**Help Us Make More Christian Movies And Shows!**

---

We want to fill the world with the **Gospel of Jesus Christ** by making as many Christian movies and shows as possible! ChristianMovies.fun is a new Christian streaming platform and entertainment company that already has a huge, highly enthusiastic following on Facebook and Instagram. We will soon be producing and distributing amazing "God stories"—the kinds of stories that show people Jesus is real, He's alive, and He loves them!

These “God stories” will be a few of the Christian movies produced by one of our team members, Darren Moorman.

God has blessed us with the absolute best producers in the business. They are strong Christian believers with an amazing body of work (see below).

Right out of the gate, we will also be distributing third-party Christian content (movies, documentaries, series, and shows) on our streaming platform.

# The Streaming Platform

# SVOD:

As of the end of June 2024, our streaming platform has been created, and we are currently working on licensing great Christian content to share with our audience.

**The platform is enabled to offer free (ad-supported) content. In the streaming industry, this is known as AVOD (Ad-supported Video on Demand).** So we have functionality and market positioning similar to Tubi and Freevee, but aimed at the Christian audience.

Within the next couple of months, we will be adding the option for customers to buy or rent movies and shows on our platform. This is known as TVOD (Transactional Video on Demand).

Subscription video on demand, where viewers pay a monthly or annual subscription fee to access a library of content, is known as "SVOD." As we build a library of original and third-party content, we will launch a viable SVOD offering to our audience. We expect to have a viable SVOD offering within 2-4 years, but this depends on many factors including the ability to raise sufficient capital, to produce a considerable amount of original content, and to acquire SVOD licenses to a considerable amount of third-party content.

# AVOD:

## Technology

**We have streaming apps built for the major platforms:**

Web, Android, iOS, Apple TV, Fire TV, and Roku.

To build and maintain our streaming platform, we hired Lightcast. Lightcast is a market leader in streaming platform technology and service. Their client list includes Hulu, HBO, Amazon Prime, GOD TV, Daystar TV, The 700 Club, In Touch Ministries, and many thousands of other media companies, ministries, and churches.

Lightcast handles all streaming technology creation and maintenance for us. Lightcast is owned by Christians, and we could not ask for a better technology partner!

# Lightcast.com

## The Business Plan

---

Our business plan is very simple. We can break it down into two main phases:

1

In the immediate future, we will offer ad-supported third-party and original content free to viewers. We will drive many millions of views of that content, serving ads from our advertisers and generating revenue for ChristianMovies.fun as well as our content creator partners. Within the next 2-4 months, we will add the ability for viewers to rent or purchase our content in order to watch ad-free. We will also start production on ChristianMovies.fun original content.

2

As we generate enough revenue to produce and acquire enough content for a viable, competitive, and compelling SVOD offering, we will launch an SVOD offering and offer our highly-enthusiastic, Christian-content-hungry audience the opportunity to access a library of content by subscribing. However, recognizing that there is a subset of the audience that primarily demands free, ad-supported content, we will keep that option available as well. So in the long run, our viewers will have three ways to watch content: a) Free, but ad-

- supported
- b) rent/buy
- c) subscribe.

We may also offer a combination of (a) and (c) if that is of interest to our audience. Whatever our audience wants, that is what we will give them!

There are many other aspects of our business plan. Many of them are highly innovative and proprietary. God blesses us with amazing ideas, wisdom, and creativity. But for competitive reasons, we choose not to share too many details. Suffice it to say, we have some very exciting strategies, partnerships, and initiatives in the works that we cannot yet announce publicly!

**We're going to help make people's God-given dreams come true!**

Hi <<First Name>>,

Years ago, I left the investment management profession behind to pursue God and His calling on my life. I wasn't exactly sure what He wanted me to be or to do. I just knew He had a calling on my life.

As I walked down a path of discovering my specific gifts and calling, and then walking in them, I experienced a lot of difficulty. As is often the case with people who are pursuing a God-given dream, there

[Subscribe](#)[Share ▼](#)[Past Issues](#)[Translate ▼](#)[RSS](#)

way.

At any point during those years, all it would have taken was for one person to come along and give me a certain “Yes.” For me, the “yes” during those years might have been a particular publishing or co-authoring contract, a partnership, an investment, an invitation, a connection of some kind... Just one big opportunity to break everything open.

But instead, for many years, there was bitter disappointment and pain. Don’t get me wrong—there were a lot of wins, a lot of blessing, and a lot of good ministry fruit along the way. But time after time, for many years, there were “big” doors or opportunities that were lining up and seemingly about to happen, only to fall through at the end.

More recently, all the right doors have opened. I’ve gotten a lot of very important “Yes’s” from a lot of extremely wonderful, important people—the kinds of “Yes’s” that kicked our God dreams into high gear.

And I now have a deep longing in my heart to be the “Yes” for other people out there pursuing a God-given dream. People who are operating in their divine gifts and calling...

*People who are sacrificially pursuing God’s calling with all of their heart and soul, and doing all of the right things, but just waiting for their “Yes” moment.*

We want to be the “Yes” for those people!

It might mean we line them up with or even give them an investment, a contract, a movie deal, or a grant. It might mean that we secure/rent a property for their new ministry, or even just make the right connection for them . . . whatever the need, we want to find a way to fill that need and give them the “Yes” to put their God dream into high gear.

[Subscribe](#)[Share ▼](#)[Past Issues](#)[Translate ▼](#)[RSS](#)

people's stories, and finding a way to help make their God-given dream a reality! It will also make for extremely entertaining, inspirational television as viewers hear people's stories of godly perseverance and then watch those people's "God dreams" come true right before their eyes.

### **BUT HERE'S THE THING....**

Before I can be the "Yes" for so many other people out there, I need your "Yes." I look back with sheer amazement at all God has done to bring ChristianMovies.fun to where it is now. But we're not all the way there. We've got an open round of crowdfunding investment right now, and we need you to step up and be our "Yes."

It only takes \$40 to be our "Yes." We've gotten the investment minimum lowered by Wefunder to only \$40 so that more of you can participate in what God is doing through ChristianMovies.fun.

### **Will you be our "Yes" today, so that we can be the "Yes" for many others?**

We would be extremely grateful! Just click the blue button below, go to our Wefunder page, and once you're there, look for the button on their page that says "Reserve." Hit that button and make your investment to own stock in our company. We'll take that money and invest it to bring more Christian movies and shows to the world, and hopefully generate a good return for our investors in the process. It's that simple!

Sincerely,  
Chris McKinney

Hi <<First Name>>,

I thought I'd tell you a little more about myself and what led me here. My oldest son, Jake, just turned 18. From the time he was very small, I realized I was going to have to work extremely hard to shield him from a lot of what the world calls "entertainment."

It wasn't easy.

We also have a 9-year-old son, Gavin, and an 8-year-old, Andrew. It has been extremely hard to be able to enjoy movies and shows without them seeing things they shouldn't see. We had to be vigilant. We had to always check the Kids-in-Mind or other parental guidance websites. We had to use filtering technology.

*A recent photo of our family*

And at the end of the day, there was a ton of stuff we just couldn't watch. But let me tell you, it was worth it. People give us frequent compliments about Jake—how mature, polite, respectful and well-behaved he is. He's a godly young man who loves the Lord. Thank God he has so far avoided many of the trappings of the world. That wasn't by accident. He didn't learn to be the way he is now by watching worldly entertainment. We shielded him and protected him.

But it wasn't just the kids.

My wife and I don't watch most of the world's movies and shows either. There are plenty of movies we could have watched if it weren't for one or two scenes or maybe for some completely unnecessary language. This always frustrated me.

I can't stand to hear someone using the name of Jesus like it's a cuss word. I can't stand to hear profanity. And of course, nudity and sexual humor/content of any kind is always out of the question. So that leaves us with relatively few options.

## WE WANT TO FILL THE WORLD WITH THE GOSPEL OF JESUS CHRIST!

We are evangelical, protestant Christian believers who are passionate about telling “God Stories” — The kinds of stories that let people know that Jesus is real, that He’s alive, and that He loves them! We have some very exciting projects in the works to fulfill this mission!

## A NEW STREAMING PLATFORM

In June of 2023, we created our Facebook page and began posting out of our passion for Jesus and for seeing His Gospel spread through Christian movies. The page quickly exploded in popularity. Since day one, our audience (now at 800,000) has been telling us exactly what they want. They

## NEW CHRISTIAN MOVIES AND SHOWS

Our new platform will have existing Christian movies and shows created by other Christians. However, we aren't stopping there. We are already in the planning stage for several of our own ChristianMovies.fun original shows and movie projects!

Our goal is to fill the world with the Gospel, influence the world for Jesus, and ultimately, see many souls won for the Lord!

We have an amazing team ready to produce high quality Christian movies and shows. We have the ability to distribute and monetize content through our streaming platform. As soon as we raise capital, we will start production on our first original project. Then hopefully we'll be off to the races, starting a perpetual cycle of production, monetization, and reinvestment — producing as many high quality Christian movies and shows as possible over the coming years and decades!

The best part, Lightcast is a technology company that is owned by Christians!

## YOU CAN HELP—AND OWN A PIECE OF OUR COMPANY!

If you would like to help us achieve these goals, we would ask that you prayerfully consider making an investment in our company!

When you invest, you'll ultimately own a piece of ChristianMovies.fun, Inc. Owning a piece of our company is something that could pay off well over the next few years. It's also something that could make a great investment to leave to your kids and grandkids. Only time will tell, and as with all investments, there is some level of risk and uncertainty.

But what is certain is that whatever you invest, we will take that money and begin using it to bring more Christian movies and shows to the world!

Our [crowdfunding investment page is live now on Wefunder](#). There is a lot more information about our company on that page. We are selling stock in our company. You can invest in our company and become an owner for as little as \$40! Wefunder's minimum is normally \$100, but we were able to get them to lower it so that more of you can participate.

Technically, we are only accepting "Investment Reservations" while we finish up our legal documents. However, we really need people to go ahead and **make those investment reservations now!** It's crucial to our success. If everyone reading this could do just the minimum of \$40 right now, we'd be doing great! Of course we welcome larger investments as well. Thank you so much!

## ANGELS CAUGHT HIM

In 2019, Kari Hoffman was walking with her young son, Landen, into the largest mall in America. All of a sudden, she felt a strong prompting from the Lord to stop and pray for protection for herself and her son. She prayed, walked a few more steps, and then felt another strong impression to pray for protection. After she prayed the second time, she felt peace that she had fully obeyed the prompting.

over the 8th floor balcony a fall of 80 feet. Evidently miraculously survived, and over the next few months, he experienced miracle after miracle of healing and restoration.

Most people know a little bit of that story. **But did you know that as a child, Kari and her family were kidnapped and held at gunpoint?** Kari was only 8 years old, but she watched her father respond to the attack by praying out loud, and instructing his entire family to do the same. What happened next was nothing short of amazing...

Kari has a riveting story of Christian faith. ChristianMovies.fun has the life rights to be able to make movies, shows, documentaries, or streaming series out of Kari's story, along with quite a few other compelling, true God stories that have made national and international headlines. We're very excited to get started on these projects!

**But we need your help.** We can't make this amazing Christian content unless we raise capital. It takes money to do God's work. So we're giving everyone an opportunity to buy stock in our company. We're going to use the money we raise to invest in our streaming platform's third-party content library (existing Christian movies and shows), as well as to make our original productions of amazing Christian movies and shows!

You can be part of what God is doing through ChristianMovies.fun, and hopefully earn good financial returns, by investing now. The minimum investment is only \$40. Please click the blue button below to go to our Wefunder page. Once there, look for a button on that page that says "Reserve" and make your investment now. You will be making a **HUGE** difference for God's Kingdom!

You can join us in that mission by investing as soon as our crowdfunding round goes live. We are praying and believing that God makes our company a HUGE blessing to all of our investors and to our viewers! We have major advantages in the area of marketing, and in the areas of producing and monetizing content. So while it is very missional, we are also serious businesspeople with a solid business plan, and we believe our company will be extremely successful financially.

Of course, there is always risk and uncertainty as with any new company.

Right now, we are expecting the crowdfunding round to be live by the second week in July. We will send you a survey tomorrow, and then we will send out an announcement email as soon as the crowdfunding round is live. In the meantime, please be in prayer about investing, and let us know if you have any questions. Thank you!

## **WE WANT TO FILL THE WORLD WITH THE GOSPEL OF JESUS CHRIST!**

We are evangelical, protestant Christian believers who are passionate about telling “God Stories” — The kinds of stories that let people know that Jesus is real, that He’s alive, and that He loves them! We have some very exciting projects in the works to fulfill this mission!

### **A NEW STREAMING PLATFORM**

In June of 2023, we created our Facebook page and began posting out of our passion for Jesus and for seeing His Gospel spread through Christian movies. The page quickly exploded in popularity. Since day one, our audience (now at 800,000) has been telling us exactly what they want. They want us to give them a new Christian streaming platform and fill it with godly content! So that’s exactly what we’re doing!

[Subscribe](#)[Share ▼](#)[Past Issues](#)[Translate ▼](#)[RSS](#)

## TECHNOLOGY

To build our streaming platform, we hired Lightcast. Lightcast is a market leader in streaming platform technology and service. Their clients include Hulu, HBO, Amazon Prime, GOD TV, Daystar TV, The 700 Club, In Touch Ministries and many thousands of others. They handle all technology creation and maintenance for us, and we could not ask for a better partner. The best part, Lightcast is a technology company that is owned by Christians!

## NEW CHRISTIAN MOVIES AND SHOWS

Our new platform will have existing Christian movies and shows created by other Christians. However, we aren't stopping there. We are already in the planning stage for several of our own ChristianMovies.fun original shows and movie projects!

Our goal is to fill the world with the Gospel, influence the world for Jesus, and ultimately, see many souls won for the Lord!

We have [an amazing team](#) ready to produce high quality Christian movies and shows. We have the ability to distribute and monetize content through our streaming platform. As soon as we raise capital, we will start production on our first original project. Then hopefully we'll be off to the races, starting a perpetual cycle of production, monetization, and reinvestment — producing as many [high quality Christian movies and shows](#) as possible over the coming years and decades!

[Subscribe](#)[Share ▼](#)[Past Issues](#)[Translate ▼](#)[RSS](#)

## YOU CAN HELP — AND OWN A PIECE OF OUR COMPANY!

If you would like to help us achieve these goals, we would ask that you prayerfully consider making an investment once our crowdfunding round goes live. We are planning to have a crowdfunding round on WeFunder starting roughly the second week of July, so we are gauging interest right now.

When you invest, you'll ultimately own a piece of ChristianMovies.fun, Inc. Owning a piece of our company is something that could pay off well over the next few years. It's also something that could make a great investment to leave to your kids and grandkids. Only time will tell, and as with all investments, there is some level of risk and uncertainty.

But what is certain is that whatever you invest, we will take that money and begin using it to bring more Christian movies and shows to the world!

Tomorrow, you'll receive an email telling you a little more about our team and the heart behind what we're doing. The next day, you'll receive a survey from us via email. In the meantime, it would be great if you could pray about what kind of investment you could possibly make once we go live. Then **please respond to our email survey** and let us know! Thanks so much! God bless you!

OK, if you are going to do Christian movies and you're going to have Christian films here are a couple of suggestions you should put on this movie called the life of Christ 1955 is a produced by Robert Corelli and it stars John K Steele another one is Jesus of Nazareth starring Robert Powell is that is an excellent excellent movie that was for 1977. Another movie that would be good is called all that I have and then there's also a movie called, be held as glory as another one. There are several of them take a look at them. Some of them are from the 50s.
