Adam Scott Perl

CEO | Co-Founder at Arrangr
New York City Metropolitan Area

Summary

With over 20 years of experience in corporate development, strategy, and entrepreneurship, I am passionate about creating innovative solutions that simplify and streamline complex business processes. My mission with Arrangr, a top-ranked SaaS company that offers a powerful suite of scheduling tools, is to help professionals save time, reduce chaos, and improve productivity using superior UI/UX, proprietary algorithms, and Artificial Intelligence.

As the CEO and Co-Founder of Arrangr, I lead a talented and diverse team of engineers, designers, marketers, and customer success managers who share my vision and values. Together, we have developed a product that can arrange a complete 1:1 or group business meeting (A-Z) in as little as 10 seconds and just a few clicks, incorporating the conf call, video conference, and personal calendar of choice. We have also launched Arrangr PRO+, a premium service that caters to business professionals who need to schedule meetings with multiple clients and projects.
