensing free model... and the best way to do that is talking to your customers to understand better their pain points.

## **Addressing the real problem.**

Today's banks and credit cards miss the mark for Millennials and Gen Z, creating financial stress instead of support. Their rewards are often complex and disconnected from what younger consumers truly value.

While talking to our customers we identified 2 main pain points:

1. **Most of our customers have high anxiety about their finances**
2. **The overwhelming majority are disappointed with their card benefits**

## **1. A Generation in Distress.**

**68%**

of Millennials & Genzs are struggling with **high anxiety** and **depression** and the majority **link their unhappiness to money**

---

**A tone-deaf banking system, combined with the constant comparison of the outrageous lifestyles on social media, has left the majority trapped in a cycle of financial anxiety and unhappiness.**

## 2. Card's Benefits are outdated, impersonal and overwhelming...

- Their rewards catalogs are overwhelming
- Their points are hard to redeem
- The customer experience is inconsistent

MOST ACCUMULATED POINTS EXPIRE WITH NO EASY REDEMPTION SCHEMES

In fact, and after speaking with our users, they were only able to identify the miles and cashbacks reward programs.... And the majority feel that even those programs are not that valuable for them.

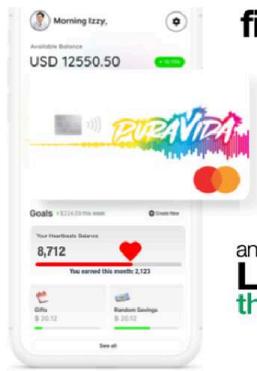

Now imagine a credit card that fixes your finances and rewards you with experiences you love ❤️

Enter PuraVida!!

An AI-powered credit card with amazing lifestyle rewards that resonate around your passions!

**AI-Powered

## The origins of PuraVida...

Our AHA moment happened during our trip to Costa Rica where we got introduced to the Pura Vida way of life!

In our pursuit of happiness at PuraVida; we discovered a simple yet potent formula for happiness:

*SIMPLE FORMULA FOR HAPPINESS:*

**HAPPINESS** = THE LACK OF **UNHAPPINESS** + FOLLOWING YOUR **PASSION**

---

## Eliminate UN-happiness & Follow Your Passions...

Our approach is two-fold:

1. **Eliminating UNhappiness:** To be happy, first you need to

eliminate all sources of unhappiness and anxiety. Through our AI-powered financial tools; **PuraVida works on organizing your money and optimizing your finances** to eliminate a major source of unhappiness and anxiety

2. **Following your PASSION:** Once we organize your finances and switch you to wealth mode, you will have the mental space to follow your passion. PuraVida has designed a loyalty program that allows you to subscribe to your passion and access those real-life unforgettable experiences.

**Our mission became to spread PuraVida in the world through passion... and financials services!**

...and this is how  
**PuraVida was born!**

---

## **Your Passion, Our Priority.**

PuraVida makes it easy for anyone with a Mastercard to earn rewards they actually want rather than the standard hard-to-redeem hard-to-use reward points that current banks are offering on their cards.

## **Earn rewards towards something you love rather than vanilla points**

Imagine earning rewards tailored to your true passions. With PuraVida, that's what we do. You tell us what you love, what you are passionate about and we'll customize a reward program just for you... with amazing experiences that you love

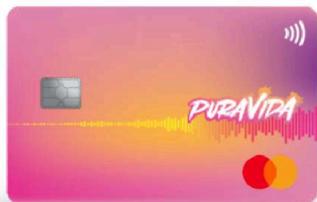

*PuraVida is a credit card that rewards you for doing what you love ❤️*

## Our initial focus? Music festivals.

With your PuraVida membership, you can access all the music events, and get your name on the guestlist of nightclubs for free... and while using your PuraVida Mastercard for everyday spending you earn "heartbeats" ❤️ – our points system – that you can redeem for experiences you love

*From backstage passes, to flights and accommodation: each grocery bill and dinner out brings you a step closer to the festivals on your list.*

## Our unique card will provide access to:

- 📋 Guest lists
- 🎵 Music events
- 🔔 Concierge services
- ♥️ Lifestyle managers
- 📍 Amazing after-parties

**on subscription basis**

Gone are the days of unreachable bank rewards - Our heartbeats ❤️ - are designed to be straightforward, easily redeemable, and relevant to you and what you love. In just a few months, you can redeem your heartbeats, and cross off that first festival off your bucket list.

## Adding more passion verticals...

Once we own the music festival vertical... we plan to expand to other verticals like Football, Soccer, F1, Travel, Food Experiences etc...

# Our Target Market

**H. E. N. R. Y. S**

**High Earners Not Rich Yet**

*At the heart of PuraVida's mission are the HENRYs - High Earners Not Rich Yet.*

This group, primarily composed of Millennials and Gen Zers, aspires to experience life to its fullest. They seek more than just financial success; they crave vibrant experiences, adventure, and the joy of living in the moment.

- 
-  the Creators
  -  the Music lovers
  -  the Innovators
  -  the Travel enthusiasts

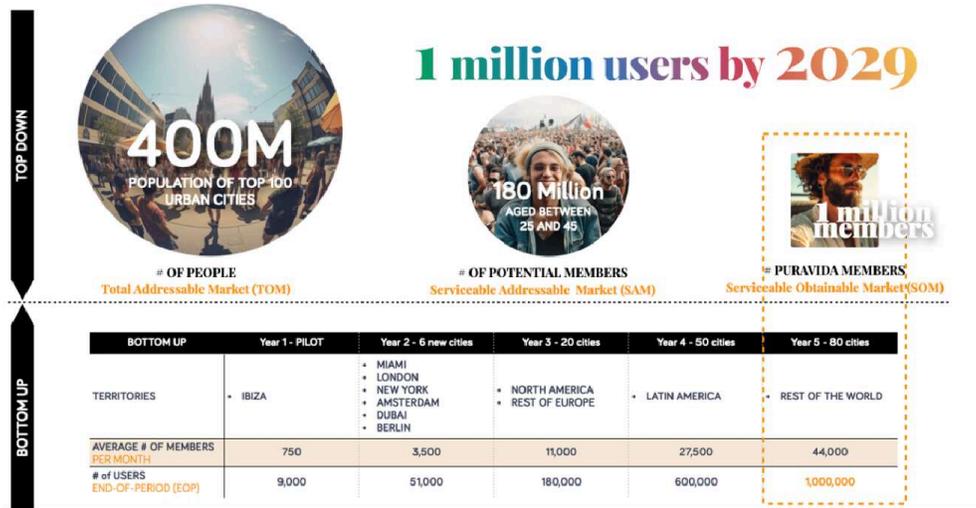

**the backbone of every  
healthy economy**

Catering to this dynamic demographic, PuraVida offers not just banking solutions but a lifestyle enhancement, promising a

blend of financial flexibility and access to exclusive experiences.

## Massive opportunity.

*Our goal is to get 1 million users in 5 years*

*\*Forward-looking projections are not guaranteed.*

## Our business model and revenue:

PuraVida makes money from 3 main revenue streams

*We generate \$100 per user per month:*

- **Subscription fee:** We charge a subscription \$50 per month as a base subscription fee. This fee can be paid on a monthly basis by the user or it can be incorporated into the credit card fees through the annual fee.

- **Spending on our network:** We forecast that our users will spend on average an additional **\$30 per month** on top of their base package.
- **Loyalty program - Heartbeats:** \$1 spent converts to 1 Heartbeat. We charge our partnering banks 1 cents for every heartbeat earned. With an average monthly spend of \$2,000, PuraVida should be generating around **\$20 per user per month** from our Heartbeat loyalty program.

*\*Forward-looking statements are not guaranteed.*

## Our Path to a Billion-Dollar in Revenues.

Our projections are ambitious yet grounded in the value proposition we offer: by the fifth year, we aim to surpass \$1 billion in revenue.

### PuraVida expected revenues by end of 2029

*\*Forward-looking projections are not guaranteed.*

## A Strategy for Growth: From Ibiza to the World!

We are launching PuraVida this Summer in Ibiza; the party capital of the world... then expanding to all the party cities in the world!

### *PHASE 1: LAUNCH IN IBIZA*

24h/7 After-parties in private villas all over Ibiza

Partnering with Ibiza night clubs to become their designated after-party destination

**Ibiza and Beyond: Charting PuraVida's Expansion**

Phase I starts with 24/7 after-parties in private villas in Ibiza, our vision extends globally, aiming to penetrate every major party city worldwide.

Launch in Ibiza then spreading PuraVida in all major cities

Our expansion plan has a phased out approach designed to amplify our brand presence and strategically aligns with our understanding of the target market’s yearning to experience those unforgettable moments.

| Year 1 - PILOT  | Year 2  | Year 3  | Year 4  | Year 5  |
|---|---|---|---|---|
| <b>1</b> City   | <b>6</b> Cities   | <b>20</b> Cities  | <b>50</b> Cities  | <b>80</b> Cities  |
| <ul style="list-style-type: none"> <li>• IBIZA</li> </ul> | <ul style="list-style-type: none"> <li>• MIAMI</li> <li>• LONDON</li> <li>• NEW YORK</li> <li>• AMSTERDAM</li> <li>• DUBAI</li> <li>• BERLIN</li> </ul> | <ul style="list-style-type: none"> <li>• NORTH AMERICA</li> <li>• REST OF EUROPE</li> </ul> | <ul style="list-style-type: none"> <li>• LATIN AMERICA</li> </ul> | <ul style="list-style-type: none"> <li>• REST OF THE WORLD</li> </ul> |

PuraVida’s expansion plan

## Our Expansion Playbook

Our expansion strategy draws inspiration from Uber’s successful playbook, a model our founder is intimately familiar with from launching Uber in USA

with from launching ODEP in KSA.

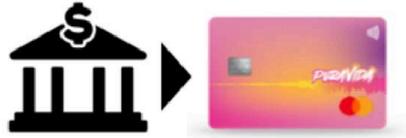

This strategy involves a three-step approach:

## BUILD SUPPLY | LOCALIZE | DUPLICATE & REPEAT

### Step 1

#### BUILD SUPPLY SIDE

Partner with at least 1 bank to issue our credit cards in that territory

### Step 2

#### LOCALIZE OUR SERVICE

Build the PuraVida Local Ecosystem

- Partner with the local nightlife
- Organize weekly events
- Launch PuraVida yearly Flagship Music Festival

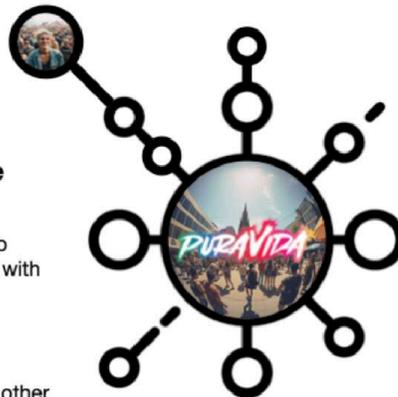

Partner with Complimentary Verticals in the Local Scene

Restaurants, art scene, hotels, airlines, sports teams etc... to amplify our PuraVida perks and power our AI-financial tools with discounts

Add Relevant Verticals

Once we own the music vertical in that city we start adding other verticals prioritizing them according to their relevance to that city

eg: when we go to Madrid we will prioritize soccer and partnering with Real Madrid or when we launch in Miami we will prioritize partnering with the Miami Heat or the Miami Dolphins

UEFA Champions League

soccer

FORMULA 1

formula 1

the nfl

the nba

wellness

culinary

### Step 3

#### DUPLICATE & REPEAT

Launch Units

These are SWAT teams that come in and launch in any specific territory then move on to the next

## Create A Launch Playbook

Once we launch in a specific city, we document the learnings in our launch Playbook... the wins, the failures, what to do, what not to do, what works, what doesn't...

## Repeat

by duplicating the PuraVida model in every city we go to...
