# Offering Statement

Respond to each question in each paragraph of this part. Set forth each question and any notes, but not any instructions thereto, in their entirety. If disclosure in response to any question is responsive to one or more other questions, it is not necessary to repeat the disclosure. If a question or series of questions is inapplicable or the response is available elsewhere in the Form, either state that it is inapplicable, include a cross-reference to the responsive disclosure, or omit the question or series of questions.

Be very careful and precise in answering all questions. Give full and complete answers so that they are not misleading under the circumstances involved. Do not discuss any future performance or other anticipated event unless you have a reasonable basis to believe that it will actually occur within the foreseeable future. If any answer requiring significant information is materially inaccurate, incomplete or misleading, the Company, its management and principal shareholders may be liable to investors based on that information.

## THE COMPANY

1. Name of issuer:

BOARDS Charcuterie Plus, Inc.

## COMPANY ELIGIBILITY

2.  Check this box to certify that all of the following statements are true for the issuer.

- Organized under, and subject to, the laws of a State or territory of the United States or the District of Columbia.
- Not subject to the requirement to file reports pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934.
- Not an investment company registered or required to be registered under the Investment Company Act of 1940.
- Not ineligible to rely on this exemption under Section 4(a)(6) of the Securities Act as a result of a disqualification specified in Rule 503(a) of Regulation Crowdfunding.
- Has filed with the Commission and provided to investors, to the extent required, the ongoing annual reports required by Regulation Crowdfunding during the two years immediately preceding the filing of this offering statement (or for such shorter period that the issuer was required to file such reports).
- Not a development stage company that (a) has no specific business plan or (b) has indicated that its business plan is to engage in a merger or acquisition with an unidentified company or companies.

**INSTRUCTION TO QUESTION 2: If any of these statements are not true, then you are NOT eligible to rely on this exemption under Section 4(a)(6) of the Securities Act.**

3. Has the issuer or any of its predecessors previously failed to comply with the ongoing reporting requirements of Rule 202 of Regulation Crowdfunding?

Yes  No

## DIRECTORS OF THE COMPANY

4. Provide the following information about each director (and any persons occupying a similar status or performing a similar function) of the issuer.

Director	Principal Occupation	Main Employer	Year Joined as Director
Dana Minuta	Private Executive Chef	Self-Employed	2024

For three years of business experience, refer to [Appendix D: Director & Officer Work History](#).

#### OFFICERS OF THE COMPANY

5. Provide the following information about each officer (and any persons occupying a similar status or performing a similar function) of the issuer.

Officer	Positions Held	Year Joined
Dana Minuta	CEO	2024

For three years of business experience, refer to [Appendix D: Director & Officer Work History](#).

*INSTRUCTION TO QUESTION 5: For purposes of this Question 5, the term officer means a president, vice president, secretary, treasurer or principal financial officer, comptroller or principal accounting officer, and any person that routinely performing similar functions.*

#### PRINCIPAL SECURITY HOLDERS

6. Provide the name and ownership level of each person, as of the most recent practicable date, who is the beneficial owner of 20 percent or more of the issuer's outstanding voting equity securities, calculated on the basis of voting power.

Name of Holder	No. and Class of Securities Now Held	% of Voting Power Prior to Offering
Dana Minuta	10000.0 Common Stock	100.0

*INSTRUCTION TO QUESTION 6: The above information must be provided as of a date that is no more than 120 days prior to the date of filing of this offering statement.*

*To calculate total voting power, include all securities for which the person directly or indirectly has or shares the voting power, which includes the power to vote or to direct the voting of such securities. If the person has the right to acquire voting power of such securities within 60 days, including through the exercise of any option, warrant or right, the conversion of a security, or other arrangement, or if securities are held by a member of the family, through corporations or partnerships, or otherwise in a manner that would allow a person to direct or control the voting of the securities (or share in such direction or control — as, for example, a co-trustee) they should be included as being "beneficially owned." You should include an explanation of these circumstances in a footnote to the "Number of and Class of Securities Now Held." To calculate outstanding voting equity securities, assume all outstanding options are exercised and all outstanding convertible securities converted.*

#### BUSINESS AND ANTICIPATED BUSINESS PLAN

7. Describe in detail the business of the issuer and the anticipated business plan of the issuer.

For a description of our business and our business plan, please refer to the attached [Appendix A, Business Description & Plan](#)

*INSTRUCTION TO QUESTION 7: Wefunder will provide your company's Wefunder profile as an appendix (Appendix A) to the Form C in PDF format. The submission will include all Q&A items and "read more" links in an un-collapsed format. All videos will be transcribed.*

*This means that any information provided in your Wefunder profile will be provided to the SEC in response to this question. As a result, your company will be potentially liable for misstatements and omissions in your profile under the Securities Act of 1933, which requires you to provide material information related to your business and anticipated business plan. Please review your Wefunder*

*profile carefully to ensure it provides all material information, is not false or misleading, and does not omit any information that would cause the information included to be false or misleading.*

## **RISK FACTORS**

**A crowdfunding investment involves risk. You should not invest any funds in this offering unless you can afford to lose your entire investment.**

**In making an investment decision, investors must rely on their own examination of the issuer and the terms of the offering, including the merits and risks involved. These securities have not been recommended or approved by any federal or state securities commission or regulatory authority. Furthermore, these authorities have not passed upon the accuracy or adequacy of this document.**

**The U.S. Securities and Exchange Commission does not pass upon the merits of any securities offered or the terms of the offering, nor does it pass upon the accuracy or completeness of any offering document or literature.**

**These securities are offered under an exemption from registration; however, the U.S. Securities and Exchange Commission has not made an independent determination that these securities are exempt from registration.**

8. Discuss the material factors that make an investment in the issuer speculative or risky:

Food Costs, which can change often and quickly. Given we are trying to deal mostly with local purveyors we should hedge most of those costs

Economical Collapse due to war or unforeseen global challenges that cajoled contribute to collapse of incomes

Hurricane and storms are always a threat to the east coast. We have chosen a location we feel will be safe from those catastrophes.

BOARDS Charcuterie Plus, Inc. relies heavily on a consistent and reliable supply of locally-sourced ingredients for its artisanal charcuterie, crudités, and baked goods products. Adverse weather conditions, natural disasters, or issues with suppliers may disrupt the availability and quality of these ingredients, impacting product availability and quality. Additionally, contamination or disease outbreaks affecting livestock or crops used in the Company's products could lead to supply shortages or safety concerns. Furthermore, transportation or logistical challenges may impact the timely delivery of perishable products to customers or retail locations, affecting customer satisfaction and revenue streams.

Staffing can be challenging in the NY market as good work is hard to find. Labor can be challenging.

Global Pandemic or Public Health Crisis Risks: A global pandemic or public health emergency could disrupt the Company's operations, supply chains, or consumer demand, impacting its ability to produce and distribute products. Potential restrictions on gatherings or dining experiences may impact the Company's business model and revenue streams. Additionally, workforce challenges due to illness, quarantines, or safety concerns could affect the Company's ability to maintain operations and meet customer demand.

Food Safety and Product Quality Risks: As a producer of food products, BOARDS Charcuterie Plus, Inc. faces potential food safety incidents resulting from improper handling, storage, or preparation of its products, posing health risks to consumers. The Company may also be exposed to recalls or product liability issues due to contamination or foodborne illnesses associated

with its products, leading to financial losses and reputational damage. Failure to meet applicable regulatory requirements or food safety standards could result in potential legal liabilities or operational disruptions.

Our future success depends on the efforts of a small management team. The loss of services of the members of the management team may have an adverse effect on the company. There can be no assurance that we will be successful in attracting and retaining other personnel we require to successfully grow our business.

Dana Minuta is a part-time officer. As such, it is likely that the company will not make the same progress as it would if that were not the case.

*INSTRUCTION TO QUESTION 8: Avoid generalized statements and include only those factors that are unique to the issuer. Discussion should be tailored to the issuer's business and the offering and should not repeat the factors addressed in the legends set forth above. No specific number of risk factors is required to be identified.*

## The Offering

### USE OF FUNDS

9. What is the purpose of this offering?

The Company intends to use the net proceeds of this offering for working capital and general corporate purposes, which includes the specific items listed in Item 10 below. While the Company expects to use the net proceeds from the Offering in the manner described above, it cannot specify with certainty the particular uses of the net proceeds that it will receive from this Offering. Accordingly, the Company will have broad discretion in using these proceeds.

10. How does the issuer intend to use the proceeds of this offering?

If we raise: **\$50,000**

Use of Proceeds: 60% towards kitchen build out and development, 10% for website development and branding, 12.1% for inventory, 10% for advertising, 7.9% Wefunder fee.

---

If we raise: **\$124,000**

Use of Proceeds: 35% for kitchen build out, 15% for retail buildout, 20% for advertising, 10.1% for website buildout and branding, 12% for inventory, 7.9% Wefunder fee.

Raising the maximum would allow us to enhance interiors, equipment quality, packaging, marketing and quality of employees. The more we raise, the more we can invest in higher quality everything which pays off by adding longevity to each component.

*INSTRUCTION TO QUESTION 10: An issuer must provide a reasonably detailed description of any intended use of proceeds, such that investors are provided with an adequate amount of information to understand how the offering proceeds will be used. If an issuer has identified a range of possible uses, the issuer should identify and describe each probable use and the factors the issuer may consider in allocating proceeds among the potential uses. If the issuer will accept proceeds in excess of the target offering amount, the issuer must describe the purpose, method for allocating oversubscriptions, and intended use of the excess proceeds with similar specificity. Please include all potential uses of the proceeds of the offering, including any that may apply only in the case of oversubscriptions. If you do not do so, you may later be required to amend your Form C. Wefunder is not responsible for any failure by you to describe a potential use of offering proceeds.*

## DELIVERY & CANCELLATIONS

11. How will the issuer complete the transaction and deliver securities to the investors?

If we reach our target offering amount prior to the deadline, we may conduct an initial closing of the offering early if we provide notice about the new offering deadline at least five business days prior to the new offering deadline (absent a material change that would require an extension of the offering and reconfirmation of the investment commitment). Wefunder will notify investors if we conduct an initial closing. Thereafter, we may conduct additional closings from time to time at our and Wefunder's discretion until the deadline date.

The following describes the process to invest in the Company, including how the Company will complete an Investor's transaction and deliver securities to the investor.

1. Investor Commitment. The Investor will submit, through Wefunder Portal, a requested investment amount. When doing so, the Investor will also execute an investment contract with the Company ("Investment Agreement"), using the Investor's electronic signature.
2. Acceptance of the Investment. If the Investor Agreement is complete, the Investor's commitment will typically be recorded within a few minutes. The commitment will also be available on the Investor's "My Investments" screen on the wefunder.com website. After the offering closes, the contract will be countersigned by the Company. The executed investment contract will then be sent to the investor via email, and is also available to download on the "My Investments" screen.
3. Investor Transfer of Funds. Upon receiving confirmation that an investment has been accepted, the Investor will be responsible for transferring funds from a source that is accepted by Wefunder Portal into an escrow account held with a third party bank on behalf of issuers offering securities through Wefunder Portal.
4. Progress of the Offering. The Investor will receive periodic email updates on the progress of the offering, including total amounts raised at any given time, and will be notified by email and through the "My Investments" screen when the target offering amount is met.
5. Closing: Original Deadline. Unless we meet the target offering amount early, Investor funds will be transferred from the escrow account to the Company on the deadline date identified in the Cover Page to this Form C and the Company's Wefunder Portal Profile.
6. Early Closings. If the target offering amount is met prior to the original deadline date, we may close the offering earlier, but no less than 21 days after the date on which information about the Company, including this Form C, is posted on our Wefunder Portal Profile. We will reschedule the offering deadline, and at least five days prior to the new deadline, investors will receive notice of it by email and through the "My Investments" screen. At the time of the new deadline, your funds will be transferred to the Company from the escrow account, provided that the target offering amount is still met after any cancellations.
7. Book Entry. Investments may be in book entry form. This means that the Investor may not receive a certificate representing his or her investment. Each investment will be recorded in our books and records and will be recorded in each Investors' "My Investments" screen. The Investor will also be emailed the Investment Agreement again. The Investment Agreement will also be available on the "My Investments" screen. At the option of the Company, you may receive an electronic certificate.

12. How can an investor cancel an investment commitment?

**NOTE: Investors may cancel an investment commitment until 48 hours prior to the deadline identified in these offering materials.**

**The intermediary will notify investors when the target offering amount has been met. If the issuer reaches the target offering**

amount prior to the deadline identified in the offering materials, it may close the offering early if it provides notice about the new offering deadline at least five business days prior to such new offering deadline (absent a material change that would require an extension of the offering and reconfirmation of the investment commitment).

If an investor does not cancel an investment commitment before the 48-hour period prior to the offering deadline, the funds will be released to the issuer upon closing of the offering and the investor will receive securities in exchange for his or her investment.

If an investor does not reconfirm his or her investment commitment after a material change is made to the offering, the investor's investment commitment will be cancelled and the committed funds will be returned.

**An Investor's right to cancel.** An Investor may cancel his or her investment commitment at any time until 48 hours prior to the offering deadline.

If there is a material change to the terms of the offering or the information provided to the Investor about the offering and/or the Company, the Investor will be provided notice of the change and must re-confirm his or her investment commitment within five business days of receipt of the notice. If the Investor does not reconfirm, he or she will receive notifications disclosing that the commitment was cancelled, the reason for the cancellation, and the refund amount that the investor is required to receive. If a material change occurs within five business days of the maximum number of days the offering is to remain open, the offering will be extended to allow for a period of five business days for the investor to reconfirm.

If the Investor cancels his or her investment commitment during the period when cancellation is permissible, or does not reconfirm a commitment in the case of a material change to the investment, or the offering does not close, all of the Investor's funds will be returned within five business days.

Within five business days of cancellation of an offering by the Company, the Company will give each investor notification of the cancellation, disclose the reason for the cancellation, identify the refund amount the Investor will receive, and refund the Investor's funds.

**The Company's right to cancel.** The Investment Agreement you will execute with us provides the Company the right to cancel for any reason before the offering deadline.

If the sum of the investment commitments from all investors does not equal or exceed the target offering amount at the time of the offering deadline, no securities will be sold in the offering, investment commitments will be cancelled and committed funds will be returned.

## Ownership and Capital Structure

### THE OFFERING

13. Describe the terms of the securities being offered.

The company is issuing promissory notes to investors. The

The company is issuing promissory notes to investors. The principal amount of each note is . Each note will accrue interest at a rate of 18% (non-compounding, calculated on the basis of a 365-day year and the actual number of days elapsed) until the note matures 18 months or on September 15, 2025.

**FAILURE TO PAY.** If the Lender has not received the full amount of any monthly payments after the Due Date, the Borrower shall owe a late payment fee to the Lender of 10% of the Principal Sum, due immediately, in addition to the previously owed balance. If the owed balance and the late fee are not paid promptly, the Lender may, at his/her option, declare the Note in default.

**COLLECTION COSTS.** If any payment obligation under this Note is late, the Borrower promises to pay all costs of collection, including attorney's fees and costs.

**DEFAULT.** The occurrence of any one or more of the following events constitutes an "Event of Default" under this Note:

- The failure of the Borrower to pay the Principal Sum and the Interest Amount and any other sums owed hereunder when due;
- The Borrower files bankruptcy, becomes insolvent, or is otherwise unable to pay its debts as they come due;
- An application for the appointment of a receiver for the Borrower;
- Borrower fails to comply with any other obligations under the terms of this Note.

If an Event of Default occurs, Lender shall be permitted to pursue all rights and remedies allowed by this Note or available at law.

The notes do not provide investors with any voting rights in the company.

The form of the notes is provided in Appendix B, Investor Contracts. The form of the notes is Appendix B, Investor Contracts.

14. Do the securities offered have voting rights?

- Yes  
 No

15. Are there any limitations on any voting or other rights identified above?

- Yes: No Voting Rights  
 No:

16. How may the terms of the securities being offered be modified?

The terms of the notes cannot be amended.

**RESTRICTIONS ON TRANSFER OF THE SECURITIES BEING OFFERED:**

The securities being offered may not be transferred by any purchaser of such securities during the one year period beginning when the securities were issued, unless such securities are transferred:

1. to the issuer;
  2. to an accredited investor;
  3. as part of an offering registered with the U.S. Securities and Exchange Commission;
- or
4. to a member of the family of the purchaser or the equivalent, to a trust controlled by the purchaser, to a trust created for the benefit of a member of the family of the purchaser or the equivalent, or in connection with the death or divorce of the purchaser or other similar circumstance.

**NOTE:** The term “accredited investor” means any person who comes within any of the categories set forth in Rule 501(a) of Regulation D, or who the seller reasonably believes comes within any of such categories, at the time of the sale of the securities to that person.

The term “member of the family of the purchaser or the equivalent” includes a child, stepchild, grandchild, parent, stepparent, grandparent, spouse or spousal equivalent, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law of the purchaser, and includes adoptive relationships. The term “spousal equivalent” means a cohabitant occupying a relationship generally equivalent to that of a spouse.

## DESCRIPTION OF ISSUER'S SECURITIES

17. What other securities or classes of securities of the issuer are outstanding? Describe the material terms of any other outstanding securities or classes of securities of the issuer.

<b>Class of Security</b>	<b>Securities (or Amount) Authorized</b>	<b>Securities (or Amount) Outstanding</b>	<b>Voting Rights</b>
Common stock	10,000	10,000	Yes <input type="button" value="v"/>

### Securities Reserved for Class of Security Issuance upon Exercise or Conversion

Warrants: \_\_\_\_\_

Options: \_\_\_\_\_

Describe any other rights:

The company has only authorized common stock to date.

18. How may the rights of the securities being offered be materially limited, diluted or qualified by the rights of any other class of security identified above?

Because the Investor holds no voting rights in the company, the holders of a majority-in-interest of voting rights in the Company could limit the Investor's rights in a material way. For example, those interest holders could vote to change the terms of the agreements governing the Company's operations or cause the Company to engage in additional offerings (including potentially a public offering). These decisions could affect gross revenues and diminish payments made to Investors.

Based on the risk that the company may never realize revenues or face a Default Event, the investor may never see any returns.

Additional risks related to the rights of other security holders are discussed below, in Question 20.

19. Are there any differences not reflected above between the securities being offered and each other class of security of the issuer?

No.

20. How could the exercise of rights held by the principal shareholders identified in Question 6 above affect the purchasers of the securities being offered?

As holders of a majority-in-interest of voting rights in the Company, the principal shareholder(s) may make decisions with which the investor disagrees, or that negatively affect the value of

the Investor's securities in the Company, and the Investor will have no recourse to change these decisions. The Investor's interests may conflict with those of the principal shareholder(s), and there is no guarantee that the Company will develop in a way that is optimal for or advantageous to the Investor.

For example, the principal shareholder(s) may change the terms of the articles of incorporation for the Company, change the terms of securities issued by the Company, change the management of the Company, and even force out minority holders of securities. The principal shareholder(s) also may force the Company to prepay the promissory notes before their maturity date. The principal shareholder(s) may make changes that affect the tax treatment of the Company in ways that are unfavorable to the Investor but favorable to them. The principal shareholder(s) may also vote to engage in new offerings and/or to register certain of the Company's securities in a way that negatively affects the value of the securities the Investor owns. The principal shareholder(s) may also have access to more information than the Investor, leaving the Investor at a disadvantage with respect to any decisions regarding the securities he or she owns.

Based on the factors described above, the Investor could lose all or part of his or her investment in the securities in this offering, and may never see positive returns.

21. How are the securities being offered being valued? Include examples of methods for how such securities may be valued by the issuer in the future, including during subsequent corporate actions.

The offering price for the securities offered pursuant to this Form C has been determined arbitrarily by the Company, and does not necessarily bear any relationship to the Company's book value, assets, earnings or other generally accepted valuation criteria. In determining the offering price, the Company did not employ investment banking firms or other outside organizations to make an independent appraisal or evaluation. Accordingly, the offering price should not be considered to be indicative of the actual value of the securities offered hereby.

The value of the promissory notes will be determined by the Company's senior management in accordance with U.S. generally accepted accounting principles. For example, the notes may be valued based on principal plus anticipated interest payments over the course of the term of the note.

22. What are the risks to purchasers of the securities relating to minority ownership in the issuer?

An Investor in the promissory notes will likely hold a minority position in the Company and will have no voting rights in the Company, and thus will be limited as to its ability to control or influence the governance and operations of the Company.

The marketability and value of the Investor's interest in the Company will depend upon many factors outside the control of the Investor. The Company will be managed by its officers and be governed in accordance with the strategic direction and decision-making of its board of directors, and the Investor will have no independent right to name or remove an officer or member of the board of directors of the Company.

23. What are the risks to purchasers associated with corporate actions, including additional issuances of securities, issuer repurchases of securities, a sale of the issuer or of assets of the issuer or transactions with related parties?

Additional issuances of securities. Following the Investor's investment in the Company, the Company may sell interests to additional investors. The Investor may have the opportunity to

additional investors. The investor may have the opportunity to increase its investment in the Company in such a transaction, but such opportunity cannot be assured. The amount of additional financing needed by the Company, if any, will depend upon the maturity and objectives of the Company.

Issuer Repurchase of Securities/Prepayment of Notes. The Company has the right to repay principal and interest on the promissory notes at any time prior to the maturity date. If the Company repays principal and interest on the notes early, Investor will receive fewer interest payments than expected at purchase.

A sale of the issuer or of assets of the issuer. As a noteholder with no voting rights, the Investor will have no ability to influence a potential sale of the Company or a substantial portion of its assets. Thus, the Investor will rely upon the executive management of the Company and the board of directors of the Company to manage the Company so as to maximize value for shareholders and ensure full payment of noteholders. Accordingly, the success of the Investor's investment in the Company will depend in large part upon the skill and expertise of the executive management of the Company and the board of directors of the Company. If the board of directors of the Company authorizes a sale of all or a part of the Company, or a disposition of a substantial portion of the Company's assets, there can be no guarantee that the amount received will be sufficient to repay Investor and other noteholders.

Transactions with related parties. The Investor should be aware that there will be occasions when the Company may encounter potential conflicts of interest in its operations. On any issue involving conflicts of interest, the executive management and board of directors of the Company will be guided by their good faith judgment as to the Company's best interests. The Company may engage in transactions with affiliates, subsidiaries or other related parties, which may be on terms which are not arm's-length, but will be in all cases consistent with the duties of the management of the Company to its shareholders. By acquiring an interest in the Company, the Investor will be deemed to have acknowledged the existence of any such actual or potential conflicts of interest and to have waived any claim with respect to any liability arising from the existence of any such conflict of interest.

24. Describe the material terms of any indebtedness of the issuer:

None.

*INSTRUCTION TO QUESTION 24: name the creditor, amount owed, interest rate, maturity date, and any other material terms.*

25. What other exempt offerings has the issuer conducted within the past three years?

*INSTRUCTIONS TO QUESTION 26: The term transaction includes, but is not limited to, any financial transaction, arrangement or relationship (including any indebtedness or guarantee of indebtedness) or any series of similar transactions, arrangements or relationships.*

*Beneficial ownership for purposes of paragraph (2) shall be determined as of a date that is no more than 120 days prior to the date of filing of this offering statement and using the same calculation described in Question 6 of this Question and Answer format.*

*The term "member of the family" includes any child, stepchild, grandchild, parent, stepparent, grandparent, spouse or spousal equivalent, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law of the person, and includes adoptive relationships. The term "spousal equivalent" means a cohabitant occupying a relationship generally equivalent to that of a spouse.*

*Compute the amount of a related party's interest in any transaction without regard to the amount of the profit or loss involved in the transaction. Where it is not practicable to state the approximate amount of the interest, disclose the approximate amount involved in the transaction.*

## FINANCIAL CONDITION OF THE ISSUER

27. Does the issuer have an operating history?

- Yes  
 No

28. Describe the financial condition of the issuer, including, to the extent material, liquidity, capital resources and historical results of operations.

### **Management's Discussion and Analysis of Financial Condition and Results of Operations**

You should read the following discussion and analysis of our financial condition and results of operations together with our financial statements and the related notes and other financial information included elsewhere in this offering. Some of the information contained in this discussion and analysis, including

information regarding the strategy and plans for our business, includes forward-looking statements that involve risks and uncertainties. You should review the "Risk Factors" section for a discussion of important factors that could cause actual results to differ materially from the results described in or implied by the forward-looking statements contained in the following discussion and analysis.

### **Overview**

An Organic, Farm to Table Charcuterie Experience Featuring Boards For All Occasions and Diets.

BOARDS Charcuterie Plus, Inc. is an innovative farm-to-table experience, specializing in sustainable grazing boards. BOARDS offers a range of artisanal charcuterie, crudités, and baked goods, all crafted from locally-sourced ingredients.

### **Milestones**

BOARDS Charcuterie Plus, Inc. was incorporated in the State of Texas in February 2024.

Since then, we have:

- Founder is first in her class graduate from The Culinary Institute of America. (Hyde Park)
- Recognized as one of Edible East Ends Local Chef Heros.
- Over 20 years working with food and farmers from NYC to the East End of NY.
- Worked at several prestigious NYC venues.
- Has retail locations in place to carry products.
- Been Executive Private Chef to some of America's most prominent billionaires.

The Company is subject to risks and uncertainties common to early-stage companies. Given the Company's limited operating history, the Company cannot reliably estimate how much revenue it will receive in the future.

### **Historical Results of Operations**

Our company was organized in February 2024 and has limited operations upon which prospective investors may base an evaluation of its performance.

- *Revenues & Gross Margin.* For the period ended February 16, 2024, the Company had revenues of \$0.
- *Assets.* As of February 16, 2024, the Company had total assets of \$0, including \$0 in cash.
- *Net Income.* The Company has had net income of \$0 as of February 16, 2024.
- *Liabilities.* The Company's liabilities totaled \$0 as of February 16, 2024.

### **Related Party Transaction**

Refer to Question 26 of this Form C for disclosure of all related party transactions.

### **Liquidity & Capital Resources**

To-date, the company has been funded with \$15,000 in capital contributions.

After the conclusion of this Offering, should we hit our minimum funding target, our projected runway is 8 months before we need to raise further capital.

We plan to use the proceeds as set forth in this Form C under "Use of Funds". We don't have any other sources of capital in the immediate future.

We will likely require additional financing in excess of the proceeds from the Offering in order to perform operations over the lifetime of the Company. We plan to raise capital in 6 months. Except as otherwise described in this Form C, we do not have additional sources of capital other than the proceeds from the offering. Because of the complexities and uncertainties in establishing a new business strategy, it is not possible to adequately project whether the proceeds of this offering will be sufficient to enable us to implement our strategy. This complexity and uncertainty will be increased if less than the maximum amount of securities offered in this offering is sold. The Company intends to raise additional capital in the future from investors. Although capital may be available for early-stage companies, there is no guarantee that the Company will receive any investments from investors.

#### **Runway & Short/Mid Term Expenses**

BOARDS Charcuterie Plus, Inc. cash in hand is \$15,000, as of March 2024. Over the last three months, revenues have averaged \$0/month, cost of goods sold has averaged \$0/month, and operational expenses have averaged \$0/month, for an average burn rate of \$0 per month. Our intent is to be profitable in 5 months.

There have been no significant changes since the date of our financials. We expect revenues to be around \$500K in the next 6 months and we expect expenses to be around the \$350K - \$400K range. To begin creating revenue we need a minimum of \$50K.

We are not operating currently and are a startup. We hope to open and begin creating revenue by Memorial Day weekend 2024.

Aside from Wefunder, we have savings, and family support. We are optimistic that the funds we have from savings and other support we will be successful.

All projections in the above narrative are forward-looking and not guaranteed.

*INSTRUCTIONS TO QUESTION 28: The discussion must cover each year for which financial statements are provided. For issuers with no prior operating history, the discussion should focus on financial milestones and operational, liquidity and other challenges. For issuers with an operating history, the discussion should focus on whether historical results and cash flows are representative of what investors should expect in the future. Take into account the proceeds of the offering and any other known or pending sources of capital. Discuss how the proceeds from the offering will affect liquidity, whether receiving these funds and any other additional funds is necessary to the viability of the business, and how quickly the issuer anticipates using its available cash. Describe the other available sources of capital to the business, such as lines of credit or required contributions by shareholders. References to the issuer in this Question 28 and these instructions refer to the issuer and its predecessors, if any.*

## **FINANCIAL INFORMATION**
