FOUNDING STORY

We Founded AJAI to Protect Children

Like millions of Americans, we're deeply troubled by the unthinkable tragedies unfolding in our schools. We realized we could help stop this violence with robotics. We're ready to launch our first AI-based robotic security system that will protect our neighborhood schools.

PROBLEM

We Can Prevent and Stop School Shootings

At least 44 states and the District of Columbia now legally require a school safety plan. Yet school shootings are on the rise. Our technology can help these schools and police departments stop these in their tracks.

- ✓ **12.5 min** average length of incident
- ✓ **18 min** average response time for police
- ✓ **Fewer than 15%** end with the shooter being subdued or apprehended
- ✓ **71%** end with the shooter fleeing and remaining a threat
- ✓ **71%** end with the shooter fleeing and remaining a threat

PRODUCT

A Security Robot That Can Fight Back

Our robot-based security systems is designed to react to threats instantly and save lives. We can speed up police response times by instantly alerting them and directing them to the precise location. Our robots can spot and report threats, use machine vision to recognize faces and identify weapons, and take on the threat with pepper spray, bola wraps, or high-pitch noises.

Proactive AJAI will not hesitate to protect from dangers at any time	Safe Utilizes safe, effective non-lethal defenses
Reliable Built to perform under all conditions	Timely Emergency response time is virtually instantaneous
Unbiased Video footage can be reviewed	Deep Learning Will continuously teach itself to make better decisions

TRACTION

5 Field Tests Underway

Communities, businesses, and organizations are already lining up for our solution. We have pilots in place with a college, a mall, and are currently conducting field trials in Chicago.

MARKET

Tapping into the \$2B School Security Market

Schools alone spend \$2B a year on security. By capturing just 10% of this market, we can generate \$200M in revenue. That's just the start. There are many more security markets we can expand to.

ROADMAP

How Your Investment Fuels Our Growth

We have an ambitious plan to scale. We plan to make our first sale to a school district this year. By next year, we aim to make a sale to one school district each month. Here's how your investment can make this a reality.

2024

- R&D
- Salaries
- General Expenses
- Marketing
- Working Capital

2025

- R&D
- Plant and Equipment
- Salaries
- Marketing
- Working Capital

2026

- Production
- Salaries
- R&D
- Marketing
- Working Capital

Statements about our three-year roadmap are forward-looking and rely on current assumptions and projections. These plans are subject to risks and uncertainties, including technological advancements, regulatory approvals, and shifts in school safety policies, which may affect the implementation and success of our future developments.

Equity crowdfunding investments in private placements, and start-up investments in particular, are speculative and involve a high degree of risk and those investors who cannot afford to lose their entire investment should not invest in start-ups. Companies seeking startup investment through equity crowdfunding tend to be in earlier stages of development and their business model, products and services may not yet be fully developed, operational or tested in the public marketplace. There is no guarantee that the stated valuation and other terms are accurate or in agreement with the market or industry valuations. Further, investors may receive illiquid and/or restricted stock that may be subject to holding period requirements and/or liquidity concerns.
