Matthew Moore

• Ex-Google, Ex-Samsung
Mountain View, California, United States

Summary

My goal is to make a dent in the universe.

I'm a highly technical product leader & advisor.
- I write at https://medium.com/@m3moore
- I capture my favorite links at http://matthewpaulmoore.com/

I'm currently extremely obsessed with AI/ML, LLMs, computer vision,
and building & coaching product development teams.

———

Experience

Graphlan
CEO
July 2023 - Present (1 year 3 months)
Mountain View, California, United States

Leading the charge on LLM-based product development for something in the
professional network space.

Fellowship of the Nerds
Managing Fellow
October 2016 - Present (8 years)
Palo Alto, CA

Machine learning engineers meet computer vision engineers meet mechanical
engineers meet electrical engineers meet industrial designers meet embedded
engineers, etc.

Synthesis AI
Head of Product
May 2019 - June 2023 (4 years 2 months)
San Francisco Bay Area

Synthesis AI is pioneering synthetic data technology to build more capable AI.
10MM's training images created by customers, used in ML models deployed
on billions of devices.

SmartThings
Product & Engineering Stuff
April 2016 - April 2019 (3 years 1 month)
Mountain View, CA

Google Home & Alexa integrations, Samsung TV integration, Multi-Family and AirBnB/Hotel product lines.

Achillé Inc.
Founder
April 2015 - April 2019 (4 years 1 month)
Mountain View, CA

Synthetic data platform for computer vision. Acquired by Synthesis AI.

Context Travel
Advisor
December 2015 - February 2018 (2 years 3 months)
Mountain View, CA

Growth & funding.

ThriveSmart, Inc.
Co-Founder
June 2007 - December 2017 (10 years 7 months)
San Francisco, CA

Helping the Fortune 100 (and some others) with software strategy & development.

Silicon Valley Robotics
Advisor
February 2016 - February 2017 (1 year 1 month)
Mountain View, CA

Revenue generation

reddit Inc
Advisor, Revenue
April 2015 - June 2015 (3 months)
San Francisco

Helped reddit think through how to monetize, and what ad products should look like. Wrote the initial framework for their supply side platform in Go, and using DynamoDB.

AdRoll

Director of Product Management
June 2014 - March 2015 (10 months)

Helping my teams with mobile (app installs & re-engagement), real time bidding (Erlang & DynamoDB), machine learning (blended SDCA & LBFGS), data pipeline (S3, Kinesis, Columnar SQL), and dynamic creative optimization (HTML5 & Flash).

CrowdMob Inc.
3 years 9 months

Co-Founder & CEO
August 2013 - May 2014 (10 months)
San Francisco, CA

Acquiring high-LTV users for mobile publishers. Backed by Andreessen Horowitz, Crosslink Capital, Matt Ocko & Zachary Bogue, Eduardo Saverin, and more.

Co-Founder & CTO
September 2010 - August 2013 (3 years)
San Francisco, CA

Acquiring high-LTV users for mobile publishers. Backed by Andreessen Horowitz, Crosslink Capital, Matt Ocko & Zachary Bogue, Eduardo Saverin, and more.

Google, Inc
Sales Engineer
July 2005 - June 2007 (2 years)

Sales Engineer in the AdSense, WebSearch, Local, and Google Checkout products helping form strategic partnerships with F500 companies. Also made the iGoogle clock, with over 12mm installs :P

IBM
Extreme Blue Intern
June 2004 - August 2004 (3 months)

Helped develop an autonomic grid management and deployment system at the IBM/Lotus Advanced Technology group in Cambridge, MA. The Extreme Blue program is IBM's premier internship program for top-notch students pursuing software development and MBA degrees.

Pogo Linux, Inc
Co-Founder
June 1999 - June 2001 (2 years 1 month)

Helped bootstrap the company, doing a little bit of everything – all while I was in highschool. The company is still going strong today, and providing companies great linux servers.
