Problem

Modern life is plagued by decision fatigue. Whether it's scrolling through countless reviews or second-guessing where to go, the paradox of choice often turns a simple outing into a source of stress. People want to make the most of their time but are overwhelmed by endless options.

Solution

The Solution... Cyasoos!

Cyasoos eliminates the analysis paralysis. Just tell our app what you want to do, and our AI picks the perfect spot and guides you there. No more endless scrolling or indecision — just carefree adventures. You can enjoy your outing solo or invite others to join, all without the stress of planning.

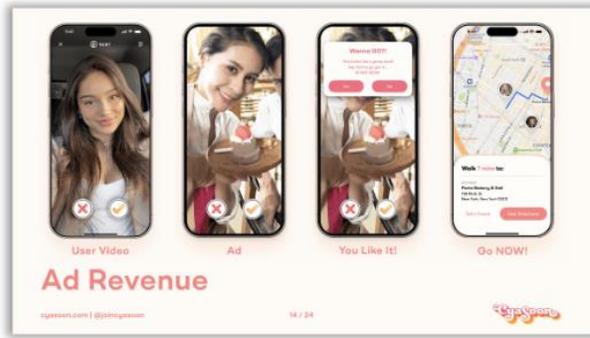

Business Model

Cyasoos Has Three Revenue Streams!

1. Ad Revenue

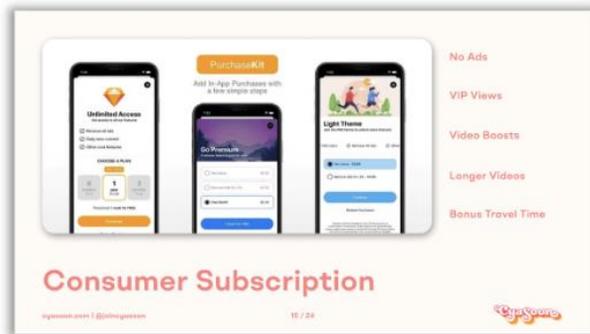

Cyasoos collects \$300/month from businesses advertising on the platform.

Here's how the ads work: the user will be scrolling through their video feed for people to hang out with. And then an ad shows up! If the user likes the ad, they'll have the option to GO to that business, right NOW. If they decide to go, then the map shows them the way.

2. Consumer Subscriptions

Cyasoon's more discerning customers pay a \$5/month subscription fee. These subscribers receive upgrades, such as no ads, VIP member views, video boosts to bring their videos to the top, longer videos for those who want to say more than just 15-seconds worth, and bonus travel time for the slow pokes!

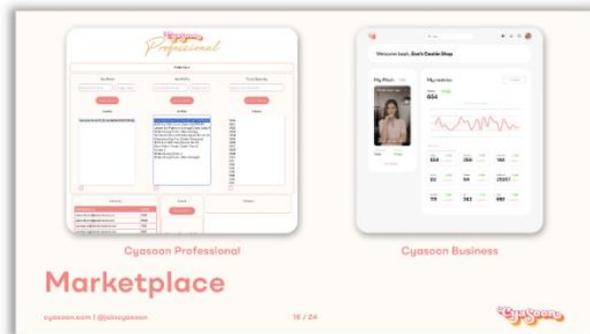

3. Marketplace

Professional users, such as event hosts, will sell their tickets on Cyasoon Professional.

Establishments, like bars and restaurants, will receive preferential treatment and algorithm boosts to drive even MORE traffic to their locations with Cyasoon Business. Both Professional and Business users will see real-time analytics for the entire process, with all advertising features included.

Both Professional and Business users will see real-time analytics for the entire process, with all advertising features included.

Market Projection

Bottom-Up Total Addressable Market (TAM)

Cyasoon is a B2B2C platform and has two types of consumers. On the B2C side, the best customers are those who are active, outgoing, and most importantly... travelers. On the B2B side, the best candidates are gyms, nightclubs, and restaurants.

1. B2C Market

In Manhattan alone, the TAM is \$8,298,240, and this is just the consumer side!

2. B2B Market

In Manhattan alone, the TAM from a B2B standpoint is \$82,080,000. We've crunched the numbers for you below!

Competition

We Face Competition on Three Fronts.

Cyasoon will serve as an entertainment / meetup / event / party app, where people will meet up over common interests, such as movies, sports, or music. Competitors in this space include Meetup, Eventbrite, Luma, and Posh.

Second, we have the dating apps. This is the most common comparison that can be made with Cyasoon, even though Cyasoon is NOT a dating app and will NOT be marketed as such.

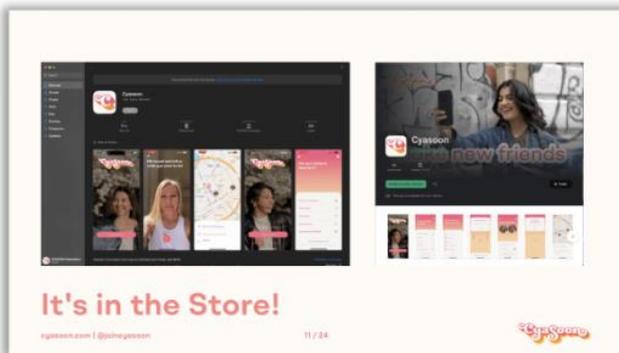

Finally, Cyasoon is a lifestyle app that will generate strong revenues from hospitality and dining. There will be some competitive influence from the likes of OpenTable, Resy, Seated, and Beli.

NOTE TO INVESTORS ABOUT THE SPV

Regulation Crowdfunding allows an issuer to use a special purpose vehicle, or SPV. The technical legal term is a "crowdfunding vehicle."

In this case, while the name of the Company itself is Cyasoon Corporation, the name of the SPV is Cyasoon SPV LLC. You and all the other Regulation Crowdfunding investors will invest in Cyasoon SPV LLC and Cyasoon SPV LLC will, in turn, use your money to invest in Cyasoon Corporation. Hence, Cyasoon SPV LLC will be reflected as one investor in Cyasoon Corporation.

Cyasoon Corporation believes this structure – with one investor rather than many – will make it easier to raise additional capital in the future because the Offering will leave the Company with only one investor on its capitalization table.

Cyasoon SPV LLC will conduct no business other than to invest in Cyasoon Corporation. The SPV has been organized and will be operated for the sole purpose of directly acquiring, holding and disposing of the Company's securities, will not borrow money and will use all the proceeds from the sale of its securities solely to purchase a single class of securities of the Company. Cyasoon SPV LLC will be managed by the Company itself. The Company's use of the SPV is intended to allow investors in the SPV to achieve the same economic exposure, voting power, and ability to assert State and Federal law rights, and receive the same disclosures, as if they had invested directly in the Company. The Company's use of the SPV will not result in any additional fees being charged to investors.

Although Cyasoon Corporation is a corporation, you will be an owner of Cyasoon SPV LLC, which is a limited liability company. Hence, you will receive IRS Form K-1 for tax reporting purposes.

All the information about "the Company" in this Form C refers to Cyasoon Corporation, not to Cyasoon SPV LLC unless otherwise indicated.

NOTE TO INVESTORS: As explained above, you will invest in Cyasoon SPV LLC, not in the Company directly. You will receive an interest in Cyasoon SPV LLC called "Investor Shares" while Cyasoon SPV LLC will receive shares of Common Stock issued by the Company. The governing documents of Cyasoon SPV LLC, being its Certificate of Formation and Limited Liability Company Agreement (EXHIBIT E and EXHIBIT G), and the Investor Shares to be issued to you from Cyasoon SPV LLC, are intended to put you in the same position as if you had purchased shares of Common Stock directly from the Company.

Voting Proxy to the Manager

The SPV investor shares do not have voting rights. With respect to those voting rights, the investor and his, her, or its transferees or assignees (collectively, the "Investor"), through a voting proxy granted by Investor in the subscription agreement (Exhibit C), has appointed or will appoint the Manager, Cyasoon Corporation, as the Investor's true and lawful proxy (the "Proxy") with the power to act alone and with full power of substitution, on behalf of the Investor to: (i) vote all securities related to the Company purchased in an offering hosted by PicMii Crowdfunding, LLC, and (ii) execute, in connection with such voting power any instrument or document that the Manager determines is necessary and appropriate in the exercise of his or her authority. The Investor Shares shall have one hundred percent (100%) of the economic rights and no management rights other than to replace the Manager upon a majority vote at a duly called meeting. The Manager Shares shall be held only by Cyasoon Corporation, or its affiliates or assigns. The Manager Shares will confer no economic rights but shall confer one hundred percent (100%) of the management authority to the holders of the Manager Shares. The holders of Manager Shares shall have all rights necessary to manage the business affairs of the Company, including but not limited to, the authority to direct the acquisition, holding, and disposition of the Company's assets, and to make all decisions regarding the Company's operations without requiring the consent of the holders of the Investor Shares, subject to limitations in Delaware state law, participation in tender offers, mergers, acquisitions, or any other matters requiring shareholder approval.
